Developing Papers and Films

Rexo Paper

Rexo is a new rapid developing paper that meets the cr demands of the present day. Is easy to use and permits of latitude in exposure, and produces rich, soft pictures in whic lights and shadows blend harmoniously through the full ran tone gradations from white to black. With this paper anyon make prints from negatives in a very short time by followin simple instructions enclosed. Make your own prints and money.

Normal Grade—For negatives, normal strength, neither too thin nor too contrasty.
Hard or Contrast Grade—For printing from negatives that are soft or the image weak.
The Glossy Surface has a shiny luster finish and is most often used in making record pictures or where a snappy picture with minute detail is wanted.

Semi-Matte is a slightly glossy, finely gr Matte finish of a soft velvety texture. This is extensively on all classes of photographs.

The Matte is a lusterless Matte surface wi gloss or sheen. This surface is generally use portraits. Shipping weight, 8 to 20 oz. acco to size.

Miles of Service and Satisfaction

K- The Riverside Road grip Auto bicycle tread stock with extra depth treads, exceptionally resilient.

A-C-E-G- Friction stock—A specially compounded Rubber forced through the meshes of the fabric so that the rubber becomes almost a part of the fabric and cements the various layers of fabric together.

B-D-F-H- The fabric which forms the base of the tire is exceptionally strong.

I- Pure rubber air tube is made thick and strong and cemented to other parts of the tire.

J- The flannelette cementing strip insuring a good holding surface on the tire when attaching same to the rim.

The Tire of Service

The Riverside "Auto Tread"

These guaranteed Riverside "Auto Tread" Bicycle Tires will give you the service. They are exceptionally long lasting. The same tread design is used this tire as on our Famous Riverside Automobile tires, and this tread gives the traction on wet oily roads or slippery pavements. The tread is of extra thick tough rub The body of the tire is made up of four plies of tough strong fabric with heavy rubber tube lining. Long life and easy riding are assured with this tire The special puncture sisting construction together with the self healing feature assure a minumum amount of tire trou We stand back of these tires with our guarantee. They have proven so good that we use them as st ard equipment on our De Luxe Line of Bicycles. Furnished 28-inch size only. Fits any 1½ or 1⅝ cement type rim. Inner surface covered with a flannelette strip assuring a hold tight grip on rim. Black tr white side walls. Ship. wt., pair 6 lbs. Each 3 lbs.

60 E 3146—Riverside "Auto Tread" tires. Each..... 2.

Combination Clincher Tires

Made of fine quality selected bicycle tire fabric and scientifically compounded rubber mixtures. The heavy nobby stud tread takes up the road wear and tends to prevent skidding. Hawthorne Combination clincher tires will fit any G. & J. type wood rim, any metal lined clincher or any steel clincher rim. Will fit either 1½ or 1⅝ in. size rims. Made for 28-inch size only. Ship. wt., each 3 lbs.

60 E 3163—Each..... $2.85
60 E 3164—Per pair..... 5.65

The Majestic Tire

A well made serviceable tire at a moderate price. Small punctures are practically eliminated by its special construction. An extra heavy, studded tread reduces the chances of skidding. Several layers of thick friction tire fabric under the tread account for its long wearing qualities. The rim surface is covered with a flannelette strip, assuring a strong holding surface for cementing to rim. Ship. wt., per pair, 6 lbs. The black tread and herringbone weave design on the white side walls make a classy looking tire. Fits either 1½ or 1⅝-inch rims.

60 E 3130—28-in. size, per pair..... $4.45
60 E 3131—One tire. Each..... 2.25

The Hercules Giant Stud Tire

Notice the extra large, thick Giant Studs of live red rubber, bigger and higher than usual giving you a non-skid tread for wet or oily roads. There are a number of firmly knitted, thoroughly rubber saturated layers of fabric under the tread which form an almost puncture proof foundation. This construction together with the special self healing feature insure you against tire troubles. Ship. wt., each, 3 lbs.; per pair, 6 lbs.

60 E 3150—28-inch size. Per pair..... $4.25
60 E 3151—28-inch size. Each..... 2.15
60 E 3154—26-inch size. Per pair. 4.15
60 E 3155—26-inch size. Each..... 2.10
60 E 3158—24-inch size. Per pair. 4.05
60 E 3159—24-inch size. Each..... 2.05

ELECTRIC BELLS AND SUPPLIES

End Your Door Bell Troubles Buy a Transformer

$1.33

Operates only when connected onto alternating current line of 100 to 120 volts 60 cycles. All the trouble and expense of replacing worn out batteries is eliminated by the use of a transformer. It is easily installed and will last indefinitely.

This transformer produces three voltages, 6, 8, and 14 volts which can be obtained by attaching your wires to the binding posts on the base of the transformer.

Attach it to your regular lighting wires and it transforms the current down so that it is suitable for door bells, buzzers, annunciators, door openers, etc. It will register on your meter only when bells are rung. Strong metal case, 1⅞x2½x3¾ in. Ship. wt., 2 lbs. Working capacity, 25 watts.

63 E 5921—Transformer only, without bell. Each..... **$1.33**

Miniature Dynamo Motor

An experimental model for educational institutions or to teach the boy electricity. May be used either as a Dynamo or Motor. With this machine you can electroplate, charge small storage batteries (not automobile storage batteries), light lamps, run motors, trains of cars, induction coils, etc. A miniature duplicate of machines in actual commercial operation. This machine is not intended for long continuous running. For such a machine, refer to 63E292, Page 587. Safe maximum load, 6 volts, 4 amperes. Will light 3 4-candle power tungsten lamps. As a motor, runs well on 2, 3, or 4 dry cells. Height, 5 in. Ship. wt., 7½ lbs.

63 E 1665—Knapp Type SS No. 129 Dynamo-Motor. Price, each..... **$7.85**

Standard Type Transformer

Operates only when connected onto alternating current line of 100 to 125 volts, 60 to 133 cycles. 100 watt Transformer produces 1½ to 24 volts, 150 watt 1½ to 30 volts in steps of 1½ volts each, and in addition can produce constant voltages, so that a number of different voltages can be drawn at the same time. Fitted with 7 ft. cord and attaching plug.

63 E 1697—Capacity, 100 watts. Ship. wt., 10 pounds. Price..... **$4.95**

63 E 1699—Capacity, 150 watts Ship. wt., 13 pounds. Price..... **6.50**

Electric Battery Motor

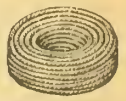
A high grade small motor with starting, stopping and reversing switch mounted on metal sub-base. Runs to full efficiency on 6-volt (4 dry cell) current or on 110-volt alternating current through transformer, 3¼ in. high. Black enamel finish, nickeled trimmings. Electrically and mechanically this motor is well designed.

63 E 1610—As described. Ship. wt 4½ lbs. Price..... **$5.95**

63 E 1612—Motor only, without switch and gears. Price..... **$5.15**

Iron Box Buzzer

63 E 5952—High grade buzzer, makes a comparatively low buzzing sound. Used where the loud ringing of a bell is not desirable. Ship. wt., 6 oz. Price, each..... **55c**

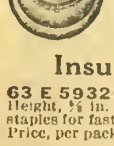


Miniature Base Porcelain Socket

63 E 2750—Can be screwed to any wood support. Weight, 1 oz. Each..... **10c**

Flashlight lamps listed on this page have miniature bases and fit into these sockets.

Insulated Bell Wire



Insulated Wire. For wiring door bell systems, annunciators, miniature lights, etc.

63 E 5960—Single Conductor Annunciator Wire. Size, 18, about 150 ft. to the lb. Price, per pound..... **55c**

63 E 5962—Double Conductor Wire. Size, 18, about 65 ft. to the pound. More easily and quickly installed than single wire. Price, per pound..... **57c**

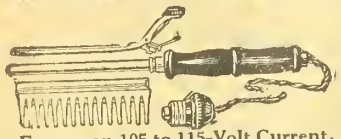
Push Button

Nicely finished wood push button with composition center. Ship. wt., 1 oz.

63 E 5935—Each..... **$ .14**

63 E 5936—Dozen..... **1.48**

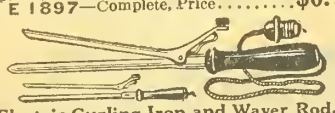
Insulated Staples



63 E 5932—Insulated Saddle Staple. Height, ⅝ in. Better and safer than plain staples for fastening wires. Ship. wt., 3 oz. Price, per package of 100..... **20c**

See page 588 for our complete line of motors

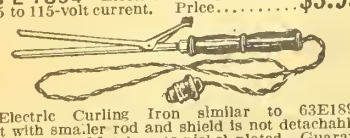
DEPENDABLE ELECTRICAL DEVICES



ELECTRIC CURLING IRONS

For use on 105 to 115-Volt Current.

To use the Curling Iron, simply remove enmb. To use Waver Rod remove shield and comb. Makes beautiful lasting waves or curls. The heater and cord revolve together so that the cord does not kink when in use. The comb is aluminum. All other parts are beautifully nickel-plated. Handle is ebonized. Acts as a tonic for the hair and scalp—makes the hair luxuriant. Dries the hair quickly. Ship. wt., about 2 lbs.

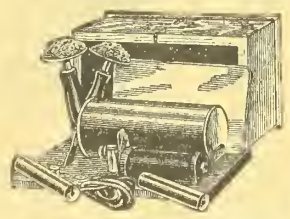


63 E 1897—Complete. Price..... **$6.75**

Electric Curling Iron and Waver Rod. For 105 to 115-Volt Current.

A high grade curling iron equal in quality to any on the market regardless of price. Can be used as a waver rod by removing the shield. With this iron you can quickly and conveniently curl your hair without the disagreeable bother and danger of heating the iron over a flame. Very handy when traveling. Six-foot cord and plug for attaching to any ordinary light socket. ⅜ in. rod. Metal parts nickel-plated. Guaranteed heating element. Ship. wt., 2 lbs.

63 E 1894—Electric Curling Iron for 105 to 115-volt current. Price..... **$3.95**

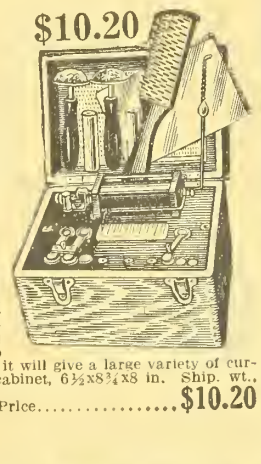


Electric Curling Iron similar to 63E1894 but with smaller rod and shield is not detachable. ⅜-inch rod. Metal parts nickel-plated. Guaranteed heating element. Six foot cord and plug. Ship. wt., 2 lbs.

63 E 1895—For use on 105 to 115-volt current. Price..... **$3.15**

MEDICAL BATTERIES

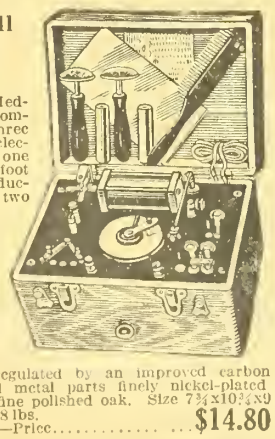
Single Cell Medical Battery



Complete with accessories and one dry battery. Ship. wt., 10 lbs. Has polished oak cabinet size, 5¼x8¾x4¾ in., with upper compartment for accessories and lower compartment for dry battery and mechanism. Intensity of current from mild to strong is smoothly controlled by a slide sheath. One pair metallic hand electrodes, one pair conducting cords, one pair sponge electrodes with handles, one foot plate, one dry battery and hook on home treatment are included with the battery.

63 E 1502—Price..... **$6.45**

Two-Cell Medical Battery



$10.20

Two-cell Medical Battery complete with two dry batteries. One electric hair brush, one nickel-plated foot plate, two conducting cords, two sponge electrodes with two insulating wooden handles, two metal hand electrodes, and hook on home electro-medical treatment. A well built machine, so constructed that it will give a large variety of currents. Size of cabinet, 6½x8¾x8 in. Ship. wt., 15 lbs.

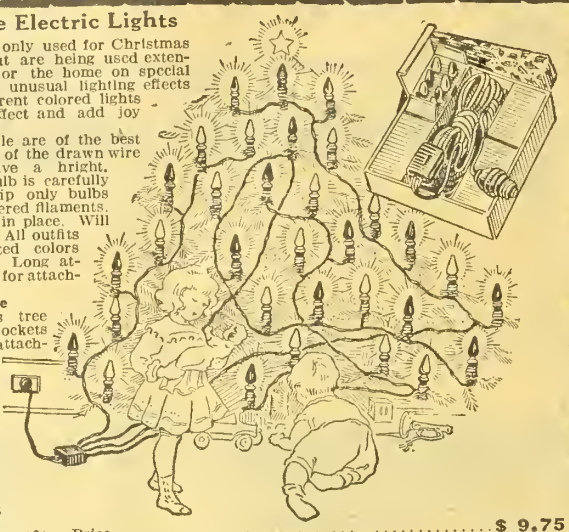
463 E 475—Price..... **$10.20**

Three-Cell Medical Battery

Three-cell Medical Battery complete with three batteries, one electric hair brush, one nickel-plated foot plate, two conducting cords, two sponge electrodes with two insulating wooden handles, two metal hand electrodes and book on home electro-medical treatment. The intensity of the current is smoothly regulated by an improved carbon rheostat. All metal parts finely nickel-plated. Cabinet is of fine polished oak. Size 7¾x10¾x9 in. Ship. wt., 18 lbs.

463 E 480—Price..... **$14.80**

Make Your Own Marcel Wave



For use on 105 to 115-volt current. A high grade Electric Hair Waver involving a new method of operation that greatly simplifies the application and does better work. Nothing complicated. Instructions furnished will enable anyone after a few trials to marcel hair in a manner rivaling the work of professional hair dressers. Will pay for itself in a few applications after which your marcel will cost only a few cents for the current used. Ready for use at any time. No waiting for appointments. Gives the much desired double wave effect.

Fitted with cord and plug for attaching to ordinary light socket. Guaranteed heating element. Ebonized handle. Metal parts nickel-plated and highly polished. Ship. wt., 2 lbs.

63 E 1898—Electric Hair Waver for 105 to 115-volt current. Price..... **$8.90**

CHRISTMAS TREE OUTFITS

Christmas Tree Electric Lights

THESE lights are not only used for Christmas tree decorations but are being used extensively to light up lawns or the home on special festive occasions where unusual lighting effects are desired. The different colored lights give a very pleasant effect and add joy to the entire occasion.

The outfits we handle are of the best quality. All lamps are of the drawn wire tungsten type and give a bright, clear light. Every bulb is carefully examined and we ship only bulbs with straight, well centered filaments. Easily and quickly put in place. Will burn in any position. All outfits have lamps of assorted colors about 2 candle power. Long attaching cord and plug for attaching to light socket.

Special Feature

All our Christmas tree lighting outfits have sockets provided with the new attaching clips so that the lights can be easily and securely fastened to the branches of the tree. Ship. wt., 2 to 7 lbs.

For use on lighting current of 105 to 115 volts.

63 E 1621—8-light outfit. Price..... **$3.25**

63 E 1622—16-light outfit. Price..... **$6.50**

63 E 1623—24-light outfit. Price..... **$ 9.75**

63 E 1624—32-light outfit. Price..... **13.00**

For Use on Farm Electric Lighting Plant, Current of 30-32 volts. Regular Style Outfit.

63 E 1632—8-light outfit. Price..... **3.25**

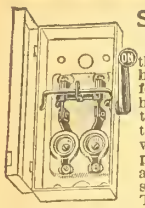
APPROVED WIRING

Handy—Quick—Simple Wire Connectors



These connectors have eliminated the most objectionable part of an electric wiring installation—the soldering and taping of joints. With these connectors anyone can very quickly and easily make an Underwriters' Approved electrical connection without the use of solder or tape. A screw driver is the only tool required.

We recommend that these connectors be used when any wiring is being done as they save time, money and material. Two connectors must be used at every splice as a connector will take only one wire. Can be used only for connecting sizes 12, 14 or smaller wires. Ship. wt., 2 ozs.

63 E 2690—Each ..... $ .12
Ten for 1.05

Safety Entrance Switch

Have you ever had to turn on the current in the dark? If you have, you know the discomfort of feeling inside the box for the switch handle. This switch has a lever on the outside of the box for turning the current on or off. Can be locked with a padlock, making it impossible to open the box and touch any live parts. No danger of a shock under any circumstances. Two-pole 30-ampere 125-volt switch. 16 gauge, 9x4½x4½ box. Position of lever shows at a glance whether current is on or off. Shipping wt., 6 lbs.

63 E 3565—Price $1.85

Steel Cut-Out and Switch Box

An approved box is required for every cut-out switch or fused branch block. These boxes are National Electric Code Standard and meet all requirements. They are made of enameled sheet steel, with electro welded seams. Covers fit tight and open all the way. Boxes are strong, well made and neat in appearance. Are almost fire, water and dust proof. Have sufficient knock-outs for making all connections.

Metal Wall Box for Loom or Knob and Tube Wiring

One-gang box is used where one switch or receptacle is installed. Two-gang box is used where two switches or receptacles are installed together, etc. Used with flexible non-metallic conduit "loom" and on knob and tube wiring systems. Depth, 2½ in. Knockout holes, diam. ⅝ in. for ½-in. loom. Takes any standard push switch or wall receptacle. Wt., per gang about 11 oz.

Article Number	Number Gangs	Price Each	For 10
63 E 3670	One	15c	$1.39

63 E 3695	4	1⅝	7 oz.	19c	1.73

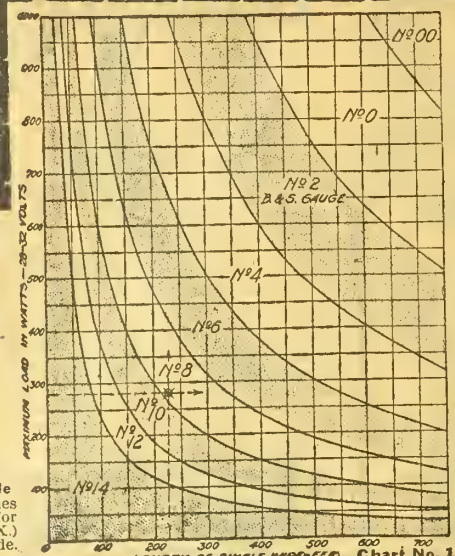

Chart No. 1

Do Your Own Wiring

WHEN wiring your house or buildings for electricity, it i important that you choose wire enough to prevent a large voltage d large drop in voltage would affe brilliancy of the lights and the oper motors. By referring to the charts sh this page you will be able to determi accurately what size wire you should It is advisable to get wire that is large, for you will get less voltag as you increase the size of the wire us you need to know is the distance maximum amount of power in watts to be carried.

As shown by the charts, watts are sented by vertical distances and the of a single wire by horizontal distanc

Use chart No. 1 when figuring wire you should use to carry 28-32 v lighting plant current. If you estima you will have a load of 280 watts wh to be carried to a socket 110 ft. fr battery, the total distance the electri to travel is 220 ft. since there must be two wires leading to every fix power socket. As shown by the ch two lines indicating 280 watts and 22 in the space marked No. 8 indicat No. 8 wire is required.

For a load of 400 watts that is carried to lights or motors 150 ft. fr battery or a total of 300 ft. for hot No. 6 wire is required. In like man will be able to determine the size w quired for any wattage and distanc you will need.

UNDERWRITERS APPROVED WIR

Single Braid, New Code Rubber Covered Wire

Solid conductor copper wire, insulated with rubber compound over which is one cotton saturated braid. Recommended for any open wiring on cleats, tubes or knobs, and for loom and moulding wiring. Each unbroken coil of 500 ft bears Underwriters' Inspection tag. Ship. wt., 3 to 18½ lbs. per 100 ft., according to size. Sold only in lengths listed.

Snap (Turn Button) Switches and Switch Bases

A high grade switch Approved National Electric Code Standard. The Three-way switches can be arranged to control the same light from two different places. In some localities sub-bases are required by the Underwriters. We list switches both with and without sub-bases, but recommend the bases as they cost little, make a better job and offer additional protection. Ship. wt., 4 oz.

Wire T Connectors

This connector is similar to the wire connector listed on the opposite page, but is used in the outlet boxes or where a "tap-off" of the main line is desired. Made in two parts which can be separated by unscrewing. Insert wires through openings in connector, place wires under the heads of screws on brass insert and screw the two pieces together. Can be used for connecting sizes 12 and 14 single conductor wires only.

63 E 2692—
Price, each..... $ .12

Free Estimating Service on Electric Wiring

We offer our Estimating Service to help you select the necessary materials to wire your house or buildings for electricity. Send us a diagram of the floors you want to wire indicating which way the joists run and where you want lights, also whether the building is already built or under the process of construction. We will then send you a correct list of the materials required. If you want to do the work yourself we will send you a book of instructions free with the order. Any handy man can wire a house properly with the help we give. In case you want this instruction book before placing your order, order by article number below.

63 E 3000—Book on modern methods of wiring houses with special reference to farm electric plant systems. Ship. wt., 5 oz.
Price 25c

Dim-a-lite

The Dim-a-lite is an interchangeable attachment for dimming a single electric light. A pull of the cord produces five changes of light—full, dim, low, night light and out. Saves from 25 to 75 per cent of the current, according to the position used. Can be changed from lamp to lamp. Brush (satin) brass finish. Can be used on any 40-watt or smaller lamp. Ship. wt., 5 to 7 ounces.

63 E 4990—Dim-a-lite for 110-volt current.
Each..... $1.19
63 E 4991—Dim-a-lite for 32-volt current.
Each..... $1.26
63 E 4992—110-volt Dim-a-lite with Shade Holder Attachment. Price, each..... $1.26

Edison Base Plug Fuses

For use on currents up to 125 volts. In selecting plugs, choose the smallest size that will pass just enough current for line with maximum load on. Ship. wt., each 1 oz.

THIS LIGHTING FIXTURE BOOK FREE TO YOU

A Few Samples of the "Money Saving Values" We Show in this Big Free Book. Send for it Today

You Can Profit by the Information This Book Contains!

Not a mere catalog—but a valuable source of information on all things electrical pertaining to house wiring, lighting fixtures, lighting plants, water supply systems, etc.

We have checked every item of our cost with the utmost care and have priced this catalog on the lowest possible cost basis. We believe our prices to be the lowest in the country on lighting fixtures of equal quality. We welcome price comparisons and only ask that you be sure that any other fixtures you may have in mind are equal in quality to those we offer.

The four pieces shown on this page are good examples of the low prices we are quoting on our entire line of fixtures. Every one of these pieces is made of the very best of materials, yet the prices quoted are lower than asked by many for inferior quality. You will find on looking through our catalog that you can make a saving on any fixture you select.

Lighting Fixtures Bought From Us Mean Dollars Saved For You

Our fixtures are of superior quality. They are designed and made in the foremost factories in the country by expert metal craftsmen. No detail in even the lowest priced fixture has been slighted.

We have arranged with the National Board of Fire Insurance Underwriters to have their inspectors make systematic inspections of our lighting fixtures during the process of assembling. Every fixture we ship conforms to their requirements and bears their inspection tag.

A Fixture For Every Room A Pattern For Every Taste

You will find it easy to choose fixtures that will light your home properly, and improve the decorative effect. We have supplied fixtures to thousands of homes and they have invariably met with enthusiastic approval.

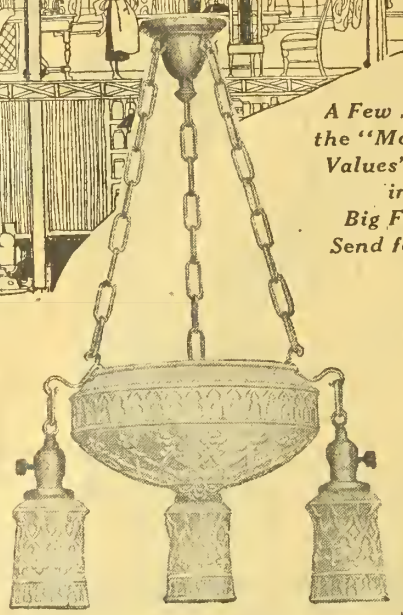
When you buy from us our guarantee absolutely protects you, for you need not keep the fixtures unless they satisfy you in every particular.

You will find our fixtures very easy to install. They are shipped completely wired, and are fitted with wire connectors so that any handy man can install them easily even though he has had no previous experience of this kind. The only tools required are a screw driver and a pair of pliers.

Generate Your Own Current

Even though you may not have electric current available, you and your family can enjoy the economy, comforts and convenience that electric appliances afford. If you cannot connect to a power line a Powerlite Electric Plant will solve the problem simply and effectively. Low in price, high in efficiency, simple in operation, and positive in action, they represent the best value in high grade electric light and power plants on the market today.

Sold on easy payments or for cash as you prefer.



You cannot afford to buy an Electric Plant until you have thoroughly investigated our proposition. Read carefully the entire section devoted to Electric Plants in our Lighting Fixtures Catalog.

Running Water at Your Service

You owe it to yourself and to every member of your family to have running water in the bath room, kitchen, laundry, dairy or stable. Our Automatic Electric Water Supply System will provide running water in every one of these places, and wherever else wanted. No more weary hours of pumping water for the stock or house. A turn of the faucet and you have all the water you need.

Made by one of the leading manufacturers of Electric Water Supply Systems. We guarantee them to do their work perfectly when used under normal conditions. Fully described in our Free Lighting Fixture Book.

Send for our Lighting Fixtures Catalog today and see for yourself how much you can save on high quality merchandise.

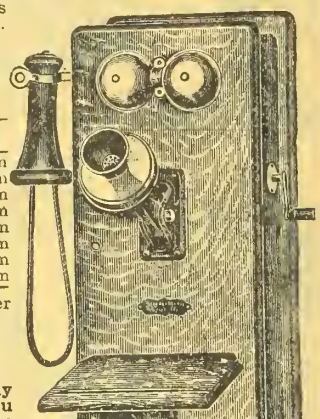
Shipped promptly from Factory in Northern Indiana.

Compact Model Bridging Telephone

A fine quality high grade telephone for use on any bridging or private line of any length. Oak cabinet, finely varnished and polished. Every part is made of the very best materials obtainable and will last a lifetime without attention or repair, except for renewing of batteries every year or two. Our telephones ring strong under all conditions. They catch and transmit every voice tone. Always dependable; will give constant service. Read our guarantee below. You are fully insured against trouble of any kind. Easily installed in a few minutes with the complete directions we furnish.

The Compact Type Telephone has almost completely replaced the Long Cabinet Type. It has every feature of the older type and has the extra advantage of requiring less space on the wall.



Equipped with solid back transmitter, bi-polar receiver, lightning arrester, adjustable ringer movement with 3-inch gongs, powerful generator with laminated magnets, each bar consisting of three distinct magnets tempered and magnetized separately. Every 5-Bar generator has 15 magnets and every 6-Bar generator has 18 magnets. Length, 20 inches; width, 9 inches. Ship. weight, 32 to 36 pounds.

Shipped promptly from Factory in Northern Indiana.

Prices include 2 dry batteries.

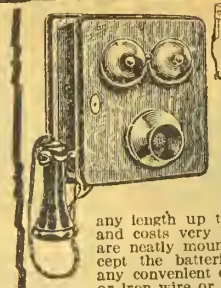
All Telephones on the same line must have ringer movements with the same ohm resistance.

Our Telephone Guarantee

We guarantee that every telephone will be exactly as described and give perfect satisfaction, or you may return it and receive back all money you have paid, including transportation charges. If any part proves defective, we will replace or repair it without charge. This guarantee applies to the complete instrument and all its parts.



Important

If a line is already in operation in your neighborhood, and you wish to go in on it, no matter if the instruments already in use are not of our make, you can use our telephones on the line.

All the telephones on any one line must have ringer movements wound to the same resistance in ohms. The resistance in ohms is always stamped plainly somewhere on the ringer movements of all phones. Find out the resistance of those already installed on the line and order your telephones with ringer movements of the same resistance.

Repairs

We can furnish repairs for any of our telephones at any time. If you have one of our telephones which needs repairs and you do not find the part you need on this page, write for our telephone repair parts list.

Private Li Telephon

A high grade, Series Telephone, l powerful series g For use on private any length up to five miles. Easy and costs very little to maintain. are neatly mounted in compact cat cept the batteries which can be any convenient out of the way place or iron wire or even fence wire can for the line wires. Can be wired (ground) or two (metallic) wire syste many as four phones can be used sati on one line. Shipping weight, per pair

Transmitters

63E1130—Long distance, solid back transmitter without arm. Will give the best of service. It will transmit the lowest articulate sounds over long distances. Can be used on any make telephones, except battery phones. Weight, 16 ounces Price..... **$1.85**

63E1132—Transmitter, mounted on pony arm, as used on compact cabinet phones. Shipping weight, 28 ounces. Each..... **$2.50**

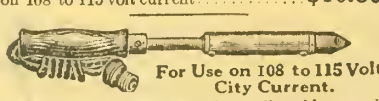
Insulating Tape

For wrapping wires where insulation has been scraped off. In making joints on electric wires, joints must first be soldered, then wrapped with rubber splicing compound over which friction tape must be wound.

63 E 5848—Black Friction Tape, ¾ in. wide. A high grade tape. Half-pound package..... **33c**

63 E 5854—Rubber Splicing Compound, ¾ in. wide. One of the best rubber splicing compounds on the market. Half-pound package..... **33c**

ELECTRIC SOLDERING IRONS AND SUPP



High Grade Electric Soldering Irons

Do away with the work and inconvenience of using the old type iron. Simply screw attachment plug into socket and turn on current. Iron heats to working temperature in two to three minutes. Patented heating element cannot be short circuited or burned out on current of proper voltage. Copper soldering tips have special heat retaining qualities. Tips screw into copper core. Easily removed and others substituted. Steel parts gun metal finish. Equipped with 6-ft. cord and attaching plug.

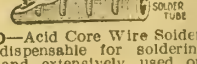
For Garage and General Heavy Work

63 E 5874—Especially suitable for garage and general heavy work. Extra tips are especially adapted for soldering battery terminals and burning in connections. Length 16 in. Diam. of tip shown in iron 1¼ in. hooked tip average diam. ½ in. small tip diam. ¼ in. Ship. wt., about 4 lbs. Price, complete with three tips, for use on 108 to 115 volt current..... **$16.80**

For Use on 108 to 115 Volt City Current.

63 E 5870—For general small solder work around the house or manufacturing plant. Length 16 in. Diam. of tip, 1 in. Uses 200 watts current. Ship. wt., 3 lbs. Price..... **$11.60**

63 E 5872—For light soldering work for jewelers, telephone exchanges, etc. Length 13¼ in. Diam. of tip ½ in. Uses 75 watts current. Ship. wt., 2 lbs. Price..... **$8.70**



Soldering Set

63 E 5844 — A complete outfit ordinary small soldering. Consists of ing copper, bar of solder, powdered directions. Put up in wooden box. Par are all good quality, making it suitable work and light household repairing. 1½ lbs. Price, complete set.....

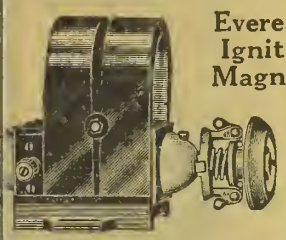
ELECTRICAL IGNITION AND CHARGING APPARATUS

ump Spark Coils

Economical in battery nsumption and posi- e in action. The range current consumption from 3/10 to ¾ of an apere. Genuine Tung- en rivets are used for ntact points. Highly ished oak case small ough to fit into any ordinary battery box. Oper- es on 4 or 5 cells, connected in series or on 6- lt storage battery. Shipping weights, 3½ and ½ pounds.

3 E 2625—Single Cylinder coil. lice, each..... **$3.60**

3 E 2627—Double Cylinder coil. lice, each..... **7.20**



Make and Break Coils

Steel case coil for use with engine with make and break ignition. Will not affect efficiency if installed in wet places and exposed to the weather. Low current consumption. Size, 2½x2½x6½ inches. Shipping weight, 2½ pounds.

63 E 2635—Without Switch. Price..... **95c**

63 E 2637—With switch as illustrated. Price, each.... **$1.05**

63 E 2636—Coil without switch to operate direct from 32-volt rm Lighting Plant Current. lce, each..... **$1.10**

Eveready Ignition Magneto

Make and Break or Jump Spark

One of these magnetos will replace the bat- ies used with any engine. It will pay for elf in a short time and will insure continuous iable operation of your engine. Constructed stand hard service and should last as long any engine made. Most engines 5 horse wer and smaller can be started with this gneto without the aid of batteries. After gine is started magneto will supply ample rrent to ignite any engine even the largest. ust be run at speed of about 2500 revolutions minute. Automatic governor prevents gneto from running faster than necessary. th this magneto the coil now on your engine n be used but be sure to order the correct gneto for your coil. Shipping weight, 12 unds.

Eveready Make and Break Magnetos

Eveready Jump Spark Magnetos

63 E 385—With 2½-inch friction drive lley without spark coil. Each.... **$11.50**

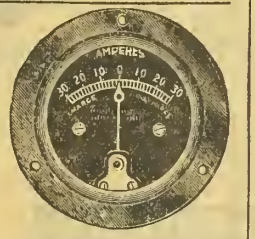
63 E 387—With 2½-inch belt drive pulley ⅜-inch round belt without spark coil **$11.95**

American Ignitor Dry Cell

We guarantee that these batteries will reach you fresh and will give you all the service you have a right to expect of the best 2½ by 6-inch dry cell made. Designed especially for heavy duty work. For ignition work on gas engines, automobiles, motor boats, etc. Average weight, 2 ponnds. Size, 2½ by 6 inches. Average initial amperage, 25 to 30 amperes.

63 E 2501—Price, each..... **45c**

63 E 2502—Price, per dozen..... **$5.28**



American Regular Battery

For ordinary telephone use, for door bell circuits and all light drain service this is a better battery than the American ignitor as it has a longer life when not heavily drawn upon. Average weight, 2 pounds. Size, 2½x6 inches. Average initial amperage, 18 to 22 amperes.

63 E 2504—Price, each..... **$ .44**

63 E 2505—Price, dozen..... **5.16**

Roller Smith Universal Ammeters

Standard size, small direct current ammeter. Can be used on all makes of automobiles regardless of type and voltage of system. Guaranteed against burnouts. Used as standard equipment on many popular cars. Flush mounting flange, diameter, 2⅝ inches. Diameter of body 2 inches. Indicates charge and discharge up to 30 amperes. Ship. wt., 1 lb.

63 E 2557—Ammeter with black enamel flange. Price..... **$2.75**

63 E 2558—Ammeter with polished nickel flange. Price..... **$2.75**

72c Eveready Battery Meters

These meters will tell you the condition of your dry cells or storage battery. Metal dial, brass case, nickel-plated and polished. Diameter, 2 inches. Detachable flexible cord 10 inches long to connect to battery. Shipping weight, 4 ounces.

63 E 2541—Ammeter for testing dry cell batteries. Reads 0 to 35 amperes..... **72c**

63 E 2542—Voltmeter for testing storage batteries. Reads 0 to 10 volts. Price, each..... **78c**

63 E 2543—Combination Voltmeter and ammeter for testing both dry cell batteries and storage batteries. Reads 0-35 amperes, 0-11 volts. Price, each..... **93c**

American Unit Battery

Every Ford owner who does not have an electric starter on his car should have an American Unit Battery. It eliminates prolonged cranking. Ignites the first compression of gas. The Unit Battery also provides ignition current for stationary gas engines and tractors, current for bells and buzzers and lighting for closets, garrets, cellars, tents and camps. A Unit Battery is made of 4 regular 2½x6-inch Ignitor cells connected in series and enclosed in hermetically sealed fiberoid case. Will outlast two sets of ordinary dry cells. Test 6 volts, 22 to 30 amperes. Size, 10½x2¾x7 inches. Shipping weight, 10 pounds.

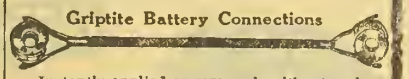
463 E 418—American Unit Battery. Price..... **$2.70**

American Multiple Battery

Same construction as the Unit Battery but enclosed in enameled metal case. Especially adapted for motor boat ignition or where exposed to moisture, weather, heat or rough handling.

463 E 414—Set of 5 cells in series. Test 7½ volts, 22 to 30 amperes. Container size, 13x2¾x7 inches. Shipping weight, 12 pounds. Price, per set..... **$4.10**

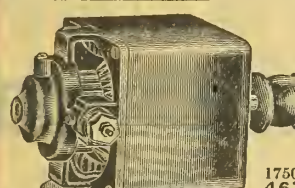
463 E 412—Set of 8 cells, 4 in series, two multiples. Tests 6 volts, 45 to 60 amperes. Container size, 10½x5½x7 inches. Shipping weight, 20 pounds. Price, per set..... **$5.80**



Strongly made switches. Metal base not easily broken. Brass contacts and switch blade. Handle is insulated. Shipping weight, 2 ounces.

63 E 2680—Single Throw Switch. Price, each..... **20c**

63 E 2682—Double Throw Switch. Price, each..... **27c**



Griptite Battery Connections

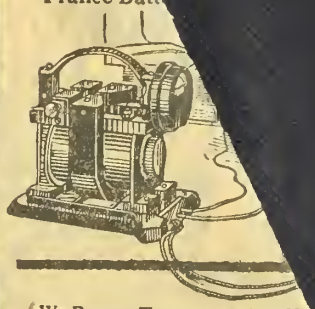
Instantly applied or removed, without tools. Perfect contact always.

63 E 2672—Per package of ten. Shipping weight, 2 ounces. Price..... **30c**

Charging and Lighting Generator

This generator delivers a current that will charge properly any six-volt lighting or starting battery without adjustment or regulation. Also can be attached direct onto line of motor boat and tractor lighting systems, or for any other purpose where a direct current of about 8 volts, 8 to 10 amperes is required. This is a strong rugged generator that will give lasting efficient service. Has base for convenient attaching to any flat surface. Shipping weight, 10 pounds. 6 inches high, 7¼ inches wide, 8½ inches long. Fitted with pulley 2¼ inches diameter. Delivers about 8 volts, 8 amperes against resistance when run at a speed of 1750 revolutions per minute. Amperage increases with speed.

463 E 292—Fitted with pulley for ⅜-inch round belt. Price..... **$14.50**



463 E 296—Same as above but fitted with pulley for 1-inch flat belt. Price, each..... **$14.50**

463 E 290—Fitted with pulley for ⅜-inch round belt and with low voltage cut-out to disconnect charging circuit when voltage drops below 7 volts. Price, each..... **$17.50**

463 E 294—Fitted with pulley for 1-inch flat belt and low voltage cut-out. Price, ea.. **17.50**

France Batt

We Prepay Transportation Cha These Rectifiers

For charging exhausted batteries or low batteries. The largest starting and battery can be charged for a few cents— less than 10 cents even on high rates. Just plug into the light socket, attach leads to t and turn on current. Battery can be left ri the car if desired. Large connecting clips mi easy to hook on to any battery.

Note: These rectifiers are for use only on to 115 voltage 60-cycle alternating current, whi is the usual city lighting current. Will not wor on direct current nor 25-cycle currents.

Prices include 10-foot connecting cord with socket plug, ammeter, battery leads and two clips. Length, 7 inches, width, 5 inches, height 7 inches.

63 E 6193—Charges 6-volt battery at 7 amperes rate. Shipping weight, 10 pounds. Price delivered, each..... **$15.00**

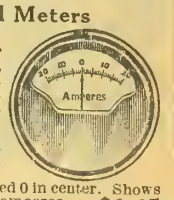
63 E 6191—Charges 12-volt battery at average rate of 5 amperes. Shipping weight, 14 pounds. Price delivered, each..... **$15.00**

Storage Battery Charging Panel. For use with 30-32 volt Farm Electric Plant Current.

Charges one to five 6-volt batteries, or their equivalent in combinations of 6 and 12 volts, from 32-volt Farm Electric Plant current. Simple to operate. Complete instructions furnished. Just attach to line and hook on the batteries. Rheostat controls current. Ammeter indicates charging rate. Fuse protects Farm Plant side. Cost of charging batteries is but a few cents. Slate panel size, 10x14 inches with brackets for mounting on wall. Shipping weight, 20 pounds.

463 E 520—Price, complete..... **$17.95**

Charging Clips



Made of special steel heavily lead coated. Provide perfect connection to battery terminals at all times. Will not develop resistance to current even after long usage. Length, 3¾ inches. Shipping weight, 2 pounds per dozen.

63 E 6197—Charging Clips. Price, dozen..... **$1.68**

Switch Board Meters

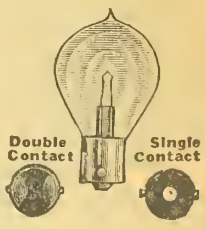
For Direct Current Only

Switch board meters for use on small switch boards, farm lighting plants, etc. Are durable and accurate. Large, easily read figures. Nickel-plated cases. Diam. 2½-in. Ship. wt., 5 oz. Brass posts, ¾ in. long project from back so that meter can be fastened on a slate board.

63 E 2554—Ammeter scaled 0 in center. Shows charge or discharge up to 20 amperes. Each..... **$1.65**

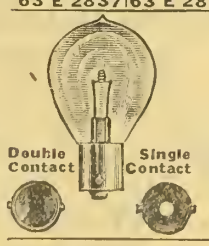
63 E 2556—Voltmeter scaled 0 to 12 volts. Each..... **$1.65**

AUTOMOBILE LAMPS



These automobile lamps are the very best quality. In addition to being used for automobile lighting can be used in connection with storage battery lighting for many other purposes, such as motor boat and tractor lighting, etc. Shipping weight, each, 3 to 5 ounces.

Nitrogen Type C Lamps



For Headlights and Spotlights

These bulbs give a brighter, whiter light on less current than the vacuum type.

63 E 5819—Same style plier 6 inches long. Shipping weight, 1 pound. Price, each..... **$1.48**

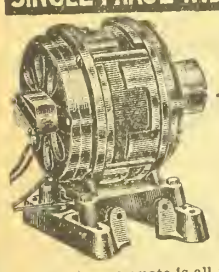
A high grade Hardened Steel Plier. Used a great deal on all electrical work. Handy around any work shop. Shipping weight, 6 ounces.

63 E 5802—6-inch Sharp Nose Plier. Price, each..... **$1.23**

Diagonal Jaw Side Cutting Nipper of best hardened tool steel. This tool will do perfectly the work for which it is intended. Length, 5 inches. Shipping weight, 4 ounces.

63 E 5808—Price each **$1.28**

LABOR SAVING ELECTRIC POWER EQUIPMENT



Handy Utility Motor Outfit

This motor will be found very useful around house, workshop or barn. Can be attached to washing machine, churn, cream separator, ice cream freezer, grindstone, pump, fan mill or any other machine requiring not over ¼ H.P. This outfit will do so many odd jobs that it will pay for itself in a short time. By means of the handle on top, it can be carried easily to any place you want to use it. Motor is mounted on a special iron tripod base with rubber caps on ends of legs to prevent slipping. An adjustable rod with clamp for attaching to machine to be driven is provided to keep the belt tight. Fitted with 15-ft. cord and plug for attaching to lighting socket. Motor revolves at a speed of 1750 R.P.M. Fitted at one end with a combination grooved and flat pulley, diameter 2 inches, revolving at 1750 R.P.M. At the opposite end is a reducing gear fitted to combination pulley revolving at 290 R.P.M. This combination pulley has two flat pulleys and 2 grooved pulleys, diameters 4 and 2 inches each. All grooved pulleys take ⅜-inch round belt and flat pulleys take 1-inch flat belt. This combination of speeds and pulleys make it possible to drive nearly any slow revolving machine with the regular pulleys supplied on it. Ship. wt., 75 lbs.

163 E 225 — Utility Motor Outfit for use on Farm Electric Plant Current of 30 to 32 volts. Price..... **$39.50**

163 E 230 — Utility Motor Outfit for use on 110-volt, 60-cycle alternating (central station) current. Price..... **$39.50**

SINGLE PHASE INDUCTION MOTOR

We Prepay the Freight Charges on These Motors

$27.00

The price we quote is all you pay. Besides quoting a very attractive price on these high quality motors we prepay the transportation charges on freight shipments east of the Rocky Mountains. These motors are especially adapted for operating machinery which requires not over 150 per cent of the power rated to start the load. Designed for continuous hard service. Equipped with high grade ball bearings. Have a 150 per cent starting torque, yet because of design they require less starting current than most single-phase motors. Maximum temperature rise 40 degree C. on full load. No windings on rotor. ¼ and ½ H. P. have centrifugal starting switch mounted on motor as shown in cut but do not have sliding rails. 1 H. P. and larger have sliding rails and have special double throw starting switches. Run either direction. Speed 1800 R. P. M.

Shipped promptly from Factory in St. Louis, Missouri.

We do not recommend these motors for water pump duty or for use where the starting load is heavy. See Induction Repulsion Motors on this page.

For 60 Cycle Single Phase Alternating Current

Order voltage wanted by article number.

263E313	263E370	115.00	300

SPLASH PROOF MOTORS

For use in places where liquids, such as water and milk are liable to be splashed on to it. Water cannot burt it. Ends are carefully enclosed to exclude entirely any ordinary splasb, yet are arranged to allow free air circulation for cooling. This motor will provide electric power for a great variety of small machines. With it most any band power washer with a revolving balance wheel easily can be made into an electric. The cream separator, churn, ice cream freezer and similar machines can be driven with it. Can be attached to any lighting socket. Fitted with 10-foot cord and attaching plug. Speed about 1750 R. P. M., except 25-cycle which has a speed of about 1450 R. P. M. Develops better than ¼ horse power and will carry a temporary 50 per cent overload with but slight raise in temperature. Grooved pulley, effective diameter 1¾ inches for ⅝-inch round belt. Shaft diam., ½ in. Ship. wt., 39 pounds.

463 E 200	— For 110-volt, 60-cycle, alternating current. Price	$19.50
463 E 201	— For 110-volt, 25-cycle, alternating current. Price	21.80
463 E 202	— For 220-volt, 60-cycle, alternating current. Price	20.50
463 E 205	— For 32-volt direct current. Price	20.95
463 E 206	— For 110-volt direct current. Price	20.95
463 E 207	— For 220-volt direct current. Price	22.50

BELTS AND PULLEYS

When ordering a motor less than ¼ H. P. it is very essential that you determine whether the pulley supplied will run your machinery at the proper speed. The pulleys supplied with our motors are the ones most commonly used but for those who require pulleys of a different size, we can supply them as listed below. To find what size pulley you should use, multiply the diameter in inches of the pulley on the machine to be driven by its required revolutions per minute (R. P. M.) and divide by the R. P. M. of the motor. The result gives you the diameter in inches of the pulley you should use on your motor.

Flat Flanged Pulleys

Cast pulleys with flanged sides for flat belting. Fit ½-in. shaft. Ship. wt., 1 lb.

		Price Each
63 E 6010	—1½-in. diam., 1½ in. face	80c
63 E 6011	—1¾-in. diam., 1¼ in. face	80c

Grooved Pulleys

Cast pulleys for ¾-in. round leather belting. Fit ½-inch shaft. Ship. wt., ½ to 1 lb.

		Price Each
63 E 6001	—1 -in. Diameter.	75c
63 E 6002	—1¼-in. Diameter.	
63 E 6003	—1½-in. Diameter.	
63 E 6004	—2 -in. Diameter.	
63 E 6005	—2¼-in. Diameter.	

Round Leather Belting

For running washing machines, churns, cream separators, etc., with motor having ¾-inch grooved pulley. Especially prepared, durable and strong. Cut any length desired. ⅝-in. diam. Ship. wt., per foot, 2 ounces. **18c**

63 E 2602—Price, per foot.....

63 E 2603—Coupling for 63E2602 Round Belting. Ship. wt., 2 ounces. Price.... **20c**

DIRECT CURRENT MOTORS

For 32-Volt and 110-Volt Direct Current

Open frame type providing plenty of ventilating space—which insures cool running. Efficient in design and constructed to stand continuous service. The ratings given are conservative and we guarantee that these motors will deliver the full rated power. ¼ and ⅛ H. P. have round belt pulleys. Can be attached to any lighting socket. ½ H. P. has flat belt pulley. Must have special wiring. Speed about 1750 R.P.M.

H. P.	Volts	Article Number	Price	Pulley Diam. In.	Belt Size Inches	Ship. Wt., lbs.

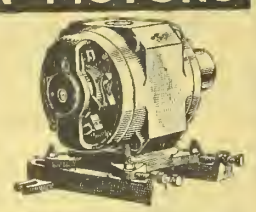
½	110	463 E 263	39.50	2½	1½	56

INDUCTION REPULSION MOTORS



These motors are especially desirable for operation on lighting circuits where apparatus requires a heavy starting pull. They draw a comparatively low amperage from the line when starting yet have a starting torque of over 200 per cent of the full load torque and accelerate rapidly. These characteristics distinguish them from the split-phase type of motors and make them especially desirable for operating pumps, cream separators and machines starting under a heavy load. Highest grade S.K.F. ball bearings, slide rails on ½ H. P. and larger sizes. Black enamel finish. Wound rotor. Copper bar commutator with rugged short circuiting device.

Shipped promptly from Factory in St. Louis, Mo.

The price we quote is all you pay. We prepay transportation charges on freight shipments east of Rocky Mountains. A big saving for you on a bigh quality motor.

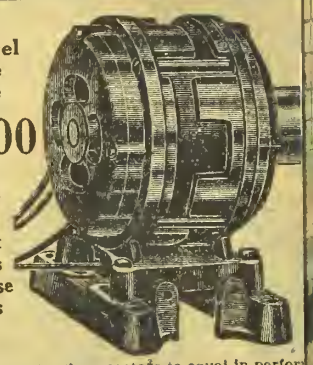
BUFFER AND GRINDER

$21.50

Operates on 110 to 130 Volt Alternating or Direct Current

A combination grinder and polisher for heavy duty work. Has ⅓ H.P. motor which provides enough power to drive a variety of small machines. Runs at 3000 to 5000 R.P.M. under load. Spindle at one end of shaft to take buffing wheel, pulleys and emery wheel at other. Pulleys have effective diameter of 1 and 1¼ inches. Emery wheel is 2×¼ inches. Height over all, 8 in. Length, 11½ inches. Ship. wt., 20 lbs.



463 E 465 — Complete with buffing wheel, emery wheel, wax for buffer, 9 ft. attaching cord and rheostat for varying speed in base. Price..... **$21.50**

THREE PHASE INDUCTION MOTOR

Squirrel Cage Type

$43.00

We Pay the Freight Charges on These Motors

We guarantee these motors to equal in performance any make of motor regardless of price. Their prices we quote are very low but on freight shipments you make an additional saving as we prepay transportation charges east of the Rocky Mountains. On express shipments we will make allowance equal to what freight charges would be.

These power motors incorporate the most modern features of construction. Very efficient at both full and light loads. Their high power factor makes them very desirable from the central station viewpoint. They are all fitted with high grade ball bearings. The temperature rise is low and is guaranteed to be not over 40 degrees centigrade rise on continuous load operation. Can be wired to operate in either direction. Guaranteed to meet the specifications of the American Institute of Electrical Engineers and are further guaranteed for a period of one year to be free from any electrical or mechanical defects. They have a starting torque (or pull) of over 200 per cent of the full load torque which well adapts them for use on pumps and other work having a heavy starting load.

Prices include pulley and adjustable sliding base on all motors. Prices do not include starters. Two sizes 5 H.P. and larger Motors are furnished with six leads brought out so that the motors can be started by the use of the Y-Delta starting arrangement. If the Y-Delta starting arrangement will not provide satisfactory starting conditions then any standard compensator may be used. Suitable compensators listed on this page.

Shipped promptly from Factory in St. Louis, Mo.

Three-Phase Induction Motors

Two Pole, 1500 R.P.M. Three Phase Induction Motors for 220 Volt, 25 Cycle Alternating Current

25-cycle motors are not carried in stock but factory is now in very good shape for make delivery and we guarantee shipment within days after receipt of order. We cannot accept cancellation of orders for 25-cycle motors after work is started nor can they be returned for credit or exchange when made according to specifications given. Be sure to order correct motor for your current.

Buffer and Grinder

$10.95

Operates on 110-volt current either direct or alternating. Develops 1/20 H. P. at speed of 3000 R. P. M. under load. Has sufficient power to operate window displays, sign flashes, 8-inch buffing wheels, rotary spark gaps and small lathes.

63 E 6079 — Motor with spindle at one end of shaft to take buffing wheel. To other end of shaft is fastened emery wheel and two pulleys 1 in. and 1¾ in. in diameter. Length over all, 8 in. Supplied with buffing wheel, emery wheel, wax buffer, 3-foot attachment cord and plug. Ship. wt., 4¼ lbs. Price..... **$10.95**

63 E 6057 — Same as above but without motor. Price, including emery wheel and buffer..... **$10.95**

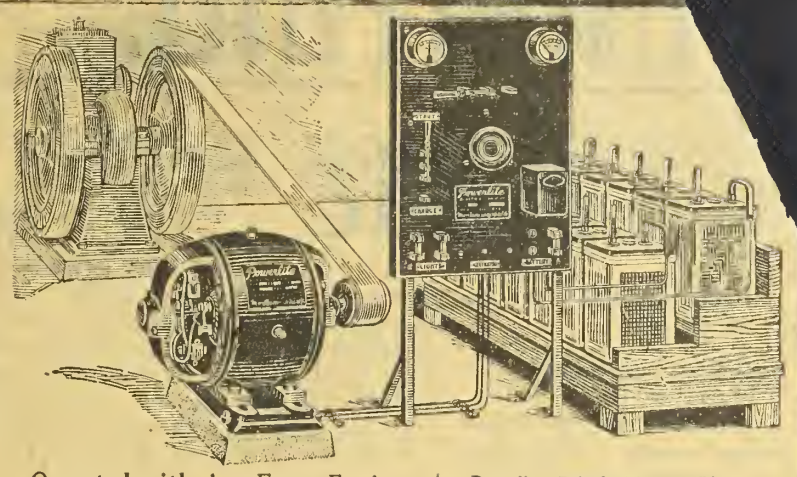
Powerlite Electric Plan
For Farm or Country Places



All the Comforts and Conveniences that Electric Light and Power Can Bring is Yours for Only

$227.00

Powerlite Belted Electric Plants are designed especially to produce electric current at a low cost for farm homes small hotels, stores, garages, country places, churches, etc.

Powerlite Belted Plants consist of three parts, the Battery, Switchboard and Generator connected with the necessary wires. These three parts together with a gasoline or kerosene engine give you a dependable working plant at low cost—one that will give constant service at any hour of the day or night.

Powerlite Belted Plants are not an experiment but are fully developed Electric Light and Power Plants designed to give continuous and satisfactory service for many years.

Operated with Any Farm Engine

If you already have an engine 2½ H. P. or larger which you use for other purposes you can belt the generator of the Powerlite Plant to the fly wheel of your engine and charge your battery while your engine is doing other work. In this way the cost of current to you is very little. If you you have no engine, we recommend one of our Sattley Gasoline or Kerosene Engines which are fully describe on pages 858-861 of this catalog.

Powerlite Belted Electric Plant Complete consists of —

Powerlite Storage Battery consisting of 16 cells of capacity stated and fully covered by our guarantee on this page.

Generator, 40-volt, 25 ampere, speed 1,800 R.P.M. as described and illustrated on this page.

Switchboard as described and illustrated on this page.

Necessary Wiring to connect the above 3 units.

Battery Hydrometer.

Speed Indicator.

Endless Leather Belt, 2 inches wide, 14 feet long.

Five Extra Fuses.

Screws, Bolts and Cleats to secure generator, switchboard and connecting wires to floor or wall.

Complete instructions for installation and operation.

Battery rack illustrated is not included. Blue-print giving dimensions of suitable rack included. Price includes parts as listed but does not include engine shown in illustration.

Plant with Large Size Battery

163 E 181 — Powerlite Belted Plant, complete with 80 ampere hour, 32-volt storage battery. (Intermittent rating, 120 ampere hours) Shipping weight, 870 pounds.

If you wish to pay cash in full with order the price is..... **$227.00**

Easy Payment Terms are $54.00 cash with the order and $19.00 per month for 10 months (no interest). Total Price..... **$244.00**

Plant with Extra Large Size Battery

163 E 187 — Powerlite Belted Plant, complete with 160 ampere hour 32-volt storage battery. Intermittent rating 240 ampere. If you wish to pay cash in full with order the Price is **$290.00**

Easy Payment Terms are $62.00 cash with order and $25.00 per month for 10 months (no interest). Total Price..... **$312.00**

When placing your order give speed of engine and diameters of fly wheel and driving pulley.

All parts shipped promptly from stock.

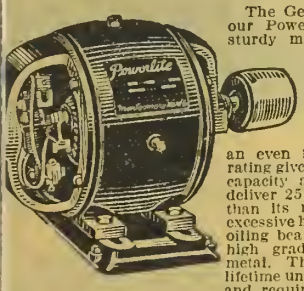
If you desire to take advantage of our easy payment plan, please send for full details which will be furnished by return mail.

Simplicity is One Big Feature

Our Powerlite Plants are the highest type of electrical equipment for the purpose so simplified that anyone can operate them. There are no complicated parts to get out of order, nothing to demand expert attention.

When you want to recharge the batteries, start your engine by means of the starting switch. Hand cranking is not necessary. The lights may be used while the battery is being recharged if you wish. Instructions written in plain terms so that anyone can understand them are furnished with every plant. You do not have to know anything about electricity to install and operate our Powerlite Plants.

Easy to Install and Operate



The plant is shipped to you so that it is ready to use when you receive it. The batteries come to you fully charged. Connect up the wires from switchboard to the batteries and from the switchboard to the generator and house wires and you can then turn on your lights. These few connections are plainly marked so that there is no chance of making them other than correctly.

After the plant is set up any member of the family who knows anything about farm machinery can operate it.

High Quality—Substantial Savings

In the manufacture of Powerlite Plants, quality and dependability are the big points at which we have aimed. The result is a plant equal to any and superior to many. Our aim is to sell you the best built plant rather than the cheapest. Our interest does not stop with your purchase of a plant. At all times we will render you any service you may require to get the most complete satisfaction from it.

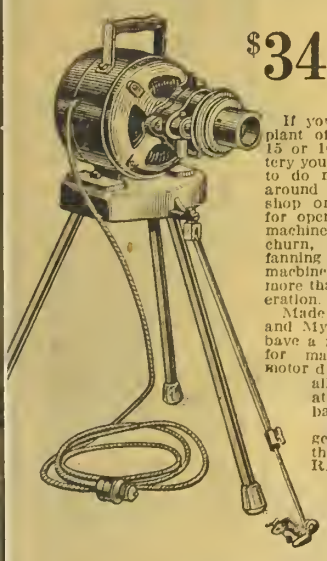
The Powerlite Generator

The Generator furnished with our Powerlite Plant is a large sturdy machine with a capacity of 40 volts 25 amperes —1,000 watts when operated at a speed of 1,800 R.P.M. It is of the four-pole type, insuring high efficiency, continuous service and an even flow of current. The rating given is the continuous load capacity and the generator can deliver 25 per cent more current than its rated capacity, without excessive heating. Has large ring oiling bearings cast from heavy, high grade special composition metal. This generator will last a lifetime under ordinary conditions and requires no attention other than oiling every month and having brushes renewed every few years. The direction in which the generator should be driven is clearly marked on the top. Equipped with a sliding base so that the belt slack can be taken up without moving the floor fastenings.

To get the best results from your plant it is important that this generator be operated at the proper speed (1,800 R.P.M.) In order that we may determine what size pulley you should have, we must know the speed of your engine, also the diameters of the fly wheel and driving pulley. Give us this information when sending your order and we will supply the pulley on the generator of the proper diameter without extra charge.

Regular pulley equipment: Diameter, 4 inches, face, 4 inches. Shipping weight of generator complete, 150 pounds.

Price of Generator Separately



We can supply the generator of our Powerlite Plant separately. It can be used with or without the switchboard for charging automobile storage batteries running motors, etc.

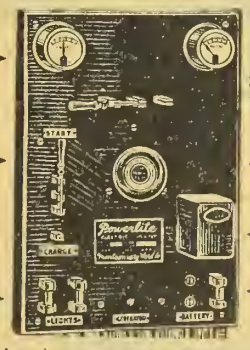
163 E 189—Generator only, as described above. Price **$71.00**

163 E 200—Field Rheostat for use with above generator..... **$6.95**

In ordering a complete Powerlite Plant, an extra rheostat is necessary, as the switchboard of Powerlite Plants is equipped with a rheostat.

Robbins and Myers Farm Power Motor

$34.95



If you have an electric plant of 30-32 volts with 15 or 16 cell storage battery you can use this motor to do much of the work around the house, workshop or garage. Use it for operating the washing machine, cream separator churn, grindstone, pump, fanning mill and other light machines requiring not more than ¼ H. P. for operation.

Made by the Robbins and Myers Company who have a national reputation for making high grade motor driven appliances of all kinds, this motor, at our price, is a real bargain.

The motor is back-geared which reduces the speed from 1150 R.P.M. to a pulley speed of 285 R.P.M. This makes it unnecessary to use pulleys of large diameters on machines to be driven. The combination pulley has two grooved pulleys, diameter 3⅛ inch to take ¾-inch round belt and a flat face pulley, 2½ inches for 2-inch flat belt. Motor is mounted on a cast iron tripod base with rubber feet on legs to prevent slipping. Adjustable rod, with clamp for attaching to machine to be driven, provided to keep belt tight. Handle on top for carrying. Motor wire needed. Complete with cord and plug for attaching to convenient lamp socket. Shipping weight, 70 pounds.

163 E 235 —Robbins and Myers Farm Power Motor for use on 32 volt current..... **$34.95**

The Powerlite Switchboard

On the switchboard are mounted the necessary instruments to control the operation of the plant and indicate the flow and pressure of the current. The board itself is made of oil finished black Marine slate of the best quality and highest insulating properties. Size, 24 x 16 inches. All instruments used are of the finest quality.

The Voltmeter indicates the voltage or pressure of the current. The voltmeter switch cuts the voltmeter out of the circuit when reading is not desired. This saves considerable current and is one of the features of this switchboard.

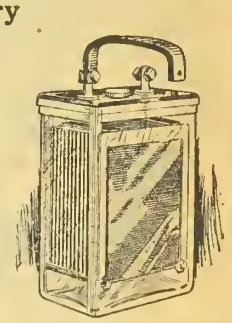
The Ampere Meter indicates the amperes or amount of current flowing into or out of battery. When the generator is charged it indicates the rate of charge, when current is being used it indicates the rate of discharge.

The Rheostat enables you to regulate the amount of current generated by the generator. Simply turning the hand control, raises or lowers the voltage and amperage of the current as desired.

The Automatic Circuit Breaker is the heart of the plant. The instrument used on our plants is most dependable at all times and will operate satisfactorily indefinitely.

The Charging and Starting Switch enables you to use your generator as a motor in cranking your engine, making it unnecessary to crank the engine (if not over 5 H.P. size) by hand. This same switch is also used to connect the generator and battery during the charging periods.

The Light Fuses are placed in the line circuit. Their function is to protect the battery from too great a discharge, caused by short circuits on the line, etc. The cases of the fuses are of glass, making it easy to see when they have "blown."



Battery Fuse is placed between generator and battery

Price of Switchboard Separately

We can supply our Powerlite Switchboard separately if desired. Shipping weight, 45 pounds.

163 E 193 — Switchboard for floor mounting or wall mounting. Price..... **$49.00**

The Powerlite Battery
Extra Heavy Plates

The storage battery is for the purpose of storing current so that lamps can be lighted or electrical appliances operated when the generator is not running.

The batteries supplied with our Powerlite Plants are equal or superior to any others on the market. They are the pasted plate type, sealed in glass jars. The plates are extra large and heavy and the extra large sediment space beneath the plates lengthens the life of the battery. They are shipped to you fully charged so that when you receive your plant and set it up, it is ready for service.

If you already have an Electric Plant and your original set of batteries has become exhausted, order a set of these batteries. They will replace the original storage batteries of any make or type 32-volt Farm Electric (Lighting) Plants. They work satisfactorily no matter what make of batteries was originally with the plant. Price includes 16 complete cells of batteries together with the necessary connecting bolts and straps. All sets carefully crated and packed. We guarantee safe delivery. Shipping weights, 520 and 900 pounds.

Prices on Powerlite Batteries Separately

Article Number	Battery Size: 8-hr. Discharge Rating Amp. Hr	Battery Size: Intermittent Rating Amp. Hr	Price Complete Set	No. of Plates	Size Plates Inches
163 E 141	80	120	$ 95.00	7	5¾x7
163 E 144	160	240	158.00	11	5¾x8⅝

Battery 163E141 has a capacity of 2,560 watts and will light 16 20-watt lamps for 8 hours. Battery 163E144 has a capacity of 5,120 watts or just twice as much as 163E141 battery.

Our Battery Guarantee

We guarantee these batteries to give lighting service for 5 years, when installed and operated according to our instructions, and when they are recharged not oftener than twice a week. If for any reason the battery proves defective or does not give good service within the 5 years' period we will replace it on the basis of service rendered. If for example, some part of or the whole battery, should prove defective at the end of two years we will replace it for ⅗ of the cost of a new battery. If the battery should last only one year, we would replace it for ⅘ of the cost of a new battery, etc. In this way, you are assured that you will only be obliged to pay for the actual service you get from your battery.

While our guarantee applies for only 5 years, these batteries, when properly cared for will give even longer service.

Read What Users Think of Powerlite Plants

I bought my plant from you after comparing your plant with plants sold by agents and know that I saved at least $150 to $200 by doing so. The plant is doing fine and requires almost no attention which is more than can be said for some of the light plants in this neighborhood.

Fred E. Anderson,
Purcell, Colo.

Used by permission.

Buy a Powerlite Electric Plant and you will be as satisfied with its service as are these two users who voluntarily told us about the results they are obtaining from Powerlite Plants they purchased.

After having acetylene gas in the home for sixteen years we decided to put in Electricity for better light and for other conveniences. I chose the Powerlite because I wanted a belt drive with which I could use any engine. I think the Powerlite is as good as any on the market and a great saving in cost.

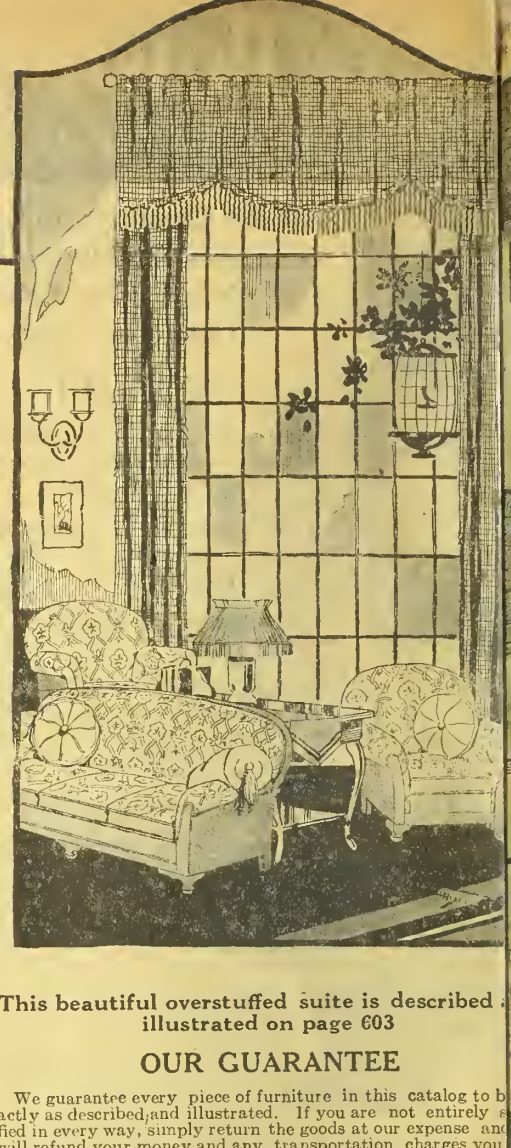
We safeguard quality, materials, substantial construction, by constant inspection. We go further—many of our finest pieces are made in our own factories, to be sure they are right.

Master Made TRADE MARK



We introduce with this book Ward's new "Master-Made" line, a brand of furniture which represents quality through and through. If you wish the very best, the most skillfully made, the most carefully finished of all our furniture, choose "Master-Made" pieces. Wherever you see that name, it indicates Ward's best; yet always at a good, substantial saving to you.

Buying furniture at Ward's is not only money saving. It is quick, easy and convenient as well. Freight service is excellent now; we carry all our stock right here in our Chicago store, or in warehouses and factory points from which speedy shipment is assured.

Expert Special Service for Special Requirements

Take this book as your guide to good furniture whether you desire only a few odd pieces, or the complete furnishings of a home. You will find it a trustworthy, dependable source from which to choose, and with your saving on each purchase goes our broad guarantee, which assures you complete satisfaction—you must feel that you have saved money—or your money is returned to you—cheerfully.

The wide range of selection in this catalog will meet the needs of most of our customers. But for those who have special requirements, we offer our expert special service. We will obtain for them any kind of furniture, rugs, draperies, carpets, tapestries or hangings. Our interior decorating department is at your disposal for just such help. We will gladly give you estimates on anything of that nature.

8 PIECE SUITE $24.95

Uphostered Backs and Seats
Solid Oak - Fumed Finish

Master-Made

WARD'S high-grade Mission furniture has acquired a reputation for quality which reaches far and wide. Our factory has specialized in that class of furniture for many years and is recognized as one of the foremost producers of Mission furniture. High standards of quality are constantly maintained and we know that no bette... goods are made anywhere for the price.

We are introducing our furniture line with this Master-Made 8-piece Mission Suite because it is a typical Ward value in every way. The noteworthy low price for this room full of furniture is based on the new low costs of lumber, labor and finishing materials and marks the beginning of a new era in furniture values which our millions of customers will be quick to appreciate.

Each piece is built of carefully selected and thoroughly seasoned Oak stock, containing no knots or resin. All joints are accurately fitted and all parts are firmly braced. The finish is Fumed brown. The chair and rocker seats and backs as well as the stool are upholstered with a very good grade of Artificial Spanish Leather.

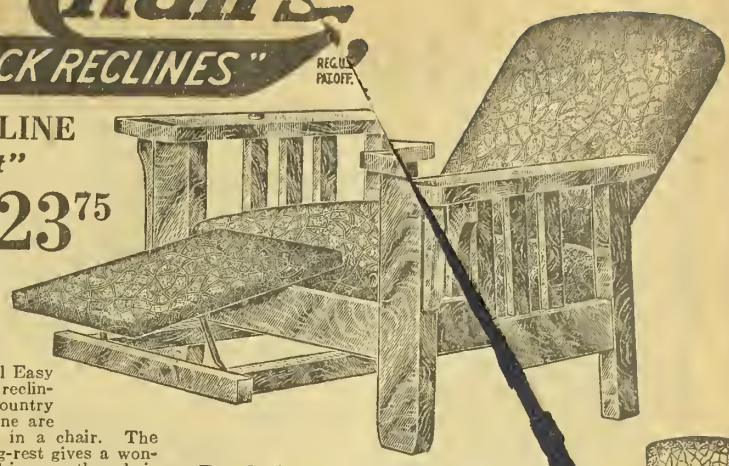
Royal Easy Chairs

TRADE MARK

"PUSH THE BUTTON – BACK RECLINES"

REG. U.S. PAT. OFF.

READ—REST—RECLINE



"The Button Does It"

$32.45 **$23.75**

Each Chair Has Leg Rest and Extending Back

Of course, you have heard of Royal Easy Chairs. They are the famous Comfy reclining chairs that are advertised the country over. Those who do not possess one are missing the most supreme comfort ever known in a chair. The reclining back in connection with the patented leg-rest gives a wonderful head-to-heel comfort that cannot be obtained in any other chair regardless of price. Simply press the button on the arm, lean back to any desired position and the back remains at that angle. And that isn't all. You will be pleasantly surprised at the depth of the upholstery — it conforms to every curve of the body, particularly the back, leaving nothing to be desired for complete relaxation.

Small views show appearance of chair with back up and leg rest concealed.

Master Made Davenport Bed

For one price you buy a spacious daytime davenport and a full size bed, that otherwise you would have to purchase separately at two prices.

Opens in a Jiffy to a Full Size Bed

THE Master-made davenport beds on this page are the last word in simplicity of construction. You'll never have the trouble that you have with ordinary makes. It can't — there are mechanical devices to cause trouble—no latches, catches, locks, etc. Either long or short sizes provide full size, 72x48-inch bed.

There is room for a 35-pound mattress and all bedding, when folded. Just make it up in the morning and it is ready for use at night, when the extra guest arrives. And comfortable! It is built to insure the perfect rest that strong resilient springs and correct construction provide. The short davenport is made with 18 and the long davenport with 27 heavy wire cone-shaped springs, supported on steel crimp wires, securely fastened to the hardwood frames.

Another feature the housewife will appreciate is the provision for the free circulation of air all around and underneath both. All davenports shipped taken apart to save freight. Easy to set up. Mattress and bedding not included at price quoted for davenport. Small illustrations below show both long and short sizes made up as beds.

Master-Made. Walnut or Mahogany Finish

A MASTER-MADE period dining set that is faultlessly constructed in every detail because it is made in our factory under the most exacting standards. All the charm of the Louis XVI style has been studied and utilized in this interesting suite. There is a certain air about a room furnished in this style which gives a guest a sense of warm welcome on entering. A feeling of hospitality is created.

Besides being of attractive design, this set has a beautiful finish. All prominent surfaces, such as tops, fronts, and sides are veneered with brown genuine Mahogany, or genuine Walnut. The legs, corner posts and stretchers are of seasoned hardwood finished in brown Mahogany or Walnut beautifully dull rubbed. The construction is absolutely dustproof, making the interior always fresh and clean looking.

These new prices clearly show that good period furniture is not nearly so expensive as it was a year or two years ago.

Take advantage of our liberal approval plan. Order the suite, or any individual piece, in the regular way enclosing purchase price. Put it in your dining room for thirty days. You are then at liberty to return it at our expense, all charges paid, if it does not satisfy you. Mahogany or Walnut

266 E 8726

EACH of these pieces may be termed a handsome and distinctive design, possessing a dignity which will harmonize with even the finest surroundings.

Although this suite is strictly high grade in every detail of material, workmanship and finish, the prices are away under those ordinarily asked for this class of furniture.

Artistic Perfection in Period Furniture

IN the majority of well furnished homes it is customary to have at least one room furnished in a period design, more especially for the convenience of the house guest and the pride of the owner. This moderately priced Master-Made design contains individuality and elegance seldom found in sets of this nature. The touch of master designing and workmanship is easily seen in each and every part. The graceful lines and proportions combined with the correct ornamentations give character to every piece. All prominent surfaces are heavily veneered with genuine Walnut or Brown Mahogany. Legs and posts are of seasoned Gumwood, finished to match. This investment will give lasting satisfaction.

Buffet—Size of top, 60x22 inches. Height, 46½ inches. Two compartments and large linen drawers. The cutlery drawer is felt lined. Good casters. Shipping weight, about 185 pounds. This type of buffet may also be had without the mirror. Dustproof.

The Round or Oblong Table—This table in either shape has a very impressive appearance. The top is beautifully veneered and polished. The round table is of 48 or 54-inch diameter. The oblong table has a 60x45-inch top. Shipping weight, between 200 and 300 pounds according to size.

The China Cabinet—Height, 60 inches. Size of top, 42x17 inches. One large glass door, with glass panel on either side decorated with wood lattice at top. Has three adjustable shelves. Shipping weight, about 160 pounds. Distinctive in design and carefully constructed. Fitted with sliding casters.

The Serving Table—Size of top, 36x19 inches. Height, 37 inches. Shipping weight, about 85 pounds. One large felt-lined cutlery drawer. A large double door, linen compartment below. Dust-proof construction. A serving table of very pleasing design matching all other pieces in the suite.

The Chairs—Arm chair seat, 15½x19 inches. Shipping weight, about 25 pounds. Chair seat, 14½x16½ inches. Shipping weight, about 16 pounds. Walnut or Mahogany veneered back panel. Walnut finish has Genuine Brown Spanish Leather slip seat. Mahogany finish has Genuine Black Leather slip seat. Backs, 25 inches above seat.

Colonial Suite

Seasoned Oak in Golden or Fumed Finish

The Colonial style is particularly favored for its simple, distinguished lines. Perfectly proportioned, this harmonious design will look well in any type of dining room. The graceful Colonial scroll adds the desirable touch of decoration to the set, and the china cabinet is beautified by the artistic art glass panels. Dependably built of well seasoned Oak, there is choice of Golden or Fumed finish. The unusually low price of this handsome set is well worth your consideration. The table has non-dividing pedestal. The 8-foot size has concealed drop legs to support the ends when extended. The buffet provides ample space for all linen and cutlery. Dishes and other articles displayed are not included.

$69.25 Queen Anne Buffet

60 Inches Long

Faithful Reproduction of the Charming Queen Anne Period

The grace of the Queen Anne period style of furniture is its chief characteristic. To any room, whether large or small, furniture of this delightful period will give an atmosphere of refined taste and artistic appreciation. In this buffet the graceful Cabriole legs and the decorations on drawers and panel have the exquisite finish that is so desirable. One of the advantages of the modern adaptations of the older periods is that they are fitted to the needs of the modern home, by overcoming much of the bulkiness that formerly made furniture hard to clean and move. The construction allows ample room for practical uses.

This Buffet with Mirror is Shown on Page 609

Your Home Will Be Beautified By This Fine Buffet

The fronts, tops and sides are veneered in genuine Walnut or Mahogany, brown finish. The legs and posts are of seasoned gumwood, with finish of Walnut or Mahogany. China Buffet

$98.25

Shipped from Warehouse in Indiana

Designed in the Exquisite Queen Anne Period

This combination china-buffet is an unusually pleasing example of the charming Queen Anne period. It appeals to people who prefer a quiet, rich simplicity in their furniture, a simplicity beautified by the artistic decorations upon panels and drawers.

The Cabriole legs, considered the most graceful type of furniture support, are a noteworthy feature. The necessary points of construction—ample cupboard space and the desirable deep shelves—make it a practical as well as decorative piece of furniture.

Of Perfect Construction and Finish

The fronts, tops and sides of this china buffet have been veneered with genuine Walnut or Mahogany (brown) rubbed to the popular dull finish. The legs and corner posts are of seasoned gumwood with the Walnut or Mahogany finish. The construction is dust-proof and the entire buffet easily cleaned. The cutlery drawer is felt lined. Extreme width, 72 inches. Height, 62 inches. Depth of china cupboards, 22 inches. Clear plate glass mirror, 20x18 inches. Shipping weight, about 300 pounds.

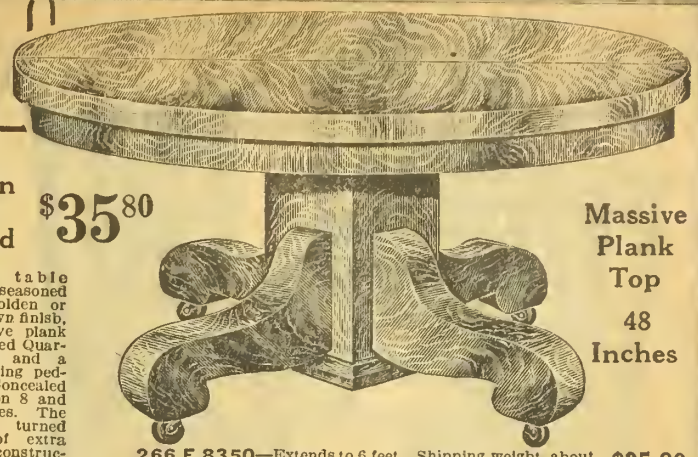
Dining Table Many Bargains!

Beautiful Queen Anne Design



$49.75

Genuine Walnut or Mahogany Veneered Top

The artistic beauty and simplicity of this Queen Anne dining table command your enthusiastic approv-. Its build and design are easily adapted to the requirements of the modern home, for all unnecessary tall and bulkiness of construction have been eliminated. The grace and charm of its style will greatly hance the appearance of your living room. The Cabriole legs are a distinguishing feature of the een Annn period, and their arrangement in this dining room table is most attractive. The quality of e material and the workmanship is strictly high grade. The large top is veneered in genuine Walnut hrown Mahogany and is expertly finished. The popular dull rub is an interesting feature. Shipped ken apart, but is easily set up.

Cabinet Closed

otice how trim and compact cabinet looks when closed. dust can enter through the fitting drawers and cupd doors.

Its workmanship and design are of the highest order. In the rich Golden Oak finish, it is made of selected seasoned Oak stock throughout. In the White Enamel finish it is built of seasoned Hardwood and given three coats of extra quality White Enamel, making a bright looking snowy white surface. In either finish, the cabinet is equipped with sliding Porcelain top, which has a firm hard surface that does not spring or warp. In the Golden finish the interior above the table top is finished in White Enamel.

A Cabinet Rich in New Features

THE Princess Cabinet stands 71 inches high, is 48 inches wide and 27 inches deep. Table top closed is 48x27 inches in size; when pulled out working surface is 48x37 inches.

The lowering flour bin with sifter has a capacity of 50 pounds. It does away with getting up on a chair to put the flour in. Has a window front, which tells at a glance whether it needs refilling.

Contains a sanitary all-metal dust-proof cake and bread box drawer with sliding metal lid, which does not pull out but completely covers the top of the drawer when it is closed. This drawer is equipped with a sliding support along the lower sides.

New patented gravity door catches hold all doors tightly. All doors have decorative outside hinges. All metal parts on this cabinet are first copper-plated, then nickel-plated, making them rust-proof.

We use three-ply panels in doors, ends and back of top. Three-ply dust-proof bottom on the base. Entire cabinet can be closed up as shown in small illustration, making it entirely dust-proof and sanitary. Roll curtain front is easy sliding.

At the bottom of the cupboard in the base section is a sliding metal White Enamel tray, which enables you to bring contents within easy reach. Half way up is a sliding wire shelf and on each door of this cupboard is a wire rack for pans.

In the upper right hand drawer is a sliding removable tray for knives, forks, spoons, etc.

Art glass doors on upper section lend a decidedly handsome appearance. Two of these are equipped with file hooks on the inside. Drawers in base section are equipped with nickel-plated handles.

Set of Aluminum Ware Included

AS a part of the cabinet equipment we are including without extra charge a set of aluminum ware consisting of salt and pepper shakers, graduated measuring spoons, egg boiler, biscuit cutter, holder for coffee grounds and graduated measuring cup. Each of these articles is of fine quality and of great utility in the every-day kitchen.

To make it still more convenient for the housewife, there is a grocery want list hung on the inside of the upper left hand and a file of recipe cards in holder on the inside of the upper right hand door. Above this is a three compartment coin and check tray.

The swinging glass sugar jar with automatic dispenser has a capacity of about 10 pounds. Five spice jars on individual shelf, tea and coffee jars on individual rack, three prong towel rack on right hand side of base underneath the meat grinder bracket and the cutting board underneath the Porcelain top complete the equipment of this, Ward's Princess Kitchen Cabinet and make it the most outstanding cabinet value we have ever been able to offer.

Handy Aluminum Kitchen Set

This handy assortment of useful every day aluminum ware is included with this cabinet at no extra charge.

Ward's New Improved Kitchen Cabinets

"It is a blessing and a comfort as well as a joy to look upon, in all its whiteness and cleanliness," says a user.

The Puritan $63.50

White Enameled Steel Cabinet

WARD'S "Puritan," steel Kitchen Cabinet is pantry, storeroom and kitchen table combined. As a saver of time, and steps and drudgery it has become a household necessity. Everywhere housewives are demanding a cabinet that is better, cleaner and more sanitary. We have succeeded in meeting this demand. Built of steel, it is not subject to the faults of the average cabinet. It will not warp or shrink or swell. Every part has been planned with scientific accuracy, so that each device is simple, easy to use, and placed conveniently within arms' reach. Master Made throughout.

Special Advantages of the Puritan

The tilting, removable flour bin is clean and sanitary. The glass in the front allows you to see how much flour has been used. Latest type flour sifter.

There are handy hooks for small utensils.

Bracket for rolling pin, and book-file for bills.

Wire cooling rack.

Removable cutting board on a slide rack.

Sliding porcelain top has automatic locking device.

Racks for different sized covers and pans.

Sliding wire shelf in lower cupboard.

Large swinging sugar jar has non-corrosive metal top and automatic release on lower cap.

Rack with Recipe Index File, Pencil Holder, and Daily Reminder Want List and Card Index Record of purchases.

Deep cutlery drawer and extra deep linen drawer.

Deep bread and cake drawer with sliding cover.

Rack for extract bottles.

Spice jars on rack.

Tea and coffee jars.

Glass handles on doors.

Master-Made Steel Construction

Admirably built of strong durable steel you may rely upon the wearing qualities of this fine kitchen cabinet. All joints are reinforced and electrically welded, no solder or rivets, screws or bolts, giving it a seamless rigid construction.

Though made of steel, this cabinet weighs no more than a wooden one of similar size. Both inside and out, it has been beautifully finished with a hard-baked, washable Snow White Enamel.

The strong tubular legs are welded on. All wire shelves are rust proof.

On a rack especially designed for them we send five glass spice jars. We also include a glass coffee jar and a glass tea jar.

The cupboards are unusually roomy and conveniently planned. The nickel-plated casters are substantial and easy running.

Dimensions—Height, 70 inches. Depth at base, front to back, 24 inches. Extension table top, 40x28 inches. Table top extended gives working space, 40x39 inches. Height of table top above floor, including casters, 32 inches.

266 E 8930—Steel Cabinet with Porcelain Top **$63.50**

Shipping Weight, about 250 pounds.

With Those You See Quoted Elsewhere

$34.50

EVERY remarkable device of Ward's "Liberty," Cabinet means hundreds of steps saved for you. You can rely on this Master-Made cabinet to lighten your work for many years to come. Everything needed in kitchen work is within easy reach—arranged in an orderly, competent manner. Any part may be easily cleaned and all cupboard spaces can be tightly closed, making the cabinet absolutely dust proof. The folding and extension parts are so compact in arrangement when folded that the cabinet, during the hours when it is not used, requires but a comparatively small space.

Up-to-Date Features

Read this list of efficient labor-saving devices.

The elevated flour bin keeps your flour clean and sanitary. Out of the way but easily reached. The glass front to the bin makes it easy to see how much flour is being used. Tilts forward for easy filling. Hinged metal top and sifter bottom with dust cap.

The table top pulls out like an extension table to give working space. We recommend the snow-white porcelain top. It saves you work and costs only a little more.

Sliding wire shelf in kettle cupboard. Handy rack on door.

Removable hardwood cutting board.

The roll curtain front permits access to the lower cupboard without disturbing anything on the table top. It is neatly made of Oak strips joined together, and disappears into the back of the cabinet.

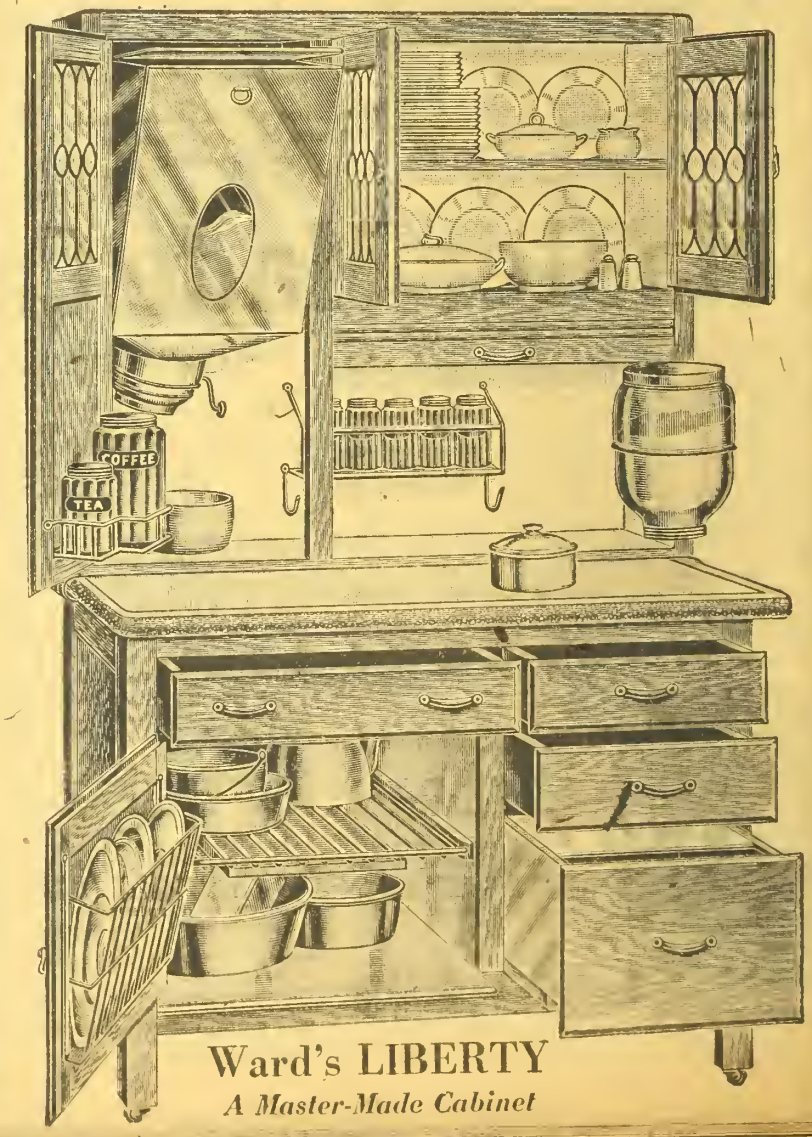
Swinging sugar jar, with a gravity feed bottom. The upper section is of art glass.

The high quality of the construction and material of this cabinet will be instantly recognized.

Fine seasoned Oak is the material used, and a varnish in Golden color has been neatly applied. An important feature of this varnish is its moisture resisting character, allowing the cabinet to retain its fresh, new look no matter how much steam and smoke might be caused by a nearby cookstove.

The entire interior of the upper section is finished in washable, white enamel. Extra large cutlery drawer. The lower drawer at the right is of metal, with a ventilated sliding lid. The easy rolling casters allow the cabinet to be pushed aside while cleaning.

We send free, with every cabinet, one coffee jar, one tea jar, and five spice jars, all of crystal glass, with aluminum tops.



Wire rack for holding pans and sugar jar and flour bin included in the price of the cabinet. Other articles displayed are not included.

Height, over all, 70 inches. Size of table top, when closed, 40x17 inches. When extended, 40x27 inches. Capacity of elevated flour bin, about 42 pounds. Capacity of sugar jar, about 10 pounds. Shipping weight, about 230 lbs.

Shipped from Factory in Indiana.

Master-Made

Ward's BETSY ROSS Kitchen Cabinet

Saves the Wife Many Steps and Turns Her Kitchen Worries Into Pleasure

COMPARISON is the best way to decide on the merits of our Betsy Ross Kitchen Cabinet. It will prove to be such an ideal companion in the kitchen that we are sure you will be delighted with it. Compare its up-to-date features and general arrangement with any cabinet in your neighborhood at the price. It combines the features of pantry, china closet and work table, as well as providing many little short cuts in every-day kitchen work that housewives will readily appreciate.

It is Master-Made, which is your assurance of expert and thorough workmanship throughout. The lasting service and satisfaction which you will derive from the Betsy Ross cabinet as the years go by will make its low first cost seem very insignificant indeed.

$37.75

Note These Special Features

IT centralizes all your kitchen work—places everything within arm's reach—eliminates unnecessary steps and lost motion. Order it in the regular way—enclosing purchase price—realize its merits in your own home, then if you are not fully satisfied with its time-saving, sanitary and durable qualities return it to us and we will refund your money.

Comes in choice of two finishes. In the White Enamel finish, the material is selected heavy hardwood stock, finished in glossy White Enamel. Easily cleaned with a damp cloth and therefore strictly sanitary. In the Golden Oak finish it is built of selected heavy Oak.

Comes with extension table top of nickeled metal, or of Porcelain. We recommend the Porcelain top, as it is acid-proof and will not stain.

Drawers and racks can be easily removed for cleaning.

Deep double bread drawer with sliding metal cover.

Elevated flour bin—easy to get at—capacity 35 pounds.

Large roomy working surface which makes for added convenience—no kitchen table necessary.

Two large roomy drawers in addition to bread drawer.

Sliding wire shelf for kettles. Rack on door for pans and covers.

Sliding removable cutting board of white wood. Nickel-plated trimmings. Easy rolling casters.

White Enamel or Golden Oak

We include with each cabinet, one coffee jar, one tea jar and four spice jars, all of crystal glass, with aluminum tops. We include, also, wire racks to hold jars. Also sugar jar and flour bin. Other articles displayed are not included.

Height over all, 70 inches. Height of table top from floor, with casters 33 inches. Size of table top when closed, 40x25 inches; when extended, 40x36 inches. Capacity of elevated sugar jar, about 10 pounds. Capacity of elevated flour bin about 35 pounds. Shipping weight, about 200 pounds.

266 E 8921	—White Enamel Cabinet with extension table top of nickeled metal	$37.75

Our Special Bargain 266 E 6508

How Cedar Chests Kill Moths

A United States Government Bulletin, Department Agriculture, describes the effect of cedar chests on mo larvae. A supply of flannel and 10 moths were placed a chest. The number of moths was increased gradual to 70. Two months later, examination showed all mot had been killed and no eggs or larvae were present. T experiment was repeated two years later in the same che with the same result.

That is why Cedar Chests are so popular for storin clothes. They not only kill moths but they keep them aws Each of our chests, in addition to being made of genui Tennessee Red Cedar, comes supplied with a bag of ced shavings which may be distributed among clothes stor in the chest to enhance its action.

Matting Box

Adam Period Style Bedroom Set

A splendid example of what is considered by many the most beautiful of all of the old period designs. This is the style of furniture you never tire of—its graceful beauty endears it to its owner through years and years of use.

You should benefit immediately by this good offer, for furniture of such a high standard is seldom so reasonably priced. Pieces may be ordered separately.

AN Adam Period style of graceful simplicity. The pure straight line design is tastefully relieved by the carved wreaths at the top of bed and dressers, a decoration typical of this period. There are three finishes to choose from. In the Golden Oak finish all pieces are well built of seasoned Oak stock. In the Ivory Enamel and Walnut finishes, the material is seasoned Hardwood. The Ivory Enamel finish is very well adapted to this particular style. The rich, creamy color can always be renewed by cleaning with a damp cloth. The Walnut finish is a faithful imitation of the genuine wood. Drawers of all pieces are accurately fitted and slide easily. Wood drawer pulls. Casters strongly made.

Chiffonier

Four full width drawers. Two top drawers have locks. Size of top 32x19 inches. Plate mirror, 20x12 inches. Shipping weight, about 135 pounds.

The Beauty and Elegance of This Charming Louis XVI Set Will Appeal to Lovers of Good Furniture

IN the days of the eighteenth century, furniture designers, or cabinet makers, as they were then called, created such beautiful things in furniture that all furniture making, since then, has been influenced by their brilliant achievements. The carvings, and lines were of a rare artistic perfection. Types of furniture varied,—simple, ornate, impressive; each mode had its particular beauty.

When the Bourbon kings were reigning, the more elaborate style was in favor, but during the time of Louis XVI, Marie Antionette turned popular approval to the simpler forms of furniture design. A quiet elegance and delicacy of ornamentation marked the furniture made under her patronage. This period, known as the Louis XVI, has achieved a lasting fame.

Today Craftmen have adapted the designs of this period to suit the demands of the present time. The massive build and elaborate carvings have changed to furniture of lighter construction and less decoration.

It is always wisdom to buy furniture of a strictly high grade. The initial cost is not to be considered—the lasting perfection of its appearance, the enduring length of its service are qualities of this **Master-Made** set that will repay you ten fold. It is all the more important that we are enabled to offer you this beautiful set at prices that are amazingly low. Our efficient business methods place within reach of every household furniture of a construction and finish that are truly superb.

This **Master-Made** set is so excellently planned that the beauty and outline of the Louis XVI period is retained, but the build is such that it will not seem over-sized in the modern type of bedroom.

The design is at its most beautiful in Ivory Enamel finish, but is also desirable in Walnut. In Ivory Enamel, the material is seasoned hardwood, and the finish is washable. The tops, fronts, and sides of the Walnut set are veneered with genuine Walnut. The feet, corner posts, and mirror standards are of seasoned gumwood, with a Walnut finish. The carvings are quaint, and beautifully done, and the panel design of the bed is individual in effect. Being Master-Made, workmanship is dependable and accurate to the smallest detail. The drawers slide easily and are fitted with ornate drawer pulls. The rolling casters allow the large pieces to be easily handled. The mirrors are clear plate glass. The chairs are comfortable, with wooden saddle shaped seats. There is ample room for clothing in the large drawers.

Queen Anne Period Style is Now in High Favor for the Bedroom—This is a Splendid Modern Adaptation

WHEN you consider this delightful period style and understand its beauty of line and simple, harmonious design, you realize how well it deserves its wide popularity. Many period designs, though beautiful in themselves, are either too cumbersome or too ornate to be adapted to modern use. But the graceful lines and exquisite carvings of this **Master-Made** set are so simple and graceful that they harmonize perfectly with the home of the present day.

It was during the years, 1702 to 1750, when England was ruled by Queen Anne, that master cabinet makers produced this artistically perfect design. Fine veneers were developed to a high degree of beauty, and the artistic effects achieved then have been carefully followed in this modern set.

The quaint Cabriole legs and even flowing lines are typical of this period, giving the furniture an individual appearance that makes it a lasting proud possession.

This particular set is an unusually fine example of the period. In walnut or mahogany the workmanship and finish are excellent. The fronts, sides and tops of all pieces are veneered with genuine mahogany or walnut, and the feet, corner posts, and mirror standards are of seasoned gumwood, with a mahogany or walnut finish. The design of the bed is of especial interest, for the bow end is an unusual and distinctive feature not found in ordinary furniture.

Careful attention has been paid to the fine details of construction, so that each piece presents a perfect finished appearance. The drawer pulls are neatly designed and the decorative carvings are of unique beauty. The small, cross grained panel gives an artistic effect to the head and the foot of the bed, the drawers of the dresser, the dressing table, and the doors of the chifforette. All drawers are accurately fitted, and will not cause annoyance by sticking or jamming.

The mirrors are of fine plate with a true reflecting surface. An important feature of this set is the dust proof construction, making it absolutely sanitary. To the woman who professes modern ideas of cleanliness, this is of special interest. The chairs have saddle shaped seats of wood. The larger pieces are fitted with easy rolling casters.

Any piece may be ordered separately.

THIS Colonial style contains the best features of the popular early American period. It is inclined to be somewhat simple in design. Its richness of appearance, however, is due to the quality of materials in its construction and the beautiful Golden finish. We want to call your particular attention to the low prices on these pieces. You will notice that all prominent surfaces are veneered with beautiful figured Quartered Oak. Our prices in this case are lower than for many sets that are sold elsewhere in plain Oak. Only another instance of the wonderful savings to be had at Montgomery Ward & Co.

Quarter Sawed Oak
Colonial Design

THE always desirable Colonial design in furniture is here cleverly adapted to the needs of the modern home. This set has the dignified, impressive style of the period, yet is not bulky or ponderous in build. The curves and graceful lines of the design give an individual effect. Made of seasoned Hardwood, the fronts and tops are veneered with figured quartered Oak. The finish is Golden Oak, polished to a very high gloss.

THE chiffonier, dressing table, and dresser have good mirrors of cle plate glass. The bed is in Napoleon style, with roll top and foot. All t drawers are carefully fitted and have knobs of wood. Every piece of t suite has good quality casters and can be moved easily. In full box sadd shape, the seats of the chairs are very comfortable and the legs are strengthen by stretchers. Each piece may be purchased separately.

Queen Anne Style Bedroom Suite

WHEN modern craftsmanship is combined with the beautiful lines of the older Period designs—it is possible for every one, particularly those of moderate means, to buy furniture of such fine construction that any home will be beautified by its possession. The Queen Anne style is one of rich simplicity and graceful lines—the Cabriole legs and carved ornamentation, contribute the desirable unique touch.

The top, fronts, and sides of all the pieces of this suite are veneered with genuine Walnut or Mahogany, in the favorite dull rubbed effect, and the legs, corner posts and mirror standards are of seasoned Gumwood, with Walnut or Mahogany finish.

The overlay effect of the design on chifforette, bed and dresser is an additional artistic touch. The mirrors are good plate glass and the drawers are well fitted.

The drawer pulls are neatly designed, of convenient size; the chairs have saddle shaped seats; all heavy pieces are fitted with rolling casters.

Chairs have full box seat construction, finished to match other pieces.

Substantial Colonial Set of Solid Oak

A COLONIAL set of great refinement, in the smallest detail of which infinite care has been displayed, all unecessary, expensive ornaments have been eliminated, beauty being achieved almost entirely by graceful proportions and soft finish. There is no furniture designed that shows more pleasing simplicity than the favorite Colonial style, the one we illustrate is recommended to those who want attractiveness combined with long wearing qualities.

Each piece is carefully built of seasoned Oak, with a fine Golden finish. All of the parts subject to strain are strongly put together and well braced. The dovetailed drawers are accurately fitted and slide easily. The Princess Dresser, Large Dresser and Chiffonier are fitted with fine mirrors of clear plate glass. The top drawer of each piece has the swell front and the knobs are wooden. The strong, smooth running casters allow pieces to be easily moved about. The bed is of handsome design, with scroll posts and roll top at head and foot. Inverted steel rails will fit springs for metal beds, but with slats, springs for wooden beds can be used. Slats not furnished with bed.

Dressing Table—Side mirrors are adjustable, size of top, 38x20½ inches. Center mirror, 20x14 inches. Side mirrors, 18x6 inches. Shipping weight, about 100 pounds.

Ivory Enamel or Walnut

Charming Adam Period Style

THE rich simplicity of the Adam period is always admired, for few types of furniture so beautifully combine artistic decoration with well balanced and dependable construction. All the materials used are of a high standard, you may rely on the excellence of each and every piece. The dainty decorations on the drawers and tops of the mirrors and the bed are tastefully arranged. The Ivory Enamel finished set is made of selected durable Hardwood. Ivory finish is suitable to this type of furniture, is of a durable quality and, most important of all, can be restored to its original whiteness by a few rubs with a damp cloth.

The Walnut finished set is solidly constructed of seasoned Gumwood, which so closely resembles real walnut that it is hard to tell the difference.

The drawers are dovetailed and accurately fitted, permitting them to slide easily and freely. Fitted with wooden knobs. Excellent plate glass mirrors in the case pieces. The full size bed has heavy side rails with improved corner fittings that insure perfect rigidity at all times. Rocker and chairs have comfortable saddle-shaped wood seats. Large pieces have easy sliding casters, permitting them to be moved about easily.

Mission Style

The simple mission type of bed is always suitable and appropriate for us in any bedroom. The square posts and ornamental caps give it an individu effect. In either white enamel or Vernis Martin, (similar to brass) the finis is hard baked, durable, and easily cleaned. White enamel, particularl has become very popular for bedroom use. The first impression given b this bed is one of strength and solidity. It is equipped with the new pate Pressed Steel Corner Locks, which keep it everlastingly rigid. The be may be ordered with 1½-inch or 2-inch square corner posts. Th upright filling tubes are ¾x¾ inch. Top cross tubes, 1¼ inch square. Height of head, 54 inches; height of foot, 35inches. Th build is excellent. No springs or bedding included at price quote Shipping weight, about 85 pounds.

Durable Steel Cot

Compact Cot for Camping

A durable cot which will stand plenty of hard usage—yet it is so compactly built that it can be easily taken down and carried about or packed away in a small space. This quality makes it the ideal camping cot. For emergency use in the home, it is of special convenience. There are three sets of hardwood legs, reinforced with pressed steel fittings, and the heavy duck canvas cover will stand all ordinary strain. It folds into a small bundle, 38x5x9 inches. The bed is 78x27 inches. The small cuts show the cot folded and the strong reinforced joints. Shipping weight, about 15 pounds.

Diamond Link—58 Helical Springs

$5.85

True comfort in this spring is assured by the extra number of helical springs supporting the extremely flexible link fabric. Improved methods of construction produce a spring that resists the wear and breakage common to other springs of this type. Oval tubular sides, diameter 1 5/16 inch. Improved pattern corners to protect bed clothing from tearing, raising spring fabric 6 inches above side rails. Comfortable, sanitary, sagless, spring fabric, attached at ends by 58 helicals which in turn are fastened to 2-inch steel angles. The edges are specially reinforced by one and one-half inch steel bands attached to end rails by double helicals. These bands are so attached to the fabric that they can bend very easily without danger of breaking off.

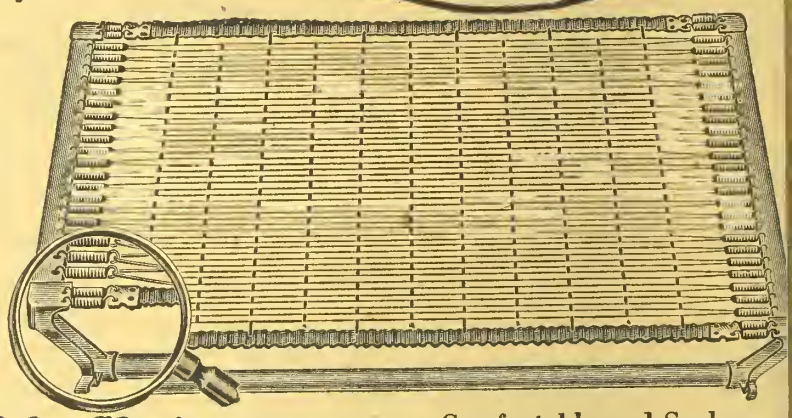
Perfect Rest Insurance

Ward Guaranteed Bed Springs

ON this and the following page will be found a carefully selected variety of springs.



The illustrations show clearly the special features of construction. The highly perfected improvements have proved to be the best in bed-spring manufacture, assuring remarkable elasticity.

Our guarantee of satisfaction is back of every spring we offer. If you are not completely satisfied with your purchase we will refund your money and any transportation charges you may have paid. Order the spring that best meets your requirements—give it a fair trial—test it for strength and comfort in your own home and then decide for yourself on its merits. We are confident you will be more than pleased with your purchase.

In ordering a spring, price should have but secondary consideration. Buying a spring that does not insure perfect rest is like eating food that does not nourish. Sleep is as essential as food. The soundness of your sleep largely is in proportion to the comfort-giving qualities of your bed spring. The investment you now make is one that will last over a period of many years. Choose your spring carefully and be comfortable. The difference in price spread over several years will amount to almost nothing when compared with the satisfaction you will derive from your purchase.

Box Springs on Page 637

Popular Slat Fabric

$7.80

Exceptionally comfortable design in the popular slat fabric, which has unusual wearing qualities. Made with flat steel bands, running lengthwise. These steel bands are each fastened to helical springs at both ends. Ends are interwoven with cross wires, which in turn are fastened to heavier band edges. The frame is steel, with 1 5/16-inch oval steel tubing side rails. The spring fabric is elevated 6 inches above the rails. Rust-proof French Gray Enamel finish.

When Ordering Springs

In ordering springs for metal beds, give extreme outside width in inches from rail to rail. In ordering springs for wood beds, give length of bed slats in inches. Standard size beds of all widths are 76 inches long. If your bed is standard length, you need not mention the length. For special length beds give inside measurements from head to foot. Springs for wood beds are made to fit inside the bed rail with space to tuck bedding all around. They rest on bed slats. Springs for metal beds have metal projections which rest on top of the side-rails of the bed. Springs for wood beds may be used on metal beds with slats.

Has 6-inch Elevation

$7.35

Made with the celebrated Wishbo diamond shaped link fabric with seven 1½ inch strengthening bands. Steel frame wi 1 5/16-inch steel tubing sides. Spring fabr is elevated 6 inches above side rails. Gray finis Sagless, sanitary and very comfortable.

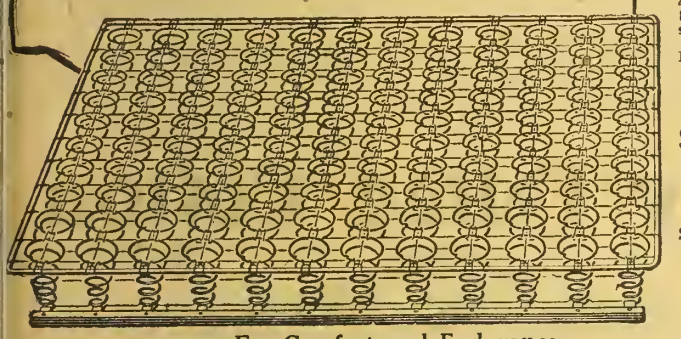
Master-made davenport beds. See pages 600-601



With Satisfaction Guaranteed

Master-Made Coil Springs

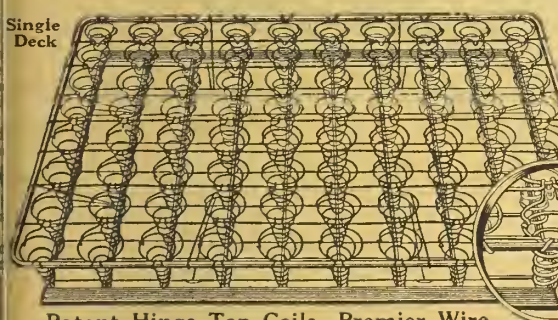
The more advanced ideas in spring construction are used in Ward's Coil Springs. To endure the strain given the average spring, the coils must be of a fine grade of wire, they must be so firmly fastened in place that they cannot break or rub each other, and the framework must have the strength to withstand any accidental hard usage.

In Ward's guaranteed coil springs, you benefit from the best experience in spring construction, and our product, in every way meets a high modern standard. The surfaces are delightfully flexible and of a quality that gives restful slumber.

Our Springs are all Master-Made. This is your assurance and our guarantee of quality and comfort.

For Comfort and Endurance

This is a model spring for comfort and endurance on account of its special construction. The coils never work out of place on this spring because they are locked securely in position by interlacing wires, lengthwise and crosswise. The very heavy solid wire edge gives extra firmness where most needed, and keeps the top of the springs level and in shape.



The truss bar foundation is of strong steel. Full size has 120 spirals; other sizes, in proportion. Gray enamel finish. Designed for use on metal beds without slats. For wood beds, ordinary wood slats are used. The sensitive coil springs are highly tempered.

Made to fit beds, 4½ feet, 4 feet, 3½ feet and 3 feet wide. Shipping weight, about 55 pounds.

4½ feet springs for metal beds only, shipped from Warehouse in Chicago; all other sizes for metal beds and all sizes for wood beds will be shipped within 7 days.

166 E 6027—For Metal Beds. Mention size. **$7.55**

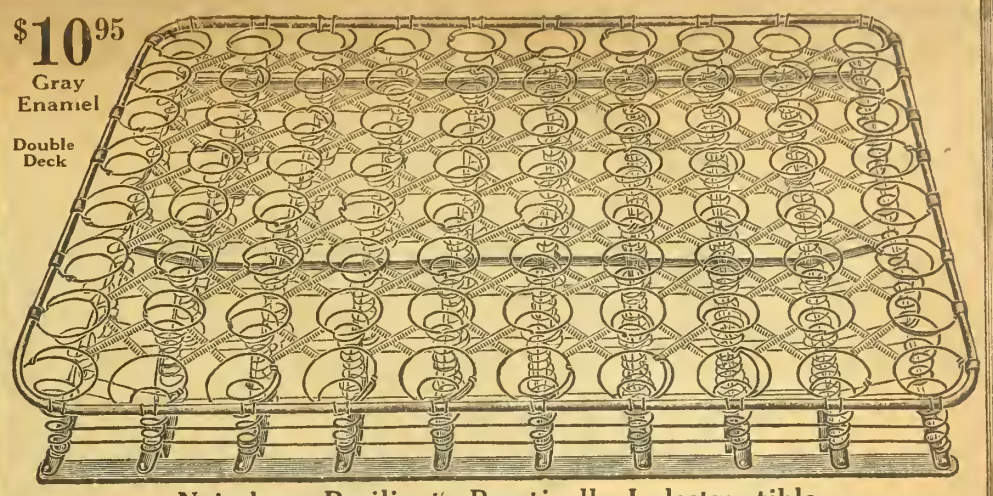
Single Deck

Patent Hinge Top Coils—Premier Wire

Every piece of wire and every coil in this spring is "Premier," a strictly high grade of wire. Each coil extends to the other in the shape of a hinge, producing a general flexibility which equalizes strain and reduces friction at every point to a minimum. Absolutely sagless and noiseless. Coils are 7 inches deep. Patented bracing eliminates side sway. Steel slat bottom with angle iron ends. Fits both wood and metal beds. Furnished in Gray Enamel.



Made to fit beds 4½ feet, 4 feet, 3½ feet and 3 feet wide. Shipping weight, about 60 pounds. **Mention size.**

4½ feet size shipped from Warehouse in Chicago; other sizes shipped within 7 days.

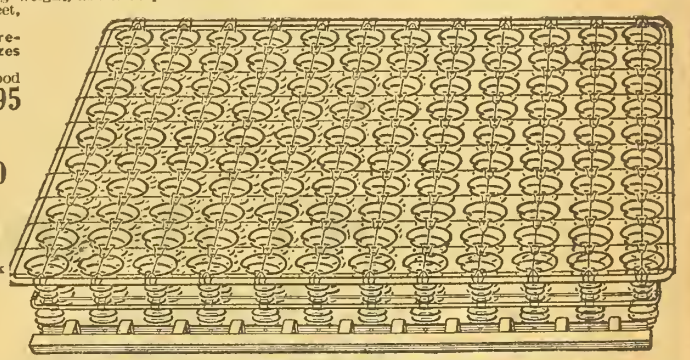
166 E 6040—For Metal or Wood Beds..... **$8.98**

$7.55 Single Deck

$10.95 Gray Enamel Double Deck

Noiseless—Resilient—Practically Indestructible

Scientific methods of manufacture have enabled us to offer you herewith a spring that is noiseless and resilient, which insures comfort and at the same time is durable.



A double deck spring with strong steel truss bar foundation on which tempered spiral coils are locked in position. The tops of the springs are bound together by flexible coil springs. The center of the spring has 48 double deck springs. There are 32 single coil springs on the outside. The construction insures maximum comfort and an edge that is firm enough to prevent rocking. Each spring is so built that it responds quickly to any weight placed upon it. Lengthwise and crosswise wires throughout brace all the coil springs and hold them firmly in position without interfering with their flexibility. This spring has one end shaped to fit bow end beds and it will also fit the ordinary straight-foot bed. The gray enamel finish is washable and durable. Shipping weight, about 75 pounds.

Made to fit beds 4½ feet, 4 feet, 3½ feet or 3 feet wide.

4½ feet size shipped from Warehouse in Chicago; other sizes shipped within 7 days.

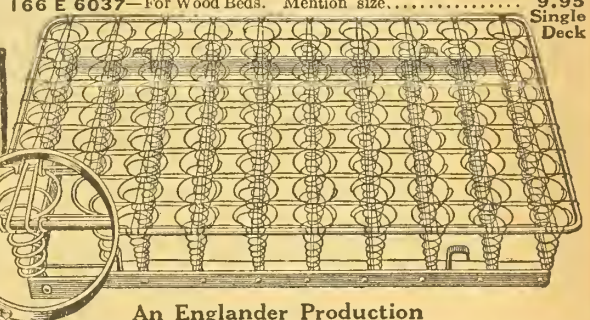
166 E 6076—For Metal or Wood Beds. No slats required. **$10.95**

$9.90 Double Deck

For Greater Sleeping Comfort

This double deck spring will be of genuine benefit in making your sleep comfortable and refreshing. The double layer construction gives the spring practically twice the resiliency of a single layer of coils. Added strength and durability is assured by the improved method of setting the deep spiral springs of the first layer directly above those of the second layer. The coils in the bottom tier are securely locked in position in the steel foundation bars and the coils on the edge of the spring are made so that firmness is given to the edge where most needed. Heavy cable wire edge. Rustless, gray enamel finish.

When furnished for wood beds, both sides are made alike, making a reversible spring which rests on slats. No slats are needed with the metal bed spring as the overhanging side bars hook over the side rails of the bed.



Made to fit beds, 4½ feet, 4 feet, 3½ feet wide. Shipping weight, about 75 pounds.

4½ foot springs for metal beds shipped from Warehouse in Chicago; all other sizes for metal beds and also all sizes for wood beds will be made to order and shipped within 7 days.

166 E 6035—For Metal Beds. Mention size..... **$9.90**

166 E 6037—For Wood Beds. Mention size..... **9.95**

Single Deck

An Englander Production

This remarkably comfortable long coil spring is one of the famous Englander "Productions for Sleep and Rest," and satisfactory service is assured. Consists of 99 specially treated long coils made of Premier wire, thoroughly reinforced and supported. (See magnified illustration). We highly recommend this spring for comfort and long service. French Gray Enamel finish.

Made to fit beds 4½ feet, 4 feet, 3½ feet and 3 feet wide. Shipping weight, about 60 pounds. **Mention size.**

4½ foot size shipped from Warehouse in Chicago; other sizes within 7 days.

166 E 6038—For Metal Beds. No slats required..... **$10.75**

866 E 6039—For Wood Beds. Requires slats..... **10.80**

$2.88

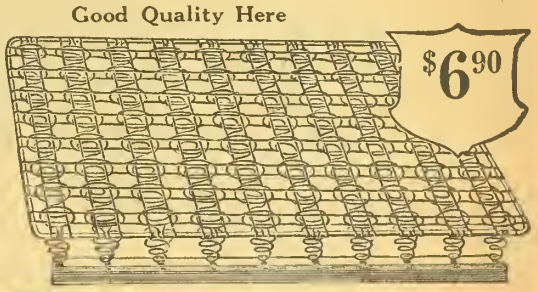
For Wood Beds Only

Made of double cone springs of medium weight steel spring wire, held in position at top and bottom by interlaced wires running lengthwise and crosswise. Black enamel. Full size has 120 spirals; other sizes in proportion. Can be used either side up. Shipping weight, 25 pounds.

Made for 4½ foot, 4 foot, 3½ and 3 foot beds. These springs are made to order and shipped within 7 days.

866 E 6042—For Wood Beds only **$2.88**

A single deck spring of superior quality. Tempered coils are fastened on a rigid steel bar foundation, and cannot become misplaced. Tops are securely tied by flexible cross wires. Heavy cable wire edge. Rustproof black Japan finish.



Made to fit beds 4½ feet, 4 feet, 3½ feet and 3 feet wide. Shipping weight, about 60 pounds.

4½ foot springs for metal beds only, shipped from Warehouse in Chicago; other sizes for metal beds and all sizes for wood beds will be made to order and shipped within 7 days.

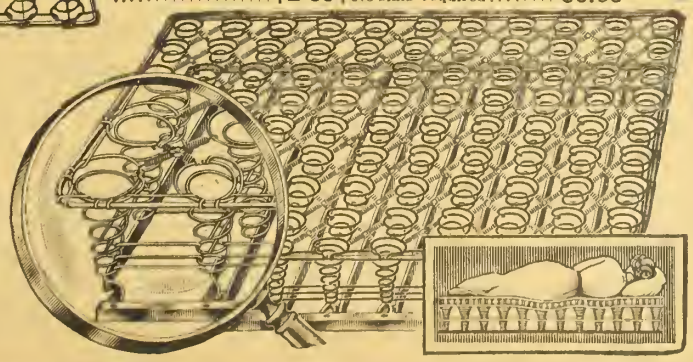
866 E 6058—For Wood Beds. No slats required..... **$6.95**



Good Quality Here

$6.90

Double Deck—Steel Foundation

This double deck spring is made with a strong steel truss bar foundation on which the tempered spiral coils are locked in position. The tops of the springs are interlaced and locked together with flexible helical springs running lengthwise and crosswise which are joined at intersections by small metal plates. This eliminates crossing of wires in the helicals and renders the action noiseless. Full size has 99 spirals; other sizes in proportion. Each coil is so hinged that it responds quickly to weight placed upon it, yet is fastened so the weight is properly distributed. Very comfortable and durable. The coils will never work out of place.

$11.95

Fits Both Wood and Metal Beds

Designed for use on either regular or bow end bed of metal or wood. The spring is exceptionally resilient and conforms perfectly with the outlines of the body (see small illustration). This is a remarkably low price for a spring of this grade.

Made to fit beds, 4½ feet, 4 feet, 3½ feet wide. Shipping weight, about 83 pounds. **Mention size.**

4½ foot size for metal beds shipped from Warehouse in Chicago; all other sizes for metal beds, also all sizes for wood beds will be made to order and shipped within 7 days.

166 E 6051—Made to fit either Metal or Wood Beds **$11.95**

Sleep Inviting KAPOK Silk Floss Mattresses

Full Size
30 Lbs.

This Full Size Mattress Weighs Only 30 Pounds.

$13.95

Made of Downy Silk Floss

Its Fluffy Tufts Will Give You An Entirely New Sense of Sleep Comfort—and Good Sleep Brings Composure and Contentment.

Silk Floss has long been recognized as an ideal mattress filling, for it has many desirable qualities. In the Wardgrade Kapok mattress we use only the finest Javanese Kapok. This material, sometimes called Silk Floss, is the light, fluffy fiber in the seed pod of the Randoe tree in Java. This fiber, when separated from the seed pod, is light and airy and will not bunch up or pack together. When packed into the mattress it retains its fluffiness, permitting free ventilation, insuring a sweet, sanitary filling as long as the mattress lasts.

Perhaps its most desirable feature is its lightness. Although it is tightly packed and full size, it has only a little more than half the weight of the ordinary full size mattress. You will appreciate this feature for two reasons. First, it is easily handled—does not require nearly as much effort to turn or take outdoors for a sunning or cleaning. Secondly, it provides a maximum of comfort on account of its delightful flexibility and softness. It takes up every curve of the body and responds to the slightest pressure. It supports your weight evenly from head to foot and permits a degree of relaxation that is very pleasant indeed.

The highest standards of purity and cleanliness prevail in the making of the Wardgrade Kapok mattress. The raw silk floss is first rendered antiseptically sanitary by up-to-date processes, after which it is fashioned into mattresses by special machinery. This insures eveness of tufting, uniform thickness of filling, and regularity of stitching, features not usually found on the old style hand built mattresses. The full Roll Edges, neat round corners, and side handles improve the appearance of the mattress and aid in the dressing of the bed.

The ticking is an excellent quality sateen, in a pretty floral pattern. Heavy durable stitching.

This mattress bears the Wardgrade label, which means that it is expertly made of pure sanitary materials. We recommend your giving it a trial and testing its unusual comfort qualities in your own home. Order it in the regular way, enclosing purchase price. Use it for 30 days. You are at liberty to return it and we will refund your money if it does not prove as comfortable as we claim.

DELIGHT Brand Fully Felted Cotton

Full 50 Lbs.

$11.95

These Extra Layers of Cotton Felt in the Center Eliminate Sagging

An excellent quality of clean, new Cotton Stock is felted into layers of great elasticity to make this mattress very soft and comfortable.

The ticking is of heavy Drill in pretty floral design, very strong and durable. The border has a closely stitched Imperial Roll Edge. The tufting is excellently done, and to facilitate bed-making, we have finished the mattress in round corners. Has loop handles to permit easy handling. All seams strongly and carefully stitched.

The small illustration shows you how we have done away with that tendency of the usual mattress to sag and become thin in the center. By an ingenious method we have put the extra filling in the middle and practically eliminated sagging. Moreover, comfort is enhanced by this five pounds of extra filling. Each mattress bears the Wardgrade Brand label, which guarantees solid comfort and long service.

All Our Mattresses are Machine Made Throughout

All of our mattresses are machine filled insuring an even surface and giving the maximum in comfort, service and elasticity. Machine tufting insures eveness and uniformity impossible in hard made mattresses. Machine stitched French roll edges enhance the appearance and prevent spreading.

They are all the more desirable because we have taken advantage of the new low costs of raw materials and priced all our mattresses accordingly. We invite an honest comparison, quality for quality with any mattresses made.

Popular Felted Mattresses

$8.25

166E6227 $6.59

Each Bears Our Famous Quality Guarantee. Machine Made Insuring Equal Distribution of Materials and Evenness of Surface

Roll Edge

SUPREME

Felted Cotton—Machine Made

Roll edged and round cornered, this is another of our fine, upstanding mattresses. The roll edges add greatly to the appearance and wearing quality of a mattress and the round corners aid you in neatly dressing your bed. Straps near every corner to aid in handling. Well covered with strong drill ticking, and evenly tufted. This mattress is filled with many layers of fine, new sanitary cotton Felt, which assures you of the maximum of wear and comfort. A mattress of medium price that will give you longer and more satisfying service than many mattresses at much higher cost.

This mattress, as well as the rest of our mattresses, is machine made and is far superior to the hand made article. Machine tufted mattresses have a uniformity of compression or "tie-down" that is impossible in a hand made mattress.

Our French or roll edges are machine made. This insures perfect alignment, and a symmetrically sewed boxing. There are no variations whatever. All stitches are absolutely the same distance apart as to spacing, etc.

Ward's PEERLESS Guaranteed 100% Pure Cotton Felt

$10.50 50 Lbs. Full Size

Firm Roll Edges and Round Corners Improve Its Appearance, Prolong Its Life and Aid You in Dressing the Bed

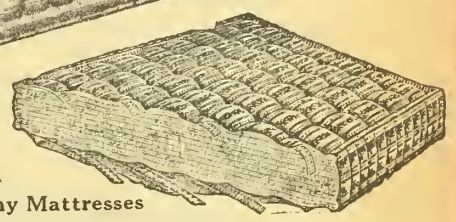
We Only Use Clean, Sanitary, Virgin Cotton

Made of Felted Cotton Well Tufted and Sewed Durable Drill Art Ticking

When you buy a mattress, do you bargain merely for cotton and ticking or do you buy countless nights of refreshing slumber? Not every make of mattress gives you absolute rest and ease. Scientific care in the plan, and thoughtful devices for lasting service are necessary to make a mattress a worthy aid to rest. The sound and perfect sleep, which scientists convince us is necessary, cannot be accomplished on the ordinary mattress.

Our Peerless is a mattress that is built throughout for sound refreshing sleep. Due to the use of most modern machinery in its construction, it will give uninterrupted service for many years without any tendency to sag, spread or become lumpy. It is machine-filled, guaranteeing smoothness of surface, absolutely free from bumps and hollows. In the small illustration you will see how the non-spreading feature is accomplished. The reinforcing straps which are sewed out of sight on the inside of the ticking, top and bottom, take up the necessary slack of the tufting, and as these straps are the exact width of the mattress, it cannot spread. The centers likewise are reinforced where the biggest strain and the most wear comes.

This and all of our felt mattresses are built up layer upon layer of felted cotton of uniform thickness, scientifically cleaned and sterilized. Not less than 140 interwoven sheets of fleecy, sanitary cotton goes into the construction of all our felt mattresses. Machine-filled, insuring an absolutely even surface and giving the maximum in comfort, service and elasticity.



Machine Made Throughout

Machine tufted, giving an evenness and uniformity impossible with the hand-made product. Machine stitched French roll edges with perfect alignment and symmetrically sewed boxing that greatly enhances the appearance, as well as preventing any possibility of the mattress spreading.

Round corners, side handles to facilitate lifting, and strong durable drill ticking of a pleasing color and design are added features which make our Peerless a leader.

For shipment, the mattress is wrapped first in heavy paper, then covered with stout burlap. This method of packing keeps the mattress clean while in transit to you.

We have presented the facts with respect to its manufacture. Its comfort giving qualities can only be appreciated by a trial in your home. Order this mattress today, and convince yourself that, by our scientific methods of manufacture, we have made the Peerless a really delightful mattress on which to sleep.

The Inner-Strap Device Positively Prevents Spreading A Fault Common to Many Mattresses

We recommend this mattress highly, knowing it will give complete satisfaction. **$10.50**

LUXURY Brand Ward's Highest Quality

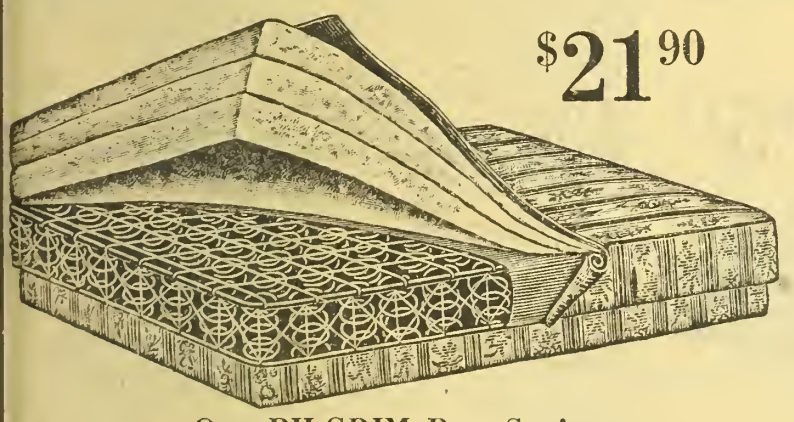
Round Corners
Roll Edges

$19.55

Made of Purest Grade Cotton Felt

It is Economy to Buy a Mattress of Good Quality

It is true wisdom to purchase the best quality obtainable. Every up-to-date feature of construction and material that is a part of our Luxury Brand mattress is of far more worth to you than the actual money you pay for it. The exact workmanship and the carefully selected materials will be of lasting service. It is not necessary to dwell upon the ideal comfort facilities of this high grade mattress, for perfect ease is always assured by the splendidly even build. But if you take pride in the appearance of your bed, the firm build of the mattress will give the covering a delightfully, smooth effect. There will never be any sagging places to mar the immaculate surface.



One-third of a person's life is spent in bed. Think of the increased daily energy and complete rest and contentment which is assured by sound refreshing sleep! Only a mattress that is built for sleep can add to your daily happiness and enjoyment of life, and such a mattress is our Luxury, our finest grade.

For perfect comfort the construction must be absolutely even and symmetrical. There cannot be any possibility of lumpiness, sagging, or "tie-down." In the Luxury the felting process, the tufting, the sewing—are all done by special machines, insuring an exact, even build throughout. The materials are of the best quality. The built up layers are of purest cotton felt, thoroughly cleaned and sterilized. The pattern of the strong, durable ticking is neat and attractive. The special machine made roll edge insures a perfectly even roll all around.

For shipment the mattress is wrapped first in heavy paper, then covered with strong burlap. This method of packing keeps the mattress clean while in transit to you.

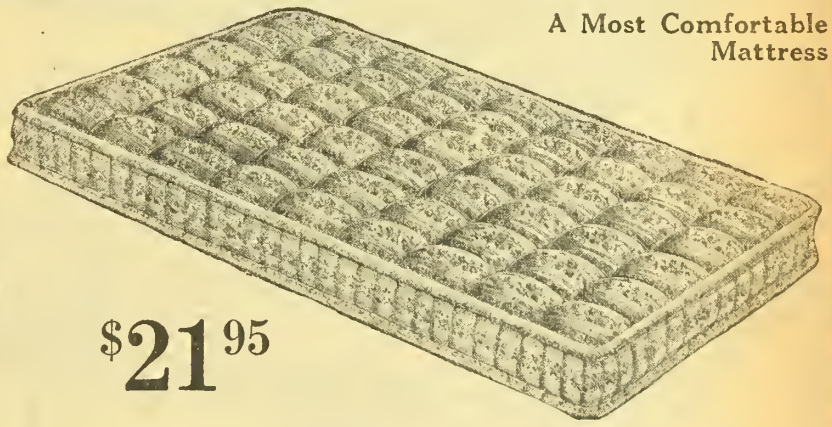
Our PILGRIM Box Spring

Be Sure to Mention Whether for Wood or Metal Beds

Our Pilgrim box springs have strong frames of seasoned hardwood, with reinforced corners. The 72 resilient, sensitive, Hour Glass shaped, tempered springs are securely stapled in place, and hand tied, so they will always remain in proper position. Edges bound with flexible rattan. The spring foundation is covered with new burlap and over this a layer of vegetable fiber and lastly a thick layer of Genuine Cotton Felt or hair.

This produces a combination that for supreme comfort will be found satisfactory in every way. Constructed in this manner, it will last a lifetime.

366 E 6137—Box spring, genuine cotton felt top. Heavy striped ticking. Full size 4 feet 6 inches for metal beds or 4 feet 4 inches for wood beds. Be sure and mention whether for wood or metal bed. Price $21.90



Mattress of Genuine Cotton Felt. Seamed edge. Ticking to match above. Weight, 30 pounds for beds 4 feet 4 inches or 4 feet 6 inches wide.

366 E 6136—Price $7.60

Made to Order and Shipped from Chicago Within 7 Days

We call your attention to the great reduction in prices on this and other mattresses we are showing. When the price of raw cotton began its downward trend, it meant that our mattresses could be made at lower cost. We at once took advantage of this situation, and we offer you mattresses at a price particularly welcome after recent market conditions. Compare our prices at every opportunity, and you will be convinced of the substantial sums to be saved by buying from Montgomery Ward & Company.

A Most Comfortable Mattress

$21.95

RESTGOOD Sanitary Curled Hair Mattress

Care in Manufacture: The Restgood is carefully constructed in a modern, sanitary plant. Every particle of hair is perfectly cured and curled. The Olympian and Regal qualities have full Imperial Roll Edge and rounded corners made doubly secure by an extra row of side stitching. The heavy 8-ounce striped ticking will last for years. The filling retains its evenness and will not sag, pack or get lumpy. Hair mattresses are always preferred, because the coarse loops and spirals in the hairs permit free circulation of air, making the filling always sweet and clean.

Regal

Regal. Made of the finest sterilized long white drawings (the best grade hair used for mattresses). Full Imperial Roll edges.

Low Priced Mattresses—Made of Sanitary Materials

PACKING

In shipping our mattresses, they are first wrapped in good paper, then covered with stout burlap, which insures delivery to you in a clean and sanitary condition.

We Use Only Clean Fresh Material

All fillings, cotton, Canadian Sea Moss, or Linden Fiber are of fresh, clean stock, carefully treated and sterilized according to the most modern, sanitary methods.

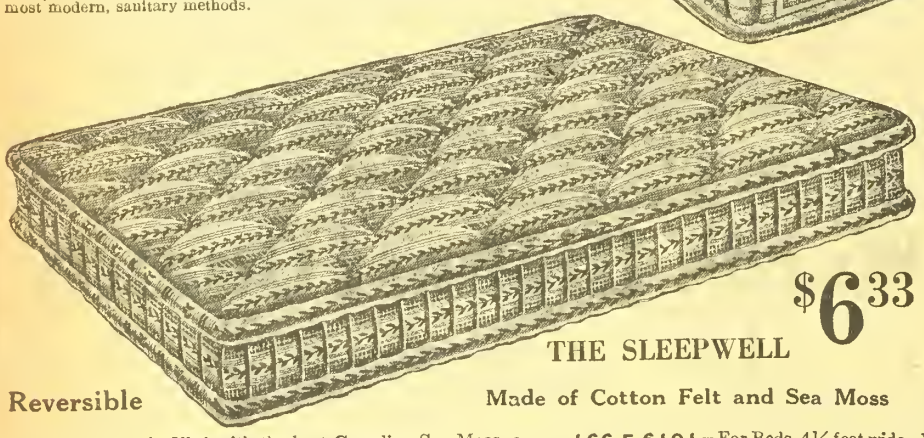
Goodrest

$5.98

45 Lbs.

100% All Cotton

Roll Edges - Round Corners - Biscuit Tufting



The GOODREST

There is lasting service in this Wardgrade mattress. The springy, rest inviting quality that is the first requirement of a mattress, is assured by its construction of layer upon layer of soft, new cotton. The round corners and roll edges are of great convenience when arranging the bed clothes. Raw cotton is selling at practically two thirds less than its price a year ago, and our mattress factory was one of the first to take advantage of the reduced cost. You get the advantage of this big saving.

Width, 4½ feet. Shipping weight, 45 pounds.

$6.33

THE SLEEPWELL

Reversible

Made of Cotton Felt and Sea Moss

The Sleepwell is filled with the best Canadian Sea Moss, a vegetable fiber that is sterilized by the salt sea water in which it grows. It has been thoroughly dried and curled. At top and bottom are heavy layers of new, felted cotton, allowing the mattress to be used on either side.

The floral pattern of the ticking is attractive and the stitching is of dependable strength. The Imperial Roll Edge and round corners are of convenient aid in arranging the covers neatly. The durability and appearance are improved by strong, uniform tufting.

166 E 6101—For Beds, 4½ feet wide. Weight, 45 pounds **$6.33**
366 E 6104—For Beds, 4 feet wide. Weight, 40 pounds **$6.23**
366 E 6106—For Beds, 3½ feet wide. Weight, 35 pounds **$6.13**

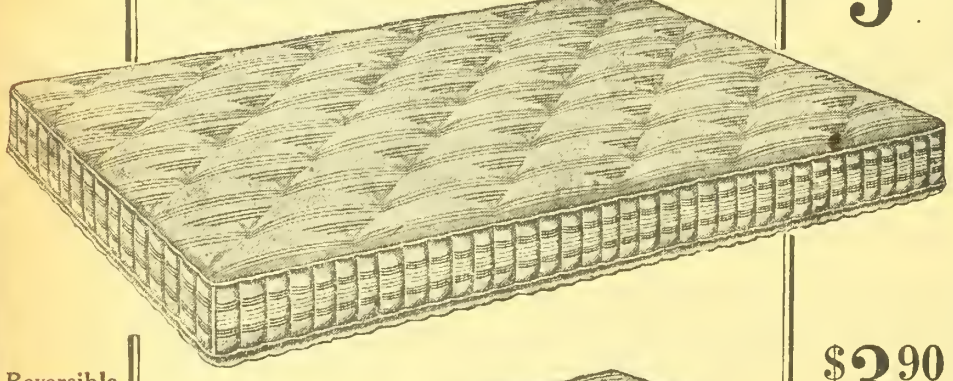
THE PURITY



A Scientific Blend of Cotton, Corn Husks and Linden Fiber

The clean sanitary filling of this mattress well deserves the name, "Purity." The center is filled with corn husks, cleansed and absolutely free from cobs. A layer of Linden Fiber above and below the center of corn husks helps to keep them firmly in place. At the top and bottom, there is an outer sheet of new, felted cotton stock, so the mattress may be used on either side. The striped ticking is of durable quality and the plain stitching is well done. Uniform tufting. The price is reduced to a point far below the amount usually asked for a mattress of this kind.

166 E 6140—For Beds, 4½ feet wide. Weight, 50 pounds. Price **$5.55**
366 E 6142—For Beds, 4 feet wide. Weight, 45 pounds. **5.45**

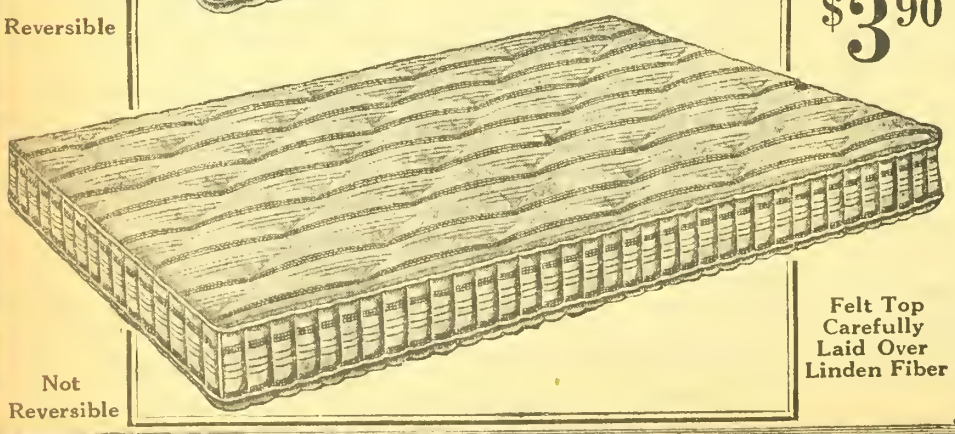
4½ foot mattresses shipped from Chicago; other sizes shipped within 5 days.

$5.18

Reversible

THE JEWEL



Felt Top and Bottom

The "Jewel" is a substantially built mattress, certain to give lasting service. The materials are absolutely sanitary. The center is well filled with ribbon band Linden Fiber, and at the top and bottom, there is a layer of cotton stock. This combination resists the tendency to spread and become lumpy, that is common to many low priced mattresses. The stitching is carefully done and the tufting is neat and uniform. The striped ticking is of durable quality. A practical feature is the reversible character of the mattress. The cotton layer at top and bottom allows it to be used on either side.

166 E 6181—For Beds, 4½ feet wide. Weight, 45 pounds **$5.18**
366 E 6183—For Beds, 4 feet wide. Weight, 40 pounds **5.08**

4½ foot mattresses shipped from Chicago; other sizes shipped within 5 days.

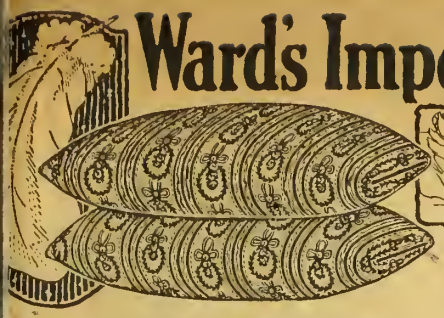
$3.90

Not Reversible

Felt Top Carefully Laid Over Linden Fiber

THE WONDER

Our Lowest Priced Mattress



Expert manufacture has made the "Wonder" a mattress of practical worth. At this remarkably low price, the materials are not of the finest grade, but you will find the "Wonder" to be of a good, lasting quality. It is not often one may buy a mattress of equal grade so cheaply. The filling is clean, springy Linden Fiber, with a top layer of new, felted cotton stock. The strong, neatly striped ticking is well sewed, and the edge is finished with two rows of plain stitching. The even, substantial tufting gives additional strength.

166 E 6170—For Beds, 4½ feet wide. Weight, 45 pounds. **$3.90**
366 E 6172—For Beds, 4 feet wide. Weight, 40 pounds. **3.80**

Ward's Imperial Brand Pillows-All Pure Feathers

Full Fleeced Hen Feathers

75c EACH

66 E 6077—Hen feathers, new curled, full fleeced, dry picked, not ground or chopped but really curled by a special patented process that gives them nearly the softness and springiness of goose feathers. Covered with drill art ticking.

Size, inches	17x24	18x25	19x26
Actual weight, each	2 pounds	2½ pounds	3 pounds
Price, each	$ .75	$ .90	$1.05
Price, pair	1.50	1.80	2.10

The Better the Grade—The Lighter the Pillow

WARD'S Imperial Brand Feathers and Pillows are prepared in a daylight factory by a staff of men and women having long experience.

The first essential of good quality of merchandise is the purchase of only the best raw material. After the feathers reach the factory they are carefully examined and graded, and off stock thrown aside to be disposed of. No butcher feathers, scalded or old feathers are used in any of our pillows.

The selected grades are then put through processes mechanical, chemical and electrical, which produce absolutely clean, odorless and sanitary feathers, free from quills. We guarantee that they will remain odorless always.

The feathers are then placed in ticks especially prepared to hold them. In each pillow just the right amount of feathers are used to assure greatest wearing quality and maximum comfort. We call particular attention to the straightness of the seams, exactness in matching patterns, square corners and appearance generally.

The ticking patterns are selected from a large and choice line. Each pair of pillows is put up in an individual carton at the factory, insuring the pillows reaching the purchaser clean and perfect. We invite comparison with any other brand.

Snow White Goose Feathers

$5.35 EACH

66 E 6096—Goose feathers, snow white, pure, unequalled for bouyancy, comfort and wearing qualities. One of the biggest values in our Imperial line and one of our most comfortable pillows. Covered in an artistic pattern of art ticking.

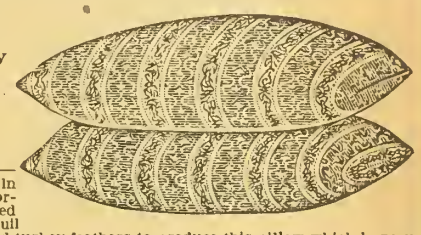
Price, each	$5.35	$5.95

Full Fleeced Hen and Turkey Feathers

$1.35 EACH

66 E 6085—Hen and turkey feathers of best dry picked grade. Full fleeced mixed about half and half, well blended and curled by our special patented process. Considerably plumper than hen feather pillows. Covered with an attractive art ticking.



Size, inches	17x24	18x25	19x26	21x27
Weight, each	2 pounds	2½ pounds	3 pounds	3½ pounds
Price, each	$1.35	$1.48	$1.65	$1.85
Price, pair	2.70	2.96	3.30	3.70

Ward's Special Bargain

66 E 6070 — In this grade duck, hen and turkey feathers have been mixed in proper proportion to reduce the cost yet maintain the softness and resiliency characteristic of all our pillows. Covered with a special design of art ticking. This pillow is our leader and is offered at prices which we believe cannot be equalled for like quality elsewhere. We are enabled to make this bargain offer because we expect to sell large quantities and accordingly stocked heavily and therefore own the feathers and ticking at a very low cost. The benefit of this saving we are passing on to our customers.

Size, inches	19x26	21x27	22x28
Weight, each	2½ pounds	3 pounds	3½ pounds

Master-Made Baby Vehicles

A BABY carriage should be selected with care. The first requirements are that it should be perfectly safe and genuinely comfortable. The well designed carriages on this page have been carefully constructed with these requirements in mind. They contain many exclusive features of construction which permit baby to ride more comfortably and safely and the carriage to be handled more easily. All these carriages are of genuine reed, neatly woven by hand. We emphasize these especial advantages for it is not often you may buy carriages of this good grade at such little cost.

$30.70

Shell Design

Made entirely of half-round genuine imported reed in the handsome shell design now so popular. Easily operated reversible gear. The reversed roll edge adds to its attractiveness. Comfort for baby is one of its big features. The three-point gear suspension acts as shock absorber. No jars or jolts over uneven ground. Artillery wheels are cut from solid piece of steel, making them much stronger than wooden wheels and equipped with half-inch rubber tires. Press-down brake release—doesn't scuff your shoes. Has rear storm shield. Good quality upholstering that matches the body. Body is artistically finished with three coats of enamel. Has sliding hood three-fourths-inch tubular pushers and nickel-plated trimmings. Adjustable back.

266 E 1007—Ivory Enamel..... **$30.70**
266 E 1011—Gray Enamel..... **31.40**
Shipping weight, about 75 pounds.
Shipped from Warehouse in Indiana.

$18.95

Easy Running Collapsible Go-Cart

The wood spoke artillery wheels are mounted on ball bearings—so but little effort is required to push this collapsible go-cart. The roomy body is finished with black enamel, gold striped, and the automobile style hood has roll-up curtains at back and sides. The spring supported seat is in artificial leather. Covered foot well—heavy tubular pushers and turned wood cross handles. Folds flat. Wheels, 12 inches diameter, and ½-inch rubber tires. Body 32x14 inches. Adjustable back reclines to make bed 37 inches long. Shipping weight, about 55 pounds.

266 E 1059—Collapsible Go-Cart..... **$18.95**

Shipped from Warehouse in Evansville

$8.95

Can Also Be Furnished in Twin Size

A serviceable carriage with a black steel frame. The sides, foot well, and adjustable hood are covered with black Fabricoid leather cloth. The strong steel pushers are fitted with neatly turned wood cross handles. When the adjustable back is lowered and the foot well raised, the bed is 34 inches long. Folds flat on axles, but the wheels do not fold. 10-in. wire spoke wheels, with ⅜-inch cushion rubber tires. Shipping weight, about 32 pounds.

266 E 1043—Single Carriage..... **$8.95**

Twin Go-Cart

Exactly the same build as single cart. Two separate adjustable backs allow one child to recline while the other may sit up. Width over all, 26½ inches. 10-inch wire wheels have ½-inch rubber tires. Shipping weight, about 50 pounds.

266 E 1060—Twin Carriage..... **$15.95**

Shipped from Warehouse in Indiana.

$5.75

Full Size Folding Sulky

A convenient full size sulky in a very desirable style. The steel frame is finished with hard baked black enamel, insuring good wear, and the folding adjustable hood is of artificial black leather. The full size seat and back are of fibre board and are comfortably supported on springs. The arm and foot rests are well adjusted for the child's comfort. An important feature is the small rear wheels that help the sulky over curbings or difficult obstructions. After folding, the sulky can be conveniently carried. 10-inch wheels have wire spokes and ⅜-inch rubber tires. Shipping weight, about 20 pounds.

266 E 1067—Folding Sulky, complete with hood.... **$5.75**

Shipped from Warehouse in Indiana.

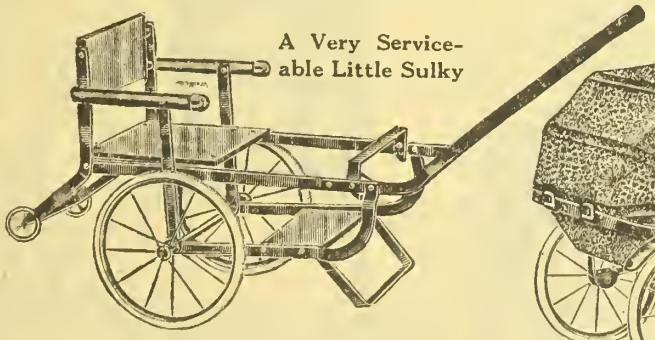
$13.75

Go-Cart with Extra Large Body

Because of its comfortable large body and neat appearance—all within a reasonable price—this style baby carriage has won a wide popularity. The back reclines to make a bed 37 inches long and the foot rest is well in front. The body is beautifully finished in durable black enamel and the adjustable hood is of black imitation leather. Tubular pushers are fitted with decorative turned wooden handles. Seat supported on springs. Body 32 inches long and 14½ inches wide. Spoke wheels with ½-inch rubber cushion tires. Shipping weight, 55 pounds.

266 E 1051—Collapsible Go-Cart..... **$13.75**

Shipped from Indaina:



Strong Folding Steel Sulky $9.95

Mothers will find this well built sulky is designed for convenience. The extension sleeping flap and reclining back allow plenty of space for baby to lie down. Upon adjusting the sulky to a wide roomy seat he will be equally happy and comfortable. The strong steel frame is finished with hard baked black enamel and the upholstering and hood are of black artificial leather. The rear wheels help the sulky to get up or down steps easily, and over obstructions. The D shaped handle is big and convenient to grasp. If it is necessary to fold the sulky, it will make a compact article, flat and comfortably handled. The 10-inch wheels have full ½-inch cushion rubber tires. Shipping weight, about 35 pounds.

266 E 1068 ..... **$9.95**

Shipped from Warehouse in Indiana.

A Very Serviceable Little Sulky

Light Collapsible Sulky

$3.45

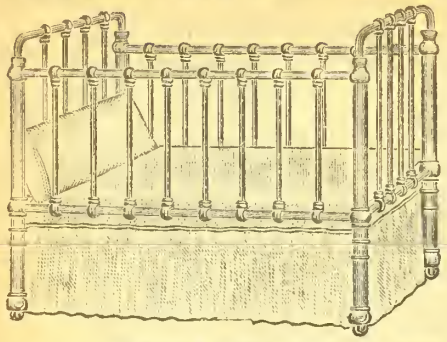
A practical, light weight sulky —very desirable for the baby who is growing and wants to be in the open air. Because of its light construction, but little effort is required to pull it, and when not in use, it may be folded to occupy a small space. (The wheels do not fold). The frame is black enameled and the seat, foot rest and seat are three ply wood to match. The tongue is of durable steel. Of especial interest is the large foot rest, so placed that baby need not sit in a cramped position. The small rear wheels are of great assistance in going over curbings and rough places. The 10-inch wheels have ⅜-inch rubber tires. Shipping weight about 20 pounds.

266 E 1063—Collapsible Sulky..... **$3.45**

Shipped from Warehouse in Indiana.

$14.95

Collapsible Go-Cart with Foot Hood



A well made carriage that will give ample protection to the baby by means of the large foot and head hoods of Fabricoid leather cloth. For perfect comfort there is a spring seat, upholstered, and a reclining back. The enameled steel frame is of durable build and of ample size, 28x16 inches. Your choice of black or brown finish. The 10-inch wheels with ½-inch rubber cushion tires are protected by fenders. The foot brake is secure. Shipping weight, about 50 pounds.

266 E 1064—Black finish..... **$14.95**

266 E 1066—Brown finish..... **15.45**

Popular Desk in Golden Oak

This substantial desk is solidly built of well seasoned Oak. The light Golden finish adds much to the handsome appearance of this dignified, well proportioned design. The economical arrangement of the drawers and the cupboard compartment gives all available space to papers and hooks. The practical plan of the top is shown in the illustration. The dust-proof flexible roll curtain works easily, and upon being closed, automatically locks the drawers in the lower part of the desk. A convenient, sliding arm rest over each pedestal. The full panel construction, the closed hack and the mortised accurately fitting drawers insure perfect satisfaction and lasting service. For a desk of such remarkably durable quality and substantial, imposing appearance, the price is exceptionally low.

Extreme length, 48 inches. Height over all, 45 inches. Extreme depth, 30 inches. Width between pedestals, 22½ inches. Shipping weight, about 255 pounds.

The Reliance Typewriter—a better machine. See page 550

Serviceable Rugs in Pleasing Patterns

ABOUT Ordering Made-to-Order Rugs and Runners.

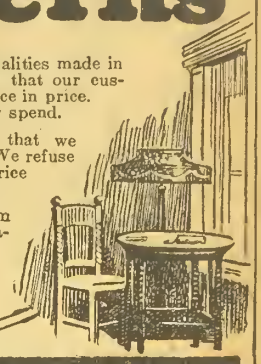
We make to order, carpets without borders. Also room-sized rugs with borders, from carpets quoted with border to match on page 658. For a room of regular dimensions, all that is required is length and width in feet and inches. If room is irregular in shape, to avoid errors, kindly send diagram. If there are any bay windows, fire-places, alcoves or projections, include them and give us exact measurements on each line of diagram. If you cannot figure the exact amount of carpet required, send us a diagram and measurements of the room and we will quote prices on any carpet selected. No charge is made for cutting or matching carpet.

Prices for Sewing

For 3o a yard, we sew ingrain, rag or granite carpets to fit any room.

For 5c a yard, we sew any brussels or velvet carpet without border. For 12c a yard, we will sew any carpet with border. We make no charge for sizing the back of made-to-order rugs.

Hall runners can be made from any stair carpet. Allow ¾ yard for mitering the ends and add 50c extra to cover cost of sewing. Read other instructions below.



Montgomery Ward & Co. Rugs

You don't have to guess about the quality of Montgomery Ward & Company Rugs. For the convenience of our customers we have graded our rugs, carpets, linoleums, curtains, curtain materials and window shades into these three grades—Fair, Good and Best. An explanation of these grades is given below so whenever you see any of these terms used in the description of any of the merchandise mentioned on these pages you will have a better understanding of the quality.

Our Best Grade. You cannot make a more satisfactory purchase from our catalog than by buying merchandise in this grade. Only under this head are listed our highest qualities. This does not mean, however, that this is the best quality made, but the best quality for which there is a reasonably large demand. There are fancier qualities made in some lines, but we have found that our customers would prefer not to pay the difference in price. They want full value for every penny they spend.

Fair Grade. Means cheapest quality that we handle, but not always the cheapest made. We refuse to handle merchandise because of low price alone. Every article must have real merit.

Good Grade. This we have found, from long experience, is the quality the great majority of our customers buy. Every article in this grade is an excellent value for the price asked and will give good service.

Prices Lowered on All Rugs

It is wisdom to buy now! The improved labor conditions and the lowered cost of materials enable us to reduce prices to a point far below that of recent years.

Heavy Seamless Part Wool Filled Ingrain Rugs

$12.75 Size 9x12

Small green and brown figures on a rich tan ground. A good quality reversible ingrain fabric. Has no seam to make it wear unevenly. Well adapted for the hard usage to which rugs are usually subject. Has a pleasing all-over pattern and an attractive border in artistic colorings and is both an economical and a good looking rug.

Article No.	Size	Ship. wt. abt.	Each

72 E 5909—Size, 30x60 inches. Shipping weight, about 2¼ pounds. $1.59

Refer to this Table for the Amount of Carpet Needed

We have compiled at the right a table of the most wanted room sizes and after each size show the number of yards of carpet required to make a carpet or rug of this size. The necessary waste for matching has been included in these figures and this will be returned with the carpet. When ordering a carpet always state how you want the stripes to run—that is the long or short way of the room. Prices for sewing carpets will be found on upper part of this page.

Montgomery Ward & Co. Rugs and Carpets

Buying a carpet is an investment. In most homes a carpet is expected to last a lifetime.

So-called "cheap" carpets look cheap from the moment they are laid on a floor, and they prove their cheapness in a short time.

Our Carpets and Rugs have proven after continuous wear that they are truly economical and satisfying for the home.

Into every yard of our carpet there is woven not merely so much wool, but years of EXPERIENCE.

The wide reputation of our Carpets and Rugs has been built up on the one word—"Quality." (Read carefully the explanation of our three grades of rugs and carpets on the preceding page.)

Seamless wool faced velvet rugs. Conventional all-over pattern, artistic colorings of tan, brown and green. Fair quality and are durable and well finished.

An ideal rug for the home and one that is bound to please those seeking cheerful and artistic surroundings. For this low price, the wearing qualities are excellent.

Beautify Your Home With New Curtains See Pages 665-671 Inclusive

Beautify the Home

Rugs, more than most articles in the home, add to or detract from the cheerful, comfortable and artistic atmosphere.

You will find that the rugs in this section have been selected with the greatest of care and with the customer's requirements and comforts in mind.

Seamless Tapestry Brussels

172 E 8030—Size, about 9x12 feet. Shipping weight, about 26 lbs. Price, each **$19.75**

This seamless tapestry Brussels rug is suitable for bedroom, dining room, or living room. The pattern is an attractive floral design of figures, tan, rose and green on a taupe and ivory ground. As the quality is good, satisfactory service is assured. Worsted face.

A Few Words About Prices

During the past few years rug prices have been high, caused mainly by shortage of materials and labor. These conditions do not prevail now, and our prices are reduced accordingly. Not only that but the workmanship is better. Look through the pages of this section and compare these prices with those of the past three years. You will be pleasantly surprised.

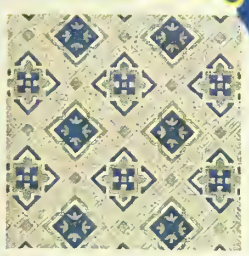
Brighten Your Home

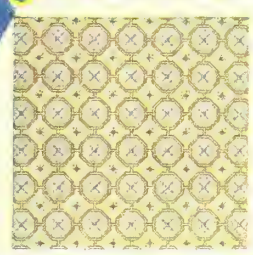
Ward-O-Leums, Printed Linoleums and Inlaid Linoleums are absolutely sanitary—the smooth, firm, waterproof surface cannot harbor dust or germs. Just a light going over with a damp mop leaves any of these floor coverings as clean as a pin. This ease of cleaning saves hours of time.



The crowning features of these materials are their economy, durability and charm of patterns and colors.

In the wide selection on this page you will find patterns suitable for every room in your house.

Ward-O-Leum and Printed Linoleum.—The patterns are well printed in fast colors.



Inlaid Linoleums.—The colors go clear through to the back.

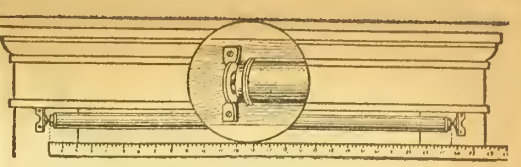
Inside Bracket Measure



If you plan to hang shades between the jambs of the window frames as shown above, then tell us the exact distances between the jambs in inches and fraction of an inch; and write this on your order—"Inside Bracket Measure."

We Make All Sizes Window Shades To Order

How to Order Special Size Window Shades

Always give width measurements in inches and fraction of an inch. It is also important that you state how these measurements were taken, whether inside or outside bracket measure. Unless you specify type of measurement we will cut the cloth according to the measurements you give and outside brackets will be sent.

When ordering shades to match exactly in color be careful to order all of the same quality, as different qualities of cloth are made from different grades of material and positively will not match identical in color.

Outside Bracket Measure

If you plan to hang shades on the surface of window casing as shown here, give us exact measurements of distance from center of casing to center of casing. Make this notation on your order—"Outside Bracket Measure."

372 E 2245—Made-to-Order Window Shades. Order Number **372 E 2245**

372 E 2245—Made-to-order Window Shades quoted above are made of oil opaque window shade cloth and are mounted on dust-proof, self-acting spring rollers. Order these shades by Number 372 E 2245 and bear in mind that three or four days' time is required to make up the shades after your order is received. They can be furnished in the following colors: Dark green, Nile green, dark olive, light olive, terra cotta, buff or white. Be sure to state color and size wanted. In writing your order state both the width and length of each shade. Also advise whether your measurements are width of cloth or length of roller from tip to tip. Should you desire to hang the shades on inside brackets then give us the length of the roller from tip to tip. Remember the lengths given are for the finished shade. If the exact size wanted is not shown on the above list, next largest size will be charged for but the shade will be made the size wanted. If larger sized shades are wanted than those quoted above prices will be furnished upon request.

We also letter shades for stores and offices with shaded gilt-lettering for 60 cents extra per running foot of letters. An additional charge is made for fringe. See price below.

Brightening Women's Work in the Home

AN end to one of the greatest discomforts of the present day! An end, likewise, to one of the active enemies of health, and an end to woman's one humiliating household duty.

Gradually, but surely, has man won over the unpleasant things of life. Communication at one time was difficult. Quick communication was impossible. The telephone in your home, the telegraph at your nearby railway station, are man's answer to the need.

Sewing machines, binders, cream separators, the perfected oil stove—all are products of man's ability to conquer the troublesome and unpleasant things which beset him.

And now———

Every home, even though it does not have running water, may have an indoor Toilet. The discomfort, the inconvenience, the unsightliness, the immodesty and indelicacy of the old outdoor arrangement is eliminated completely at small cost.

Gone is reluctance on bitter cold mornings and colder nights to brave deep snow and perhaps make one's way through heavy drifts.

Here is an end, too, to the dangers to health that come with the sweltering heat of summer, its swarms of germ carrying flies and its open doors and windows. The embarrassing duties incidental to placing the bedrooms in order each morning are vanished.

It all is possible without water, sewer or cesspool connections of any sort. It is a scientific and modern, clean, healthful, convenient and absolute solution of a problem of years' standing.

Easy to Install—Simple and Not Unpleasant to Clean

EITHER of the Windsor Indoor Toilets shown here may be installed in a curtained corner of a bedroom, in a little-used closet, in waste floor space under a stairway—any convenient place where ventilator connection is obtainable. No special tools required to install. The floor is not cut. The vent pipe is attached to any chimney hole preferably, or may be connected to the outside air by any other more convenient means.

The vent pipe and chemical are so effective the Windsor is no more conspicuous than the toilet with water connection.

The body of the toilet is in two parts—the outer exposed section and a removable container which rests inside. About a cupful of chemical is placed in the inner vessel and diluted by a gallon of water.

The chemical has a clean odor and is exceedingly strong and quick in its action. So surely and completely does it work that only an ash-like residue remains. With a family of four or five the vessel is emptied only every week or so.

The Montgomery Ward & Company unqualified guarantee of Satisfaction with every purchase or your money back applies here as in everything else we sell.

Steel Type

Shown in large picture above

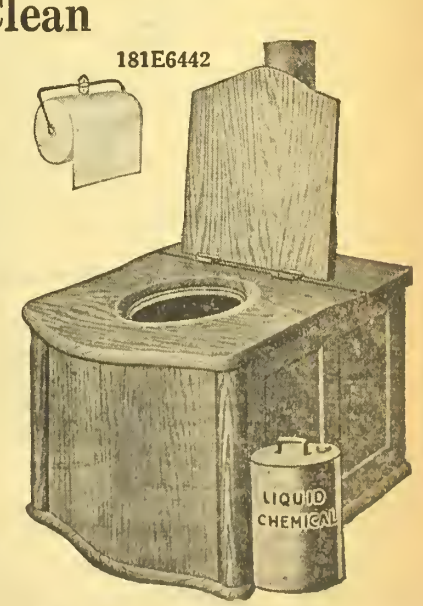
Outer part is heavy sheet steel, gray enameled Seat and covers are hardwood finished like mahogany and have substantial nickeled hinges and rubber bumpers.

Height, about 20 inches; diameter about 16 inches. Price includes about 8 feet of 3-inch vent pipe, 2 elbows, wall collar and chimney reducer, all gray enameled to match; toilet paper holder, one roll of toilet paper, one gallon can Windsor liquid chemical, enough to last 4 to 6 months, and simple, complete directions for installing.

181E6440—Shipping weight, about 60 pounds.
Complete.....**$7.95**

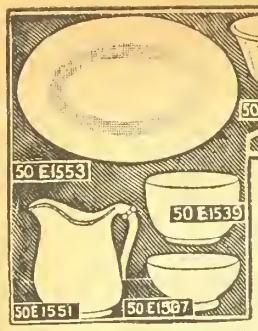
Wood Type

Hardwood cabinet of carefully selected hardwood, panelled and finished to bring out the natural grain of the wood. Curved front and corners rounded. Nickeled hinges and rubber bumpers on seat and lid.



Height, 18 inches. Occupies floor space 20 by 26 inches. Equipped with 9-gallon container. Price also includes about 8 feet of 4-inch, white-enameled ventilating pipe, one elbow, one wall collar and one chimney reducer, one paper holder and five rolls of toilet paper, one gallon of Windsor liquid chemical, enough to last 4 to 6 months, and simple, complete directions for setting up.

181E6442—Shipping weight, about 60 pounds.
Complete.....**$14.85**



This chemical is guaranteed to give perfect satisfaction in all types of chemical closets in which liquid chemical is used. One gallon will last from 4 to 6 months. Shipping weight, 10½ pounds.

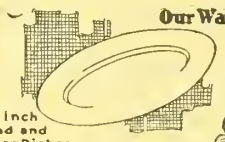
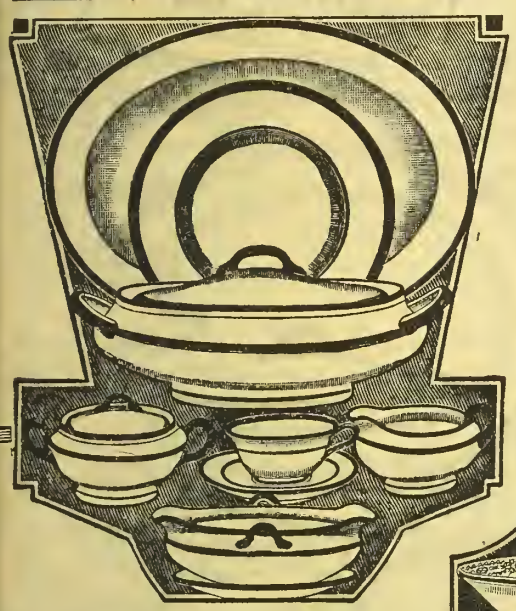
Our 55-Piece Set



Our 56-Piece Set

Another Feature!

All our American 56 and 100-piece dinner sets have 6¼-inch Bread and Butter Plates in place of the customery small 3-inch Individual Butter Dishes. Every piece in our sets is useful and practical.



Our 36-Piece Set

Our dinner sets contain only the necessary pieces

Good Dinnerware

Coin Gold Set

Gold bands as applied to this new American shape, give a richness which is indeed unusual for a set to possess, so popularly priced. The bands encircling each piece accent the graceful curvatures to an excellent advantage. Handles are one-half covered with coin gold. Fast stand sauce boat included with these sets. For composition of the various sets, see page 676.

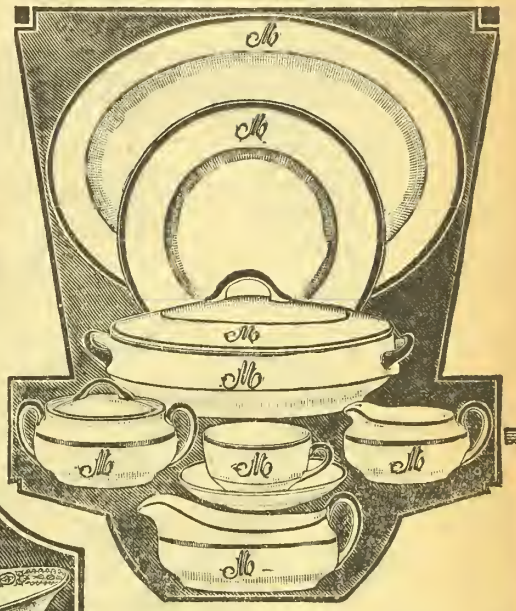
The Conventional

Serving Your Foods Attractively—



The success of a dinner often depends, to a great extent, upon the manner in which the foods are served. This new dinnerware has a creamy white semi-porcelain body with a rich, clear glaze. The ivory-toned conventional border is enriched by medallions in black and gold color. Tiny clusters of pink rosebuds with foliage complete the color scheme. A gold line encircles the edge of each piece. Handles half covered with gold. For composition of sets, see first dinnerware page.

The Gold Initial Set

Your own initial in bright gold script placed on each piece. It has the elegance of a white and gold set with the personal note added to it. A broad band of bright gold surrounds the edges and a narrow gold line encircles the center. All handles half covered with bright gold. American semi-porcelain. Plain edge shape. For composition of the various sets, see first dinnerware page. **State initial wanted.**

250 E 5098 — 100-piece Dinner Set. Shipping weigh. 85 pounds. Price..... **$30.98**

These letters illustrate the general lines of the script used in our Gold Initial Sets.

So that it may be easy for you to decide what size dinner set is best suited to your needs, pictures are shown on page 676 of our 36-piece set, 55-piece set (service for 12 people), 56-piece set and 100-piece set. We have used great care in creating these various combinations and we feel sure that one of the four will fill your needs perfectly.

The Exceedingly Popular Blue Bird Set

Here we have Blue Birds, recognized everywhere as emblems of happiness, applied in a most artistic manner to dinnerware. With wings outspread they make an exquisite showing on their background of pearly white semi-porcelain. The breasts are colored red. A narrow hand-traced blue band encircles the edges and the handles are traced with blue lines. For composition of our sets, see first dinnerware page.

Hall's Vitrified Ware

IT is annoying to prepare a delicious treat only to see it ruined by the cracking of the container. This frequently happens where cheap ware is used. Hall's is so constructed that it withstands the many changes of temperature it may be subjected to. Insures the sweet natural taste of all foods cooked in it. It is the highest type of baking ware to be had.

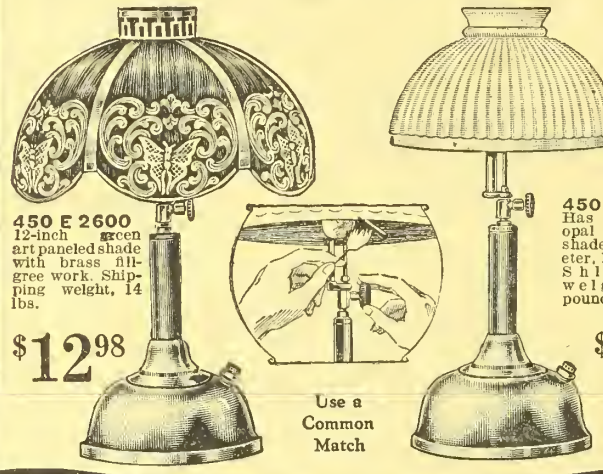
An electric vacuum cleaner will save hours' work—listed on page 692

Come Out of the Shadows and Save Your Eyes!



Poor Light Destroys Eyesight

Match Lighting Gasoline Lamps

A GASOLINE lamp that gives a very bright but soft white light of 300 candle power. Easy on the eyes—many old people do not need glasses when using this lamp. Brighter than city gas or electricity. Perfectly safe—will burn upside down or in any position. Gasoline cannot escape. Complete instructions furnished. Has no greasy wick to trim or dirty chimney to clean—no dirt, smoke or smell. Clean it only once a month. Quickly filled and lighted. Lighted with a common match in 10 to 15 seconds. Capacity, 4 pints. Burns 20 to 24 hours on one filling. Finished in polished nickel. Two mantle burner. Complete with air pump, extra generator and wrench. Use 50E2616 mantles.

Lights in 15 Seconds—Makes Its Own Gas

450 E 2600 12-inch green art paneled shade with brass filigree work. Shipping weight, 14 lbs.

Ward's Angle Lamps Give *Soothing* Light

ANGLE LAMPS are different from all other lamps because the wick burns at such an angle that the light falls where most needed—under the lamp. No shadow below to make the center of the room a twilight zone and no heat to be shielded from the ceiling.

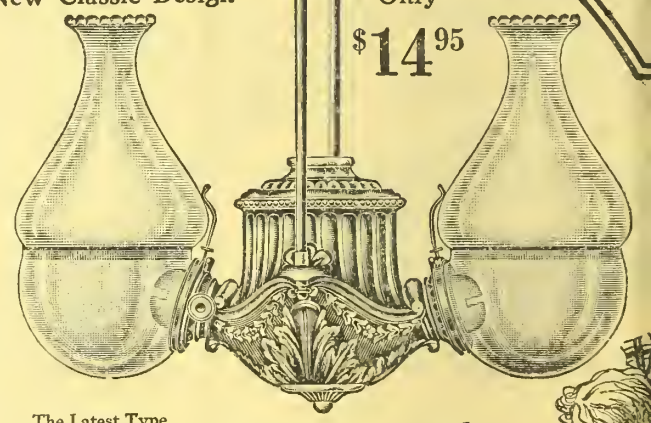
Burns 20 Hours on One Quart of Oil

Think of it! The ordinary lamp burns only 10 hours on this amount of oil. Cuts your oil bill one half. It furnishes a good reading light as well as a good general light. The lamp is easy to fill because the container simply lifts out and fills like a water bottle. The most convenient kerosene oil lamp made.

The unusual shape of the chimney and globe entirely protects the flame from drafts, thus insuring a steady light and preventing smoking. There is no odor. No smoky chimneys to cut off the light. You regulate it as you do gas. When you light the lamp, simply tip the globe and apply the match to the wick. By turning the wick back, the light is extinguished automatically.

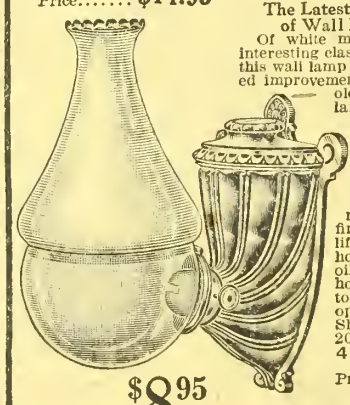
A Lamp For Every Room

Have this good uniform light throughout the home — install angle lamps in the living rooms, kitchen and hallways. Excellent for use in stores and churches. What you save on oil will soon pay for the lamps.



An Artistic Hanging Lamp

When a decorative, brilliant lamp of this type may be purchased at the price of an ordinary lamp, it is not necessary or wise to endure the discomfort and danger of poor lighting.



This Two-burner Hanging Lamp, cast from white metal, is of an unusually impressive classic design, with an old gold finish. The patent lift out fount holds about a quart of oil, and will burn ten hours. Shipping weight, 23 pounds.

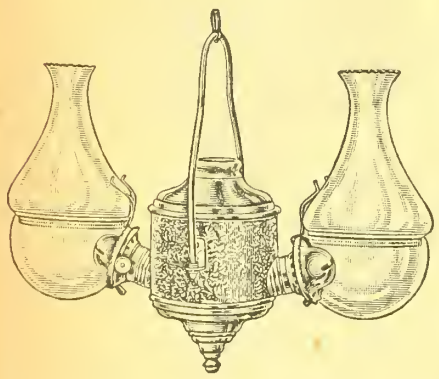
450 E 2588— Price..... **$14.95**

New Classic Design

Only **$14.95**

$8.95

The Latest Type of Wall Lamp



Of white metal, in an interesting classic design, this wall lamp is a marked improvement over the old style wall lamp. Economy of operation is its chief virtue—the fuel burns at the rate of 1/5 c an hour. Expertly decorated in old gold finish. Patent lift out fount holds one pint of oil and burns 10 hours. Crystal top, with a white opal chimney. Shipping weight, 20 pounds.

450 E 2589 Price... **$8.95**

$13.95

Nickeled Embossed Hanging Lamps

Cooks an Entire Meal in ⅓ the Usual Time!

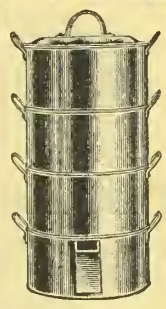
Ward's Steam Pressure Cooker

THERE is no modern household device which saves more time, fuel, money and labor, than a Pressure Cooker. Ward's Cooker prepares foods in one-third the time ordinarily necessary. Requires one-third the usual amount of fuel. Preserves the original flavors of the foods—makes meats juicy and tender instead of hard and dry. Use it with the assurance of the same excellent results on coal, kerosene, gas or electric range. The amount you save is great, whatever fuel is used. It not only surpasses all other methods for efficiency in the preparation of meats, vegetables, puddings, but it is also ideal for One-Period Cold Pack Canning as explained by the U. S. Department Agriculture, Farmers' Bulletin Number 839. Cast aluminum rack enables you to prepare a number of delightful dishes at one time. Can be used to advantage three times a day to improve your reputation as a cook, no matter how enviable it is! Every home should have one—buy yours today, bearing in mind our strong guarantee of satisfaction that stands behind every Ward's Pressure Cooker sold.

Construction

MADE of heavy, polished, cast aluminum. Steam gauge shows exact pressure of steam. Safety valve releases steam automatically should pressure exceed 20 pounds. On Ward's Steam Pressure Cooker only one screw need be tightened and cooker is ready for operation.

What Capacity Do You Desire?



186 E 1461—Eight Quart size. Rack insert will hold two utensils. Shipping weight, 11 pounds. **$15.95**

186 E 1462—Nine Quart size. Rack insert will hold three utensils. Shipping weight, 12½ pounds. **$18.45**

186 E 1463—Thirteen Quart size. Rack insert will hold three utensils. Shipping weight, 18 pounds. **$21.95**

186 E 1464—Hotel and Canner size. Capacity 21 quarts. Rack inserts will hold three utensils. Shipping weight, 20 pounds. **$27.95**

Steam Cooker

It cooks four vegetables at one time over one gas stove burner or stove opening—saves 75 per cent of the gas or fuel bill. Onions, cabbage, puddings and potatoes can be prepared at one time without any of them partaking of the flavor or odor of the others.

It requires no worry, no attention, the food cannot burn. Consists of 4 separate compartments, each 9 inches diameter. Made of high-grade charcoal tin throughout. Shipping weight, 7 pounds.

486 E 1413 ..... **$1.98**

Windsor Duplex Fireless Stoves

Do your friends go away praising the good things you always serve? They will if you use a Windsor Duplex Fireless Stove. Makes delicious and juicy treats of the cheaper cuts of meat when stewed, roasted or boiled in the Windsor Duplex.

It is easy to operate and cooks the food thoroughly. Takes away the danger of burning too. A meal for a large family or a small one may be cooked with the same ease.

The cooker has patented steam vents which enable it to bake bread, pies, cakes and roast meat to a golden brown.

Heat the roasting discs for 10 or 15 minutes, place them in the well with the food on them, close the cooker and then forget about the meal until time to eat it.

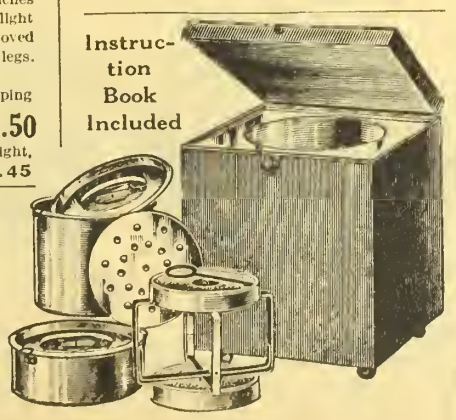
The Windsor Duplex is a practical and convenient piece of furniture for the modern kitchen. A full set of directions and a book of tasty recipes sent with each cooker.

The Double Windsor Duplex

The Double Windsor Duplex has a cooking capacity of 18 quarts. It is strongly made of sheet metal, lined with aluminum, which accounts for its surprising lightness. Automatic steam vent in lid.

It is equipped with three aluminum vessels. One 10-quart and two 4-quart, three large baking and roasting discs, disc lifter, folding baking rack, aluminum mat and book of recipes. Cabinet is 28 inches long, 12½ inches wide, 18 inches high. Equipped with light rolling casters, so that it can be moved about easily. Furnished with or without legs.

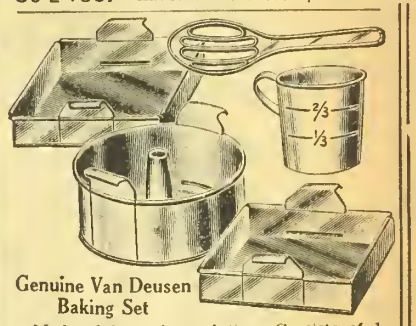
Not Mailable.



186 E 1471—Without Legs. Shipping weight, 126 pounds. **$24.50**

186 E 1472—With Legs. Shipping weight, 160 pounds. **$27.45**

The Single Windsor Duplex



The Single Windsor Duplex has a smaller cooking capacity but its work is just as efficient as the larger model. It is aluminum lined and just as strongly made. The single model is best adapted for use in small kitchens. Furnished with two aluminum vessels, 8-quart and 4-quart, two large baking and roasting discs, automatic steam vent in lid, disc lifter, folding baking rack, aluminum mat and book of recipes. Shipping weight, 60 pounds.
186 E 1473 ..... **$16.65**

Instruction Book Included

Bread and Pastry Board

A most perfect board for the preparation of pastry. Has a specially prepared tin surface. No scraping or scouring required; no bad odors which arise from soft boards. It is mounted on a strong three-ply wood base. Size, 19x21¾ inches. Shipping weight, 5 pounds.
86 E 1587—Each **$1.48**

Genuine Van Deusen Baking Set

Made of best charcoal tin. Consists of 1 Round Loaf Mould, 8 inches diameter; 2 Square Layer Moulds, 7½ inch diameter; Egg Whip; Measuring Cup. We also include a copy of Scientific Cake Rules and Recipes with each Baking Set.

With this set you are assured of success in baking the most delicate cakes. Requires absolutely no greasing. Instructions tell exactly how to go about each operation. Shipping weight, about 4 pounds.

The Secret Of Perfect Brea

Majestic Bread Maker

An easier, quicker and cleaner way of preparing perfect bread. Two to ten loaves are thoroughly kneaded in about 3 minutes' time.

It is usually the lack of thorough kneading that spoils bread—it is full of unbroken starch cells and, therefore, indigestible. The Majestic mixes and kneads the dough with scientific accuracy, thoroughly and evenly, so that the bread is free from unbroken starch cells, firm, light and easily digestible.

It works successfully with any kin flour that is ordinarily used for ma bread.

Well made of heavy charcoal tin, ly polished. Mixer or kneader handle are made of steel.

486 E 1529—10-quart size. acity, 2 to 6 loaves. Shipping we about 9 pounds. **$2**

486 E 1530—16-quart size. acity, 4 to 10 loaves. Shipping we about 13 pounds. **$3**

Foods taste better when attractive dinnerware is used. See pages 676 to 678

Gasoline Lantern

Gives More Light than 20 Kerosene Lanterns

Match-Lighting Gasoline Lantern

Double Mantle Style

Takes only 10 to 15 seconds to light. It is efficient, safe, powerful and economical and will burn anywhere, in any position and in any kind of weather. It is blizzard-proof and bug-proof. No wicks to trim, no globes to clean; no smoke, no soot, no flicker, no danger. It can't spill. Safe. Easy to light and extinguish. Simple in construction and operation. Burns 12 hours on one filling—1 quart of gasoline.

About 300 candle-power. Extremely steady light. Equipped with extra generator, extra tip, tip cleaner, wrench, pump and one set of mantles.

Complete instructions for use with each lantern.

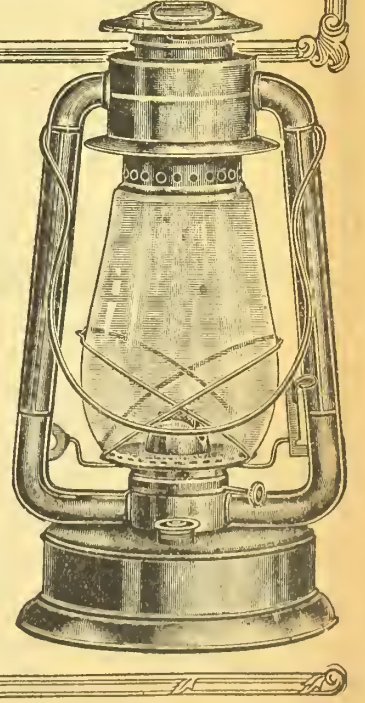
Hand Grist Mill

Home-ground flour is more economical, more healthful and more appetizing than ordinary flour.



Entire food properties are retained and at less cost than patented flour.

The outer and coarser parts of the grain kernels contain minerals and other substances which are valuable to the growth and well-keeping of the body.

The flavor of breads made from freshly ground grain is vastly better than that made from the "processed" flours of commerce.

Our hand Grist Mill produces perfect flour from all small grains. Grinds coarse or fine. Excellent for preparing chicken feed. The patented features prevent clogging. Cast iron, enameled in gray. Clamps or screws to table. Size of hopper, 5x5 inches. Diameter of burr, 3½ inches.

486 E 1966— Shipping weight 15 pounds..... **$1.98**

$1.19

Cold Blast Oil Lantern

Built especially for the farm. It burns steadily in the strongest wind and the cold blast principle produces perfect combustion and a strong white light. Built of heavily retinned steel and will last indefinitely. **Has a large fount which holds 2½ pints.** Burns 40 hours on one filling. Number 2 Burner, 1-inch wick. Shipping weight, 9 pounds.

Save Your Rugs use the Thuro

DIRT is the most destructive enemy of rugs. This explains one of the reasons why our customers place such a high valuation on their Thuro Electric Vacuum Cleaners. They realize that, without the beneficial effects of the Thuro, their rugs would not last nearly so long.

It revives their colors and leaves them fresh and clean, making the floor a safe playground for the children.

Test it beside any vacuum sweeper on the market regardless of price.

If you are not convinced the Thuro is the one best suited to your needs, send it back.

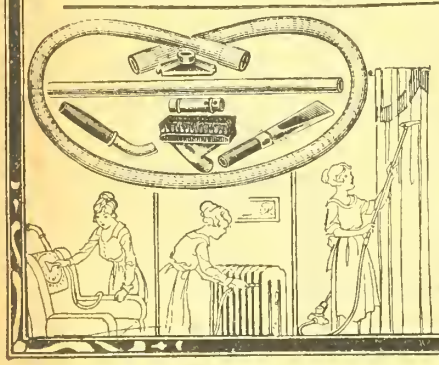
You have nothing to lose and a number of dollars and much satisfaction to gain.

Body is of one-piece cast aluminum. Swivel rear wheel makes it easy to swing in any direction over the carpet.

Why the Thuro Cleans So Well

THERE is a Straight Passage of air from the wide mouth of the nozzle to the center of the cast aluminum fan. That is why the Thuro cleans so well. It has 20 percent more suction than the average machine.

How It Protects Nap of Your Rugs



An inter-gear arrangement on the floor wheels causes the brush to revolve with just enough force to dislodge the imbedded germ-laden dirt and lint. The suction does the rest. Will add years to the life of your rugs.

Compare These Cleaners with Others

The air-cooled motor has self-feeding oil wells. ⅛ horse power Phosphor bronze bearings. Cooling fan absolutely prevents overheating.

486 E 572—Runs equally well on either direct or alternating current motor. 100 to 130 volts, 60 cycles or less. Shipping weight, 15 lbs. Price **$36.95**

Why Pay More— When there is None Better Made than Ward's Carpet Sweeper?

Time Saving Features

Brush Outlasts 3 of the Ordinary Kind

Automatic Dirt Removers Control Both Pans

PAY $6.00, or $10.00 if you will, for your carpet sweeper and still you will not be able to secure a sweeper that does the work better than our Wardway. Its important features are not to be found in the old style carpet sweeper commonly used in the home today.

We Have Made This Sweeper for You

We want you to try one at once. Run it over your floor, face forward, and note how it tightly brushes the surface dirt into the sweeper. Then reverse the sweeper—instantly it forces ½-inch of bristles down into the rug removing the imbedded dirt that is so injurious to the nap. You need never apply any physical pressure—the carpet sweeper itself does this for you. It is the easy and quick way. Entirely new.

The extra high quality Imported Bristle Brush can be dropped to 3 different levels, renewing its effectiveness three times. This feature more than doubles the life of this sweeper and can be found in no other make regardless of price.

Has self-adjusting rubber tired wheels. Tires cannot work loose. Extra long bristles give this sweeper an unusually powerful "fling." Full face of brush is always in direct contact with the rug—not merely tufts, as other sweepers have.

Only 4½ inches nigh, 9 inches long and 13¾ inches wide, over all.

Cold-rolled, reinforced steel case has baked-on enamel surface of olive drab with harmonious green trimmings. The nicely rounded corners protect the furniture. Double side walls make it absolutely dustproof. Nothing on sides to break off or loosen.

Compare the prices—next, compare the advantages this sweeper has over all others—then buy and be sure to tell your friends.

Ice Chamber. Inside dimensions: 15¼x10⅝ x10¾ in.

Shipping weight, 118 pounds. Price.....**$22.95**

Shipped from Chicago.

The Old $17.95 Faithful

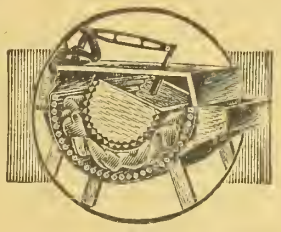
"You can always rely on the Old Faithful." This is the advice given by many of our older customers to their daughters—and it's good advice!

Because of its reliability, the Old Faithful has been a favorite in the homes of American housewives for 25 years. It is probably the most popular type of washing machine in use today. This is because it is practically a washboard operated by machinery but, instead of having the hard work done by human hands, the operation of the lever starts the mechanism to work, washing the clothes spotlessly clean. Will not tear the daintiest fabrics.

It has a high-speed flywheel attachment and is operated by a lever instead of a hand wheel. When once started—and it starts very easily—the momentum and force is so great as to make it practically self-running which means time saved and ease of operation. It runs on long double bearings, which make it easy-running. It has protected gears, making it safe, and galvanized castings and hardware which prevent rust. Fitted with rollers for moving about easily. Has grooved flywheel so it may be operated by motor power also, if desired.

Made of Louisiana Red Cypress

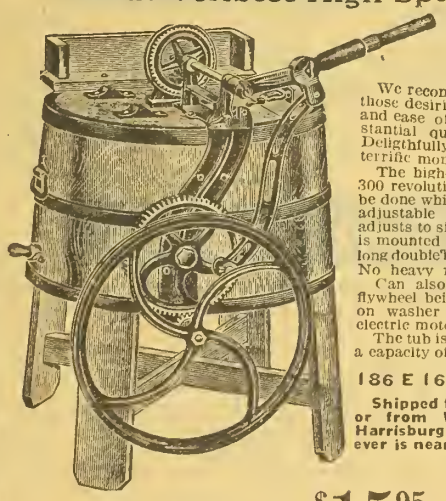
The wood that has endured for centuries. Water doesn't affect it. It neither warps, leaks nor rots. The varnish shows its beautiful grain.



If you want a dependable, easy-running, long-lasting washing machine, choose the Old Faithful. You will like it.

Height, 30¾ in. Length, 35 in. Width, 20¼ in. Cap., 12 shirts. Ship. wt., 120 lbs.

186 E 148—Price.....**$17.95**



Price does not include Wringer.

Shipped promptly from Chicago or from Warehouse in Harrisburg, Pa., whichever is nearest you.

At every movement of the lever the two washboards turn or revolve in opposite directions. This causes a combination of squeezing, suction, vacuum, tumbling and agitation.

Our Veribest High Speed Washer

We recommend this high-speed washer to those desiring a dolly type machine. Its speed and ease of operation, combined with substantial quality, insure genuine satisfaction. Delightfully easy to operate because of the terrific momentum it produces.

The high-speed flywheel is geared to make 300 revolutions per minute. The washing can be done while you are sitting or standing. The adjustable handle makes this possible. It adjusts to six different positions. The flywheel is mounted on a long steel shaft which runs on long double bearings, making it smooth running. No heavy machinery is attached to the lid.

Can also be operated by belt power, the flywheel being grooved for a round belt. Lid on washer can be opened or closed while electric motor is running.

The tub is of water-resisting Cypress and has a capacity of 8 shirts. Shipping weight, 90 lbs.

186 E 162—Price.....**$15.95**

Shipped from Chicago, or from Warehouse in Harrisburg, Pa., whichever is nearest you.

The Dolly Type

Our Price **$15.95**

Water Queen Engine Driven Washer

$16.95

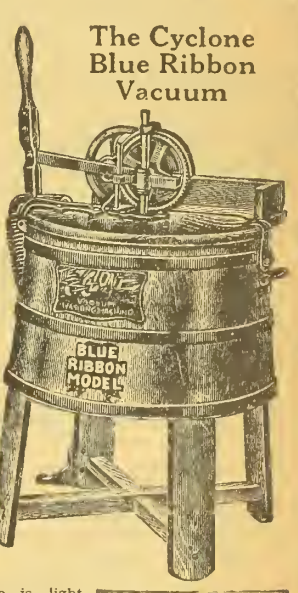
To be operated direct from gasoline engine or countershaft. Fitted with tight and loose pulleys, 8x2 inch. Can be operated by hand in case of emergency.

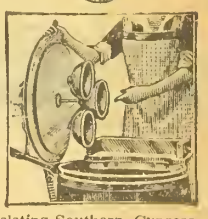
Equipped with belt shift to throw the power on tight or loose pulley. When on loose pulley all mechanical parts stop with the exception of the loose pulley and you can open and close the cover of machine without stopping your engine. Tub is made of Southern Cypress, the wood which resists water so well. Guaranteed for five years against breakage or defective castings (except through misuse). Your money and freight charges will be cheerfully returned if it does not please you.

Inside measurements of tub, 23½ in. at bottom, 19¾ in. at top, 12¼ in. deep.

186 E 183—Water Queen Power Washer, equipped with 8-in. pulley to run 240 revolutions per minute. Ship. wt., 100 lbs. Price.....**$16.95**

Shipped promptly from Chicago.





The Dolly Type

$16.95 The Cyclone Blue Ribbon Vacuum

For a snow white line on washday, use the Blue Ribbon Vacuum Washer.

A group of three cups plunges up and down and at the same time rotates in such a way as to bring all the clothes in the tub within range of its powerful suction, which removes every particle of dirt without harming the most delicate garments. Dirt cannot resist this thorough and entirely efficient vacuum action.

This machine is light running. This is because of its perfect balance. The mechanism on the lid is cleverly balanced so that it opens with great ease. When opened, you have complete access to the entire tub. (See illustration.) The three vacuum cups or basins are smooth and of non-rustible iron—nothing to tear or injure the clothes. Everything is simple, strong and compact.

Tub is made of water-resisting Southern Cypress, capacity about 8 shirts or 4 sheets. Diameter of tub, inside, 21 in. Ht., to lid, 29 in.

286 E 136—Ship. wt., 90 lbs. Price.....**$16.95**

Shipped from Factory in Northern Illinois.

A Happy Thought!

Why wait until Christmas to give the children gifts. Make their surprise the greater by giving them toys when they least expect them. See our toys on pages 447 to 473.

Refrigerators

Seamless Three-Coat White Enamel Lined

There is no refrigerator made which, for excellence of workmanship, beauty of design and low price combined, can compare with our three-coat white enamel lined refrigerators.

They are scientifically insulated, having five to ten separate and distinct walls 3 in. deep. This explains their economy in the consumption of ice. The air circulating in the provision chamber is perfectly dry, thus preventing food from becoming mouldy.

The combination drain pipe and trap is easily removed for cleaning. Made of solid, copper, nickel-plated—will not rust. The wire mesh shelves are heavily retinned.

The Baseboard lifts up and is as handsomely finished as the rest of the woodwork.

Ice Rack is made of heavily galvanized iron. Removable for cleaning. Locks and hinges are all heavily nickel-plated.

Ash Front and Top Has 10 Walls

186 E 592 — Ice Cap., 60 lbs. Outside dimensions: Width, 28 in., depth, 17 in., height, 41 in.

Large provision chamber. Inside dimensions: 11⅛x 12½x29 ½ in.

Ice Chamber. Inside dimensions: 11¼x12½x17⅞ in. Ship. wt., 145 lbs. Price.....**$25.95**

Shipped from Chicago.

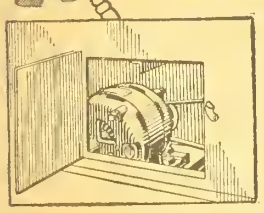
Send No Money Now

The Improved Minnehaha

Washes and Wrings by Electricit

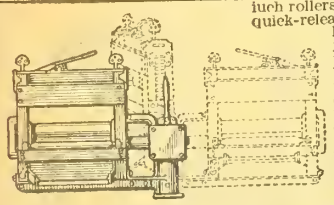
Domestic Science is better understood today than ever. The great popularity of the Minnehaha Power Washer proves this important fact. Women realize that the oscillating type of power washing machine cannot harm the clothes—they have found that the Minnehaha actually prolongs their life.



New Important Changes

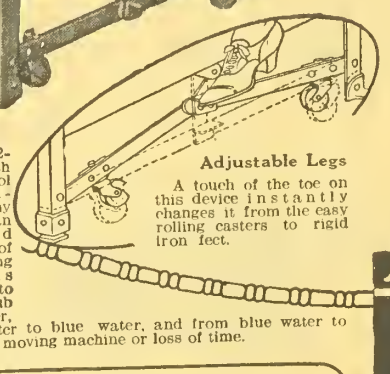
In 1915 the Minnehaha was first offered to our customers. Every year since then has increased its popularity. At times improvements were made that added to its efficiency. But today such a big step forward has been taken that we urge you to send for this machine at once. Enjoy its conveniences! Free yourself of washday drudgery! And do all this for 30 days without paying us one cent!

Try Before You Buy. Simply fill out the Easy Payment section of the order blank below. We will then ship the Improved Minnehaha complete with power wringer and electric cord. If, after 30 days you decide to keep it, $10.00 down and $10.00 a month will soon pay the small amount we now ask for the Improved Minnehaha.



All Metal Cabinet. Unlike the old style, the new Improved Minnehaha has an all metal body which fully encloses all the mechanism. It has transformed the type of washer now regarded as the height of washing machine perfection **into a thing of beauty.**

Suspension Swinging Tub. The tub rests on a cradle on which it is swung back and forth fifty-eight times a minute. Think what this means!—Fifty-eight times a minute a perfect figure eight of water and suds sweep through the garments! And at the same time the clothes are tossed about causing such a tremendous agitation that the dirt soon loosens its most stubborn grip.



Easy to Oil

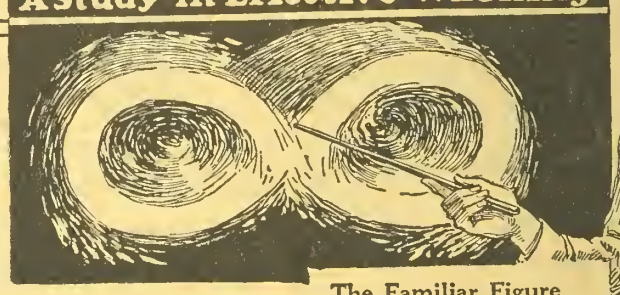
Motor is placed directly before door which opens in front of machine, making it easy to reach when oiling is necessary.

Power Wringer

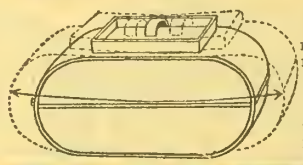
Has large reversible 12-inch rollers. Equipped with quick-release safety control lever. Adjustable to any position, and can be operated while batch of clothes is being washed. This enables you to wring from tub to rinse water, from rinse water to blue water, and from blue water to basket without moving machine or loss of time.

Adjustable Legs

A touch of the toe on this device instantly changes it from the easy rolling casters to rigid iron feet.



More Savings for You!



We now offer the Improved Minnehaha with COPPER TUB at the price usually asked for galvanized tub! Both the lid and the body of the tub are ribbed to insure strength. Interior is heavily retinned, making tub rustless and non-corrosive. No cracks or crevices to collect dirt. Practically cleans itself.

Sold on the Easy Payment Plan

A Study in Effective Washing

The Familiar Figure Eight

It is the famous figure-eight motion so universally recommended. Notice the small illustration to the left which shows the swinging motion of the Improved Minnehaha.

Solid Copper (12 Shirt) Tub

Capacity of tub is 6 to 7 sheets or 12 shirts. Can easily be removed should any occasion require. **Motor** has sufficient strength to operate both wringer and power washer at the same time. ¼ horsepower—water-proof. Made by a manufacturer of national reputation.

Size—Cabinet measures 38 inches in length, 23 inches in width, and 35 inches in height. Height to top of wringer, 53 inches.

Cost to Operate—Averages 2 cents per hour. Think how cheap this is when you consider that about 4 tubs of clothes can usually be washed in that time.

Water Drain—Water is drained completely out of the tub by means of faucet situated conveniently directly before door which opens in front of machine.

Control—Two simple levers control both the washing and wringing operations. Shipping weight, 215 pounds, crated.

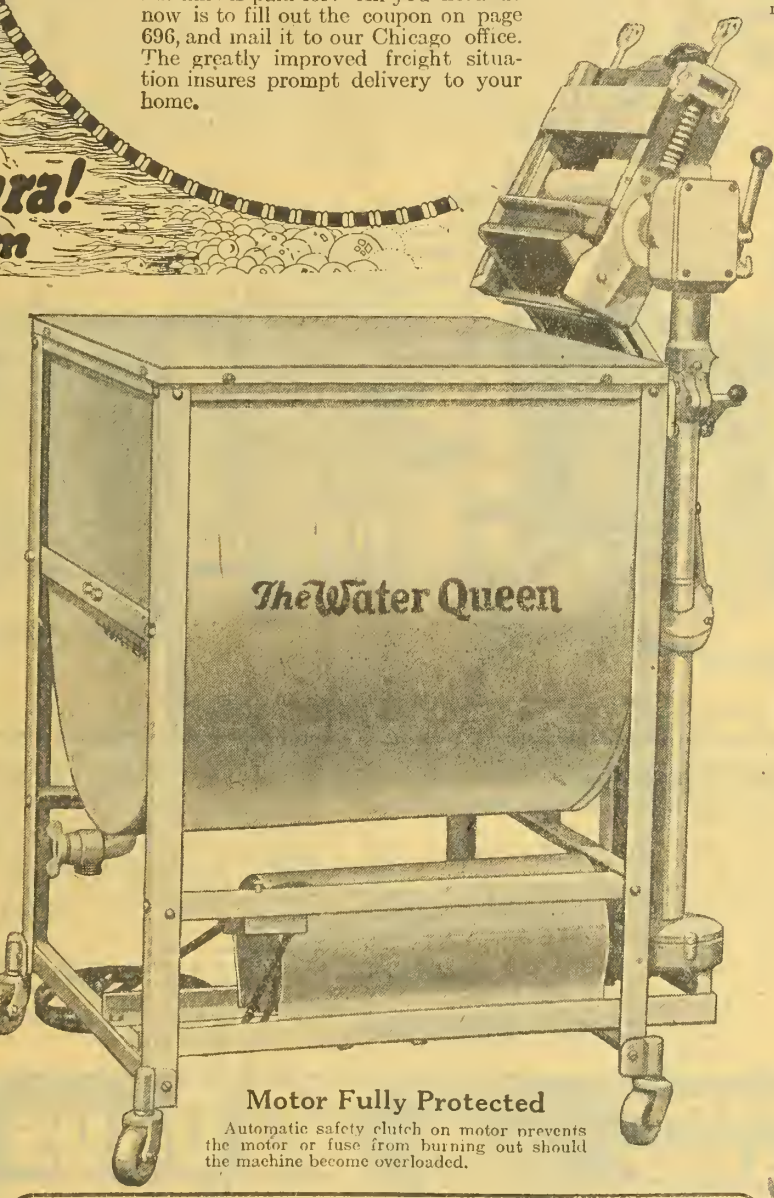
Ladies! Your big opportunity awaits you on page 711



The Water Queen Electric

Powerful as Niagara! Gentle as a Mill Stream

Send No Money

Try it in Your Own Home

THE only practical way to select a washing machine is to test it in your own home, yourself, with your own washing. For that reason, we offer to send the Water Queen to your home without one cent in payment. Then, after 30 days, if it fails to please you, send it back and we will refund all the freight charges. Should you decide to keep it, send us $10.00 a month until the machine is paid for. All you need do now is to fill out the coupon on page 696, and mail it to our Chicago office. The greatly improved freight situation insures prompt delivery to your home.

IT'S a beautiful sight you see when the cover is lifted off the Water Queen! Rich lather and soap bubbles are tossed rapidly about by the Eccentric Action of the revolving cylinder. Press the button and the washer stops. Remove the top of the octagonal cylinder and lo and behold!—The clothes are spotlessly clean.

Blankets, laces or your batch of men's work clothes all testify to the fact that the Water Queen principle is correct.

Washes Without a Rub!

To wash clothes without a single rub is a new idea to thousands of women! They have grown accustomed to rubbing their clothes week after week, little realizing that they are rubbing their clothes away! Our Water Queen is so designed that it cannot rub the clothes. Pure soapy water and air is universally recognized as the best combination ever brought together to wash clothes effectively. And the Water Queen owes its success to that fact!

What Could Be More Simple!

Everything has been thought of to shorten the time spent washing. Absolutely eliminates the drudgery of washday. A simple push button—within easy reach of the operator—starts or stops the Water Queen.

Wrings Without in Any Way Endangering the Fingers

Inspect the tilt of the wringer carefully. Notice how the operator simply lays the clothes on the rollers. Gravity draws the garment through the wringer rolls into the basket below. This feature means added protection for you and increased wringing efficiency. Eliminates the possibility of clothes becoming entangled on rollers. Also has safety release which, when pressed, removes all pressure from rolls.

The wringer can be locked by a convenient lever. Easily released and swung into any position desired.

Can Be Slanted in Either Direction or be used in Upright Position

Motor Fully Protected

Automatic safety clutch on motor prevents the motor or fuse from burning out should the machine become overloaded.

OUR 110-volt, 60-cycle, alternating current motor has ample power to run machine and wringer at the same time. Ten feet of insulated cord and a plug to attach to the ordinary electric light socket is included.

The Water Queen occupies a floor space measuring 25½x25½ inches.

Water Queen ARMCO IRON Model

Will not rust like regular galvanizing. The toughest metal of its kind that we know of.

Water Queen Copper Body Model

Made of high-quality copper, heavy gauge. Will give a lifetime of satisfactory service.

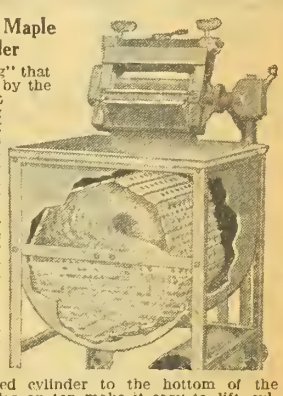
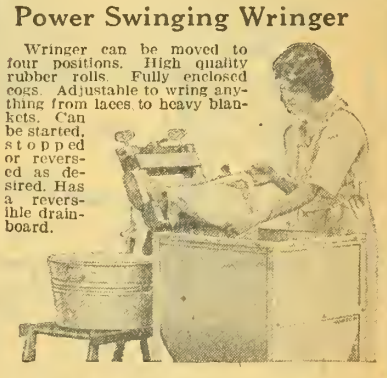
Easy Payments

Latest Model



Our Water Queen represents the very latest improved power washing and wringing features. Actual photographs appearing below clearly show the ease with which the entire washing is disposed of.

Eccentric Cylinder Action—



Notice both cylinder illustrations — see how the cylinder itself sways from side to side with each revolution. This action, Added To Its Revolving Motion, gives the Water Queen its remarkable cleansing powers. The most stubborn dirt loosens its hold and flows out of the clothes in the path of this powerful action. It actually gives you the combined advantages of the vacuum, the regular cylinder and the eccentric type of washing machine.

Octagonal Maple Cylinder

The "fling" that is produced by the constant tumbling and tossing of the clothes to and fro against the octagonal sides of the cylinder is another reason for the Water Queen's unusual effectiveness. As the dirt is separated from the washing it drops through the perforated cylinder to the bottom of the tub. Handles on top make it easy to lift cylinder out. Capacity of cylinder, 6 sheets or 15 shirts. Measures, 19x16 in.

Power Swinging Wringer

Wringer can be moved to four positions. High quality rubber rolls. Fully enclosed cogs. Adjustable to wring anything from laces to heavy blankets. Can be started, stopped or reversed as desired. Has a reversible drainboard.

Slanting power wringer guides clothes to rinsing water. Notice convenient height.

The Water Queen will wash your second batch of clothes while the first batch of clothes is passing through the wringer again from rinse water to bluing water.

No time lost with a Water Queen! Wring from the bluing water into the basket while cylinder is completing your second batch of clothes.

When the washing is completed the Water Queen is easily drained. The faucet (see large photograph) permits a pail to be placed on the floor under it. It is threaded for standard hose coupling so that a hose can be used to guide water to drain, should you desire.

Send No Money

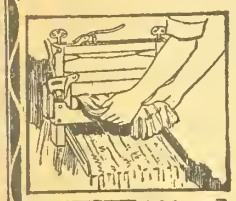
Have a demonstration in your own home! Use a Triumph Washing Machine for 30 days without one cent in payment. Then, after 30 days, if it fails to please you, send it back and we will refund the freight charges. Should you decide to keep it, pay for it while you use it, our EASY PAYMENT WAY.

Electric and Engine Drive Washers

THERE are few working parts on the Triumph and these are arranged so that binding and excessive wear are impossible. The gears are enclosed to prevent any danger of accident.

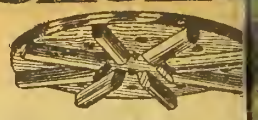


The Electric Triumph has the motor mounted on a fibre block which is bolted to the steel frame of the machine. The drive shaft is fitted with a grooved pulley, which is driven by a round belt from the motor.

The extra large sized tub is made of finest quality Virginia White Cedar. This wood withstands the action of water for ages. The cover is selected Cypress. On it is mounted the mechanism which operates the dolly or disc inside the tub. Cover opens easily as there are no heavy parts to lift.

Four-Position Swinging Wringer

With it you wring your clothes from the washtub into the rinse tub, then into the bluing water and from there into the basket. It turns readily in any direction, saving you as much time as the washer does. Wringer can be used while washer is in operation. The 11-inch rubber rolls allow plenty of space when extra large pieces are to be wrung.

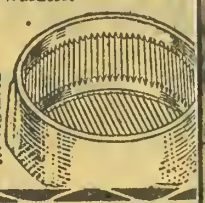


Has Large Size Drain Board

When wrung from the clothes the water falls back into the tub. The extra large size reversible drain board takes away all possibility of any water dripping on the laundry floor.

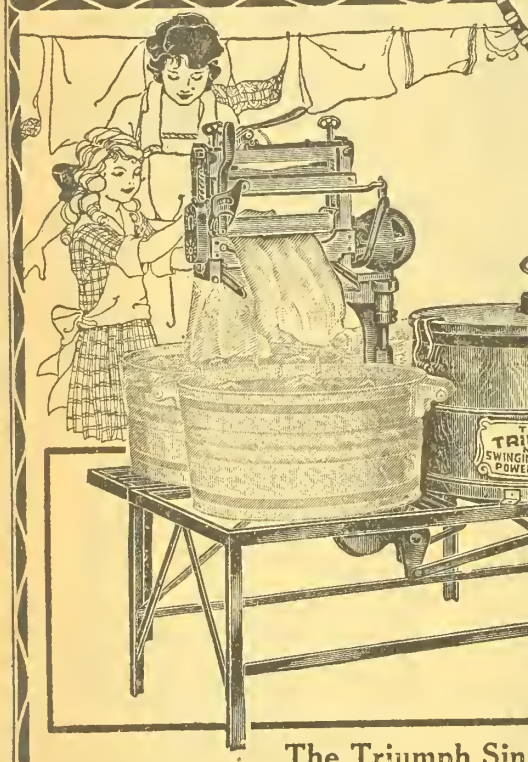
Safety Pressure Release

Enables operator to remove all pressure on clothes instantly.



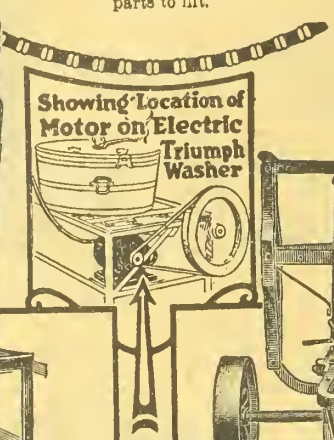
Special Disc for Washing Delicate Clothes

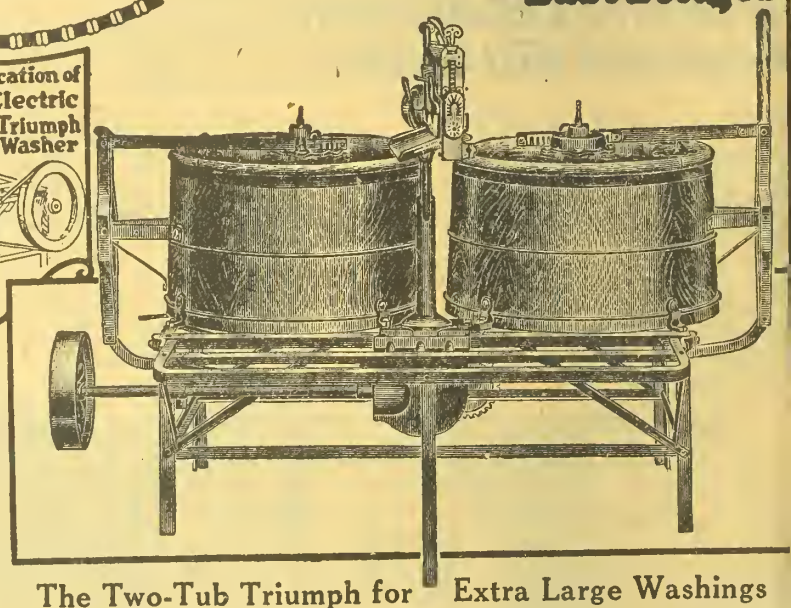
The disc method is used mostly for washing the finest laces, curtains and embroideries, as it washes by rotating and pressing down upon the garments. Raised ribs on bottom are rounded and smoothly finished.



Also Has Dolly Type Washer

Very popular with women, because the rapidly reversing dolly forces the hot suds through the clothes so speedily as to quickly remove every speck of dirt. Does not rub the clothes, therefore, does not wear them out. Disc and Dolly included with each Single Tub Triumph. Two Dollies and one Disc accompany each of the Double Tub Washers.





Water Resisting Cedar Tub

Rounded corrugations on sides and bottom of tub aid in the quick and thorough cleaning of the clothes. Dimensions of tub: Diameter, 22½ in. at top; 24 in. at bottom; 14 in. high.

Showing Location of Motor on Electric Triumph Washer

The Triumph Makes Your Clothes Last Longer

The Triumph Single-Tub Model

The Platform Model has a steel platform, 24 inches wide and 43 inches long for holding two tubs and the basket. Washer can be operated by hand should any emergency occur.

Shipped Promptly from Stock at Chicago

The Two-Tub Triumph for Extra Large Washings

Are your washings unusually large? The Triumph Two-Tub Model is built to wash clothes in large quantities. It has two tubs instead of one. You can wash clothes in both tubs and wring at the same time. Simple levers also enable you to operate one tub alone or the wringer alone, just as the occasion requires. Washer can be operated by hand, should any unforeseen emergency occur.

186 E 133—Triumph Engine Power Washer. Two-Tub Model. Complete with wringer. 10-inch drive pulley. Should not be operated faster than 200 R.P.M. Ship. wt., about 200 lbs. **$69.50**

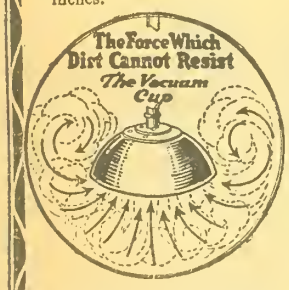
Please state voltage, current and cycles when ordering. Special voltages and currents furnished at an additional cost of $5.00 to $10.00.



Thuro Power Vacuum Washer

30 Days Free Trial

The washline never lies! Because of this fact, we unhesitatingly offer to send the Thuro to your home for 30 days' trial. Then, at the end of 30 days, if it proves satisfactory, send us the small amount indicated below each month until the full purchase price has been paid. (Use special order blank on page 696).

By means of its efficient vacuum process the Thuro washes the clothes spotlessly clean in about one-fourth the time it used to take by hand.

Convenience is the outstanding characteristic of this new Thuro Vacuum Washer. You have a folding frame for holding two tubs and it can be put out of the way when not in use. The wringer swings in any direction in order to wring the clothes in the handiest position. It has a safety clutch lever which easily starts it or reverses it, if necessary. The rolls are 10x1¾ inches.

How It Washes So Quickly

The operation is simplicity itself. Just turn on the power. After that the washer automatically starts when the lid is closed and stops when it is opened. The whirling vacuum cup is dome-shaped, and galvanized to prevent rust. It produces a positive cleansing current which will not harm the most delicate fabrics.

There are no belts or chains to catch the clothing—the washer is entirely gear driven. All of the gears and transmission parts are enclosed to avoid the danger of accident.

The frame on which the tub rests is made of strong channel iron, 43 in. long, 25 in. wide, 16 in. high. The folding feature makes it convenient.

Send No Money

The tub is of Southern Cypress, which is the best water-resisting wood known. The interior has corrugated sides and bottom, which add to its effectiveness in cleaning. The outside is nicely finished. Special screw plug type water drain with rubber hose attachment. Tub capacity, 18 gallons. Inside measurements: 22½ in. diameter at bottom, 20 in. at top; 12½ in. high.

Thuro with Pulley for Engine Drive

186 E 168—Main drive pulley for operating with engi is 11½ in. in diameter with 2-in. face which should run 2 revolutions per minute. This is important. Shipping weigh about 225 pounds. **$55.7**
Cash Price.....
Time Payment Price..... **62.5**

(No money down and $7.00 a month until paid. Use ord blank on page 696).

The Thuro with Electric Motor

186 E 169—Washer with 110-volt electric motor, alternating current, 60 cycles.
Cash Price.. **$91.50**
Time Payment Price **$101.50**

(No money down and $8.50 a month until paid. Use order blank on page 696).

When ordering electric machines be sure to give voltage, current and cycles.

Ship. wt., 250 lbs.

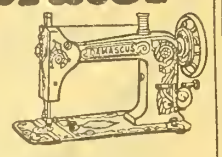
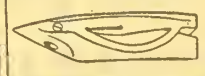
A fireless stove will cook an entire meal. See page 685.

Four Good Sewing Heads to Choose from

Damascus Grand Rotary



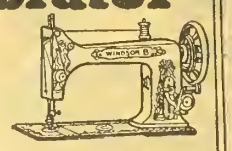
OUR Damascus Grand Rotary is the highest type of sewing head that we know of. It has a continuous, smooth, circular movement with absolutely no vibration. On account of its rotary action, which entirely does away with lost motion, it is geared to sew one-third faster than the shuttle type of sewing machine. Because of this, it produces more work in a given time than any other type of sewing machine. See pages 703 to 705.



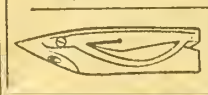
The Rotary Shaft Revolves Continuously in One Direction.

No Lost Motion!

Damascus (A) Vibrator



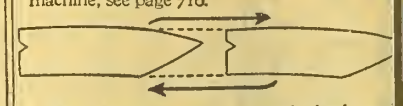
THE Damascus A Vibrator has all the good features of the Rotary model except that the vibrating shuttle is used instead of the Rotary bobbin. As we previously stated, the Rotary is unquestionably the easiest running type of sewing machine. However, those desiring a vibrating type will find the Damascus A Vibrating Shuttle Model the best of its type that money can buy. See Pages 706 and 707.



The Shuttle (Self Threading)

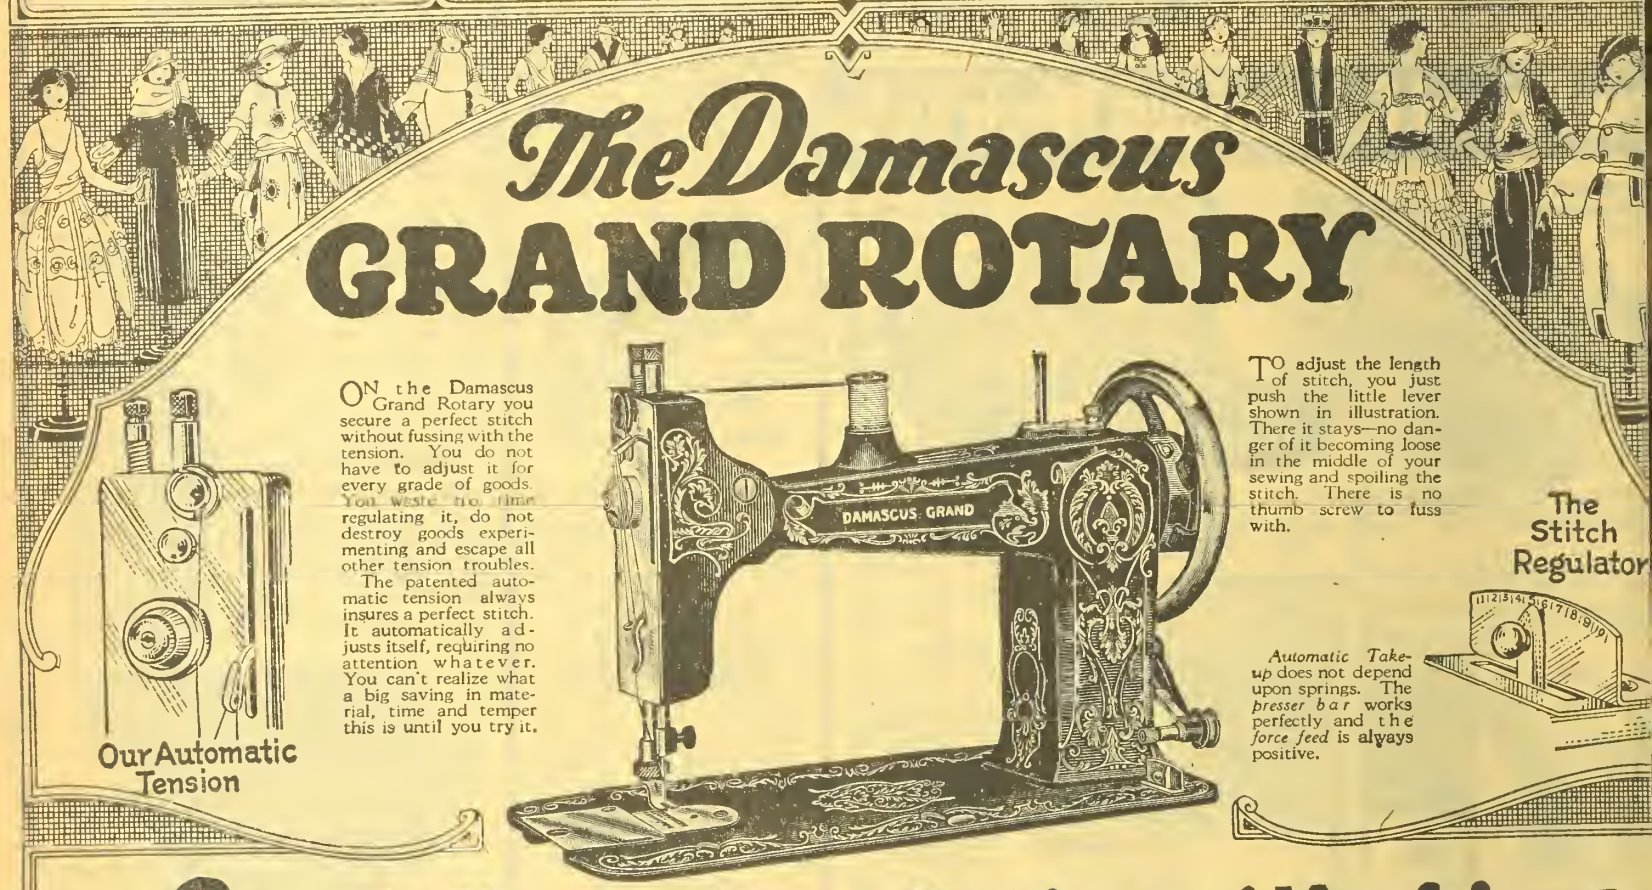
The Windsor (B) Vibrator

OUR Windsor B Vibrating Shuttle Machine is strong and simply constructed. It is much the same in general excellence as the Damascus A, Vibrating Shuttle Model, except that it lacks one or two features such as the automatic tension. Its disc type tension is much superor to those used on many machines sold elsewhere today. It has the automatic tension release. Highly recommended for general family sewing. See Pages 708 and 709.



The Shuttle (Self Threading)

The Brunswick (C) Vibrator



THOUGH lighter than our other types of vibrating shuttle machines, it is well built and will give good service for a long term of years.

Our Brunswick C, we believe, represents the biggest value obtainable in a good low priced sewing machine. For full detailed description of this top tension style of sewing machine, see page 710.

The vibrating shuttle travels back and forth in this manner.

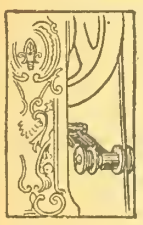
The Damascus GRAND ROTARY

Our Automatic Tension

ON the Damascus Grand Rotary you secure a perfect stitch without fussing with the tension. You do not have to adjust it for every grade of goods. You waste no time regulating it, do not destroy goods experimenting and escape all other tension troubles.

The patented automatic tension always insures a perfect stitch. It automatically adjusts itself, requiring no attention whatever. You can't realize what a big saving in material, time and temper this is until you try it.

TO adjust the length of stitch, you just push the little lever shown in illustration. There it stays—no danger of it becoming loose in the middle of your sewing and spoiling the stitch. There is no thumb screw to fuss with.



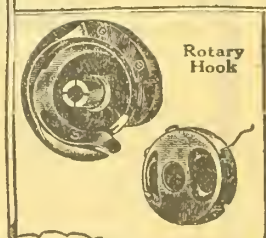
The Stitch Regulator

Automatic Take-up does not depend upon springs. The *presser bar* works perfectly and the *force feed* is always positive.

Sews 1/3 Faster than Ordinary Machines

IN the Damascus Grand Rotary we have a machine that has given us the reputation of being the world's largest single distributors of rotary sewing machines. This is because it is the highest type of machine that can be made. It doesn't clog or break thread and it will do anything that any sewing machine can do, regardless of price or make. Set your own pace—the Damascus Rotary will travel at lightning speed or take a leisurely stride. And it always makes an unbroken line of perfect stitches.

The Automatic Bobbin Winder



THE automatic bobbin winder automatically stops winding when the bobbin is filled with thread—there's no danger of breaking the thread. It is fitted with two spool pins, so there is no need to unthread the machine to wind the bobbin. The opening in the bobbin case is large enough to insert your hand to remove or replace the bobbin.

On the Damascus there is nothing to lift or turn when you want to oil it, as the holes for oiling are easily reached from above.

The Grand Rotary Principle

THE rotary principle makes possible the silent, smooth and swift qualities of the Damascus Grand Rotary. It makes the Double lock stitch. As the needle passes through the cloth, a small, sharp pointed hook on the end of a revolving shaft catches the upper thread, carrying it around the bobbin. Just one small revolving shaft takes the place of the noisy shuttle, shuttle carrier and shuttle lever of vibrating machines. That's why it runs so smoothly and silently. It is geared higher and runs one-third faster than shuttle machines.

A Few More Grand Rotary Features

THE *Sewing Head.* The head is high and allows plenty of room for handling bulky materials. It is gracefuly shaped and has a baked on black lustre enamel that cannot peel off. The bright parts are all attractively nickel-plated. Ornamentation is gold and colors.

The Automatic Lift instantly raises or lowers the sewing head.

Easy Threading. With the exception of the needle the entire machine is self-threading. You can almost thread it with your eyes shut.

Other interesting reasons why you will prefer the Damascus Grand Rotary appear on Pages 703, 704 and 705. Read them.

Ball Bearing Stand

THE quietness of this machine proclaims another superiority—its smooth-running qualities.

To match the easy-running Rotary Head, a stand has been constructed completely equipped with high-grade ball bearings. Proper arrangement of the stand enables the user to enjoy a restful sitting position at all times.

The Flywheel is extra large and the dress guard prevents it from becoming unbelted when the sewing head is let down.

Stand is of finest quality gray iron, well braced. Black enameled Easy-rolling casters.

"The Sewing Machine with the Perfect Stitch"

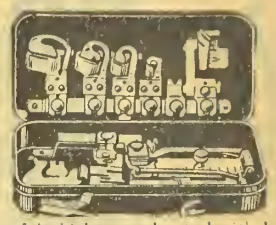
Sewing machines for little girls are listed on page 473.

20 Year Guarantee

"AFTER 30 years of service my machine is still in perfect running condition."—So one of the many letters from satisfied customers reads. Ward's Machines Continually Outlive Their Guarantees—that is why we recommend them so highly to you today.

A written guarantee accompanies each machine as it leaves our immense factories. Every machine is accurately adjusted, carefully inspected and thoroughly tested with both silk and cotton threads. Should any defects develop in either material or workmanship during a period of twenty years, we will put the machine in perfect running order without cost to the owner and pay the freight charges both ways.

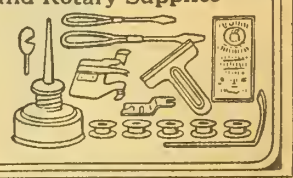
Our Guarantee



90 Day Trial Offer

THERE is only one way to select a sewing machine and that is to actually operate the machine yourself. Order any sewing machine from this catalog that appears to fill your requirements, sending us the full purchase price. Then, after 90 days' trial, return it unless you are fully satisfied with the machine and with the saving you have made by purchasing from us. We will refund the original purchase price and the freight charges as well.

Extra Parts are Always Obtainable

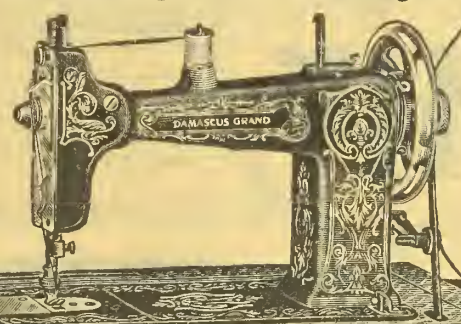


There are practically no parts on our sewing machines that are likely to break or wear out. Accidents sometimes occur and, unless you are able to secure the necessary parts, your machine is of little or no use to you. Those purchasing their machines here do so with the positive assurance that extra parts can always be promptly obtained. Every part of the machine is illustrated and described in our instruction book so it will be an easy matter to order any part needed.

Greist Attachments Free

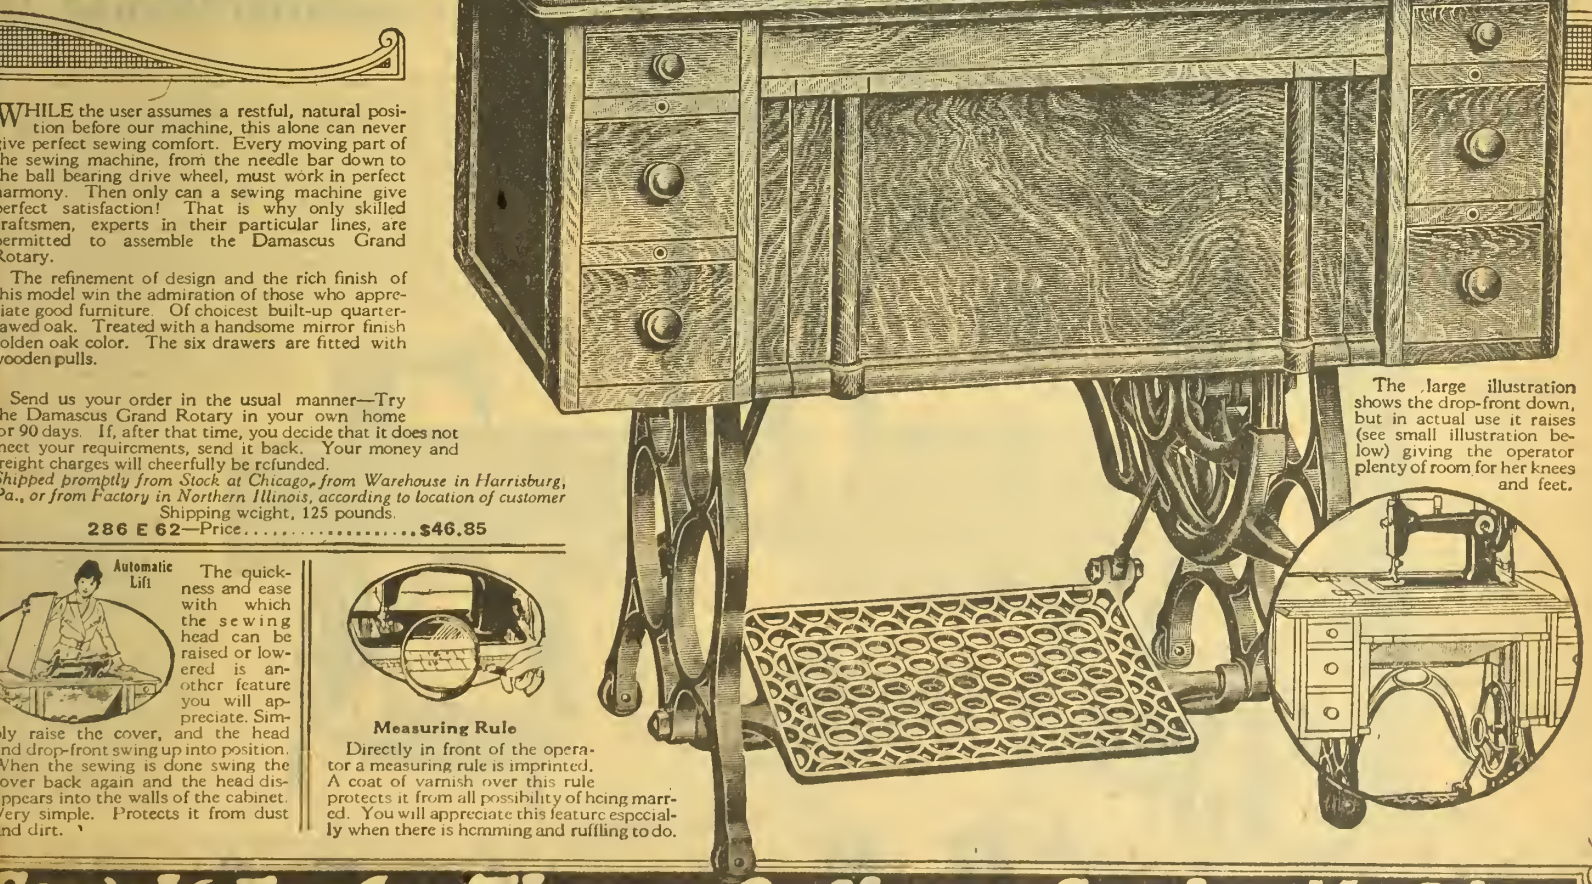
WE send this machine to you equipped to sew everything that home sewing or expert dressmaking may demand of it. Beautiful ruffles, tucks, etc. are completed in a few moments' time with the aid of our Greist Attachments, a set of which is included free with each machine. They are of the highest grade steel, nickel plated, packed in a velvet-lined metal case. Set contains: Ruffler, tucker, braider, 5 hemmers, special foot, underbraider and shirring slide.

The Damascus Grand Rotary Supplies



With each Damascus Grand Rotary machine we furnish the following supplies: 12 needles, 6 bobbins, thread cutter, screw driver, gauge, oil can (filled) and illustrated instruction book.

The Damascus GRAND ROTARY



Ward's Furnish their Customers with Complete Sewing Service. **See Page 711**

ROTARIES are the smoothest running machines to be had — this fact is recognized by all good dressmakers.

Because of its easy-running qualities the Damascus Grand Rotary gives the same satisfactory service year after year. There are no jars to loosen and unbalance its accurately adjusted mechanism. Sews ⅓ faster than ordinary machines, when you so desire. Always makes an unbroken line of perfect stitches.

$46.85

WHILE the user assumes a restful, natural position before our machine, this alone can never give perfect sewing comfort. Every moving part of the sewing machine, from the needle bar down to the ball bearing drive wheel, must work in perfect harmony. Then only can a sewing machine give perfect satisfaction! That is why only skilled craftsmen, experts in their particular lines, are permitted to assemble the Damascus Grand Rotary.

The refinement of design and the rich finish of this model win the admiration of those who appreciate good furniture. Of choicest built-up quarter-sawed oak. Treated with a handsome mirror finish golden oak color. The six drawers are fitted with wooden pulls.

Send us your order in the usual manner—Try the Damascus Grand Rotary in your own home for 90 days. If, after that time, you decide that it does not meet your requirements, send it back. Your money and freight charges will cheerfully be refunded.

Shipped promptly from Stock at Chicago, from Warehouse in Harrisburg, Pa., or from Factory in Northern Illinois, according to location of customer

Shipping weight, 125 pounds.

286 E 62—Price.....**$46.85**

The large illustration shows the drop-front down, but in actual use it raises (see small illustration below) giving the operator plenty of room for her knees and feet.

Automatic Lift

The quickness and ease with which the sewing head can be raised or lowered is another feature you will appreciate. Simply raise the cover, and the head and drop-front swing up into position. When the sewing is done swing the cover back again and the head disappears into the walls of the cabinet. Very simple. Protects it from dust and dirt.

Measuring Rule

Directly in front of the operator a measuring rule is imprinted. A coat of varnish over this rule protects it from all possibility of being marred. You will appreciate this feature especially when there is hemming and ruffling to do.

Sews ⅓ Faster Than Ordinary Sewing Machines

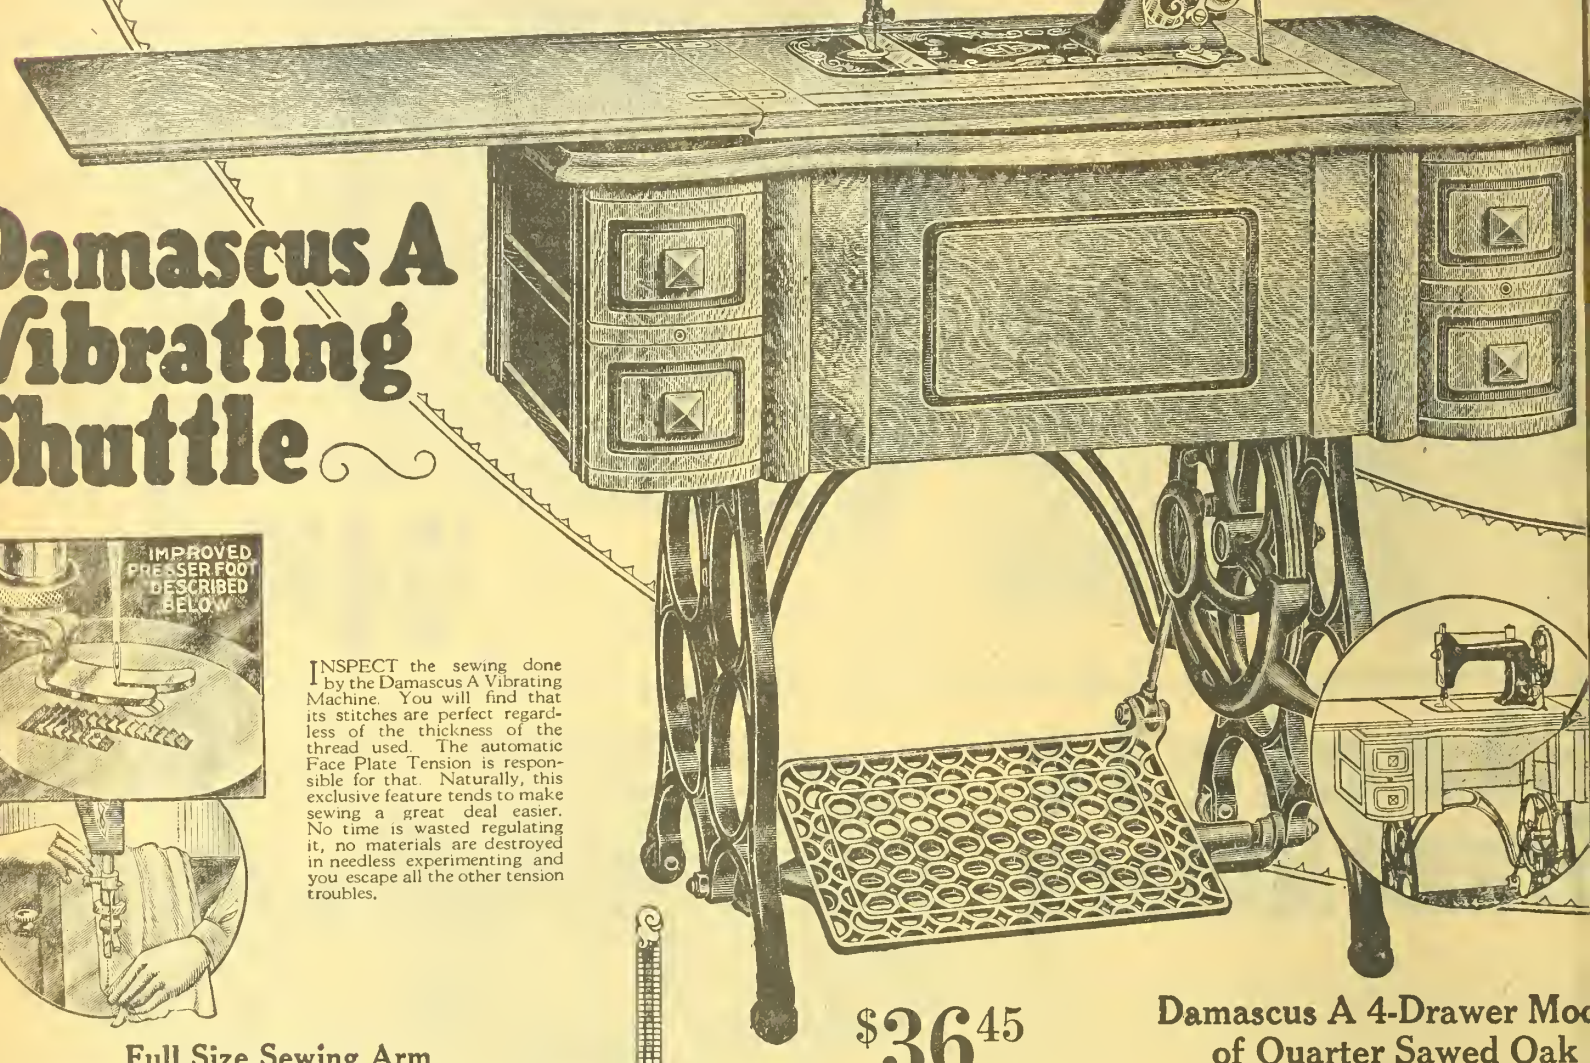
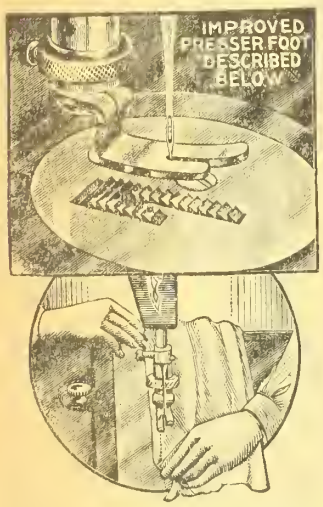
Save Money-Buy Your



Guaranteed 20 Years

OUR Damascus A sewing machines are accurately adjusted, carefully inspected and thoroughly tested with both silk and cotton threads. Just before a machine leaves our factories a certificate of guarantee is enclosed. Should any defects develop in either material or workmanship in a period of twenty years, we will remedy them and put the machine in perfect running order without cost to the owner and pay the freight charges both ways.



Face Plate Tension

(This Feature Found Only on Highest Grad Machines)

Damascus A Vibrating Shuttle

INSPECT the sewing done by the Damascus A Vibrating Machine. You will find that its stitches are perfect regardless of the thickness of the thread used. The automatic Face Plate Tension is responsible for that. Naturally, this exclusive feature tends to make sewing a great deal easier. No time is wasted regulating it, no materials are destroyed in needless experimenting and you escape all the other tension troubles.

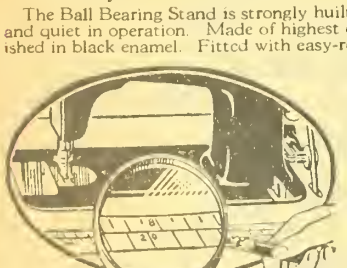
Full Size Sewing Arm

The full sized extra high sewing arm is neat and symmetrical. It provides ample working space underneath for convenient handling of material.

All working parts are made of highest grade steel, carefully hardened in oil and nickel-plated to prevent rusting. Bearings are carefully adjusted and properly tempered to minimize friction, and assure smooth, easy running.

The self-setting needle is short and sharp pointed. It will not bend or break easily.

You can feed over the thickest seams with ease and without puckering or marring the finest silk or chiffon, because of the improved presser foot (see illustration above). Both prongs extend an equal distance from the needle, as does the roller bearing feed.



The Shuttle is large size, cylindrical in shape and made of the finest nickel-plated steel. It makes the popular lock stitch, formed from double threads. The upper thread feeds from the needle and the lower one from the bobbin enclosed in the shuttle.

Makes Home Sewing Easy

The Stitch-Regulator, which controls the length of the stitch, is operated by a thumb screw sliding in the bed of the machine, near the base of the arm. It is provided with an indicator showing the length of stitch being made.

The Automatic Bobbin Winder, with cam-driven guide, always winds the bobbin evenly.

The Ball Bearing Stand is strongly built, very attractive; it is easy to work and quiet in operation. Made of highest quality gray iron, well braced. Finished in black enamel. Fitted with easy-rolling casters.

A belt-retaining dress guard is also provided, which prevents the machine from becoming unbelted when it is closed.

The Measuring Rule

Directly in front of the operator a measuring rule is imprinted. A coat of varnish over this rule protects it from all possibility of being marred. You will appreciate this feature especially when there is hemming and ruffling to do.

You cannot buy a better constructed or more durable vibrating shuttle type of sewing machine anywhere, no matter what you pay. With the exception of the Damascus Grand Rotary, it is the easiest running machine that we know of. Every part is tested and gauged and fits perfectly.

$36.45

Damascus A 4-Drawer Mod of Quarter Sawed Oak A Great Money Saver!

A PLAIN, refined design of beautifully figured quarter-sawed oak, trea with a hand-rubbed piano finish, in golden oak color. $39.85

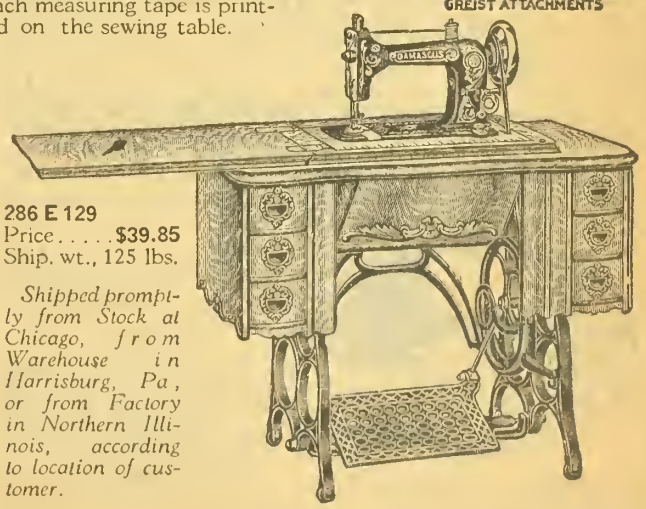
Damascus A
6-Drawer Model



DIFFERENT from other cabinets, as the ornamentations are extended in a graceful manner to the sides as well as on the drop-front and drawers. Thus, no matter which direction this machine faces, the onlooker is sure to see nothing but a beautifully designed surface of quarter-sawed oak. The six roomy drawers have wooden pulls incased by pleasing designs.

Such a fine cabinet is, indeed, appropriate for this machine as it houses the Damascus Vibrating head. No vibrating machine, regardless of the price, will do work excelling that done by our Damascus. Has the automatic tension which insures a perfect stitch always. You waste no time regulating it and no material is destroyed by faulty stitching. The stand is equipped with ball bearings, causing the treadle and pitman to operate smoothly and silently. To acquaint yourself with its many other advantages read the description of the sewing head on the opposite page.

Should any defects develop in either material or workmanship in a period of twenty years, we will remedy them and put the machine in perfect running order without cost to the owner and pay the freight charges both ways.

Windsor B Vibrating Shuttle

WARD'S sewing machines have the head so arranged in relation to the stand and treadle that a most natural and comfortable sitting posture is enjoyed by the operator.

The Windsor B is equipped with the latest improved type of disc style tension. It is easily adjusted and has given universal satisfaction. The best known machines today are fitted with the disc tension.

The Windsor B also has an extra high sewing arm, insuring comfort and easy handling of bulky materials when sewing. The automatic Tension Release permits you to draw your sewing from under the presser-foot without breaking the threads or damaging the needle.

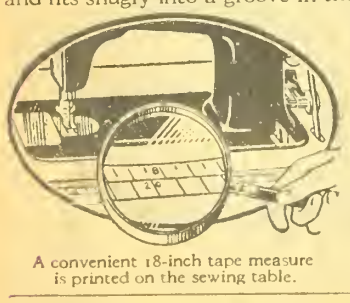
The Shuttle is of large size. Cylindrical in shape, made of the finest quality steel, nickel-plated. Fitted with an adjustable steel spring, for regulating the lower tension. It is easy-threading.

The Bobbin Winder is automatic in action and insures a perfectly wound bobbin at all times.

The Stitch Regulator, controlling the length of stitch, is operated by a thumb screw sliding in the base of the arm.

Advantages of Our Presser Bar

The Presser Bar is fitted with a cap-covered spring, and is quickly and easily adjusted to different thicknesses of materials. The Presser Foot extends on both sides of the needle. It holds the goods firmly in place. The Feed is positive in action, being operated and controlled by the main shaft. Cannot get out of order, as no springs are used.



Improved Noiseless Ball Bearing Stand

The Stand is fitted with easy-rolling casters. *The Drive Wheel* is made extra heavy and is fitted with improved noiseless Ball Bearings, causing the machine to run easily. It is equipped with belt-retaining guard, which prevents the machine from becoming unbelted when it is closed.

The Take-up is positive, another worth-while feature. It has no springs to get out of order. It controls the thread perfectly on every kind of work, insuring even and perfect stitches.

The Needle Bar is round and made of highest grade steel, properly tempered. There are no springs to weaken or cause trouble.

The Needles are self-setting. The shank is flattened on one side and fits snugly into a groove in the needle bar.

A convenient 18-inch tape measure is printed on the sewing table.

The rim of hand wheel, face plate and similar parts are heavily nickel-plated to prevent rust.

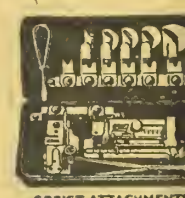
It you want a high-grade sewing machine at a low price, equipped with the most modern improvements, then get a Windsor B. It is a strictly high-grade, easy-running sewing machine.

Genuine Oak Five Drawer Windsor B

$30.85

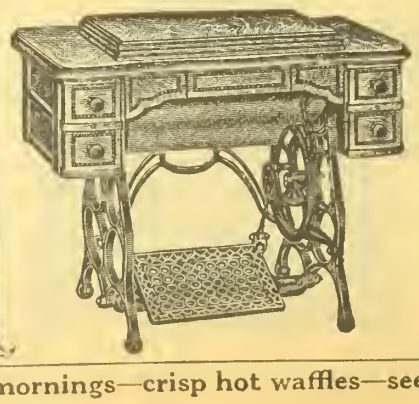
IT IS the sewing head that determines the life of any sewing machine. So confident are we each Windsor B head, that a written 20-year guarantee of satisfaction accompanies e machine as it leaves the factory.

Considering the low price of the model shown above, no one need be without a truly high gr sewing machine. The woodwork on this model is handsomely designed, genuine oak, finished rich golden oak color. A beaded panel design is shown on the drawer fronts. The five draw with their beaded panels and wooden pulls add to its artistic appearance. The drawer frames substantially built, with the side pieces mortised in and secured to the sides of the legs with elamps. The folding top is made of heavy quarter-sawed oak veneer and does not warp.



Has secret drawer in the front of the machine. Forms a convenient hiding place for needles, etc. In this drawer special slots are provided for the extra bobbins which we include with each Windsor B.

With each machine we send a complete outfit—a set of the best nickel-plated genuine Greist attachments in a neat velvet-lined metal case. With these you can do most any kind of sewing. We also furnish a full set of tools, accessories and an instruction book.



Our liberal 90-day trial offer is explained on page 709.

It's a Windsor B

$44.45

$37.85

Windsor B Six Drawer Model

A MARTHA Washington style cabinet with gracefully curved drawers. Made of beautifully figured quarter-sawed oak, finished in a rich dark golden oak color. The table (with curved front), table frame, drawer frames and head frame are made of solid stock, veneered with quartered oak. Drop front is decorated with an embossed border. Solid brass pulls add to the attractiveness of the roomy drawers. With this Windsor B machine we send a set of the best nickel-plated Greist attachments in a neat velvet-lined metal case. A full set of tools is also furnished and a convenient 18-inch tape measure is printed on the sewing table. Equipped with the automatic lifting device which automatically places the head in position whenever the top lid is lifted. Has the latest improvements to be had in Windsor B machines. A good all around machine at a decidedly low price. Guaranteed for 20 years. Sold on 90 Days' Trial.

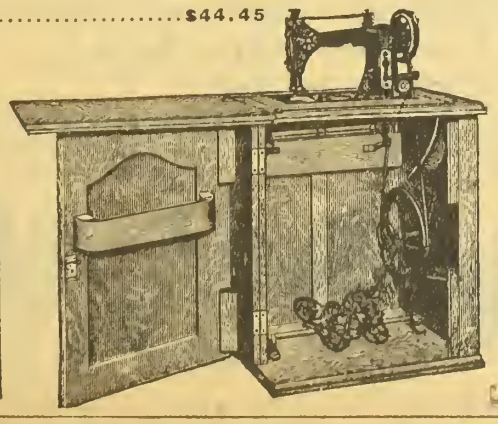
286 E 77—6-Drawer Model.
Price $37.85
Shipping weight, 120 pounds.

Shipped promptly from Stock at Chicago, from Warehouse in Harrisburg, Pa., or from Factory in Northern Illinois.

The Windsor B Automatic Lifting Device

Simply raise the cover, and the head and drop front swing up into position. When the sewing is done swing the cover back again and the head disappears into the walls of the cabinet. Very simple. Protects it from dust and dirt.

n Elegant Piece of Furniture One Moment -a Sewing Machine the Next!

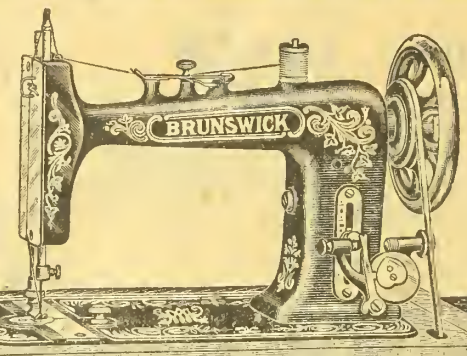


HE top lid, front and side panels are full quartered oak. Finished in an attractive golden oak color. The rest of the cabinet is solid stock. A quartered oak pocket for holding attachnts, etc., is fitted to the inside of door. The Drive Wheel runs on improved noiseless ball bearings. The treadle is accurately balanced and mounted on adjustable steel centers. All castings are securely anchored to the woodwork and will not work loose. There is hardly any vibration while the machine is in operation. Plenty of space for the knees while sewing. For a low priced parlor cabinet sewing machine, this Windsor B Model is, indeed, an excellent one. It does splendid sewing. When not in use, it can be closed, making an attractive desk or phonograph stand.

The Foot Form Treadle on the cabinet machine illustrated to left permits the feet to fit snugly on the treadle; gives them a sure grip, adding to the ease of operation.

Fitted with automatic lifting device. Has excellent Windsor B sewing head, which is scribed in detail on the opposite page. Guaranteed for 20 years, sold on 90 days' trial. r details of trial offer, see top of page.
6 E 93—Price Complete..... $44.45
Shipping weight, 140 pounds.

pped promptly from Stock at Chicago, from Wareuse in Harrisburg, Pa., or from Factory in Northern Illinois, according to location of customer.



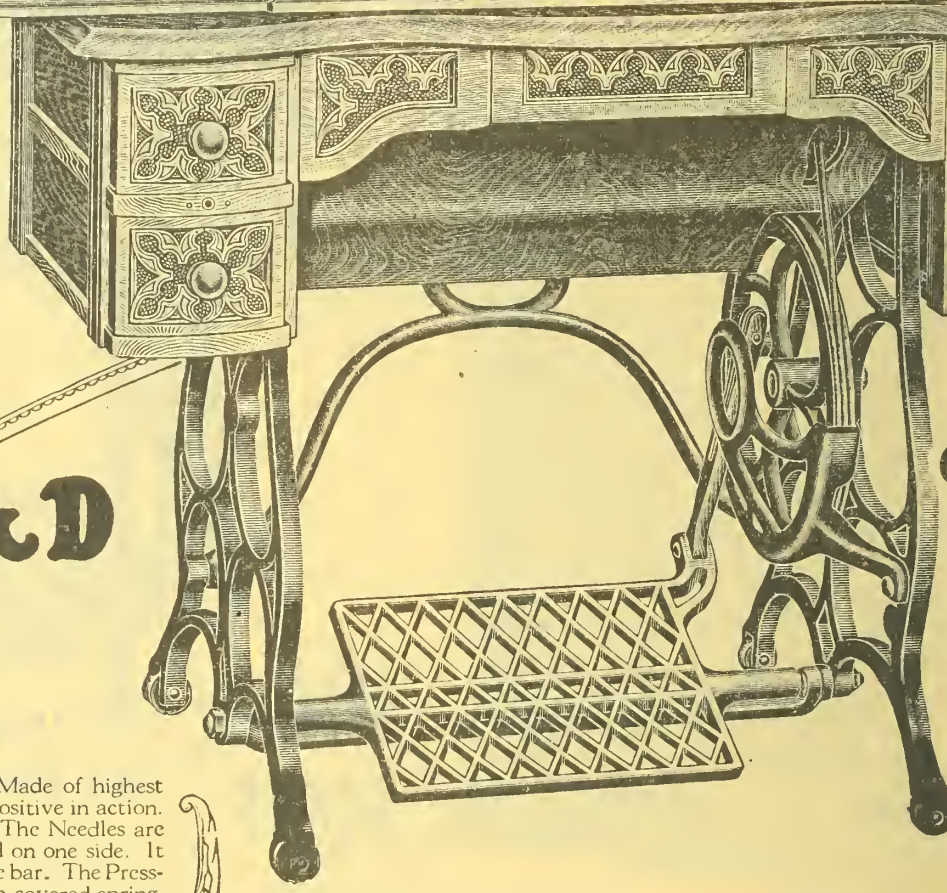
Windsor B Attachments and Supplies

In addition to the usual accessories, which nclude 12 needles, 6 bobbins, thread cutter, screw driver, gauge, oil can (filled), and illustrated Instruction Book, we furnish with each Windsor B Sewing Machine, a complete set of Greist Attachments, as follows: Ruffler, tucker, braider, 5 hemmers, special foot, under-braider, and shirring slide. Put up in a polished black japanned metal box.

LOW PRICE and Good Construction h... made this Machine famous a... one of WARD'S Big Values!

Our Lowest Priced Sewing Machine

OUR low-priced Brunswick meets every sewing machine requirement of the modern home. It is not equal in workmanship to our highest priced models, but will do excellent work and satisfy in every particular. It runs easily and makes the lock stitch, a stitch that is even and perfect. The working parts are of fine quality steel which, with proper care, will last a lifetime. The well proportioned Sewing Head is the high arm pattern, allowing easy handling of bulky materials. Rim of balance wheel, face plate, shuttle slides, presser bar, etc., are heavily nickel-plated.



$29.50

High Arm Sewing Head

THE Take-Up will control the thread perfectly. The Shuttle is self-threading, cylindrical in shape. Made of the highest grade steel. It is easily removed from the carrier for inserting the bobbin. The Shuttle Carrier holds the shuttle firmly in place by means of a spring lining and prevents it from rattling when the machine is in operation. The Tension, with convenient release, is placed on top of the sewing arm. The pressure on the thread can be regulated by a thumb screw. Has automatic Bobbin Winder and Stitch Regulator.

All Bearings are of hardened steel, properly fitted to minimize friction.

Genuine Oak—Five Drawer Brunswick Sewing Machine

The Brunswick D... Vibrating Shuttle Sewing Machine

THE Needle Bar is Round grade steel. Fits perfectly. Made of highest Positive in action. No springs to cause trouble. The Needles are Self-Setting. The shank is flattened on one side. It fits snugly into a groove in the needle bar. The Presser Bar is Round. Fitted with a cap-covered spring. Quickly and easily adjustable to different thicknesses of materials. The Presser Foot extends on both sides of the needle. It holds the goods firmly in place. The Feed is positive in action. It is operated and controlled by the main shaft. No springs used.

7-Drawer Model

Ball Bearing Drive Wheel

The Drive Wheel is made extra heavy and fitted with improved noiseless Ball Bearings, causing the machine to run easily. Equipped with belt-retaining wheel or dress guard.

THE woodwork is of an attractive design, the kind generally seen on much highe... priced machines. It has a solid plain oak frame and the top lid is of heavy built-u... quarter-sawed oak, handsomely finished in a dark golden oak color. The Secret of Good Dress-making Revealed!

A New and Fascinating Way of Using Your Spare Time

WOMEN everywhere are amazed at the remarkable new method that has made home dressmaking so simple. The sewing machine does all the work. Ten yards of plaited frills can be made in ten minutes. Ten yards of the finest tucks and cross tucks can be made in ten minutes. Enough trimming for an elaborate dress can be made in less than a quarter of an hour.

Don't confuse this new method with any other method you know anything about. It is entirely different. It is as tremendous an improvement over the old way of making clothes as the vacuum cleaner is over the broom. Women and girls who have never sewed a stitch before, are able, in no time at all, to make smart, attractive, well-fitting clothes for themselves.

Save Money on Clothes for the Whole Family

THIS new method of sewing is solving the clothes problem in many families. Because it is such a simple way of making clothes, and because it is so rapid, even the busiest housewives are making dresses, blouses and underthings for themselves and for their children.

Think what it means to be able to make attractive clothes for yourself. In the first place, you will be able to have a new dress whenever you want it. You will be able to adapt styles to your own figure and personality. And, best of all, you will be able to have all the smartest, newest frocks and blouses at just a fraction of the ready-to-wear cost!

Of course, you can see why this would be. When you make your own clothes they cost you only what the material costs. By this new method of sewing, a few yards of poplin ordered from this catalog can be transformed in an hour or two into a delightful new frock! No trouble, no fuss, no bother—just the simple matter of adjusting the sewing machine and guiding the material as it is rapidly transformed into tucks, frills, plaits and ruffles.

Amazing Results After a Few Lessons

Perhaps you do not realize that with your sewing machine there are various attachments that enable you to make the finest tucks, ruffles, plaits and even braided designs with lightning rapidity. What formerly took hours to do by hand, can now be done in a few minutes.

THIS new method of sewing is now being taught by mail to enthusiastic women all over the United States. Letters tell of wonderful results. After the second or third lesson some students make dainty collar and cuff sets, vestees, camisoles. After a few more lessons they begin to think about making a blouse or dress. Before they even realize it they are making, at only a fraction of what it would cost ready-made, clothes that are an actual delight to wear.

With Your Sewing Machine You Can—

—plait ten yards in ten minutes,

—sew on braid without basting,

—make perfect cross-tucks,

—make tucks on the finest materials,

—ruffle and shirr material without basting,

—apply a binding to an edge without basting,

—make ten different kinds of pretty trimmings.

A Modern Method for Modern Women

NO girl or woman who prides herself on being modern, progressive, is doing herself justice by failing to find out immediately all about this amazing new method of sewing. Think of the advantage of being able to transform an old blouse into a dainty creation in a short time! Think of being able to make a charming frock in a few hours before a party or dance!

The home that has no sewing machine is not perfectly equipped. The girl or woman who does not know how to use the sewing machine, how to make it work for her, transform materials into beautiful dresses, blouses and underthings, is deliberately sacrificing something that will be of value to her throughout her life.

IN addition to the remarkable time-and-money-saving features of the new method of sewing, you will be taught all essential hand stitches; textiles—their selection and use; how to know materials, and how to obtain harmony in line and color; how to plan the proper silhouette to accord with the latest fashion; how to obtain tailored effects; also the complete care and use of your sewing machine.

$45 Modern Dressmaking Course for $13.50

ANY sewing machine purchased from this catalog entitles the purchaser to this wonderful course of dressmaking at less than one-third of what it would otherwise cost—$13.50.

Pure Food Ceries

Why You Should Buy Your Groceries from Us

IF we were not daily supplying a superior quality of fresh, pure food Groceries at a price much lower than usually offered, we would not be able to boast of our hundreds of thousands of customers who regularly supply their table needs from this Grocery Catalog.

To the housewife who shops carefully, comparing quality and comparing price, this catalog will prove a welcome visitor. It will show her how she can procure better, fresher Groceries than she has been buying and yet save good, round dollars on her food bills.

With this Grocery Catalog, you need not merely **buy**, but you may **select** Groceries for your household. In many foods we have two, three or four grades offered under our private brands, each at a price representing the very best value obtainable. You can select both the **grade** and the **price**, to suit your particular needs.

If saving money on your food bill interests you, send for this Grocery Catalog. It is free and will be sent you immediately upon request.

Here's What Our Customers Say—

We are well pleased with the groceries ($23.25 order) we received from you and the prices are right. We saved enough after paying our freight to buy nearly two sacks of flour at $2.70 each.

John Schepp

Pardeville, Wis.

The groceries I received from you are satisfactory in every way. In quality they are not equaled by our grocery stores here. In price they are from 10 to 50 per cent less than we pay here for inferior goods. I have bought hundreds of dollars worth of groceries from Montgomery Ward & Co. and have no complaint to make on price or quality.

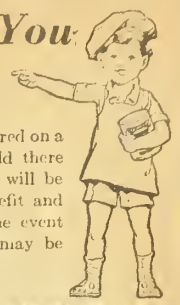
Alton B. Estes

Sidnaw, Mich.

I have traded with Montgomery Ward & Co. for quite a few years and I have yet to find my first complaint. I remain,

Frank A. Ohswaldt

Oconto Falls, Wis.



Our grocery order was filled promptly and received in a short time. The groceries are much better quality than we can buy in Indianapolis and we saved considerable on the price. The writer likes your way of doing business, always ready to make everything satisfactory. You surely give your customers a square deal. Hoping you will have a prosperous year, I am,

Herbert Sawyer

Maywood, Ind.

Improved Service Now

TWO years ago this company began a program of expansion and improvement. The object was to shorten the time between our merchandise shelves and our customers' homes.

Millions in Improvements Two new plants, one at Saint Paul and the other at Portland, Ore., have been constructed at a cost of several millions of dollars; new factories have been purchased and constructed and new equipment and systems installed in all our stores.

This new work will enable us to extend the good service and low prices which have given this company an enviable reputation for 49 years, to millions of new customers and improve our service to our old customers.

Low Prices Always Our method of merchandising—selling direct from factory or warehouse to customer—enables us to sell good merchandise at a lower price than is possible by any other system.

Deliveries Rapid Now Now we are not only able to make remarkably low prices, but to make prompt and proper shipments to any point. Quick delivery can be made either by freight, mail or express Freight is especially rapid. Customers living 300 to 500 miles from our stores, tell us that they frequently receive freight orders in from 24 to 48 hours after the order leaves our shipping room.

Big Enough for the Biggest Dinner of the Year

YOU know how hard it is to get a big meal on a little stove and there are times in every year when you are going to need a large stove. There are many times during the year when you need a really big stove.

IT is good economy to buy a "big enough" stove while you ar buying one. Then you will be ready for any occasion an needn't worry when you know there is a big crowd coming to meal. The **Amazon Windsor** is just such a stove.

THE **Amazon Windsor** is just the stove to handle all occasions. Big enough for the biggest dinner of the year yet always economical—cheapest in the long run.

Oven—Drop nickeled door. White enameled center; thermometer for registering heat. Oven will take the largest size roasting or baking pan. Large enough for any family, yet will handle small bakings quickly with a reasonable amount of coal.

Cooking Top—Made in three interchangeable sections. If so desired, the **Amazon Windsor** can be furnished with highly polished lids, centers and plates. See price table below. Requires no blackening. Turns dark blue when heated, always looks well. Two cyclonic lids over fire box. Three ordinary lids and one three-piece lid. All lids are made to accommodate either 8 or 9-inch cooking utensils, without use of any extra rings.

Fire Box—Very large. Made so because the range is intended to take care of the heaviest work possible. Duplex grate; burns either coal or wood. Size of fire box for coal, 18x9x5 inches. Take end linings out to burn wood and then takes 21-inch wood.

Warming Closet—Drop door type. Larger than ordinary—13 inches deep. Has two cast iron nickel-plated drop doors, with blue enamel centers. Nickel-plated brackets, white enamel splasher clear across back and on top. With doors down, depth of closet is 22½ inches. Takes 7-inch pipe

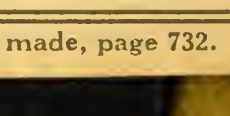
Base—Heavy cast iron—two front legs and front base strip are of smooth nickel pattern.

Body—Made of extra large pieces. Extra heavy. Ground perfectly tight; bolted and cemented together. Large swelled left end front; gives exceptionally strong draft when desired; one of the latest improvements in ranges. Helps to keep fire box linings from burning out.

Reservoir—Of heavy copper; is large and serviceable. Hol 28 quarts. Heats quickly and by contact. Plenty of h water at all times.

Nickeled Parts—Feed door, ash pit door, oven door, tov bar, reservoir panel, front base strip and two front le high closet brackets and doors, and back guard corne White enameled parts: Oven door panel, high-clos splasher back and back guard. Makes a very han some aad attractive stove.

Water Front—For heating range boiler. Weight, 17 pound Price, extra $5.50.



A stove is a difficult article for any family to buy because t real vital parts of every stove are inside, where they ca not be easily seen. It really becomes necessary for eve purchaser to depend largely on the reputation of t company selling the stove. We have no hesitancy guaranteeing the **Amazon Windsor.**

Cyclonic Lids Save Fuel

Heat must tra around ribs: st longer under lid fore slipping makes lid mu hotter; requires l nre; simple li thing but cuts f bill one quart Fully atented.

The Armada is the biggest, heaviest heating stove made, page 732.

Give the Prize to the Real Cook

BE sure of your stove. See that it's a good one—that it will not only help you bake the cake that wins the prize, but will help you turn out "three squares a day" with little trouble.

OF course, you're mighty proud when you bring home the prize. You've a right to be. But did you ever stop to think that a big share of the credit is coming to your stove?

ANY range will bake well when new. Many ranges are economical on fuel. People who consider these features only, will not buy an **Admiral Windsor,** but if you consider these and are also anxious to secure a range that will give you perfect satisfaction for the longest possible time, then you will consider the **Admiral Windsor**.

We firmly believe that this range will last a life time. This is a very strong statement to make and yet we believe we are right in making it. The **Admiral Windsor** is intended to be a stove of quality, and cannot be sold for one cent less than we ask. We believe that it is cheapest in the long run to own a range of such quality.

The firebox linings of the **Admiral Windsor** will burn out some day, but not very soon. It is a small matter to replace them. The fireback itself is guaranteed for ten years.

Oven—Drop nickeled door. White enameled center; thermometer for registering heat. Oven will take the largest size roasting or baking pan. Large enough for any family, yet will handle small bakings quickly with a reasonable amount of coal.

Cooking Top—Made in three interchangeable sections. If so desired, the **Admiral Windsor** can be furnished with highly polished lids, centers and anchor plates. See price table below. Requires no blackening. Turns dark blue when heated, always looks well. Two cyclonic lids over fire box. Three ordinary lids and one three-piece lid. Constructed so that either 8 or 9-inch cooking utensils can be used in the same hole—no extra rings.

Fire Box—Very large. Made so because the range is intended to take care of the heaviest work possible. Duplex grate; burns either coal or wood. Size of fire box for coal, 18x9x5 inches. Take end linings out to burn wood and then takes 21-inch wood.

Warming Closet—Extra deep, has two drop doors—13 inches deep. Double the closet room—big enough for extra large platters. Nickel trimmed. White enameled splasher. Full height. Nickeled brackets, and doors with blue panels. Takes 7-inch pipe.

Base—Heavy cast iron with nickel inserts in center of base and legs. (none in back base strip) Very attractive design. Easy to keep clean. Always looks well.

Body—Made of extra large pieces. Extra heavy. Ground perfectly tight; bolted and cemented together. Large swelled left end front; gives exceptionally strong draft when desired; one of the latest improvements in ranges Helps to keep firebox linings from burning out.

Reservoir—Large enough and serviceable. Holds 28 quarts. Heats by contact. Plenty of hot water at all times.

Nickeled Parts—Inserts in front base and legs, feed door, ash pit door, oven door, towel bar, reservoir panel, closet brackets and doors, and back guard corners. White enameled parts: Oven door panel and closet splasher. Blue enameled parts: Closet door panels. Makes a very handsome and attractive stove

Water Front—For heating range boiler. Weight, 17 lbs. Price, extra, $5.50.

Cyclonic Lids Save Fuel

Heat must travel around ribs, stays longer under lid before slipping off, makes lid much hotter; requires less fire, simple little thing but cuts fuel bill one-quarter. They are fully patented

Prompt shipment of the Admiral Windsor range can be made from Factory in Northern Indiana.

The Bonnie Blue Windsor chases the blues away—Page 721.

Wholesome Food Makes Healthy Children

YOU'VE seen 'em come a' running—mealtime is the big time of the whole long day. And mother is just as glad to see them as they are to see her. She knows what keeps them healthy and happy—good food. Only healthy children rush to meals.

THE best of food can be cooked only on a stove that is right You can't get the best out of food, either in taste or foo value, without a good stove. It's the most importan article in any home. Select it carefully.

THE **Artisan Windsor** is not only a well-made high-grade cast iron range, but a real beauty in appearance. Big wide pieces of white enamel and flat nickel in a plain Colonial design give it a very attractive appearance. It is a massive, handsome stove—exceptional quality—exceptional attractiveness all in one. The combination of smooth flat nickel with white porcelain enamel centers make a very attractive stove and one that will be a joy to work with.

Oven—Big in every way. Its real baking value can be proven only in your own kitchen. You can depend on one thing—it will bake just as perfectly ten years from now as it does today. Nickel plated iron door with white enamel center. Windsor thermometer registers heat. Cool wooden handle.

Fire Box—Duplex grate, one side for coal, other for wood. To change from wood to coal, just turn the grate over. Burns any kind of coal, wood or cobs. Size for coal—18x9x5 inches. Will take 21-inch wood, with end linings out.

Fire Back—Is of patented lug design—will outlast any other fire back made. To prove our faith in it we will furnish a new fire back free if it burns out within ten years.

Cooking Top—Has loose plates, can be changed around—more than double life of the top. Two cyclonic lids, one three-piece, and three plain. All lids are made to accommodate either 8-inch or 9-inch cooking utensils, without the use of nny extra rings.

Polished Top—The cooking plates, lids and centers can be furnished highly polished. No blackening—turns blue when heated—stays that way. Big labor saver. See price table below.

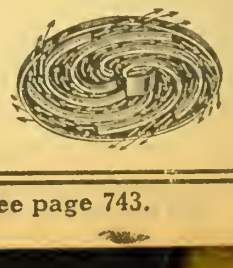
Reservoir—Heats by contact—is of heavy copper tinned on iuside—holds 28 quarts.

Warming Closet—Is highly nickel trimmed—attractive appearnnce. Very serviceable shelf between warmi closet and cooking top. Takes 7-inch pipe.

Base—Four cast iron legs with steel base strips. Two fro legs and front base strip are nickel-plated—smoo desigu.

Nickel Parts—Towel bar, long feed door frame, oven do frame, thermometer rim, reservoir front frame, fro base strip, two front legs, upper and lower closet brac ets, closet bnnds, name plate and upper closet corne

Enamel Parts—Center of long feed door, oven door, reserv front and lower closet back underneath shelf.



268 E 4198 — Water Front—Can be furnished heating range boiler. Weight, 17 lbs. Price, extra.. **$5.5**

If you require an extra large, heavy, massive range, that stand the hardest kind of work, our advice is to buy **Artisan Windsor.** You will not be disappointed.

A Favorite for Four Generations

YOU often hear grandmother say things are not as good as they used to be—they don't use as good materials or careful workmanship nowadays. But she doesn't mean our **Advance Windsor** stove.

WARD'S **Advance Windsor** is made today from exactly the same materials and in exactly the same way as when it was first manufactured over fifty years ago. And it's getting more popular every year.

The **Advance Windsor** is a very plain stove. There is not a nickel's worth of unnecessary trimming on it. It is all stove—made to work hard and long.

The **Advance** is the oldest stove in our catalog. It may be old-fashioned in style, but like a great many people we know, it's old-fashioned in reliability, too. And for those who want quality, the good old-fashioned kind that never failed—here is the stove to buy.

The secret of this old-fashioned stove is that its all cast iron body is fitted together entirely by hand. This means that no casting is injured because of being forced, and that all parts are made so accurately that they are easily put together. And in fitting the stove by hand, it is easy to detect and make over any defective parts. All this means that when you get an **Advance Windsor** you are getting a perfect stove and a range that will give life-long service.

Oven—Extra deep—20 inches. Big, roomy and yet a perfect baker in every corner. Massive, drop door, lined with steel, keeps heat in—takes less fuel.

Cooking Top—As large, if not larger, than any range made. Loose key plates which double life of top. Extra heavy lids—combination 8 and 9-inch pot holes—use no extra rings; one 3-piece, two cyclonic, and three plain. The lids and plates of the cooking top can be furnished polished if desired. See price table below. Turn blue when heated—require no blackening—a wonderful labor saver.

Firebox—The fireback cannot be equalled—made to last. To prove our faith in it we guarantee to send a new fireback free if it burns out within ten years. Size for coal, 18x9x5 inches. Takes 21-inch wood with end linings out.

Duplex Grate—One side for coal, other for wood. To change fuel merely turn the grate over. Big, sharp lugs for grinding clinkers. Burns any fuel that is burnable. Fire it as hard as you wish—you can't hurt it. It is one of the few ranges which will stand steady firing with cobs or lignite coal.

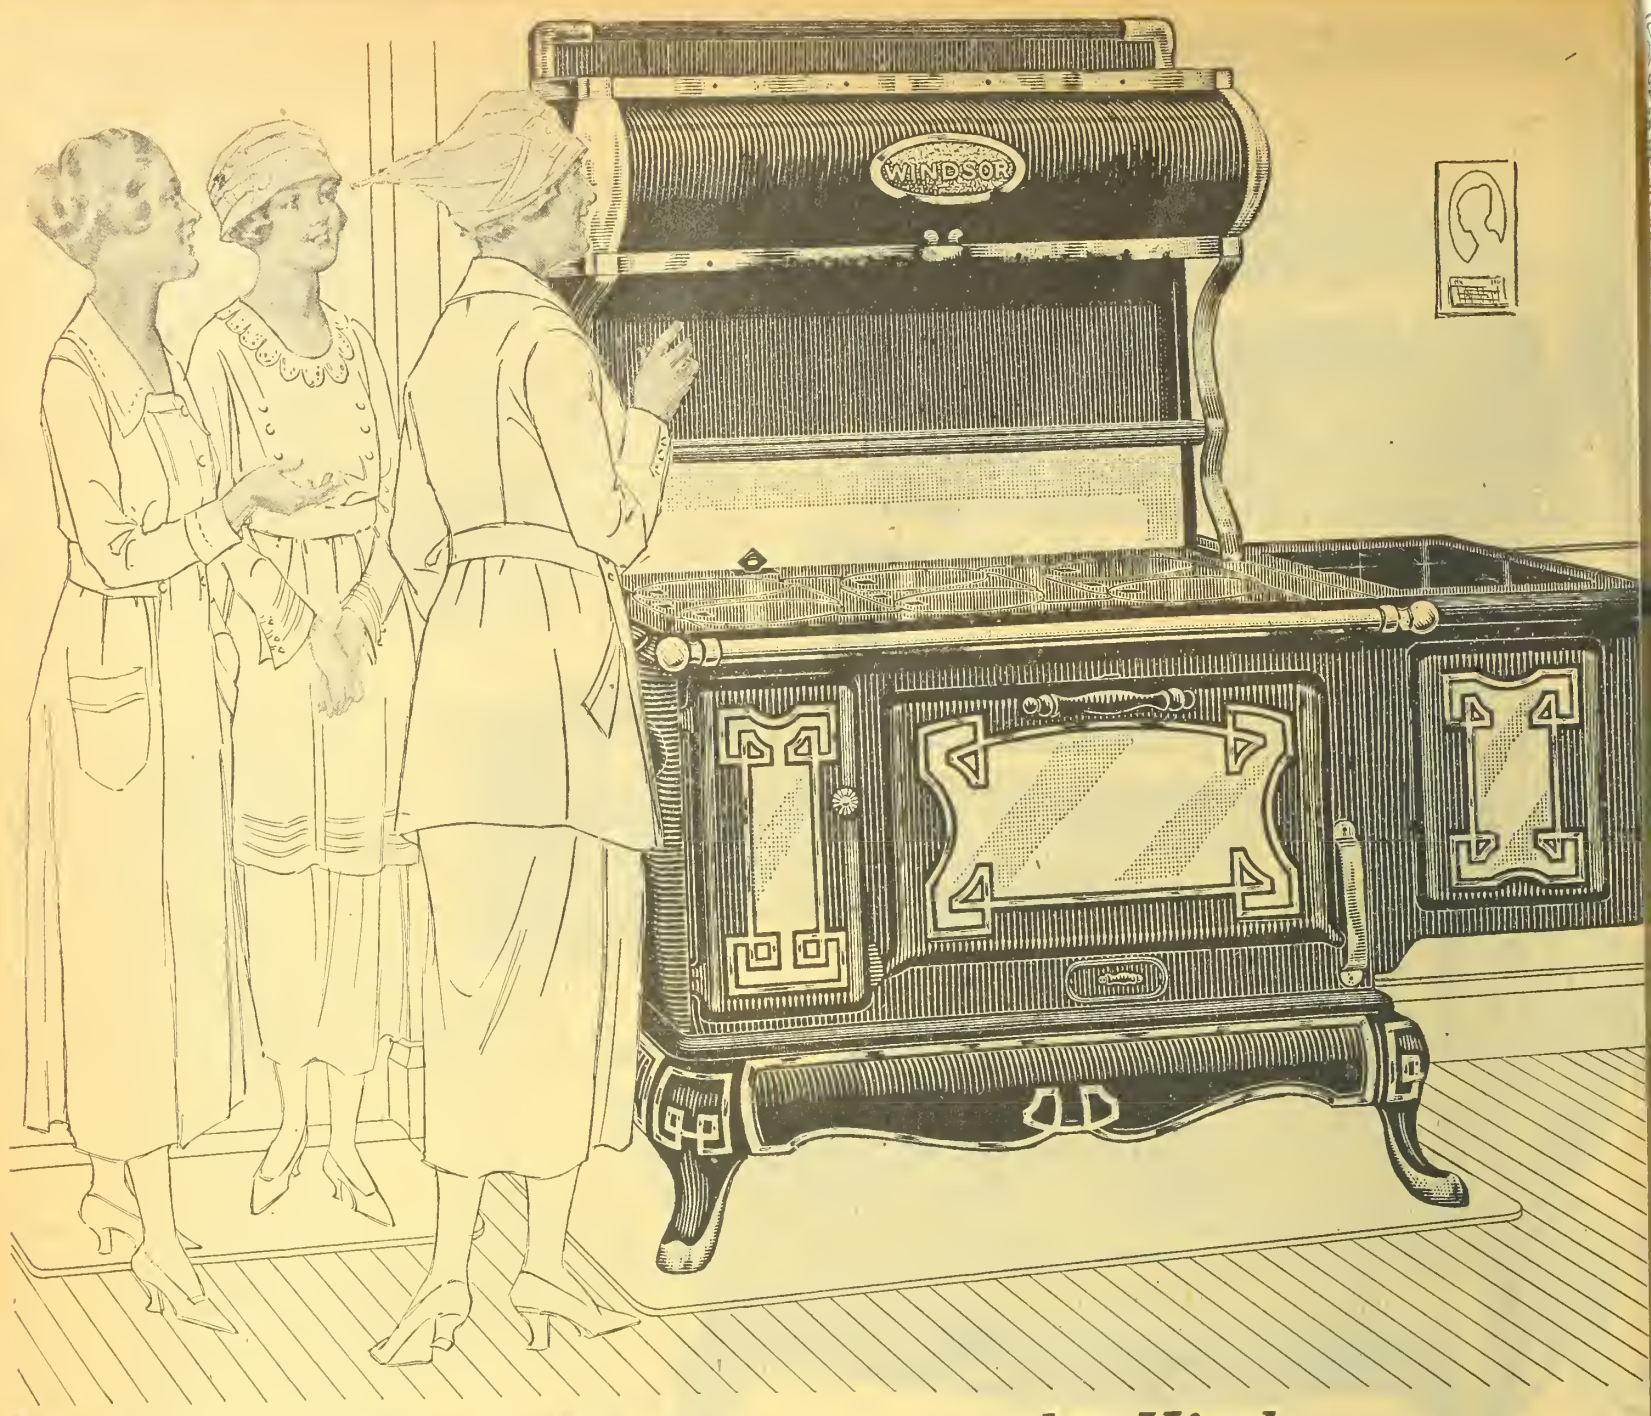
Flues—Extra deep—made for quick baking. Every joint fitted by hand in the old-fashioned way—not merely filled with stove putty which soon dries up and causes leaks.

Reservoir—Holds 28 quarts. Of heavy copper, tinned on inside—heats by contact.

Water Front—Can be furnished for heating range boiler. Weight, 17 pounds. Price, extra, $5.50.

Warming Closet—Nickel brackets, bands, name plate, door handle, and upper corners. Serviceable shelf, 34 inches wide, 6 inches deep, between warming closet and cooking top—white enamel underneath; shelf folds back when wash boiler is used. No pipe in front, which always was a regular dirt catcher. Takes 7-inch pipe.

Cyclonic Lids Save Fuel



Grooves hold heat under lid much longer. Makes it much hotter. Requires less fuel.

The Brightest Spot in the Kitchen

NATURALLY, a woman wants every part of her house to be as attractive as good taste can make it and nowadays that includes the kitchen too, and of course the most important thing in the kitchen is the stove.

NEARLY every woman wants a good stove that is attractive in appearance. She wants a stove that is good looking as well as good cooking—one that will be not only usable, but an ornament to her kitchen.

OF COURSE you would never buy a stove for looks alone, but you might just as well have one that you will be proud of. Work in the kitchen is hard enough without having to look at an unattractive stove.

And it is so easy to get a good looking stove that is both economical and practical. The stove illustrated above may truly be the joy of any housewife who takes a great deal of pride in her kitchen.

This is our **Black Beauty Windsor**—one of the most attractive stoves in our line.

A beauty—yes—but a beauty in performance as well as looks. It is not only the best looking, but also one of the best cooking stoves ever made.

Design—Something very unusual—a narrow, raised nickel-plated band or ribbon effect built in the iron, against a glossy black baked Japanned back ground. No wide pieces of nickel to polish. Doors, reservoir, front, base and legs coated with a special black baked-on Japan—no blackening. Center of oven door, fire door and reservoir front, white enamel. This design makes a stove that is a delight to everyone who sees it. It will be more than a delight to you—it will be a wonderful labor saver.

Body—The success of our **Artisan Windsor** proved to us the value of extra thick castings, extra braced. The **Black Beauty Windsor** is built the same way. It is not intended to be as large nor as massive as the Artisan or Amazon Windsor but the quality is the same.

Oven—Full 18 inches wide, 18 in. deep and 12 in. high—big deep flues make it possible to heat up in a hurry. Drop cast iron door—**Windsor** thermometer—cool wooden handle. Test out its baking qualities in your own kitchen—satisfy yourself; if it doesn't do absolutely perfect work send it back. It's made to do it—if it doesn't—don't keep it a minute.

Cooking Top—One three-piece lid—two cyclonic and three regular lids. Cyclonic lids weigh 5¾ pounds—regular lids, 4½ pounds. Constructed so that either 8 or 9-inch cooking utensils can be used in the same hole—no extra rings.

Entire cooking top surface can be furnished highly polished if desired. See price table below. Requires no blackening. Turns blue when heated.

With each stove is furnished an end shelf, made to be dis towel holder as well—fits on end of reservoir—makes an extr long top—52 inches—lots of room for cooking utensils.

Fire Box—Extra deep so you can keep it only ½ full and ye have plenty of heat—it's an overloaded fire box tha burns out linings, warps and cracks lids besides burnin twice the fuel it should. The size is 8 inches wide, 1 inches long and 5 inches deep. With end linings ou burns 17-inch wood.

Duplex Grate—One side for all kinds of hard or soft coa other side for wood—to change fuel simply turn gra over.

Reservoir—Made of heavy copper, tinned on inside—hea by contact—extra large—holds 28 quarts—always lo of hot water.

Warming Closet—Same as used on **Artisan Windsor,** 9 inches high—13 inches deep—much larger than usu closet. Nickel-plated brackets and corners. Stron serviceable tea shelf 5½ inches wide—white enam underneath where the grease hits—easy to keep clea Pipe is behind where it ought to be—pipe in front is regular grease and dirt catcher. Takes 7-inch pipe.

Water Front—For heating range boiler used in place front lining. Weight, 11 pounds—Price, extra, $5.50.

Shipment from Factory in Northern Indiana.

Bonnie Blue Windsor

$122.50

$5.00 Down—$10.00 Monthly

THE Bonnie Blue Windsor shown at the right is our highest grade blue porcelain cast iron range. It is not only a handsome and durable range, but when you think how many hours of hard work you waste in blackening a range, you will find it a great labor saver. If you desire we will gladly sell you on easy payments of only $5.00 cash and $10.00 monthly. Isn't it better to buy the best on monthly terms than a cheap stove for all cash? It's far cheaper in the long run.

Body—The entire body of the Bonnie Blue Windsor, with the exception of the door linings, is made of cast iron. The right and left cast iron ends, the entire front and the reservoir front panel are porcelain enameled in a light blue.

Oven—is full 18 inches wide, 18 inches deep, and 12 inches high. Guaranteed to be a perfect baker. Only a test in your own kitchen will prove what this range can do. The oven door is nickel-plated cast-iron, with blue enamel steel insert, and is equipped with our regular Windsor Thermometer.

Fire Box—is just the right size for a range of this weight and size, 8 inches wide, 15 inches long and 5 inches deep. The fire back is made in two pieces. It has a Duplex Grate, one side for wood, the other for coal. With the end linings out, this fire box will take 18-inch wood. Takes 7-inch pipe.

Cooking Top—is fitted with two cyclonic lids, one 3-piece reducing lid and three regular lids either 8 or 9 inch. The cooking top can be furnished with highly polished finish for $3.00 extra—saves labor.

Reservoir—is of heavy copper, heated by contact. Holds seven gallons.

Base—is entirely of cast iron; side and back base strips and back legs are black Japanned, making a base that is extremely attractive.

High Closet—has a cast iron front; cast iron doors with blue enamel insert. Balance of closet is highly finished in black Japan with white enamel back. Closet is exceptionally deep; door is drop-down type, giving extra shelf room.

Height, floor to cooking top—31 inches.
Extreme height to top of high closet, 63 inches.
Size of top with reservoir, 25x52.
Size of top without reservoir, but with end shelf, 25x40½.
Shipping weight, with reservoir, 550 lbs.
Shipping weight, without reservoir, 475 lbs.

American Beauty Windsor

$132.00

$5.00 Down—$10.00 Monthly

THE American Beauty Windsor shown at the left is the highest grade blue porcelain steel range it is possible to build. In three years this stove has grown to be the fastest selling range in our catalog. Not only a beauty in appearance, but built to settle the stove question for all time. Sold on easy terms if desired—only $5.00 cash and $10.00 monthly.

Body—The entire front is one solid piece of cast iron. Ends, back and bottom are made of enameled steel. This heavy front holds the steel sides and oven tightly in place—gives extra strength—prevents leaks. This cast iron front is enameled. Base strips are steel—front one, nickel plated, end ones, enamel—back one, black Japan. Extra large oven, 20 inches wide, 20 inches deep, 12½ inches high.

Cooking Top—Loose anchor plates—can be moved from one section to the other, doubles life of top. Two cyclonic lids, one three-piece and three plain, either 8 or 9 inch. The entire cooking top can be furnished polished if desired, for $3.00 extra; turns blue when heated.

Fire Box—18 inches long, 8½ inches wide, 6½ inches high. End linings can be taken out and fire box will burn 23 in. wood. Fire back is in three pieces.

Reservoir—is of heavy copper, tinned on inside. Holds 7 gallons. Don't fail to keep water in it when fire is going.

We can furnish this stove with pouch feed, if desired, for $4.50 extra.

High Closet—Drop door type, cast iron frame, extra deep.

Blue Bird Windsor

$127.00

$5.00 Cash, $10.00 Per Month

THE Blue Bird Windsor will be the talk of the neighborhood. High grade enamel ranges have been so very successful and there has been such a big demand for them that we have decided to add another one to our line. For the first time, we are showing this Blue Bird Windsor. In attractiveness, it is unsurpassed—its baking qualities are excellent. You really couldn't want a better range.

Body—With the exception of the door linings the entire body of the Blue Bird Windsor is made of the best grade of pure cast iron. The left and right ends, the whole front, and the reservoir front panel are enameled in a light blue with pure white centers. Nothing to blacken or to clean—just wipe off with a damp rag.

Oven—Is 18 inches wide, 18 inches deep and 12 inches high. Equipped with our regular Windsor Thermometer.

Fire Box—Much of the success of this stove is due to its well built fire box. A fire box that causes no trouble in keeping a fire. The size is 8 inches wide, 15 inches long and 5 inches deep. The fire back is made in two pieces. Equipped with our Duplex Grate—one side for wood, the other for coal. Will take 18-inch wood if the end linings are removed.

Cooking Top—The cooking top is furnished with two of the fuel-saving Cyclonic Lids, one three piece reducing lid, and three plain lids—either 8 or 9 inch—all very heavy and made for a long life. The entire top can be furnished in a highly polished finish which will cost $3.00 extra.

Reservoir—The reservoir is of heavy copper, tinned on the inside. Heats by contact. Holds seven gallons.

Base—Is entirely of cast iron; end and back base strips and two back legs are black Japaned finish.

High Closet—has a cast iron front. Blue enameled cast iron doors with white enameled steel insert. The balance of the closet is highly finished in black Japan with white enamel splasher back. Height of stove, floor to cooking top—31 in. Extreme height of stove to top of high closet, 63 in.

Size of top with reservoir, 25x52 inches.
Size of top without reservoir but with end shelf, 25x40½. Size pipe collar, 7 in.
Ship. wt., with Reservoir, 575 lbs.
Ship. wt., without Reservoir, 500 lbs.

Belvedere Windsor

$99.50

$5.00 Cash, $10.00 Per Month

THE Belvedere Windsor shown at the right is a semi-porcelain cast iron range—the front legs, base strip, feed and oven door and reservoir front panel are of blue porcelain enamel while the balance of the body is of black finish Japan. Makes a beautiful range and less expensive than the all porcelain. Sold on easy terms, if desired, $5.00 cash and $10.00 monthly.

Body—The Belvedere Windsor is made of the highest grade of pure cast iron.

Oven—There was never a better baking oven made than this one. This oven is perfect. It is of generous size—18 inches wide, 18 inches deep and 12 inches high. The oven door is cast iron, porcelain enameled blue with an attractive pure white enameled steel panel. Equipped with our regular Windsor Thermometer.

Fire Box—Much of the success of this stove is due to its well built fire-box—two piece back and one piece front. A fire-box that causes no trouble in keeping a fire. The size is 8 inches wide, 15 inches long and 5 inches deep. The fire back is made in two pieces. Equipped with our Duplex Grate, one side for wood, the other for coal. Will take 18-inch wood if the end linings are removed.

Cooking Top—The cooking top is furnished with two of the fuel-saving Cyclonic Lids, one three piece reducing lid, and three plain lids—either 8 or 9 inch—all very heavy and made for a long life. The entire top can be furnished in a highly polished finish which will cost $3.00 extra.

Reservoir—The reservoir is of heavy copper, tinned on the inside. Heats by contact. Holds seven gallons.

High Closet—Has a cast iron front—nickel plated cast iron doors with blue enameled steel insert. The balance of the closet is highly finished in black Japan with white enamel splasher back. Nickel plated cast iron brackets. Closet is extra deep. Door is drop-down type, giving extra shelf room. Height of stove, floor to cooking top—31 in. Size of top with reservoir, 25x52. Size of top without reservoir but with end shelf, 25x40½.

Size of pipe collar—7 in.

Ship. wt., with Reservoir, 565 lbs.

Shipped from factory in Northern Indiana.

The Armada Windsor is the Giant of all Heating stoves—Page 732

To Keep a Man Happy—Feed Him

YOU know the old saying—and it's true—but all the same it is quite a job when you've got to feed him three times a day, year in and year out. It takes food, and skill, and a mighty good stove.

A HOUSEWIFE has no holiday, nor does she get a vacation. Three times a day — morning, noon and night, there is some one waiting to be fed. When visitors come, there is extra work. She takes pride in her work. It means a whole lot to get through preparing a big meal and know that it is just a bit better than anyone else could have done. Of course, not everybody has a **Batavia Windsor.** But it won't be long until the **Batavia Windsor** will be just as well known as our Advance Windsor. It is a range that will make it easy for you to entertain your guests.

The **Batavia Windsor** is made to enable you to get more out of life. You may possibly think that a stove cannot do this, but after all there is not a more useful thing in the world than a stove. A good stove can bring a lot of happiness, just as sure as a poor one can certainly cause a lot of trouble.

With the **Batavia** in your kitchen you can always be sure of not only keeping the men folks satisfied but make a reputation for yourself among your friends as a wonderful cook.

THE best way to keep the men folks happy—and the easiest way to keep happy yourself, is to have a good stove to help you. Be sure of your stove and your house will run smoothly.

We take pride in pointing out that the design of the **Batavia** is decidedly original. There is not another like it. It is a range that is distinctive and is one that is very attractive. There are no old-fashioned carved designs, or dirt-catching scrolls that always require so much work to keep clean.

Design—The **Batavia Windsor** is of perfectly plain design. The openings in ash pit door, oven door and reservoir panel, are white enamel steel. The cast iron of these parts is baked black japan, doesn't have to be blackened. The jet black and white enamel makes a very pleasing contrast.

The base is a combination of nickel and baked japan design. The nickel is about ½-inch wide, raised about one-eighth inch. Legs have a large, round, highly polished, nickel-plated center and lower edges; the balance black japan. Base all cast iron.

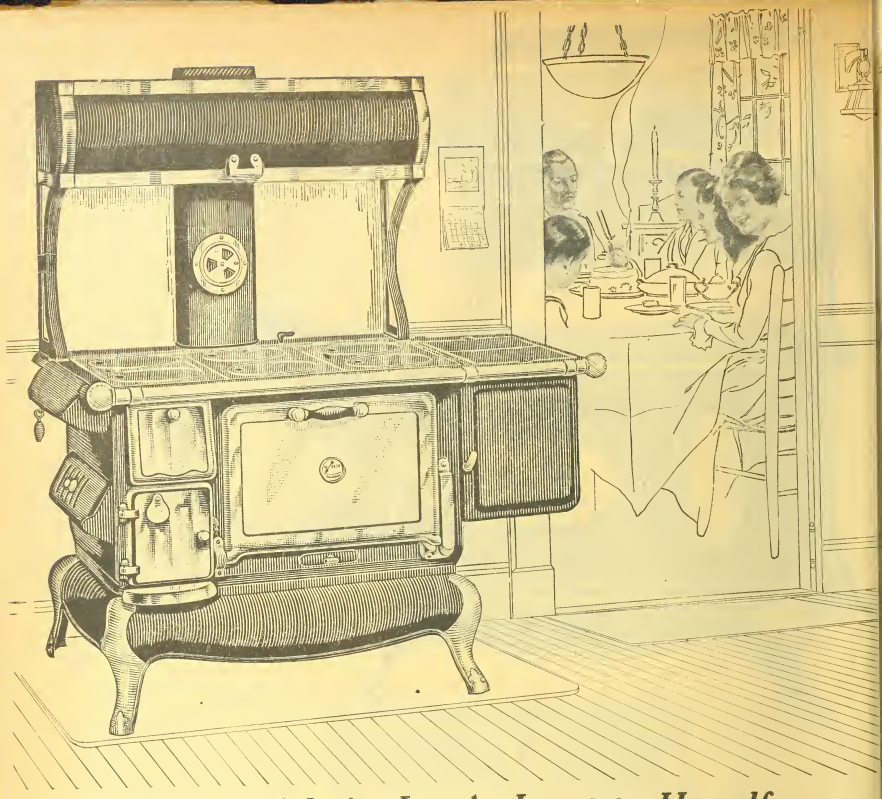
Oven—Full 18 inches wide, 18 deep and 12 high. The only way to prove the baking qualities of any range is to try it in your own home. We will be glad to have you put the oven in our **Batavia Windsor** to any test. The oven door is of heavy cast iron with a wooden handle, white enameled steel panel in center. The thermometer registers the exact amount of heat in the oven.

Water front—For heating hot water boiler, $5.50 extra.

Body—Made entirely of cast iron with the exception of steel panels in doors, and the reservoir. This iron is made in a stove foundry which has been producing this particular grade for 37 years, and in that length of time it has proven the quality of the iron, not only to a very large number of stove users, but to other manufacturers of stoves. Size of firebox, 8 inches wide, 15 inches long, and 5-in. high; with end linings out takes 17-in. wood.

Cooking top—Large enough for an ordinary family. Has two cyclonic lids, one three-piece lid and three regular lids. This range can be furnished with a highly polished cooking top, if desired. Requires no blackening. When heated it turns blue and can be cleaned with an oily rag. See price table below. The lids on this stove are combination 8 and 9-inch—that is, either size of cooking utensil will fit in the same hole—no extra rings.

Reservoir—Has cast iron top with lids of cast iron japanned and white enamel steel front panel. The reservoir itself is made of heavy copper, tinned on inside, and holds 28 quarts. The end of the reservoir is covered with a piece of black japanned steel. This reservoir heats by contact. Water heated quickly.



Warming Closet—A warming closet should be made large enough to be of real value. We have, therefore, made the closet on this range 13 inches deep. The brackets, name plate, handle and corners, steel bands, back guard corners are nickel-plated. Underneath the lower shelf is a white enameled splasher back. Is much easier to keep clean than ordinary steel. The pipe comes up behind the closet—a pipe in front is a dirt catcher.

The Armada Windsor is the highest quality heating stove—page 732

Mother Admits It—At Least to Herself

MAYBE your family thinks you're the best cook in the world—and probably you are, at that—but after all, don't you really own up to yourself that it's the *stove* that has helped you *most?* It's the *stove* that makes it *possible* for Mother to do her best cooking.

A GOOD stove is as necessary as good foods, in the making of good meals. Choosing the right one is a matter of prime importance to every member in the family. But it is doubly so to Mother who has to do her own cooking. She admits it—at least to herself.

THE Baltic Windsor is the kind of stove *you* will want. It is not the heaviest—nor is it the lighes —it is not the most attractive—nor is it the plainest; it is a substantial, well made cast iron stove, iust enough nickel and enamel to make it attractive. It is not nearly as heavy as our Advance or Artisan Windsors, but it will require considerably less fuel than either of these stoves. The top is lighter; in fact, all of the castings are lighter and yet we feel satisfied that it is not too light to stand hard service.

Body—Is cast iron made of only pure grey iron castings throughout. It has not been cheapened by being made of part scrap iron, a method so often used to cheapen stoves. Has every modern improvement of the highest quality range. It is built for the average kind of usage and at the same time is exceedingly economical on fuel. Not handsome, but very neat in appearance. All of the cast iron parts are perfectly smooth; easy to clean. It will end your stove worries for a great many years to come. It is large enough for any average size family and yet can be used to advantage by the smallest family.

Cooking Top—Including the lids and anchor plates, has been reinforced on the under side to prevent warping. Cooking top is full sized, both in depth and length. If so desired, we can furnish plates and covers in highly polished finish. See price table below. Turns blue when heated—saves blackening—saves work.

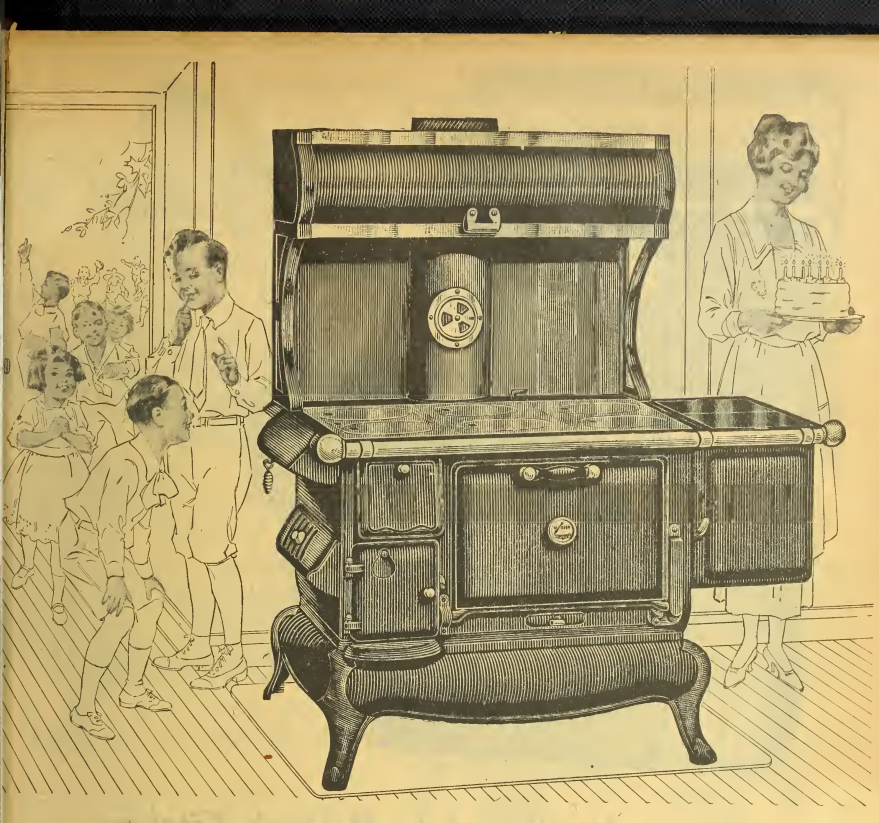
Fire Box—Made to fit the size of the range. Will burn coal or wood satisfactorily. Takes 22-inch wood. For burning coal, is furnished with end linings making the fire box 15x7x7 inches. Has duplex grate, exceptionally heavy weight; one side for wood, the other for coal. Fire back linings are constructed so that they will stand heavy firing. The grates operate very easily. Breaks the clinkers easily. In starting fire the kindling can be lighted through a slide draft in front.

Oven—Made square. Heat circulates around every corner of the bottom. Has welded wire oven rack. Oven door is of exceptionally heavy cast iron. Nickel-plated frame, white porcelain center with our regular Windsor Thermometer to register the heat at all times.

Reservoir—Of heavy cast iron, white porcelain lined on the inside. Holds 24 quarts. Easily removed for cleaning. Has double cover set in a heavy cast iron frame. Heat circulates all around. Insures plenty of hot water when ever wanted.

High Closet—Is made of polished steel. White porcelain back, easy to keep clean. Vastly improves the appearance of the range. All nickel trimmings highly finished; in fact, all the nickel on the entire stove is of exceptional quality. Long towel bar running full length of the stove.

Pouch Feed—Left end of the stove has pouch feed for feeding coal if so desired. Draft doors are all machine fitted. Enables fire to be held perfectly overnight. A more economical stove on fuel could not be built.



268 E 4082 Water Front—For heating range boiler can be furnished for $5.50 extra. Weight, 17 lbs.

Shipment

Will be made promptly from a large Stock carried at the Factory located in Northern Indiana.

Leave It to the Kids to Know a Good Cook

WHY is it that the kids like to go to Johnny Jones' house to a party? Because Johnny Jones' mother makes "the best cakes in the world," for she has "the best stove in the world." And that counts for a good deal now-a-days.

IF you want the reputation of being a good cook be sure to get the right stove. Such a stove as the Bon Ton will enable you to do your best and make your meals the kind that the kids—and the grown-ups too—can't get enough of.

MOTHERS, having the cares and worries of children, know what it means to have a range that causes little or no bother. When the stove is working right, mother has more time and is always in a better mood with the family. Children like their mother to be cheerful and playful with them. Mother can't be this way, if her stove is constantly needing her attention, and refusing to help her. Because the kitchen range plays such an important part in a mother's life, it should play the part well. Women who are lucky enough to have a **Bon Ton Windsor** in their homes can thank their stars—they have a real trouble saver. They know that they can rely on this faithful range to give the best service with the least amount of care.

The **Bon Ton Windsor** is just a little smaller than the largest size range. For most families this is the ideal range. If your requirements are not large, there is no stove which we could recommend more highly than the **Bon Ton.** We are sure that every **Bon Ton** sold has given perfect satisfaction.

In design it is a very plain stove. Trimmings are really not essential to the cooking qualities of the range and by leaving them off we save you a considerable amount of money. This is decidedly a range for those people who believe in getting full value for their money.

Cooking Top—Including the lids and anchor plates, has been reinforced on the under side to prevent warping. Cooking top is full size, both in depth and length. If so desired, we can furnish plates and covers in a highly polished finish. See price table below. Turns blue when heated—saves blackening—saves work.

Fire Box—Made to fit the size of the range. Will burn coal or wood satisfactorily. Takes 22-inch wood. For burning coal, is furnished with end linings, making the fire box 15x7x7 inches. Has duplex grate, exceptionally heavy weight: one side for wood, the other for coal. Fire back linings are constructed so that they will stand heavy firing. The grates operate very easily. Break the clinkers easily. In starting fire the kindling can be lighted through a slide draft in front.

Body—All cast iron of medium weight. Joints are hand ground and tightly bolted. Prevents loss of heat.

Warming Closet—Conveniently large. Balanced roll steel door. Takes seven-inch pipe.

Oven—Broad and deep; built for service. Door drops down. Accurate thermometer takes guesswork out of baking.

Base—Entire base and legs are of heavy cast iron.

Nickel Parts—Check register, knobs, high closet bands, towel bar.

Reservoir—Cast iron, white porcelain lined. Removable for cleaning. Holds 24 quarts.

Water Front—For heating range boiler. Add $5.50 to prices given below. Weight, 17 pounds.

Shipment from Factory in Northern Indiana.

There's No Place Like Mother's Kitchen

AFTER all, isn't Mother's kitchen just about the finest place in the world? And Mother's cooking the finest in the universe? No matter how much you may have traveled, or how fine a home you have acquired of your own, aren't you always glad to get back to Mother's kitchen—and pies, an' doughnuts, an' ever'thing, "like mother used to make"?

BUT the most important thing in Mother's kitchen is her stove Don't forget that—it's a good stove that's necessary in an kitchen. Even Mother couldn't do her best without it. Neithe can you nor anyone else. If you want your children to have plea ant memories of Mother's kitchen, be sure to get a good stove— **Monarch Windsor** will fill the bill exactly.

IF you were to pick out "the best stove in the world" for Mother's kitchen, you would have a hard time beating our **Monarch Windsor** for real value. It would save mother, or anyone else who cooks everyday, a lot of work. Its quick heat saves many hours in the kitchen. It heats in about one-half the time required by a cast iron range and requires about one-fourth less fuel than a cast iron range. It will save its cost in your fuel bill alone within a few years.

Material and Workmanship—The Monarch Windsor is a high grade type of steel range. The stove is one of our bests ellers. As far as we know every one sold has earned its price many times over in fuel saved.
Every cast iron part of this range is made extra heavy and is fitted to the body steel in such a manner as to be air tight—not only when new, but as long as the stove body lasts. In design the **Monarch Windsor** is modern in every way—smooth castings, no scroll designs to catch dirt. All nickel parts are easily kept shining—just enough nickel to make the range attractive.

Body—Is of heavy, copper-bearing steel. Lined with an extra layer of heavy steel. Between these two sheets is a layer of thick Canadian millboard asbestos. This prolongs the life of the outer body, prevents heat from escaping into the room—saves fuel.

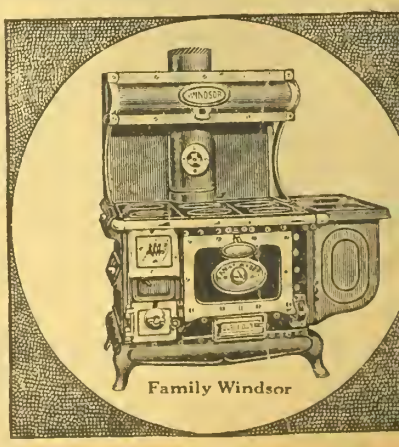
Firebox—Made in sections—lasts longer. Burns any kind of fuel. Size for coal, 18x8½x7½ inches. Takes 24-inch wood.

Duplex Grate—Regular **Windsor** Duplex Grate—one side for coal, other for wood. To change fuel—turn grate over.

Cooking Top—Three sections—all interchangeable. Extra heavy—combination 8 and 9-inch pot holes. For $2.00 extra highly polished lids and cooking plates can be furnished with the **Monarch** and **Family Windsor.** Polished top never requires blackening—easy to clean.

Reservoir—Cast iron, lined on inside with white porcelain. Removable for cleaning. Holds 20 quarts.

Oven—Large, but built in such a way that a single pan of biscuits or a pie can be baked with very small amount of fuel. **Windsor** Thermometer in door shows exact heat of oven.



Warming Closet—Polished steel. Has plain, nickel trimmings on name plate, bands, and brackets. Roll front door.

Nickel Parts—Closet trimmings, pipe register, towel bar, feed and ash doors, oven door frame, name plate, and cleanout door.

Water Front—Can be furnished for heating range boiler. Weight, 24 pounds. Price, extra, $5.50.

The Family Windsor

Shown below, is exactly the same stove as the **Monarch Windsor,** except that it is built on a cast iron base and leg instead of the steel body extending clear to the floor. Some people prefer to have a stove built so that they can sweep underneath. The base design of the **Family Windsor** costs more to build than that of the **Monarch Windsor.**

Monarch and Family Ranges are shipped Promptly from Factory at Hannibal, Mo., near St. Louis.

The Armada Windsor is worth a hundred dollars — see page 732.

Save Space—Save Time

THE idea of constructing a stove so that you could use either coal or gas for fuel when cooking or baking, was at first thought impossible. But now that the idea has been carried out, the rapid sale of this new range is proof enough that the Combination Coal and Gas Range is a decided success. For economy and convenience of operation, it can't be beaten.

$82.50

The **Windsor Combination Coal and Gas Range** is as perfect as one can be built. It has the same heating and cooking advantages as the regular cast iron range. And in summertime you have a gas range that does as perfect work as the best of gas stoves on the market. During the uncertain spring and fall days, when one day is cold and the next warm, either side may be used, separately or together. In this way there is no unbearable heat or uncomfortable chill in your kitchen – but continuous comfort. The entire body is made of cast iron—best quality. Big oven—18x18x11 inches. Use it for gas or coal.

In general design the stove is very attractive– pure white enamel roll closet door, white enamel plaster back, white enamel oven door panel—nickel oven door frame, feed door, ash door and ash tray, and nickel trimming around high closet, make this a handsome stove.

4 lids for coal, 4 gas burners; cooking top 31 inches high; extreme height of stove, 57¼ inches; size of entire cooking top 24½x39 inches; firebox 8x16x5 inches; takes 7-inch pipe.

The entire cooking top can be furnished highly polished—never needs blackening—see price table below.

Water front for heating range boiler can be furnished for $5.50.

Be sure and state whether you burn natural or artificial gas.

Natural gas combinations are furnished with raised burners and open tops.

Shipping weight, 525 pounds

A Plain Cook Stove At a Plain Price

THE **Union Windsor** shown at the right is a perfectly plain cast iron stove. It is much larger than the ordinary cook stove. Firebox has a dump grate; extra grate for wood; will burn any kind of coal, cobs, or wood. Oven has two doors; right-hand door has automatic opener. Hearth is deep and wide—fitted with a large bailed ash pan. Reservoir tank is cast iron, white porcelain lined; holds 15 quarts; removable for cleaning.

Urban Windsor

$32.50

A Medium Grade Cook Stove

Just Enough Nickel to be Attractive

THE **Urban Windsor** is a type of cook stove much above the ordinary, both in quality and in appearance. Has extra large cooking top, 4 full size holes and 4 full size lids.

The oven could not be made a more perfect baker. This is not only true when the stove is new, but it will continue to be true for a great many years because the **Urban Windsor** is made to last. The fire box is equipped with a dump grate for coal and with an extra wood grate for burning wood, so that it will successfully handle any kind of coal, wood, or cobs. More than this, you will find it to be a very economical stove for coal.

The right-hand oven door is equipped with an automatic kicker, so that the door can be opened by your foot when your hands are full. This door also has a thermometer which registers the heat in the oven at all times—does away completely with guessing in baking.

Reservoir is cast iron, white porcelain lined; holds 15 quarts; can be easily removed for cleaning. The entire stove, with the exception of the base skirts, is made of heavy cast iron. Base consists of four nickel-plated legs with steel base skirts.

The **Urban Windsor** has just enough nickel to set it off. Nickel-plated bands alongside of the hearth, nickel-plated shelf on the right side, together with nickel-plated legs, make it a very neat and attractive stove.

A Light Cast Iron Range Neat and Attractive

A SMALL home does not very often need a large massive range. Wher there is not so much baking and cooking going on, a small range will f the purpose. It requires less fuel and is cheaper to operate. For that ver reason we have built the **Champion Windsor.** It is made to be an exceptionall good baker and at the same time attractive. The nickel and white enamel on th range make it an ornament fit for any kitchen.

$49.50

Especially made to be a good baker. W will let you be the judge. If it doesn't bak better than any stove you ever used, then don keep it for one minute. Make sure you hav a good flue and then watch the **Champio** work.

The oven is not small—regular 18-inc size. The range is plenty large for a mediu sized family. It is of the same quality an attractiveness as our more expensive range but owing to its lighter weight, we can affor to sell it at a lower price.

Cooking Top—Six holes; three full sized 8-inch lid two cyclonic lids, one sectional two-piece li Height from floor, 30½ in. Takes 7-inch pipe.

Reservoir—Holds 15 quarts. Made of heavy g vanized iron. Reservoir attachment is detac able.

Fire Box—Takes 17½-in. wood. For coal the fire b is 16 inches by 7¾ inches by 5½ inches. On piece fire back, with deflector plate extending in oven. Easily replaced. Grate is our regul duplex grate, one side for coal and the other f wood.

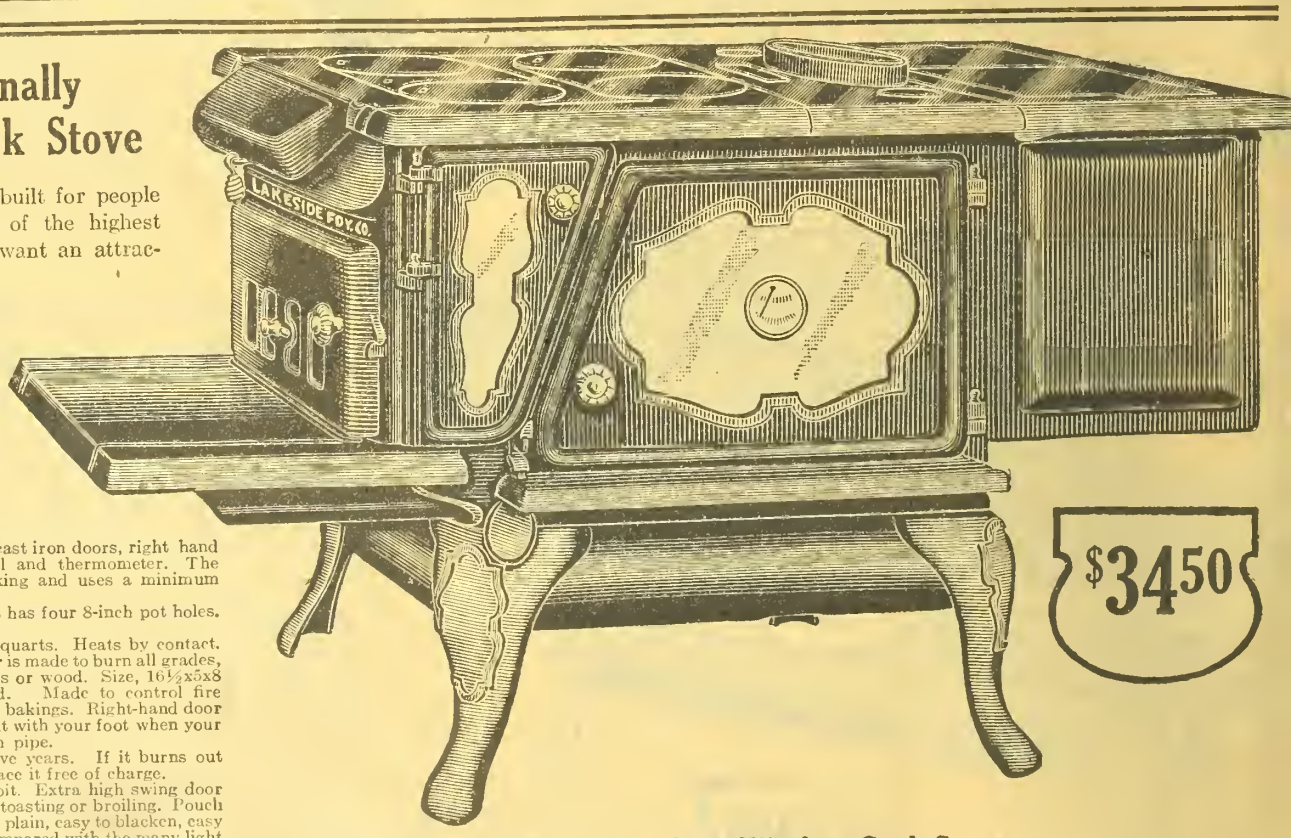
Pouch Feed—Every convenience for feeding coal the fire box, for toasting bread, or for broiling steak or chops.

Body—All cast iron.

Thermometer—Is the same as used on our highe priced ranges. Know exact temperature of yo oven.

High Closet—Very roomy, roll type door. No pi in front, which always was a regular dirt catch

Base—All four legs are cast iron, all four base stri are of steel, japanned.



268 E 4517—Water Front—Can be used with t circulating boiler where water is under pressu from waterworks or from an elevated or pressu tank. Add $5.50 to price given below.

Shipment—Prompt shipment from Stock at Hannib Mo. (near St. Louis).

An Exceptionally High Grade Cook Stove

$34.50

THE **Julian Windsor** is built for people who want a cook stove of the highest quality and at the same time want an attractive stove.

It's a stove in which every atom of material has been used to make the best cooking stove on the market. The **Julian Windsor** is the highest type of cast iron cook stove. Extra heavy and extra large in every way, it has been built for heavy service. The **Julian Windsor** will last just as long as our highest grade cast iron ranges. This stove has the same high grade material and workmanship as our very best Windsor ranges.

The oven is fitted with two heavy, cast iron doors, right hand door has white enamel panel and thermometer. The stove will handle a large baking and uses a minimum amount of fuel.

The cooking top is very large. It has four 8-inch pot holes. Height from floor, 30 inches.

Reservoir is extra large, holds 15 quarts. Heats by contact.

The Firebox in the **Julian Windsor** is made to burn all grades, soft coal, hard coal, coke, cobs or wood. Size, 16½x5x8 inches. Takes 18-inch wood. Made to control fire easily for either large or small bakings. Right-hand door has automatic kicker. Open it with your foot when your hands are full. Takes 7-inch pipe.

The fire back is guaranteed for five years. If it burns out within that time, we will replace it free of charge.

This stove has a very deep ash pit. Extra high swing door in front of fire box—made large for toasting or broiling. Pouch feed for feeding coal or cobs. Neat, plain, easy to blacken, easy to keep looking nice. Cannot be compared with the many light weight flimsy stoves so often offered.

Fancy Trimmings Do Not Bake Bread

DID you ever stop to figure the value of a stove? A fancy, elaborately trimmed stove cooks no better than a plain one. In fact, when the manufacturer leaves off the trimming he very often puts the extra work into the quality of the stove. That is just what we did with the **Crescent Windsor.** It is perfectly plain—all quality. You do not need fancy trimmings to help do the cooking and baking. They improve the appearance but also add to the cost. Then, too, because it is not a heavy stove it does not need such a big fire to do a good baking. It is easy on fuel and easy to keep clean.

The **Crescent Windsor** is made of the same grade of iron as our Amazon Windsor, same finish and same mounting. Only the difference in weight makes possible the difference in price. For families whose requirements are not exceptionally heavy, here is a range that will satisfy for a long time. In capacity the **Crescent Windsor** is a full size range. Lids are full 8-inch. Oven is 18 inches inside. Firebox full size and yet the entire range is small and light in weight. It is constructed in this way so that the price can be just as low as possible and yet assure a high grade range.

Perfectly plain in design, not a single cent spent on fancy trimming—it is all stove, a real value.

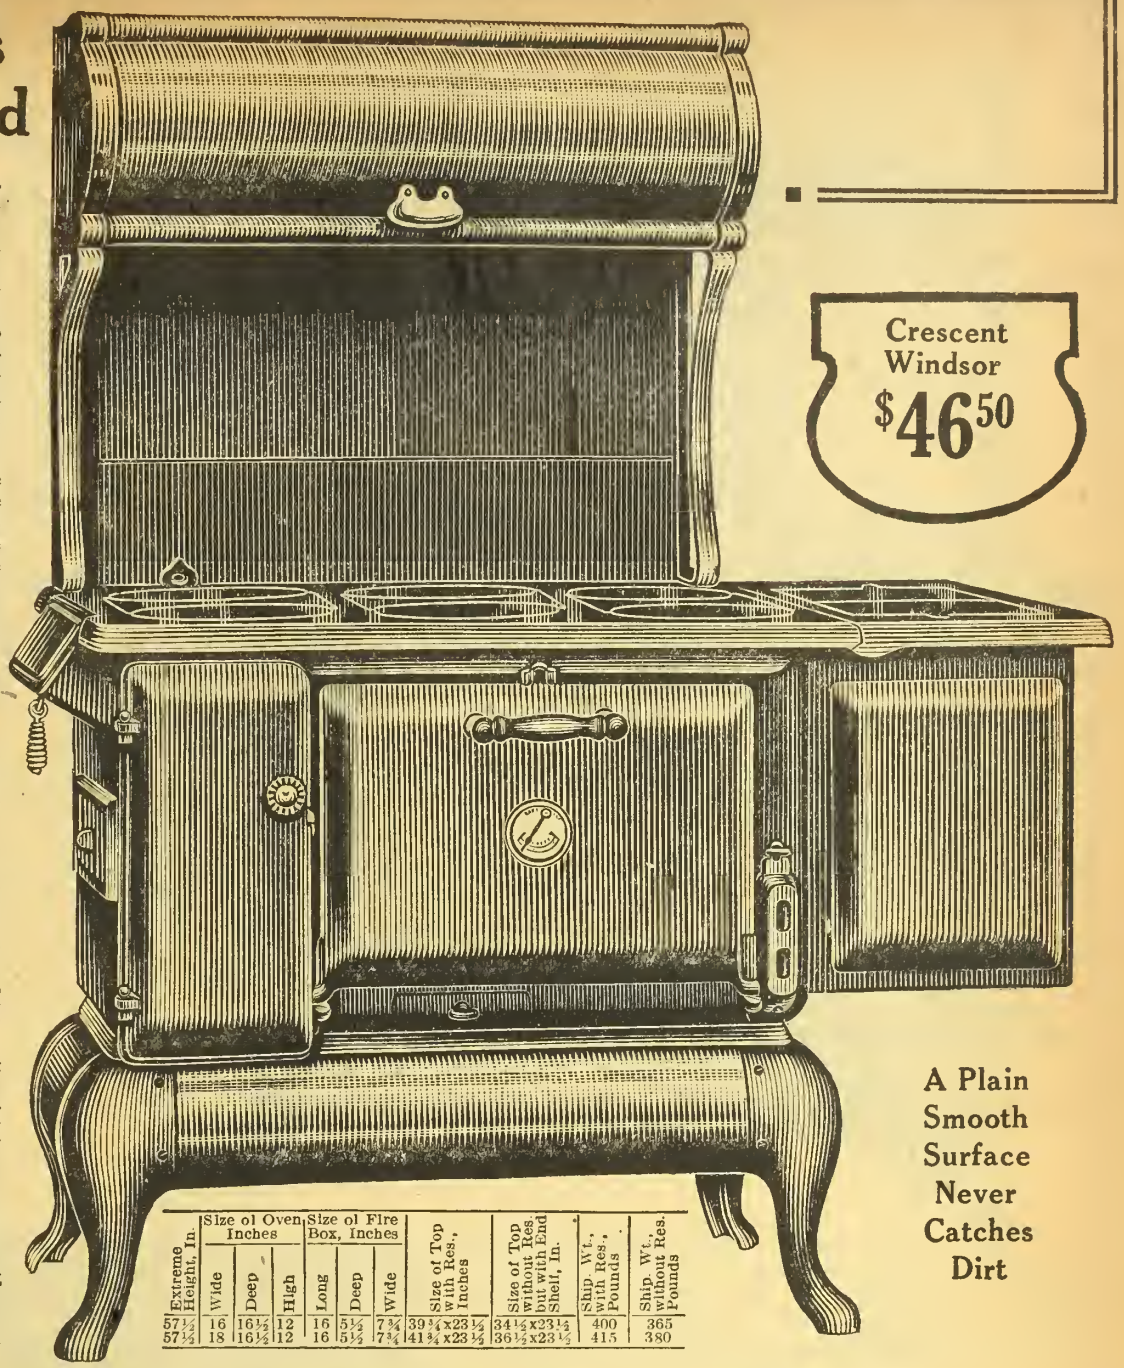
Oven—Has drop spring balanced door—excellent baker—18 inches wide, 16½ deep, 12 high.

Base—All four legs are cast iron. Base strips are of Japanned steel.

Cooking Top—Six holes: three full size 8-inch lids, two cyclonic lids, and one sectional two-piece lid. Height from floor 30½ inches.

Reservoir—Holds 15 quarts. Made of galvanized iron. Reservoir is detachable, heats by contact.

Fire Box—Takes 17½-inch wood. For coal the fire box is 16 long, 5½ deep, 7¾ wide. One piece fire back, with deflector plate extending into oven. Easily replaced. Grate is our regular duplex grate, one side for coal, other for wood.



Pouch Feed—Very convenient for feeding coal, for toasting bread in a toaster, or for broiling steak or chops.

268E4517 Water Front—Can be fitted for use in connection with the circulating boiler where water is under pressure from waterworks or from an elevated or pressure tank. Add $5.50 to prices given.

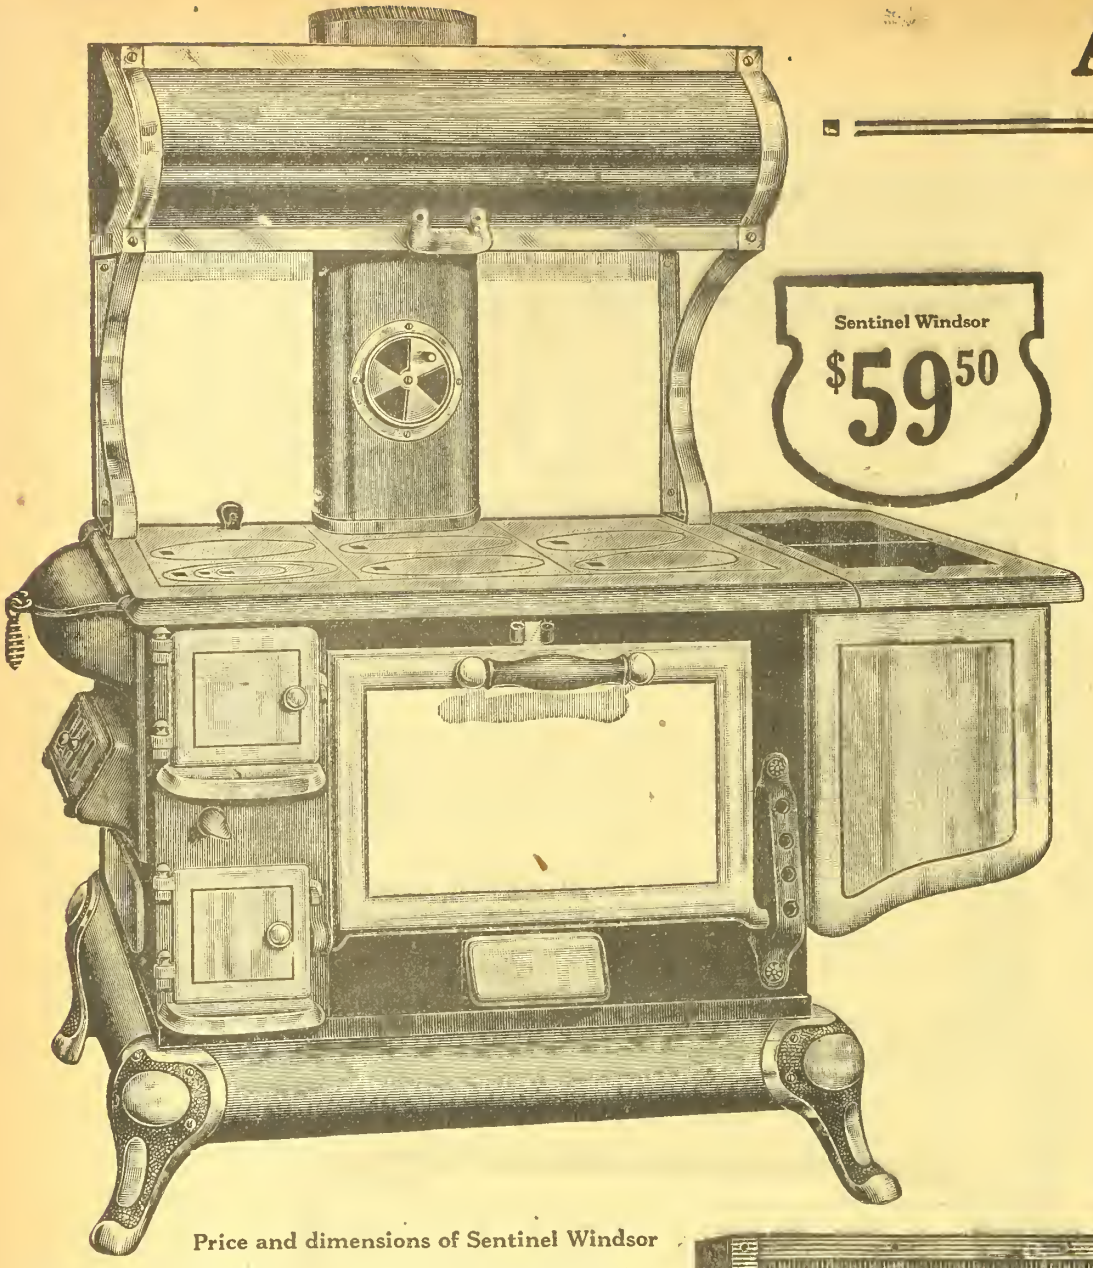
An Extra Heavy, Large Size, Plain Design, Cook Stove

MANY people prefer a cook stove to any range made. The more people know about stoves, however, the higher grade stove they demand, even in a cook stove. The **Jerome Windsor** is the highest grade cook stove it is possible to build. It is equal to any range in this catalog. In appearance, just plain every day stove, but of a quality that can only be proven after a great many years of hard usage. With a **Jerome Windsor** in your kitchen you will settle the stove question for years to come. If you believe in the best cook stove and yet the plainest—the **Jerome Windsor** is the answer.

The cooking top is as wide as the average range and as long—plenty of room for great big meals whenever you have occasion to prepare them. And yet a more economical stove for small families could not be made.

Fire box is fitted with the same duplex grate as used in our best ranges. One side for coal, the other for wood—to change fuel just turn the grate over. Burns wood, any kind of coal and cobs. The fireback is one piece and is guaranteed for five years. If it burns out within that time we will send a new one free of charge. Fire-box will take 18-inch wood. Size for coal, 16½ inches high, 5 inches deep and 8 inches wide.



The oven shelf and kicker are attached under right oven door only. The Jerome Windsor uses a small amount of fuel. It will mean a saving on your fuel bill. The reservoir holds 15 quarts. Is easily removed for cleaning, heats by contact. Hearth is wide and deep. Is fitted with a large bailed ash pan. The cooking top is large-sized. Height from floor, 30 inches. Four 8-inch pot holes; seven inch pipe.

Shipped promptly from Factory in Northern Indiana

The Armada Windsor is the king of all oak heating stoves. Page 732

A Steel Rang

Quick Heat Wher You Need It Mos

THE **Sentinel Windsor** is one of the biggest va we know of in a medium weight steel range. it is a very attractive stove with its smooth nickel t mings and white enamel facing. Large enough large families but not too big for small ones. Full in every way.

Remember, any steel range is not as durable cast iron range. Sooner or later a steel range is bo to rust out. But in districts where fuel is high scarce it is sometimes good economy to buy a range, because you can save enough on the fuel few years time to buy a new stove.

The body is of smooth, even-hammered polished steel, lined steel and asbestos between. Steeple head rivets used, riveted throughout; tight joints.

The fire box has a three-piece fire back, well ventilated. En ings for coal, front end lining removable for wood. Si coal, 16x7x5½ inches. Takes 17-inch wood. Duplex one side for coal and the other for wood. To change fron fuel to the other, simply turn the grate over.

Reservoir holds 25 quarts; is made of copper, tinned on fi Cast iron casing all around.

Warming Closet has roll balanced front. Smooth nickel mings. White enameled splasher back.

Base—Cast iron legs; two front legs nickel plated; balance Steel base strips.

Oven has nickel drop door with white porcelain center. bakes perfectly in every corner.

The cooking top consists of one three-piece lid and five regula each eight inches in diameter and is furnished in black unless otherwise specified.

Nickel Parts are—oven door frame, fire door, ash door, door housing, ash trays, cleanout door, reservoir front two front legs, pipe register and high closet trimmings.

The white porcelain parts are the oven door and spl back.

Water front for heating range boiler, $4.95 extra.

The top of this stove is 41x27½ inches and the cooking 30½ inches above the floor. The oven is 18x19x12 inches.

If desired, the **Sentinel Windsor** can be furnished with pol top at an extra cost of $3.00. Never has to be blackened. illustration shows the pol top—when heated turns and stays that way—nee polishing—simply an occas rubbing with an oily cloth

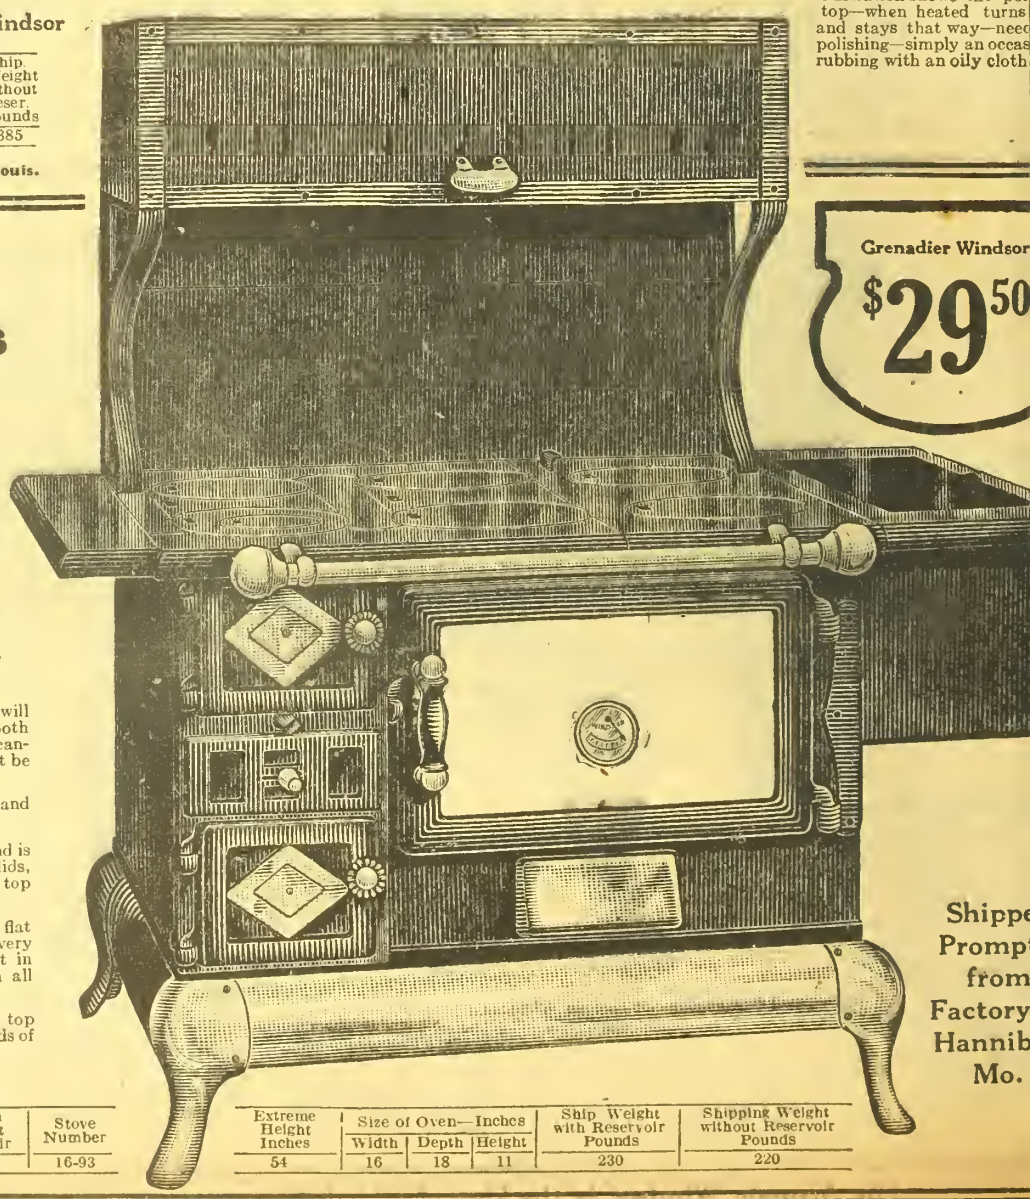
Just Right for Small Families

A Light Steel Range That Burns Coal or Wood

IT'S not every family that needs a heavy stove. In fact—for small families a light steel range like our **Grenadier Windsor** is cheaper, more economical to operate and better in every way.

A particular feature of our Grenadier Windsor is the large fire box which makes this stove adapted to burning either coal or wood. This is a very important point to consider when purchasing a stove.

The **Grenadier Windsor** is a very attractive little stove. It will require less fuel to operate than any stove in this catalog. Both iron and steel are just as light as we would dare make a stove. It cannot be fired hard or for extremely long periods of time—it must be given reasonable firing and reasonable care.



The body is of medium weight. Keep your flues perfectly clean and you will double the life of this body. Takes 7-inch pipe.

The top is 43 inches long, 21 inches deep, including reservoir, and is 29 inches from the floor. Has 2 full sized 8-inch cyclonic lids, 3 regular and one two-piece lid. Furnished with polished top as illustrated for $2.50 extra—saves blackening.

Fire box is 17x5½x7 inches—has a dump grate for coal and extra flat grate for burning wood. The linings are of cast iron—a very unusual feature in a range at this price. Fire box is light in weight—but plenty heavy for balance of stove. Will burn all grades of soft coal or wood.

Reservoir is galvanized iron—holds 16 quarts. Has cast iron top and lift-up cover—fits tight against either right or left ends of the stove.

Takes 7-inch pipe.

The Lady Windsor oil stove saves space. See page 743.

Saves Coal

A Medium Weight Steel Range

THE **Sentry Windsor** is a medium weight steel range. It is not intended for heavy farm use where there is a great deal of cooking and baking to be done. It is true that it will do the work in such cases, but it is not fair to the range itself to put it on such heavy work. The range is not heavy enough—it would be like hitching a light driving horse to a binder. In cases where the family is not large and the work required of the range is not very excessive, the **Sentry Windsor** will do its work just as satisfactorily as our heavier ranges.

It is just as big a mistake for a medium size family to buy a heavy range as it is for a family who have heavy requirements to buy a range as light as the **Sentry Windsor.**

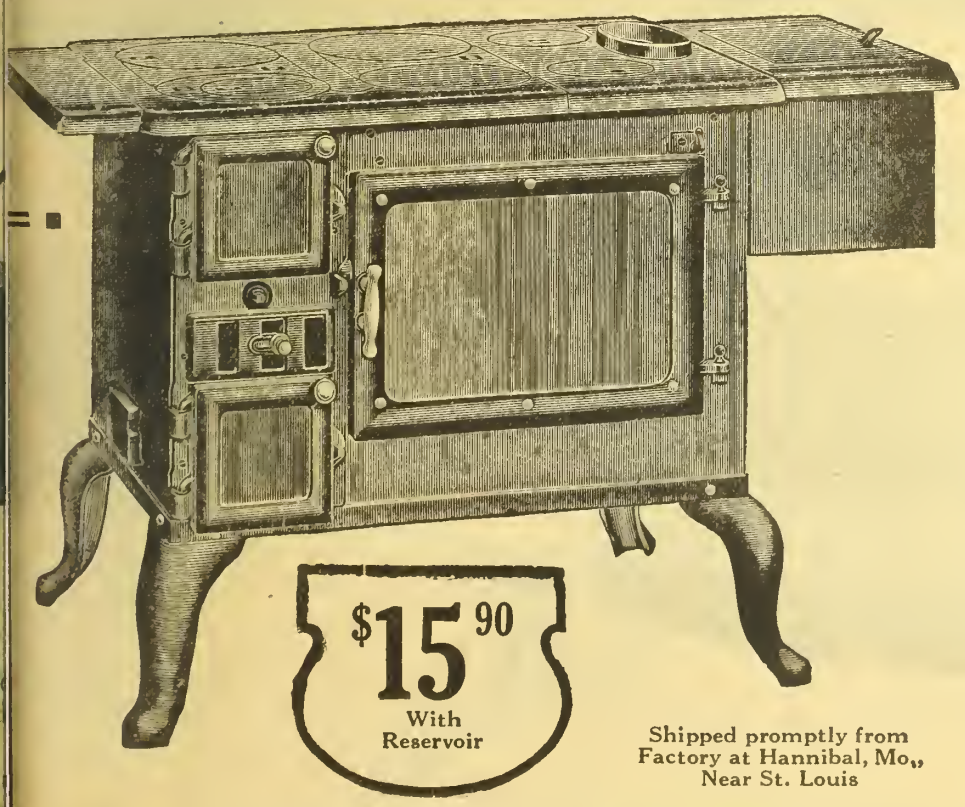
We so often hear people say that they would not buy a steel range because they will rust out. This is absolutely true, but people who make this statement do not consider the saving in fuel that a steel range will make during the length of time that it does last. A steel range, such as the **Sentry Windsor** will require just about two-thirds the fuel of any cast iron range. In five years you have saved enough to enable you to buy another stove.

Fire-box—Three-piece fire back, well ventilated to save burning out. End linings for coal; front end lining removable for wood. Size of fire-box for coal, 16x7x5½ inches; takes 17-inch wood. Pouch feed in front to feed coal or for using a broiler. Burns any kind of fuel. Takes 7-inch pipe.

Duplex Grate—One side for coal, other for wood. To change from wood to coal just turn the grate over. A medium size, medium weight fire-box, just the right size and weight for this range.

Reservoir—Copper contact type; tinned on inside. Holds 25 quarts. Hot water all the time, and it is hot, not lukewarm.

Body is of smooth, heavy, even-hammered polished steel, lined with asbestos. Closely hand riveted with Norway Steeple head iron rivets making the joints perfectly tight.



Oven is 18 inches wide, 19 inches deep and 12 inches high. Guaranteed to bake perfectly in every corner; fitted with oven rack; cast iron door frame with steel center; wood handle with nickel ends. Base made of roll steel with four cast iron legs. If water front is desired for heating range boiler, add $4.95 to the price given below.

Can be furnished with highly polished cooking top. Never needs blackening. See price table below.

Prompt shipment of the Sentry Windsor range can be made from Factory in Northern Indiana, or near St. Louis.

Six Hole Light Steel Cook Stove for a Small Family

Shipped promptly from Factory at Hannibal, Mo., Near St. Louis

MANY families' requirements are light — they do not need a heavy or even a medium weight stove. A very light weight steel range will do the work. In buying such a stove, do not fail to remember that these light-weight stoves require exceptional care and will not last as long as the heavier cast iron stoves.

The Grenard Windsor is just one of these light stoves. It will require less fuel to operate than any other stove in this catalog. Both iron and steel are just as light as we think it advisable to make a stove. It must not be fired hard or for a long period of time. By keeping the flues clean you will double the life of the body.

All door frames, cooking top, and four legs are of cast iron. Reservoir is of galvanized iron, and has a cast iron lid. The tank holds 16 quarts. One big feature of this reservoir is that it can be placed at either end of the stove or at the back end of the fire box. Water heats by contact.

The steel body of the stove is Japanned. Likewise are all cast iron parts Japanned, extra heavy coat. This will burn off in time, but can be recoated. This will prevent the top from showing rust marks. The Grenard Windsor is equipped with a fire door and separate ash-pit door. Wire handles on all doors.

The cooking top is made up of two of the famous Cyclonic lids, one regular 8-inch lid, one two-piece sectional lid and two handy 5-inch lids. The small lids are exceptionally useful for keeping small vessels warm for long periods.

The fire box is 17x5½x7 inches. It has a flat dump grate for coal and an extra flat grate for burning wood. The linings are made of cast iron. Will burn all grades of soft coal or wood. However, the stove is not well adapted to burning of hard coal; it will burn cobs, but they are exceptionally hard on any stove. The fire box is light in weight — but it is plenty heavy for the rest of the stove.

Takes 6-inch pipe.

One of Our Customers Says:

"I wouldn't take $100.00 for my Armada Windsor"

COPY OF CUSTOMER'S LETTER

Cedar, Iowa
Feb. 24, 1921

Montgomery Ward & Co.,
Chicago, Ill.,

Gentlemen:-

I am writing you in regard to the Armada Windsor heating stove which we purchased from you in the Fall. We are well pleased with it it is just as you recommended it to be and gives perfect satisfaction in every way. We would not take a hundred dollars for our Armada Windsor. Everyone that sees it says it is the nicest heater they ever looked at.

It is in a large living room and has two large bedrooms to heat which it does without any trouble. There are four rooms in the house with 10 ft. ceilings in three rooms, and we don't have to fire it very heavy to heat our house either, and the house is old and open and hard to heat.

My father says other people's small heaters around here don't look like a stove beside ours. The coal around here is awful poor and other people have trouble getting their fire to burn, but the Armada Windsor burns it without a bit of trouble.

Yours respectfully,

(Signed) Viola O. Rose

THIS letter is only a sample of many we have received. Here is the reason—the **Armada Windsor** is not in the same class with any other heater—it is the most perfect heater money can build. Brand new two years ago, and yet today we sell more **Armada Windsors** than any other heater. Better still—only one has ever been returned, and dissatisfaction in that case was caused by a poor flue. It just goes to prove that our customers know quality when they see it—every **Armada Windsor** sold is the talk of the neighborhood. It makes good where other heaters fail miserably—heats big homes with big rooms and high ceilings—does it easily and with little coal.

Reasons Why Hundreds Are Using The Armada

Built For Heavy Work

A light driving team will haul a heavy load on a good road. Let them hit the deep muddy ruts—instantly they are in trouble. Only a fool would ply the whip—a sure way to ruin a good team—all because they are not built for such work. Heating stoves are like horses—some are in the light-harness class, others are of the Percheron type—built to stand the strains of heavy firing in the worst of blizzard weather.

Will Heat Large Houses

The **Armada Windsor** is the heaviest, strongest and most massive heater ever made. When we built the patterns we looked over every heater of this type—not a single one would stand the tests we asked of such a heater. It requires more fuel to get the **Armada Windsor** hot, but it requires less fuel to keep it hot than even the medium heaters require. Every door, every joint, is fitted like a watch case—absolutely tight.

Uses Very Small Amount of Fuel

Some people have the mistaken idea that the **Armada Windsor** would throw out too much heat for an ordinary home—it can be controlled so perfectly you would hardly know any fire is in the stove. This heater can be appreciated only when "all outside" is no place for man or beast. Then and only then will the **Armada Windsor** prove itself so thoroughly that you'll pity your friends and neighbors who have crowded their heaters far beyond their limit—burned up far too much coal and yet can't get their houses warm. No wonder people come to see this heater—they'll do the same with yours—it won't be long before orders come to us for many more **Armada Windsors.**

Every Part is Strongly Built

Let's start at the bottom of the **Armada Windsor** and see how this master heater is built. It takes up 30½x30½ inches of floor space. Big bulging legs and heavy cast base—have to be extra heavy to hold the weight—legs nickel plated. Did you ever see such a base on any stove? Notice how extra high it is—made to prevent the ashes piling up under the grates and burning them out. Inside this base is an ash pan in keeping with the balance—made of extra heavy galvanized iron—far heavier than the grade used in other heaters.

Firepot

Even the shaker is different—made to fit the hand—a child can move the massive, heavy grates—a shake sideways, down come the ashes—draw straight out and shake—down come the meanest of clinkers. Ash pit door is positively airtight.

A Wonderful Floor Warmer

To get a better idea of the firepot, see the picture below—the thickest, heaviest 18-inch firepot ever put in a heating stove—heavier than generally used in furnaces. In the picture on the opposite page you will notice two wide rings around the top of the firepot, just below the steel body. Together they extend out 10 inches, throwing the heat to the floor—keep the floor warm and the balance of the room is bound to be warm. The steel body is built like a locomotive boiler, not like the body of a stove—the doors are extra large. Feed door opening is 11x15 inches.

You Secure Exact Degree of Heat Needed

See those two regulating dials on each side of the door? After the fire is started, the **Armada Windsor** is regulated entirely by the two handles in the dials—they can be set for any temperature desired—see the picture below for more detailed description. No smoke escapes until the gases are completely burned. Therefore more heat is obtained from less coal because all the air is heated before it pours onto the fire. The most economical principle for soft coal and the only one which will burn hard coal and give perfect combustion.

Nothing Left to Guess Work

Notice the beautiful nickel wings at the sides, the mica in the upper door so you can see the fire, also the handsome, perfectly smooth highly nickel-plated swing top. Then there is the patented heat control which shows just exactly from one to 600 degrees what heat is actually being produced within the stove. Nothing is left to guess work in the **Armada Windsor**—the heat is under control all the time. Throttle it down to one degree or run it up to five hundred degrees—set the dial just where you want it—the **Armada Windsor** does the rest.

Prices and Dimensions of Armada Windsor

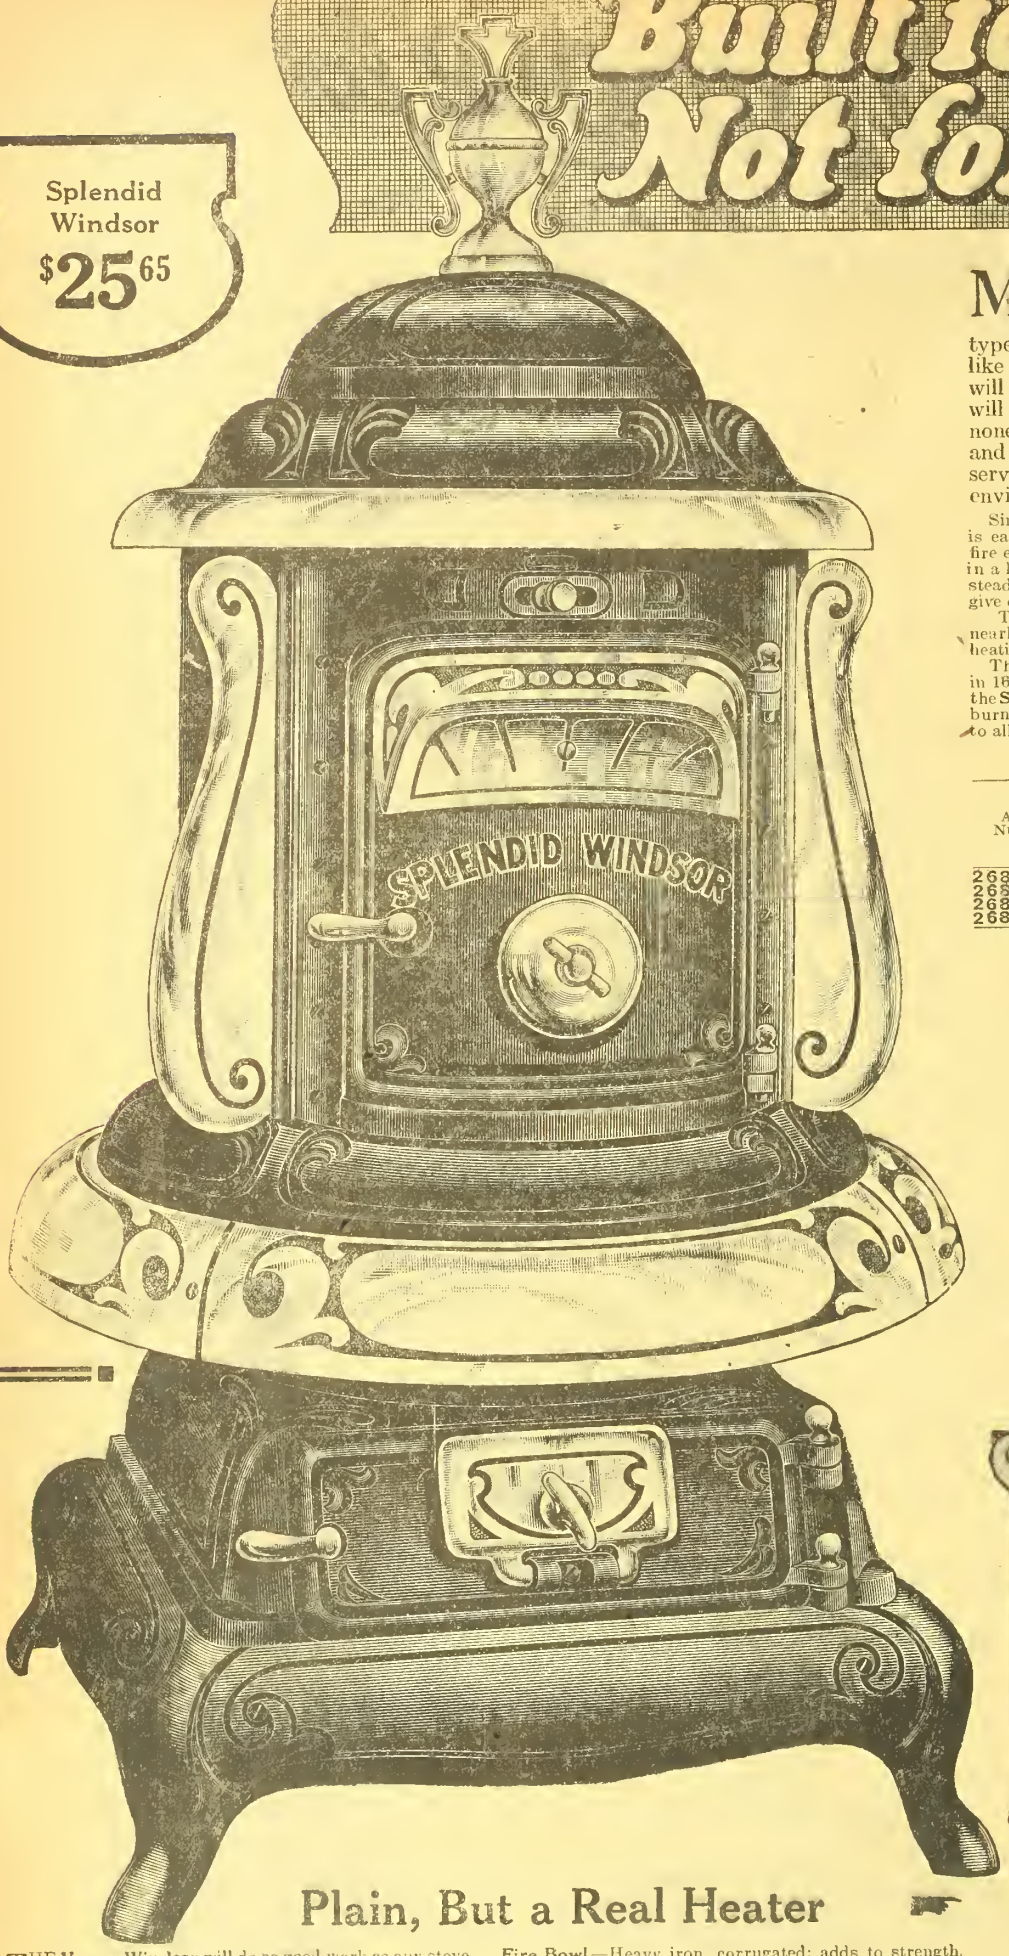
$5.00 DOWN
$5.00 PER MONTH

Firepot One Inch Thick

The firepot is the most important part of any heating stove. In an ordinary heater it is about a quarter of an inch thick. In the **Armada Windsor** it is one inch thick, as thick as a furnace firepot. A one-inch firepot is an unheard-of thing among stove manufacturers. It was built especially for the **Armada Windsor.** This exceptionally heavy firepot saves you the necessity of buying a new one every few years. Firepots cost money.

Thermometer Shows Exact Degree of Heat

In the urn of the **Armada Windsor** is a thermometer as shown above. This thermometer with the help of the regulating dials on the side wings enables you to regulate the heat and fire of the **Armada** to any degree you want. The thermometer is put in there so that you know what you are doing just as the fireman uses his steam gauge. It enables **Armada** users to have perfect control over the fire at all times.



Regulating Dials Control the Drafts

In each wing is a dial with a regulating handle. When opened, cold air is taken in from the back, carried around the steel body and heated. This hot air is then forced onto the fire through a series of nozzles. There it churns the smoke around like a small cyclone—holds it on the fire until all the gas is consumed. Smoke is light gray in color—every available atom of heat has been extracted—this wonderful heater gives out more heat and yet uses less fuel.

A Lady Windsor oil stove takes half the space—see page 743

Built for Comfor
Not for Looks—

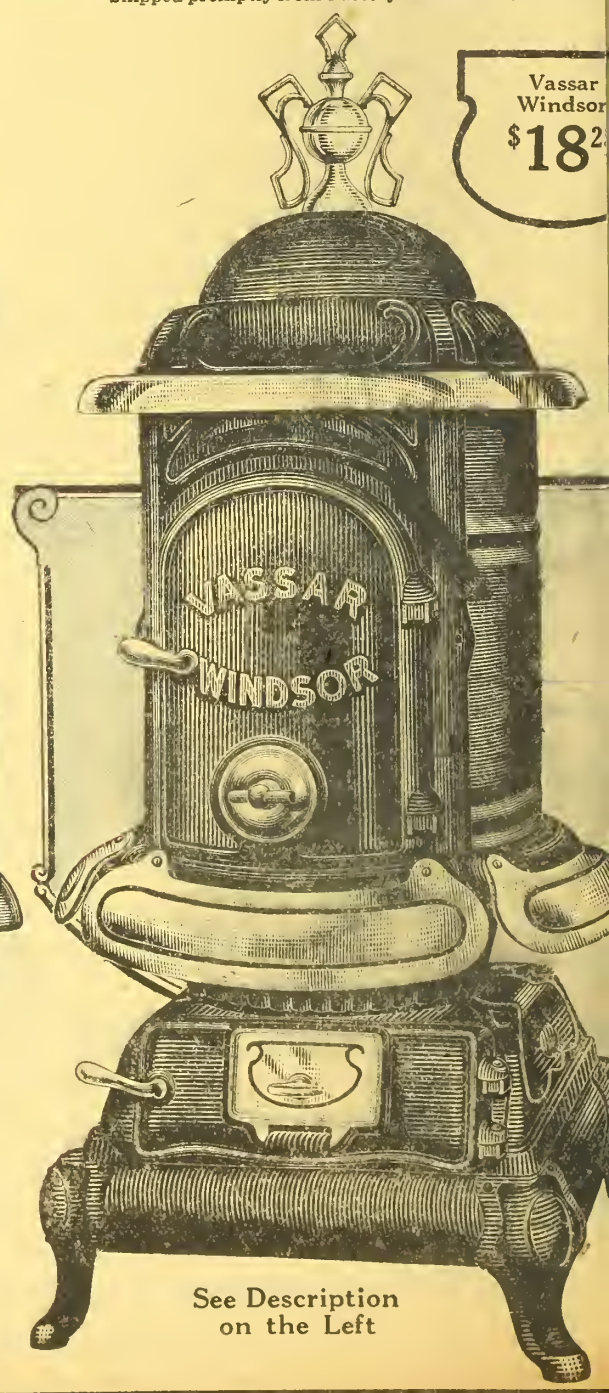
Splendid Windsor
$25.65

MANY homes require big stoves—stoves that will hea
do nothing but heat.

The **Splendid Windsor** is just such a stove—the bi
type—stands square and solid, the very picture of strength—
like a mighty furnace. Much praise is due this house warme
will weather the severest blizzard and is one of the few stove
will plod through the roughest and coldest weather and con
none the worse for the wear. Rustic in appearance but f
and true to the last ditch. Fifteen to twenty years of ex
service has built for the **Splendid Windsor** a reputation
envied by the best of heaters.

Simple regulating devices make the **Splendid Windsor** a reliable st
is easy to operate and requires little attention. You don't have to poke
fire every few minutes with the **Splendid Windsor.** All it needs is some o
in a little coal occasionally, dump the ashes now and then—and it will thr
steady heat, winter in and winter out for many years. It can easily be adj
give out just the amount of heat needed to meet all weather conditions.

The stove has a heavy, deeply corrugated fire pot, built to last. While
nearly as heavy as the Armada Windsor, it has a heavier fire pot than the
heating stove.



The stove will burn all kinds of coal. A magazine which can be furnish
in 16, 18 and 20 inch sizes, for an additional cost of $3.25 can be used to
the **Splendid Windsor** into a self feeder for hard coal. An additional flat g
burning wood also can be furnished if desired. The stove has an extra lar
to allow big chunks of wood to be put on the fire. Smoke curtain keeps sm

Plain, But a Real Heater

THE **Vassar Windsor** will do as good work as any stove of its kind. What more can be said of it? It is plain in appearance, but it never fails to give heat when heat is wanted. This rough iron and steel has real character beneath it.

Underneath its plain appearance you will find this stove to be durable, reliable and a good heater. The **Vassar Windsor** is a stove made to give good service for a long time. It is not a light stove. Lack of trimmings makes it possible for us to put quality in it and yet keep the price down.

Body is of heavy polished steel, thoroughly bolted to the door frame, fire bowl and top. Plenty of play left for expansion and contraction.

Fire Bowl—Heavy iron, corrugated; adds to strength. Made deep to save coal. Deep ring around fire bowl to throw heat to floor.

Magazine for burning hard coal can be furnished for stoves numbers 16 to 18 only, at an extra expense of $3.25.

Doors—Every door is ground to fit. Heater will hold fire perfectly.

Bottom is of two pieces of heavy cast iron; thoroughly fitted. We do not use a steel bottom, which is so often used to make a low priced heater.

Base—Steel base skirts and cast iron legs.

The Armada is the king of all heating stoves. Page 732.

Built for Looks and Comfort too

Brilliant Windsor
$35.25

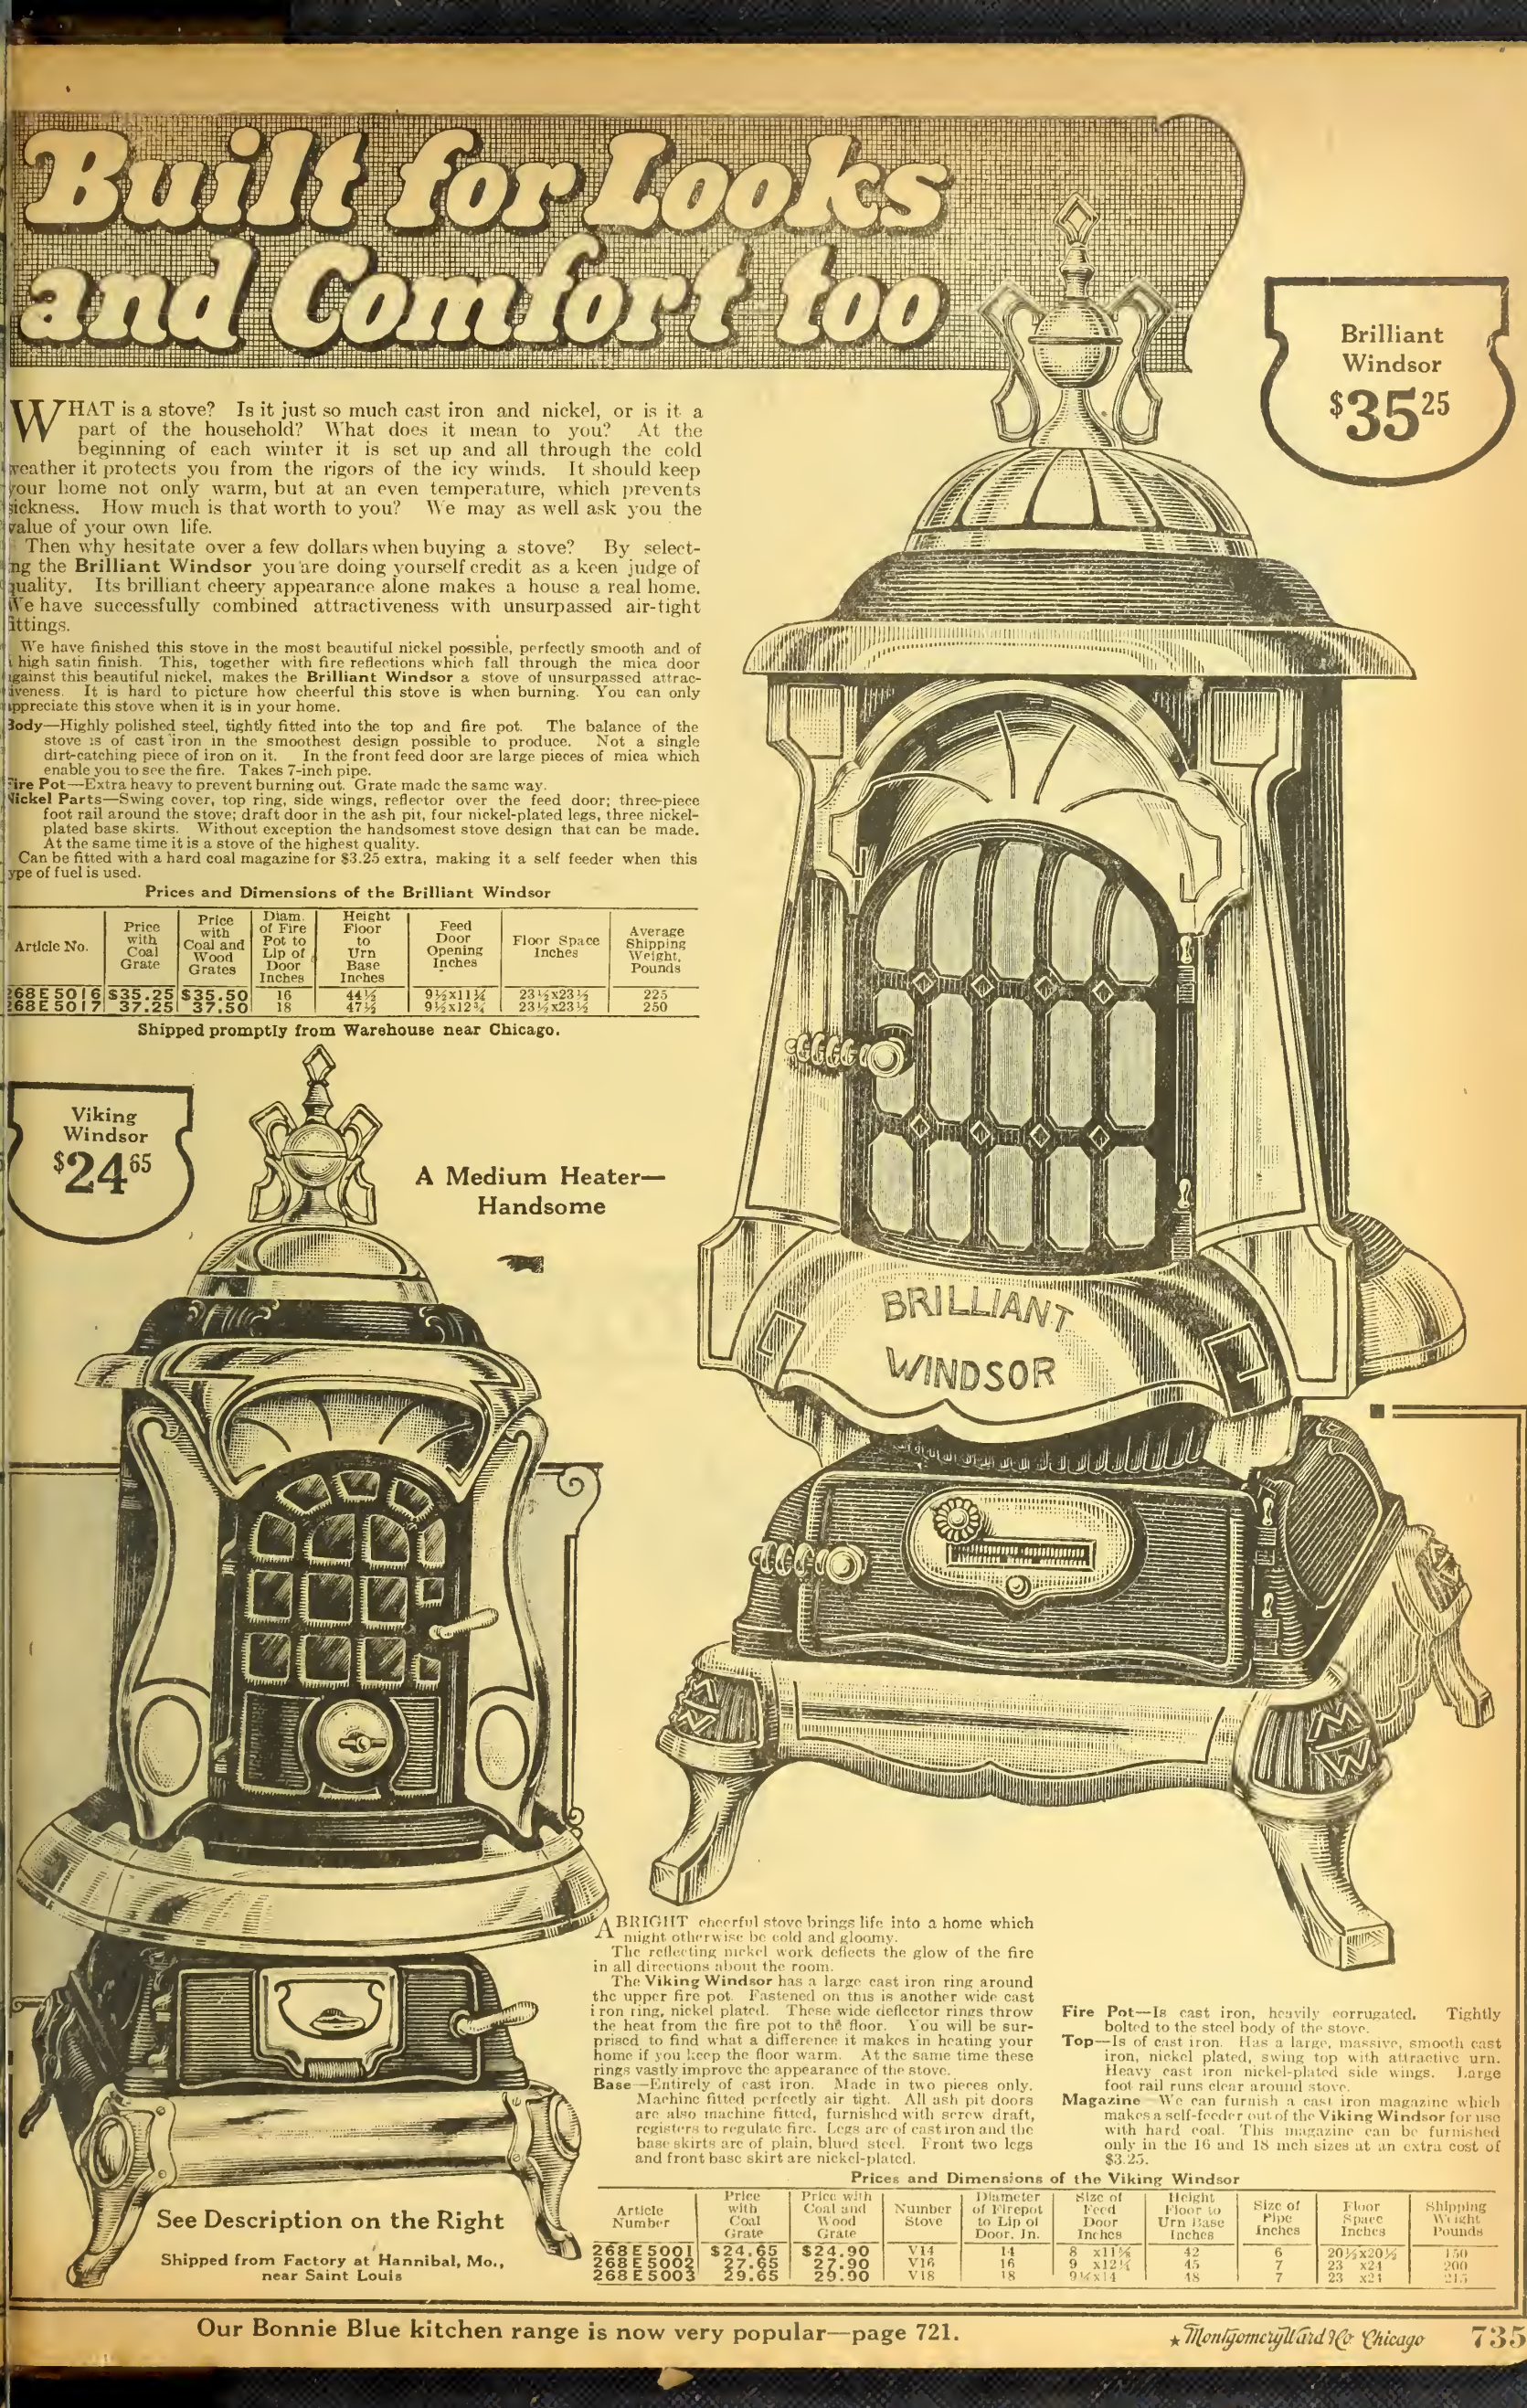
WHAT is a stove? Is it just so much cast iron and nickel, or is it a part of the household? What does it mean to you? At the beginning of each winter it is set up and all through the cold weather it protects you from the rigors of the icy winds. It should keep your home not only warm, but at an even temperature, which prevents sickness. How much is that worth to you? We may as well ask you the value of your own life.

Then why hesitate over a few dollars when buying a stove? By selecting the **Brilliant Windsor** you are doing yourself credit as a keen judge of quality. Its brilliant cheery appearance alone makes a house a real home. We have successfully combined attractiveness with unsurpassed air-tight fittings.

We have finished this stove in the most beautiful nickel possible, perfectly smooth and of high satin finish. This, together with fire reflections which fall through the mica door against this beautiful nickel, makes the **Brilliant Windsor** a stove of unsurpassed attractiveness. It is hard to picture how cheerful this stove is when burning. You can only appreciate this stove when it is in your home.

Body—Highly polished steel, tightly fitted into the top and fire pot. The balance of the stove is of cast iron in the smoothest design possible to produce. Not a single dirt-catching piece of iron on it. In the front feed door are large pieces of mica which enable you to see the fire. Takes 7-inch pipe.

Fire Pot—Extra heavy to prevent burning out. Grate made the same way.



Nickel Parts—Swing cover, top ring, side wings, reflector over the feed door; three-piece foot rail around the stove; draft door in the ash pit, four nickel-plated legs, three nickel-plated base skirts. Without exception the handsomest stove design that can be made. At the same time it is a stove of the highest quality.

Can be fitted with a hard coal magazine for $3.25 extra, making it a self feeder when this type of fuel is used.

Viking Windsor
$24.65

A Medium Heater—Handsome

See Description on the Right

Shipped from Factory at Hannibal, Mo., near Saint Louis

A BRIGHT cheerful stove brings life into a home which might otherwise be cold and gloomy.

The reflecting nickel work deflects the glow of the fire in all directions about the room.

The **Viking Windsor** has a large cast iron ring around the upper fire pot. Fastened on this is another wide cast iron ring, nickel plated. These wide deflector rings throw the heat from the fire pot to the floor. You will be surprised to find what a difference it makes in heating your home if you keep the floor warm. At the same time these rings vastly improve the appearance of the stove.

Base—Entirely of cast iron. Made in two pieces only. Machine fitted perfectly air tight. All ash pit doors are also machine fitted, furnished with screw draft, registers to regulate fire. Legs are of cast iron and the base skirts are of plain, blued steel. Front two legs and front base skirt are nickel-plated.

Fire Pot—Is cast iron, heavily corrugated. Tightly bolted to the steel body of the stove.

Top—Is of cast iron. Has a large, massive, smooth cast iron, nickel plated, swing top with attractive urn. Heavy cast iron nickel-plated side wings. Large foot rail runs clear around stove.

Magazine—We can furnish a cast iron magazine which makes a self-feeder out of the **Viking Windsor** for use with hard coal. This magazine can be furnished only in the 16 and 18 inch sizes at an extra cost of $3.25.

Our Bonnie Blue kitchen range is now very popular—page 721.

Every Windsor Stove Has

Apollo Windsor
$19.50

Burn Soft Coal without Smoke—Save Coal

FEW people yet realize the advantage of the **Apollo Windsor** Hot Blast heater. The hot blast heater will burn the cheapest grades of soft coal. It burns every available bit of gas in the smoke. There is no fuel waste.

The stove works on a scientific principle. The amount of fuel you save by utilizing all your coal will soon pay for the stove.

The heavy black smoke that comes off soft coal contains a very large percentage of gas. If the smoke can be held over the fire long enough, the gas in the smoke will be consumed, leaving the smoke a light gray color, which can hardly be seen when it comes out of the chimney.

The more of this gas your stove burns, the more heat you will derive from the same amount of coal—therefore you will burn less fuel. This is the secret of the success of the famous Apollo Hot Blast type of stove. It is made to burn the gas in the smoke.

Instead of taking the draft through the bottom, there is a tube in the top part of this stove through which the cold air is drawn onto the fire which causes the smoke to hover over the fire until the gases are burned.

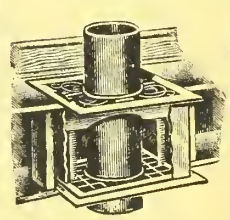
There is just one thing to be very careful about in buying a Hot Blast type of stove—it must be absolutely air-tight at the bottom. This principle will not work if the draft comes in from both the top and bottom—one draft will work against the other. For this reason, it is impossible to make a successful hot blast stove with an ash pan. Some people object to this feature, but experience has proven that the large door necessary for an ash pan is bound to leak sooner or later. This is the reason why the **Apollo Windsor** is made of extra heavy steel, with bottom and body put together with double seam to make them absolutely air-tight.

Body—made of highly polished steel. Has a very hard surface and a high gloss. Has cast iron upper and lower fire pot to protect the steel.

Bottom—made of extra heavy plain steel—bottom and body are put together with a double seam to make them absolutely air-tight. The base and legs are of cast iron; the legs are nickel-plated.

Foot Rail—nickel-plated cast iron held in place by four brackets which are also nickel-plated cast iron. Ash door is plain with a nickel-plated register which is used for starting fire. Door lies perfectly flat against pouch feed opening. Both pieces machine fitted.

Top—is of cast iron with lift up feed door in front, with nickel-plated Alaska handle for raising and lowering. Around the top is pressed steel nickel-plated ring. Resting on top is an attractive nickel-plated cast iron swing cover. Underneath the swing cover is sliding damper which operates draft.



The diameter of the upper fire pot at top is 14¾ in. for small size and 16½ in. for large size. The diameter of the lower fire pot at top is 11½ in. for the small size and 13 in. for the large. The diameter of the fire pot at the grate is 9¾ in. for the small size and 11 in. for the large; and both sizes take a 7-in. pipe.

Protection Against Fire

Windsor Fire Extinguisher

Consists of a heavy cardboard tube, 2x14 inches, filled with a dry powdered chemical which generates carbonic acid gas and quickly puts out fires. The powder will not freeze, hurst, evaporate, corrode, explode or deteriorate. It will not injure hands, fabrics or anything else; does not lose its properties by time, as long as it is kept in its tightly closed tube. Shipping weight, 4½ pounds.

The Lady Windsor oil stove saves space—page 743.

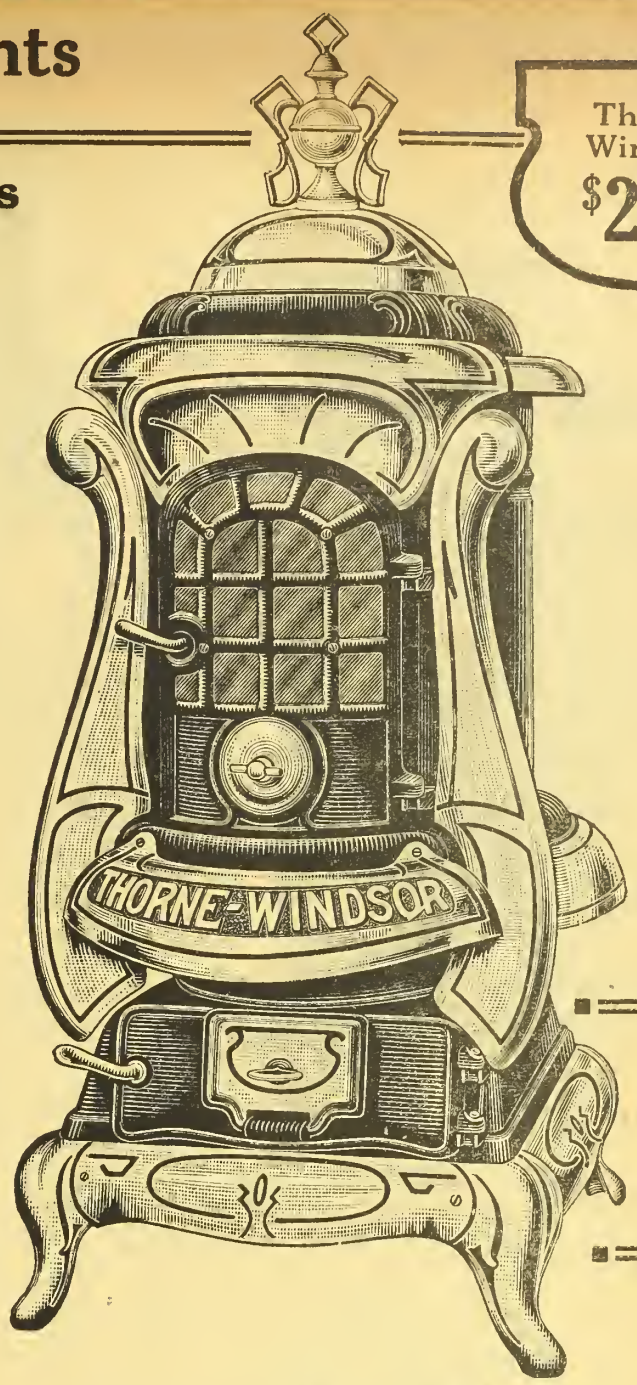
a Thousand Endorsements

The Aristocrat of all Heaters

THE **Thorne Windsor** has long been the aristocrat of Oak heaters. It has a stateliness about it that immediately suggests real quality. We have endeavored to make this stove distinctive from any other. In design and appearance it will do credit to the best of homes as the Thorne has well earned the reputation of being the aristocrat of all heaters. In fact it is rated considerably above the average and is suited to homes where people are particular that the appearance of the stove should conform with the rest of the furnishings, and it has won further distinction through its ability to do its work without a lot of attention.

The **Thorne Windsor** combines the best of service with the most attractive appearance possible. Looks won't keep your house warm, of course, but the **Thorne Windsor** is built to make the worst blizzard unnoticeable.

Every joint is machine fitted, a feature that makes stoves tight and saves fuel. The firepot is made extra heavy and with the proper care it will last many years. Made heavy to prevent burning out.



Highly polished steel body. The cast iron swing top, reflector over door, long wide side wings, name plate, wide reflector ring, front and sides of base and legs all are nickel-plated. Nickel parts are smooth with a minimum of plain scroll work. Easy to clean. Large mica panels of good quality in door. Perforated steel backing. Door has screw draft register. Stove has deep heavy base. Draw center revolving grate for coal—flat disc for burning wood.

Magazines for 16 and 18-inch Thorne Heaters, $3.25 extra. Makes the Thorne a self-feeder for hard coal.

Good Low Price Heaters—Bargains

PEOPLE must keep warm during the winter, and they must have a good stove. But not everybody can afford to buy an expensive stove and for that reason we have created the **Saxon Windsor.** It is a medium light heater and intended for people who want a good stove without taxing their pocket book. It is built of good material and with exceptional care. With a little attention it should last a long time.

Beauty and utility have been combined in this heater to make it most attractive and most durable. Any sort of solid fuel can be used to good advantage, and the heater is as economical as a thrifty housewife.

Body—Is of copper bearing steel, fitted tight to top and fire bowl.

Fire Pot—Is of medium weight—plenty heavy enough for a stove of this type.

Grate—Is our regular draw center type, used in all our Windsor stoves. It is the only type of grate that will loosen up the clinkers and drop them in the ash pan.

Base—The entire base is made of cast iron. The bottom is also of cast iron. The doors fit tight and the draft is regulated by screw registers.

Design—The entire front frame is cast iron like the feed door. The door will allow big pieces of wood or coal to be thrown in the fire. Around the top is a nickel-plated ring. That and all the other nickel work on the stove is of a highly polished finish. This is really a very attractive stove.

Plain or Nickel Finish

TURN up the wick, light, and your **Windsor Oil Heater** is immediately throwing out heat. No waiting; always ready; the quickest known heat.

A child can safely carry it lighted. No danger.

Windsor Oil Heaters may cost a little more than some others; in fact, they do. But it costs a little more to make a perfect acting heater like the **Windsor.** You will find the small difference in the price will well pay.

Mica in front to see fire. Leaded pressed steel tank: holds 4 quarts. Wick stop: cannot turn wick too high.

All **Windsor Oil Heaters** have steel bodies. Stove No. 15 has a black Japan top, bottom and ring, whereas stove No. 016 has all of these parts nickel-plated. No. 0190 has blue enameled body.

Coal and Wood Heaters of a Popular Type

THE Elite Windsor is the same as the Elect only made in a plain finish. For people who do not need trimmings. Only a few years ago we put the **Elite** in our catalog. Immediately a heavy sale started until now this is one of the largest selling heating stoves in our catalog.

Body is of polished steel, bolted solidly to heavy cast iron base and top. Entire front is cast iron; has swing door which enables you to get at the grate and poke the fire if necessary.

Fire Box is of cast iron; has duplex grate; burns either coal or wood. To change fuel simply turn your grate over.

Burns all grades of wood or coal. The large swing cover makes it very convenient for putting in extra large chunks of coal or big knots of wood—saves splitting.

Pipe collar is reversible—can be arranged to run pipe straight up or straight back. Screw draft registers are used to regulate the draft.

Keep your floors warm and the rest of the room will be warm. The **Elite** will warm your floor.

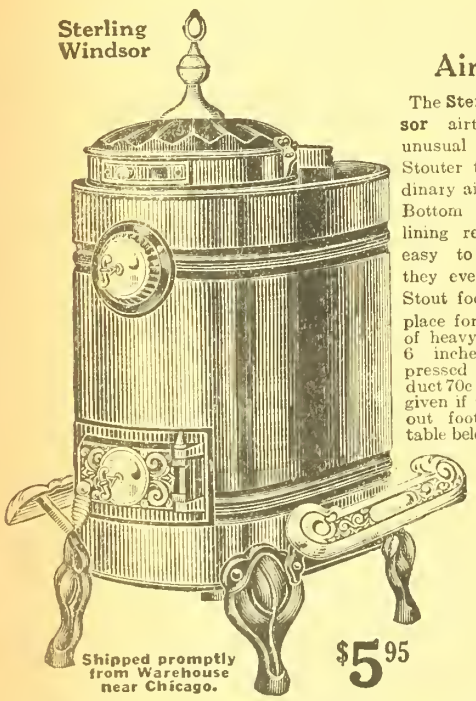
THE low type coal and wood heater such as the **Elect Windsor** is becoming more popul every year. There is one good reason for it—they cannot be equalled as floor warmer If the floor is warm the balance of the room is bound to be warm. The **Elect Windsor** is t same quality of stove as the Brilliant and Thorne Windsor, but being the low pattern it is co siderably cheaper than any of the upright types.

The **Elect Windsor** has a mica door with a handsome nickeled reflector above it making it very cheerful looking stove.

Body—Of highly polished heavy steel. Cast iron top and base; four smooth mission desig legs. No dirt catching scroll work.

Fuel—Will burn hard or soft coal, corn cobs, coke, big knots, roots, wood, in fact, anythin burnable.



Pipe Collar—Reversible. Pipe can run straight back or straight up.

Doors—Screw draft registers that can be screwed up tight. Nickel-plated ash catcher in fro of lower door.

A Hi-Oven Stove

THE Windsor High Oven Stove is one of the most compact, neat and serviceable stoves possible to build. In addition to cooking, it makes a very good heating stove. Where space is valuable, and a stove is wanted that requires a very small amount of fuel, the Windsor High Oven will answer your purpose perfectly.

In all of the ordinary types of stoves, the heat is forced around the oven by the flue at the back.

Heat will naturally go up. Doesn't it stand to reason that when it is forced in any other direction it requires more fuel? That is why the Windsor High Oven stove is the most economical on fuel we have ever known.

Shipped from Factory near Chicago

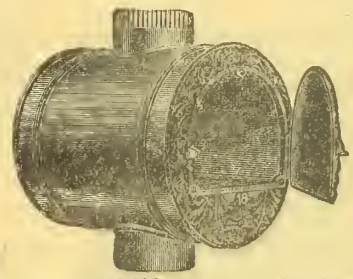
Bake, Cook and Heat With One Stove

$13.50

THE oven is 16 inches wide, 11 inches deep and 12½ inches high. Has wire rack so that baking can be done on the rack as well as on the bottom. The oven has two glass panels and reliable thermometer. It is made of polished steel and is full asbestos lined.

The stove has large cooking top 21 inches x 27 inches including two shelves. Has four 8-inch lids; 22 inches from floor. The pipe connecting the oven and the stove runs up behind the steel backguard and the oven itself requires 6-inch pipe. The pipe combining the oven and stove is furnished with the stove.

268 E 4908—No. 90 Windsor High Oven Stove. Ship. wt., 150 lbs. Price..... $13.50



High Grade General Purpose Stove

THE Lion Windsor has an octagon shaped fire pot. Extra ring to hold irons. Not only serves purpose for washing but allows eight irons to fit tight up against the fire pot; heat much quicker; takes 6-inch pipe.

Top is 20x21 inches. Four 8-inch lids. Diameter of fire pot, 11 inches. Height from floor, 21¾ inches. Draw center shaking grate. Has deflector plate to throw heat to front lids. These stoves are low enough in price to put in the basement or wood shed.

Shipped from Factory near Chicago.

Save Fuel Use the Heat that Goes Up the Chimney

$3.75

EVERYBODY knows that a lot of heat goes to waste up the chimney, and everyone wants to know what can be done with that heat. Why not bake with it? Insert a drum oven in your stove pipe and use the heat going up the chimney for a small baking or for a little warming chamber.

Use a drum oven on your laundry stove or on any kind of a heating stove. It will do just as good a baking as the oven in your range. There is absolutely no upkeep to it — no extra fire needed. Just keep your flues clean. That is all that is necessary to keep your oven and stove combination in perfect working order. Body of oven, 14½ inches wide and 18 inches long. Plain steel with cast iron ends and door. Door fits tight. Fits a 6-inch pipe. Ship. wt., 40 lbs.

268 E 4904—Drum Oven, No. 18. Price..... $3.75

Shipped from Factory near Chicago.

Have Running Hot Water

ed from Factory outhern Illinois.

E Mogul Windsor Water Heater is made exceptionally heavy in very way. Has a heavy hollow fire pot, which has an opening for water connection. Water must be under pressure all the time wise the stove will be ruined.
rnishes sixty gallons real, hot water every hour. A very small ful of chips or coal will start the water heating very quickly. Top holes is 12½x20 inches; 4 hole, 21x20 inches. 21¾ inches from Diameter of fire pot, 10 inches. Size of water pipe, ¾ in. Takes 6- pe. Has full-size 8-in. lids. Deflector plate throws heat to the front.
E 4913—Two hole. Ship. wt., 70 lbs. Price..... $12.50
E 4914—Four hole. Ship. wt., 105 lbs. Price..... 14.50

A Better High Oven

THIS type of drum oven is much more efficient than the round type. First, it is larger; second it heats quicker; third, it has an extra shelf and so can do more baking. Because it is made of steel it heats through very quickly. The steel door is drop down pattern and so acts as extra shelf room in addition to the wire rack. Use this stove-pipe oven on any kind of heating stove. It is a big saver of heat that would otherwise go up the chimney. Be sure and keep your flues clean and free from soot. Clean flues mean a good draft.

Inside dimensions of oven, 15¾ inches wide, 11 inches deep, 12½ inches high. Fits 6-inch pipe.

268 E 4920—Drum oven No. 20. Price $4.95

Shipped from Factory near Chicago.

Heaters That Will Alway

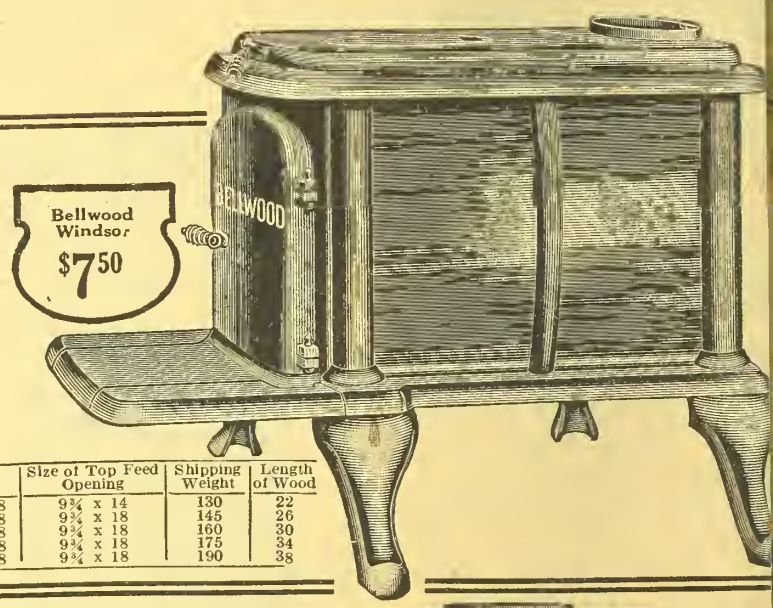
Rosemont Windsor $18.50

A Base Burning Wood Heater That Will Save Fuel—Because It Saves the Heat

The Heat Goes Clear Around the Body

REV. TODD, a Nebraska minister, was the inventor of the first **Rosemont Heater** He conceived the idea that if the air in the stove were forced to go around th body before going out of the chimney, the heat would stay in the stove longer and there fore make it hotter. This, of course, means that the **Rosemont** needs less fuel than th other styles of heating stoves. More use is made of the heat. We are selling man hundreds of **Rosemonts** every year. People realize their value asfuel-savin wood heaters. It is a credit to Rev. Todd that his stove is benefiting so many

In the **Rosemont Windsor** the heat passes clear around the body betwee the cast iron lining and the steel body. The body is polished steel with heav cast iron ends. Has heavy name plates, swing top, cast iron legs, foot ra (only one foot rail is furnished with this stove), reversible collar — pipe ca go straight up or straight back. Nickel-plated swing off top—name-plat and foot rail — big end feed door—a real wood burning base burne type of heater, attractively made. Do not fail to demand a bas burner type. All of this type of stoves are not made in this manne



For sizes, prices and measurements see description table below.

A Cast Iron Wood Heater Built for Strength

Bellwood Windsor $7.50

THE **Bellwood Windsor** is a plain solid, all-cast-iron wood heater. It is made strong and heavy. The sides are braced with a heavy cast iron band from top to bottom. This stove is made to stand the hardest kind of usage.

The **Bellwood** has a large swing top which allows the big chunks of wood to be thrown on the fire. The larger sizes have two lids on top, small size has only one. It won't hurt the stove to be fired red hot. It can stand any kind of firing. Real quality is put in it. The hearth is wide and deep. Big heavy cast iron legs. Extra heavy cast iron corner columns, increase the strength.

Height from floor to top 26 in. Takes 6-inch pipe.

Shipped promptly from Factory near Chicago

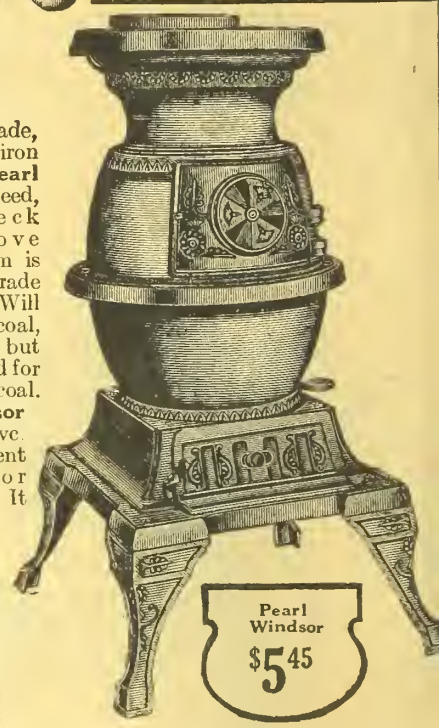
Panther Windsor $8.95

A Plain, Sturdy Cast Iron Heater

BUY the **Panther Windsor** if you want a large cast iron stove that will throw out an enormous amount of heat and stand every sort of hard usage. It is a heavy stove built for service—not for looks—in heating churches, stores, depots, schoolhouses and shops. This stove is particularly well fitted for burning soft coal. it can be fired up quickly, throws out a great volume of heat, and will give good service for a long time.

The fire bowl is exceptionally heavy, and can be very easily replaced if it burns out, which is not likely for a long time considering its weight. The ash-pit is extra deep which lessens the danger of ashes banking underneath the grate, to burn it out. On the top will be found a pot hole and a lid that can be used for cooking.



Don't buy this stove too small. A small stove crowded to the limit all the time, will burn up far more fuel than a large stove running with an ordinary fire, and will burn out quicker.

This heater will burn soft or hard coal, wood or cobs,anything that burns.

A Utility Heater

A SMALL, well made, very plain cast iron heater. The **Pearl Windsor** has front feed, door register, check draft. Entire stove from top to bottom is made of the best grade of gray cast iron. Will burn hard or soft coal, corn cobs or wood, but is especially adapted for the burning of soft coal.

The **Pearl Windsor** is a very plain stove. Not one single cent has been spent for nickel trimmings. It is simply a plain stove with real quality behind it on which the price is extremely low. Considering the fact that it is made entirely of cast iron, it is a stove that will give its users splendid service for the extremely small amount paid. In buying any cas iron stove, don't fail to get one size larger than you really need We tell you this so as to help you save fuel.

A handy kitchen heater—read about it on Page 744.

Give Warmth and Solid Comfort

Wood Heaters Made Famous By the Big "Comfy" Foot Rails

Delight Windsor $12.90

ON a cold winter night just after a long tramp, your cold feet are looking for a warm comfortable resting place. There is just such a place on either of these Windsor wood heaters. Those big roomy footrails have done much to make many people happy during the long winter months.

The **Delight Windsor** to the left is a medium weight heater. It has a body of plain steel with top and bottom of heavy cast iron. Top lifts up for big pieces of wood. Deep ash pit with drop door.

The **Delcon Windsor** on the right is a much more handsome stove than the Delight. The nickel swing cover and the mica panel feed door add much to the attractiveness. The body is of refined steel and lined part way with cast iron. It is made to be a real heater. The footrails are heavy and nickel plated—not made to be attractive but to be comfortable. This is a real home stove.

Always bear in mind when buying a stove to select one that is big enough for your needs. Many buy a stove that is too small for their requirements. They over-fire it. When this is done regularly the best stove in the world will burn out. A larger size will prolong the life of your stove. A good plan to follow is to select the size you think you will need and then order one size larger.

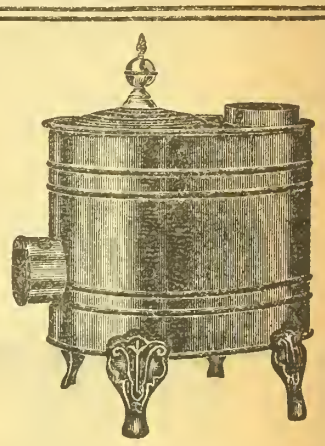
A Very High Grade Airtight Heater



THE **Apollo Windsor Airtight** is the highest grade airtight. Extra heavy, even color steel body, heavily lined with steel. Has all of the advantages of the airtight stoves—burns every kind of wood—and yet has heavy cast iron front and door such as used on heavy wood heaters. Has large flat top, well braced, which can be used for cooking if desired. Steel legs. Lining can be easily replaced if it ever burns out. Takes 6-inch pipe.

The airtight type of wood heating stoves is the quickest heater made. A handful of chips and your stove is hot. Nearly all stoves of this type are made entirely of steel. In the Apollo Windsor we have all the advantages of the airtight but in a much better stove body.

Low Price— A Big Feature

THE **Cedar Windsor** is a small heater that is excellent in cases where quick heat is wanted. It is made for light work and because it is small, it shouldn't be fired very heavily. It heats quickly and uses very little fuel.

It is the lowest priced wood heater of its kind. It has a good steel body and pressed steel legs. Stands solid. Top and bottom double seamed. It is a handy little stove to have around. Always ready to heat a room. Economical and serviceable. Made in three sizes. Be sure to order one that is large enough, for the smallest size is extremely small.

New Type Gas Heater More Heat From Less Gas

$5.75

Gives perfect combustion. No odor. The combustion chamber is so constructed that all the gas burns, leaving no carbon, and therefore no odor. The perforated steel jacket radiates the heat in all directions. This is a very economical and efficient gas heater.

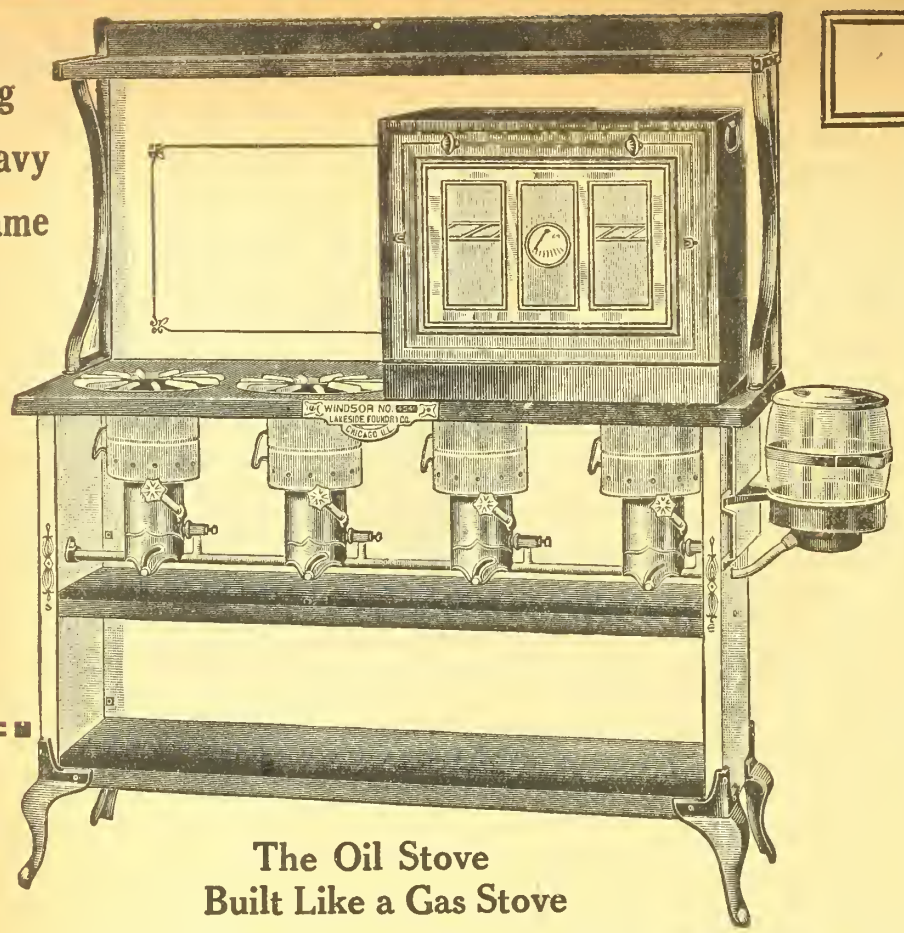
Gas Heaters

Give Quick Heat

This style of gas heater, made in four sizes, is one of the most popular types on the market today. They heat almost instantly and throw out a great amount of heat. A corrugated, polished copper deflector throws the heat out into the room and makes the stove very attractive when burning—a nickel-plated flame guard prevents clothing from coming in contact with the flame, protects the children from the fire—makes it entirely safe.

These stoves, furnished in the sizes given in price table, are very handy. They are light to move around and burn either natural or artificial gas.



When ordering don't fail to mention if artificial or natural gas will be used. Order a length of flexible lead gas tubing with one of these stoves—insures safety.

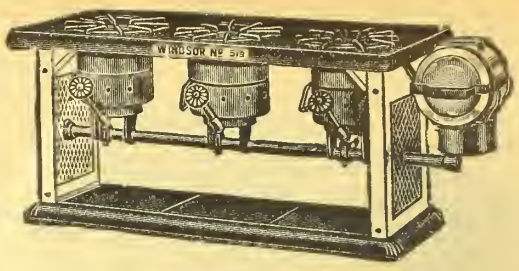
SELECT A WINDSOR

Big Heavy Frame

The Oil Stove Built Like a Gas Stove

The Ever Ready Windsor is the highest grade wick oil stove made. It is made of heavy steel, has well braced cast iron legs, one piece steel top.



This stove has short chimneys—produces more heat and burns less oil than any other type of chimney—fire comes in actual contact with cooking vessel. One gallon of oil will last one burner of the Ever Ready Windsor 20 hours. Has patented chimney raiser, which prevents smoking. Chimneys are blue enamel—never rust. Oil tank is of heavily molded glass—won't break easily. Burners, of heavily leaded steel.

Body of the Ever Ready Windsor is attractively finished in High Gloss Snow Flake White Japan. Upper shelf, cooking top, lower shelves, and legs are of glossy Black Japan. Chimneys, in blue enamel. Burners in gold finish. Oven furnished with this stove is our Lady Windsor oven, 5755, described on opposite page.

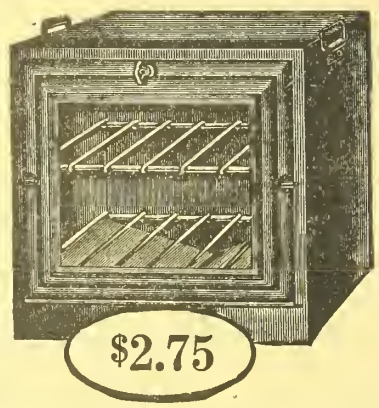
Best Grade Wickless Stove



Solid White Japan Back

This is a very high grade wickless stove. It stands very rigid and can easily do a good day's washing and be none the worse for it. Solid white Japan back. The same frame as our 404 wick stove. Same heavy top, bottom, cast iron legs and large cooking top. The burners are detachable; an unusual feature in wickless stoves. Blue enamel chimneys; pipe line fitted with level—enables you to keep a perfect blue flame. Glass tank—see the oil. Burners use an asbestos ring—last a long time—inexpensive to replace. A well made, solid, substantial wickless oil stove. High gloss Snow Flake White Japan body with jet black top and bottom. Makes a very attractive as well as serviceable stove. Don't fail to order a Windsor Oven at the same time.

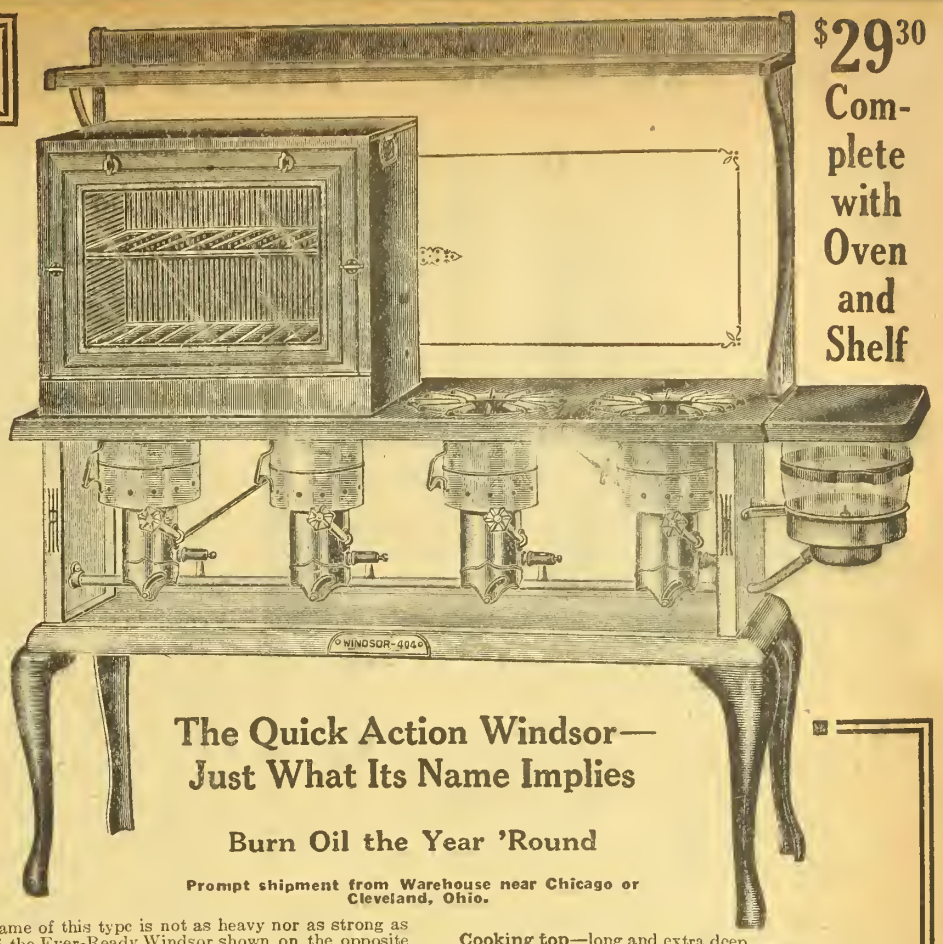
EROSENE STOVE



The Convenient Style

e Lady Windsor is compact, durable, reliable, economical, attractive, safe ays ready to cook or bake on a moment's notice. It is built on the same iple as the best type of gas stove.
e frame of the Lady Windsor is made of the same heavy grade steel as that in all our other high-grade wick stoves.
uipped with heavily moulded oil tank, which enables you to see amount in tank or detect dirt.
e manner in which its oven operates, adds greatly to the convenience and actness of the Lady Windsor. The back part of the top of the stove is with a cast iron track of two angle irons 20 inches apart. The oven fits track. To use the oven—pull it forward over the two back burners.
e oven furnished with this stove is our regular Lady Windsor Oven, No. full asbestos lined. Full description on opposite page.
e Lady Windsor is to be considered the latest thing out in oil stoves—yet ot an untried experiment. We have sold large numbers of these stoves the last two years. All are giving absolute satisfaction. It has proven cess. Finished in Royal Blue Japan with black japanned cooking top. of top with shelves, 34x24 inches; height from floor, 30½ in.; ship. wt., oven, 100 lbs; no oven, 75 lbs.

$29.30 Complete with Oven and Shelf

The Quick Action Windsor—Just What Its Name Implies

Burn Oil the Year 'Round

Prompt shipment from Warehouse near Chicago or Cleveland, Ohio.

A frame of this type is not as heavy nor as strong as that of the Ever-Ready Windsor shown on the opposite page, but is unusually stout. The entire frame is made of pressed steel. The top and bottom each pressed out of one solid piece. This increases their rigidity. The legs are of heavy cast iron.

The Quick Action Windsor is equipped with the Windsor Short chimneys. They are blue porcelain—never rust—bring flame into actual contact with cooking vessel—saves fuel and produces more heat in less time than other chimneys.

Cooking top—long and extra deep.

Patented wick stop prevents you from accidentally turning wick too high. Patented chimney raiser eliminates smoking. Leaded steel burners.

Oven—is our regular Windsor oven, No. 5750. Full description given below.

The Quick Action Windsor body is finished in Royal Blue Japan. The tops, legs, and upper shelf are in Black Japan. Back of shelf is in High Gloss Snowflake White Japan.

At Last—The Perfect Gas Range!

White Enameled—Always Clean

THE **Lorain** may be attached only to the gas stove shown above. By setting the wheel of the regulator it is possible to get and maintain, for any length of time an accurate degree of heat in the oven, regardless of gas pressure variations, condition of the air or other influences.

Kind of Gas	Article No.	Stove No.	Price, Stove only without Lorain Heat Regulator	Price, Stove with Lorain Heat Regulator	Crated Weight Pounds

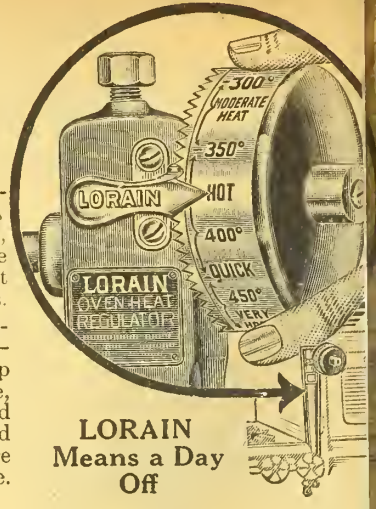
Natural Gas Left Hand Oven	268E5303	1391X	74.50	86.50	290

Shipped promptly from Warehouse near Chicago.

If desired can be furnished with the Lorain Heat Regulator—Cook entire meal in the oven

THIS **Windsor Gas Range** is of angle iron construction. Practically unbreakable. Angle iron is the only kind that will not break under all ordinary conditions, because it is of a very tough steel which bends before it breaks. It cannot be compared with ordinary cast iron which is used in practically all other Gas Ranges.



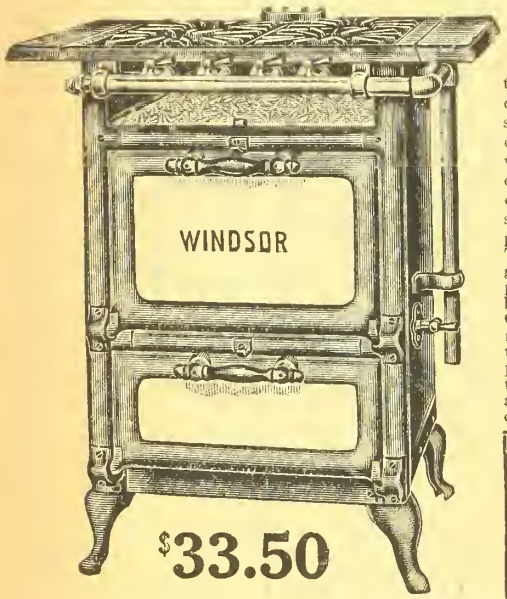
This range is the highest grade gas range manufactured today. It is as sanitary as is possible to produce—very simple in construction. It has white enameled drip pan under top burners. White enameled oven side, main oven top, shelf top, shelf back, white enameled oven door center, white enameled broiler door center, and white enameled back guard. Even the cast iron legs are white enameled. This is truly a very handsome range. A credit to the finest home.

The baking oven is equipped with removable wire shelves. Doors are drop down pattern, cast iron frame, nickel plated and fitted with large cool wooden handles.

Cooking top has four burners, one extra large, three single and one simmering burner. Extra large top—vessels will never be crowded. Oven burner projects a uniform flame full width of oven, furnishing the largest amount of heat evenly under every part of oven bottom while using the smallest amount of gas. Baking oven is 18½ in. wide, 18 in. deep, 14 in. high.

Broiling oven is 18 in. deep, 18 in. wide, 10 in. high. Cooking surface is 26¾ in. long and 21½ in. deep including end shelf. Height from the floor to the cooking top is 30¾ in.; extreme dimension of this stove is 50¼ in. long with end shelf, 27¼ in. deep, and 51 in. high to top of back guard.

This range is furnished also with left hand oven. See price table. Natural gas ranges are constructed with raised burners and open tops as illustrated. **Be sure and state which kind of gas you are going to use.** The **Windsor Gas Ranges** are offered to you with the distinct understanding that they are superior, in finish and quality, to any gas range on the market. We welcome comparison.



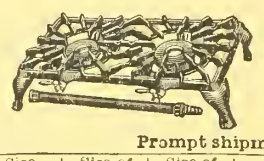
LORAIN Means a Day Off

Who ever heard of putting a roast in th oven at one o'clock and then going out fo the afternoon and coming back at six to fin the roast wonderfully well done—just righ —not dry—not burnt—just as you wante it? Sounds like a fairy story. But that just what can be done with the new **Lorai** oven heat regulator.

The **Lorain** controls the heat of the ove perfectly—turn the wheel to the desire temperature—set it for the length of tim and the result will be perfect. Food cook perfectly with a **Lorain**—it **must** cook pe fectly if the wheel is set right. Most of th big magazines are now giving accurate ove temperature for recipes. Instead of the o fashioned inaccurate expressions as "slo oven," "moderate oven," "hot oven," et they now state the exact degree of heat use. This big step forward has been mad possible by the **Lorain** oven heat regulato

The **Lorain** has many other interestin advantages, including "unwatched" whol meal cooking. The success of the **Lorain** growing every day. It is being used in a the modern homes. It is only a question time—a very short time—when it will be a hard to sell a gas stove without a **Lorai** as it is to sell an automobile without a se starter.

Well Built Gas Stoves



The **Windsor Gas Range** illustrated herewith is equipped with full cast front and doors, also regulation star burners in cooking top. The oven burner is "U" shaped and the valves are of the adjustable type. The oven linings are aluminized. One oven rack is furnished with each stove. Both oven and broiler door panels are of white porcelain enamel. The drip pan under top burners is of galvanized iron. The broiler compartment is equipped with full sized broiling pan with wire rack. Natural Gas Ranges are constructed with raised burners and open tops as illustrated. A high quality and moderate priced Gas Range with broiling feature. Range constructed of cast iron and sheet steel. Made for Artificial or Natural Gas. State which you use.

$33.50

The stove shown on the right is the same pattern of four-burner gas range as the one shown to the left with the exception that this stove has no broiler oven. Otherwise the stoves are exactly alike. These two ranges are a very popular type because of their compact pattern and moderate prices. The oven in this stove is large and a perfect baker. End shelves on the cooking top give added top surface. Cooking top has four regular star-shaped burners, of regular one-pieced cored cast iron. Adjustable valves. All castings have baked enameled surface. The oven door lining is finished in white porcelain enamel, making a very attractive stove—easy to keep clean. Drip pan under top burners made of galvanized iron. Size of baking oven 18x17x12 inches. Crated weight 130 lbs. State which gas you use.

$29.50

Gas Plate

Heat Your Kitchen

If you are using a Gas Range for cooking, you certainly should have this **Windsor Kitchen Heater** to heat your kitchen, and to burn your rubbish and waste. The fire box is constructed on the same lines as our regular coal ranges and burns any kind of coal, coke, wood, corn cobs and rubbish.

The fire box has the regulation duplex grate. Size of fire box, 15½ inches long, 7 inches wide and 7 inches deep. The body is constructed of heavy gauge steel, same as is used on our regular steel ranges. Has a cast iron front and top. Top has two 8-inch lids and is 14 inches wide x 26½ inches long. The legs are adjustable so that the height of this stove can be regulated to the height of your Gas Range. Has heavy bailed ash pan—nickel screw draft in ash door—takes 6-inch pipe. Shipping weight, 140 pounds.

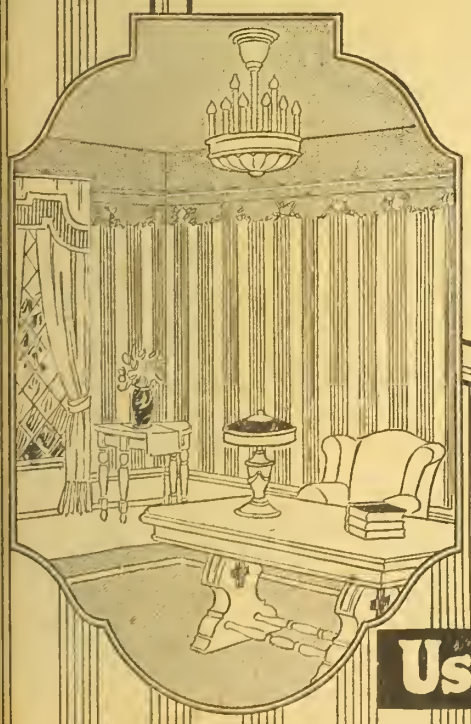
Write for Our New Free WALL PAPER BOOK

It's FREE

Be sure to get this book before you buy

WARD'S NEW SAMPLE BOOK will help you select your new wall papers. It shows you the styles that are correct, the colors that are artistic—the popular patterns being "used" this year. Large and complete assortment to choose from. Our new book gives you the actual samples cut right from stock. Use the coupon below and get your copy of this new book.

THE BEST COLOR and design artists in the country have helped in making our line this year one of the most beautiful and artistic ever offered. In our new book you will find many pretty bedroom papers — striped, flowered, beautiful gold tapestries, grasscloth designs for the living room and dining room. **The latest up-to-date styles for every room in the house.**



VERY LOW PRICES—only **10c** and up per double roll. Others, among the better grades, such as tapestries, embossed designs, etc.—around **50c** per double roll.

And remember, our double rolls are 16 yards long and contain twice as much wall paper as the ordinary single or 8-yard roll, by which wall paper is usually sold.

This means a double saving for you—the saving by our very low prices and the saving in our 16-yd. double rolls.

Ward's Double Rolls Mean Double Saving

You get twice as much Wall Paper in Ward's 16-yd. double rolls as in the ordinary single or 8-yd. rolls.

The Right Paint at the Right Price

We Make Our Paint and Guarantee its Quality

WARD'S Coverall House Paint is one of the best known and most widely used house paints in the country. We make it in our own factory and guarantee it both as to quality and wear. Coverall is the ***right*** paint at the ***right*** price.

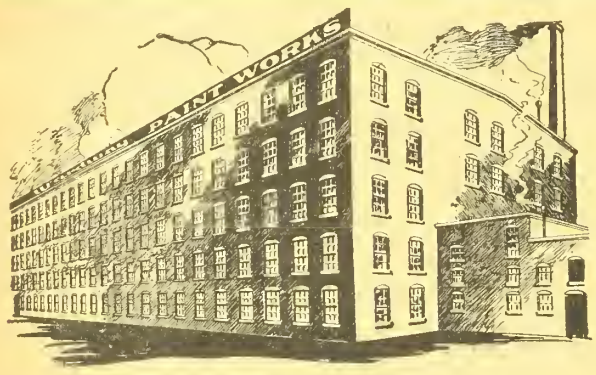
Manufactured from Reliable Materials

We make Coverall House Paint from white lead, zinc, linseed oil and the other wear-resisting ingredients that long experience has taught us make good paint. It is ready-mixed and ready to use. No experience is required.

It spreads well, covers thoroughly, is good looking, hard-drying, and long-wearing. It is the best paint we know of for the money and we guarantee it to give you real satisfaction.

Ready-Mixed—Anyone Can Apply

Coverall House Paint comes to you ready for use. No experience is needed to apply it. Full directions on the can. You can do your own painting and save money.



EVERY gallon of Coverall House Paint is backed by our guarante It will give you the service you have a right to expect or we agr to refund you your money. We make Coverall and we know what can do. We guarantee it because we **know** it will make good.

Protects—Preserves—Increases Value

Coverall's tough, durable film shields from the hot sun, sheds th soaking rain, keeps the surface sound and water-tight—and safe fro rot and decay. In addition, its attractive, glossy finish and popul colors improve the appearance of your house and increase its valu

Large Covering Capacity Saves You Money

A special feature of Coverall House Paint is its large covering capacity—250 t 350 square feet, 2 coats per gallon. That is, it will cover that much surface tho oughly and well. This is a very important feature to the man buying paint. paint with as big a "spread" as Coverall has, goes farther. Less paint is require for the job—you save on the total cost of the paint.

We Make Our Own Paint—To Be SURE that It is GOOD

To protect our customers and to make sure that our paint is reliable and dependable, we own and operate this big paint factory.

That was why, in January 1917, we opened our own paint factory—to be sure that our paint was GOOD paint—to be sure that our customers got full value of their money. We went to the enormous expense of equipping and maintaining a special paint plant just so we could oversee every step in the process of its manufacture. It's the best evidence we know of, that, in January 1921—only four years later—we were compelled to double the size of our paint factory to handle our orders. We believe this the final and absolute proof—the fact that the American public demanded more of our paint than we could possibly produce.

In our new factory—shown above—we are now in position to handle more business in order to give all our old customers and as many more new ones—a chance to buy their paint at the lowest price.

How to Measure Your House For PAINTING

Coverall and Wardway House paints are noted for the large amount of surface one gallon will cover.

To figure how many gallons you need for painting your house, first figure up the number of square feet of surface to be painted. Add the 4 sides together and multiply by the height. For example, take a house 30 by 40 ft., 20 ft. high, as shown at right.

Front	30 ft.
One side	40 ft.
Other side	40 ft.
Rear	30 ft.
Multiply by height	x 20
Gives surface to be covered	2800 sq. ft.

To measure your roof for painting staining, multiply the width of the hou by the length and add ⅓ which will gi you the number of sq. ft. in the ro Divide by the number of sq. ft. 1 g will cover.

Divide the total number of sq. ft. to be covered by the number of sq. ft. one gallon will co er. The result will show the number of gallons needed. Allow a little extra, especially if new lumber. Allow about ¼ extra for trimming. If in doubt, write us.

Made in our Own Factory
Every Gallon Guaranteed

Ward's Paint is an Investment—Not an Expense

WARD'S **Coverall Barn Paint** is a practical paint for a practical purpose. It is an investment—not an expense. It is made to protect and to serve. It saves repair bills by shielding from weather wear and postpones building by stopping decay. Using Ward's Coverall Barn Paint is like saving money in the bank. You don't spend the money—you save it.

A Genuine Mineral Barn Paint

We make Coverall Barn Paint from weather and wear-resisting mineral pigments and oxides, ground by special heavy machinery and thoroughly mixed with the necessary linseed oil, driers, etc. It is, of course, not as high in quality or as finely ground as our House Paints, but it is the right paint for protection and will save your barn from decay. It also improves its appearance, making it look fresh and new.

Satisfactory Service Guaranteed

Coverall Barn Paint is backed by our guarantee of satisfaction or your money refunded. Don't be afraid of its low price—we manufacture it in our own factory and are able to sell it at **one** very small profit. It will give you good reliable service the whole year 'round.

Painting your barn with Ward's Coverall is not an expense—it is an investment. It is a few dollars well spent to protect property worth hundreds of times the cost of the paint. Consider Ward's Coverall barn paint as **property insurance**—the **Surest** protection against repair bills and rebuilding.

1 Gallon Covers 250 Square Feet, 2 Coats

This large covering capacity saves you money, because the paint goes farther. You need fewer gallons to complete the job.

Montgomery Ward & Co.

I sent for a barrel of barn paint from you and I am thoroughly satisfied with your quality and the value of it. I could not buy the same paint here—it would at least have cost me a dollar per gallon more for it.

Adds Years to the Life of Your Fence Posts!

Ward's Creosote Wood Preservative

Protects from Ground Moisture and Decay
Saves Wood—Saves Money

STATE Experiment Stations recommend creosote oil for preserving fence posts, sills and docks—any wood coming in contact with ground moisture or the action of water. Railroad and steamship companies use creosote for preserving telegraph poles, ties, bridge supports, and wharves.

Creosote oil is one of the best wood preservatives known. It is not an experiment—it is a proved and accepted fact that it does protect the wood and make it last longer. It is one of the most highly recommended agents in the wood-preservation campaign that is arousing the nation.

That is why Ward's Wood Preservative is so highly recommended. It is a refined creosote oil product which penetrates the wood and seals the pores. Protects from ground moisture and resists the attacks of insects and fungi. Makes the wood last longer, postponing rot and decay and saving you many dollars in repairs and replacements. Its cost is almost too small to be considered, compared to the value of the property it protects.

Apply it with a brush or by dipping the butt ends of fence posts into a tank filled with wood preservative (see illustration). If heated, the liquid will penetrate deeper. No other preparation is necessary and no experience is required.

Five gallons is enough to treat about 100 fence posts.

Keeps Your Wagon Out of the Repair Shop!

It's cheaper to keep your old wagon painted than to buy a new one. Hardway Wagon or Implement Paint—specially made in our factory for protecting and preserving iron and wood—is the right paint to use on wagon bodies, wheels or parts. Also for painting implements to protect them from rust.

A few dollars spent for this paint this year may save you considerably more next spring. Choice of 6 popular colors, glossy finish. State Color Wanted.

Now is the Time to Paint

Paint to PROTECT Your Property

EVERY dollar you spend for Ward's Paint is put right back in your pocket by the saving you make in repair bills and the increase in the value of your property.

Ward's House and Barn Paints are guaranteed to resist weather wear. They are specially made to form a durable, protective coating over the surface, thus excluding moisture and shielding from extremes of heat and cold. This coating prevents decay and postpones rebuilding. In one year alone, the saving you make in repair bills, should more than repay you for the small cost of Ward's paints.

And remember, a well painted house is worth more. It is in better condition. It has a better appearance. It will bring more money in case you want to sell. It is worth more money to you, as the home-owner.

Ward's paint is an investment—an investment that **pays.**

Paint Now—

This Summer or Fall

Many experienced painters recommend late summer and fall as the ideal time for painting. The wood is thoroughly dry by that time and there is less danger of the paint being blistered by the intense heat of the sun. There is less likelihood of sudden showers. There is less bother from swarms of gnats, etc.

NOW is the time to paint. Get your house painted and **protected** before winter comes. You will find one coat now may save you two coats next spring.

Always—it's cheaper to paint than not to paint.

Makes Your House Last Longer and Worth More

WARDWAY House Paint is recommended for the finest homes. It is easy flowing, fine spreading, uniform in quality. We make it in our own paint factory and are willing to stake our reputation as paint makers on the service it will give.

All Materials Carefully Selected

Made from a carefully tested formula—the result of our long experience and skill in manufacturing good paint. The white lead, zinc, linseed oil and other materials in Wardway House Paint are all carefully chosen. We use sublimed white lead in Wardway House Paint, for example, and every other item in the time-tested formula is chosen for a very definite purpose. Ready-mixed—directions on every can. Guaranteed.

Extra Large Covering Capacity

One gallon of Wardway House Paint will cover 250-350 square feet, two coats. This is an extra large amount of surface for a paint to cover, yet Wardway covers that much and does it well.

Remember this in figuring up the cost of your paint. Buy your paint according to the amount of surface it will cover, instead of by price alone. The paint that spreads farthest goes farthest—you don't need as many gallons.

Wardway House Paint beautifies and protects your home. It improves its appearan makes it worth more money.

The few dollars you pay for Wardway House Paint is more than repaid by the saving in bills and the increase in value of your home. You don't spend money for Wardway House you invest it—to make your home look better—last longer—worth more.

Preserves While It Beautifies

WARD'S Creosote Shingle Stain is made for the double purpose of protecting shingles and beautifying them. It is an attractive stain and reliable wood preservative combined. Use it on both shingle roofs and sides of houses.

It contains a large percentage of creosote oil, one of the best wood preservatives known. It penetrates the wood and seals the pores, keeping out the moisture and protecting the wood from extremes of heat and cold. It is much better for this purpose than ordinary paint.

Protects the shingles from weather wear, postponing the time when they warp or crack and have to be replaced. It saves its cost many times over on just this one item alone. And in addition its soft-toned colors make the whole house more attractive. Wardway Creosote Shingle Stain is one of the best investments you can make for your home. Easy to use. Brush it on with an ordinary paint brush or dip the shingles two-thirds their length.

Brushed on 1 gallon covers about 100 sq. ft. of surface, 2 coats. 2½ gals. will treat about 100 shingles, dipped two-thirds their length.

Renews the Beauty of Stucco Homes

WARD'S Concrete or Cement Coating is one of the best pa we know of for use on stucco. It is not a cheap, tempo coating but a reliable, permanent paint made in our factory for this special purpose.

On old stucco its fresh colors give the house a bright, almost new ap ance. Protects the finish on new stucco homes—keeps them fresh and a tive, and postpones the time when they will begin to show signs of we wear. Makes old stucco houses look almost new again—particularly whe color is changed, say from a weather-beaten gray to a fine, warm buff.

If you want to keep your stucco house in good condition, or want to resto original beauty either for your own satisfaction or to "fix it up" for sale Ward's Concrete or Cement Coating.

Makes Roofs Water Tight and Weather Proof

WARD'S LIQUID ROOF CEMENT protects new roofs from weather wear and makes old roofs last longer. Saves repair bills and postpones rebuilding. We guarantee reliable service with every gallon.

Old rusty surfaces decayed beyond the painting stage can be recoated with Ward's Liquid Roof Cement, thus adding years to their service.

Only 1 Coat Required—Even on Oldest Surface

A coating 1/32-inch thick is usually sufficient to make any old roof waterproof. Easy to use—apply with a brush (for special knotted roofing brushes, see below). One gallon will cover about 100 sq. ft. of surface.

Well adapted for use on metal roofs and siding of all kinds; on silos, tanks and other structures; also on paper, tar, or felt roofs; and to exclude moisture on underground work, whether of wood, metal or concrete.

Glossy black in color.

WARD'S LIQUID ROOF CEMENT positively does NOT contain coal tar which has a tendency to soften in hot weather and separate from the surface to which it is applied. It will not run, sag, chip, check, scale or blister. It is a plastic composition reinforced by asbestos fiber running in all directions, which holds the coating in place until it sets.

Where the roof is in very bad condition—sunken in spots, where water collects—use WARD'S Trowel Roof Cement (See Below).

But in most cases, our Liquid Roof Cement (same as the Trowel, but of lighter consistency so that it may be brushed on) is sufficient to seal the roof tight.

A much used method is to apply Trowel Cement over the worst spots and then coat the entire surface with Liquid Roof Cement. Try this on your roof.

Asphalt Paint

For Roofs, Bridges, all Metal Work. Choice of 3 Colors—Black, Red or Green

Asphalt, the base of this special paint, is known to be a first-class protection against weather wear and a reliable rust preventive.

Recommended for all metal work, particularly metal roofs and sidings, for painting roof gutters, spouting, tanks, bridges, etc. Can be used on any roof—iron, shingle, felt or composition, with fine results. Apply it with a brush—one gal. covers 200-250 sq. ft., 1 coat.

Shipping weight, per gal. about 12 lbs.

Trowel Roof Cement

For Repairing Roofs in Especially Bad Condition

Extra Heavy—Apply with Trowel

Similar to Liquid Roof Cement, listed above, but heavier. Sticks to any surface and will not get hard or brittle in the winter nor soften or run in the summer.

Jet black in color, non-poisonous, will not taint nor discolor rain water. On average roof a coating 1/16 to 1/8-inch thick is sufficient. When so spread, 40 lbs. will cover about 100 sq. ft. Also for sealing around chimneys, drain pipes, etc.

Barrels and Half Barrels shipped from Chicago.

Roof and Fence Paints

We have been making this paint for years and our customers time and again have expressed their continued satisfaction with it.

It is a heavy oil paint, containing enough asphaltum to insure its sticking to iron, tin or other metal. Forms a tough, durable film over the surface which resists sun and storm, sleet and rain.

Will add years of service to an old roof. Also recommended for tanks, windmills, etc. Ready to use—easy to apply. 1 gal. covers 200-300 sq. ft., 1 coat.

Prices of Black.

Bbls. shipped from Chicago.

Elastic Roof Paint

For Patching Leaky Roofs

Not as heavy as our other roof coatings—but a good, durable roof paint at a low price.

Used particularly for repairing and "fixing up" old, leaky roofs. A leak can be stopped by first painting the surface over the leak, then laying on a piece of muslin, and finally coating the muslin with another layer of paint.

Will stand expansion and contraction caused by weather changes, without cracking or peeling. Ready to use—apply with a knotted roofing brush. Glossy, black finish. One gallon covers about 250 sq. ft., one coat.

Each	68c	77c

For eave troughs and metal roof trimmings, see page 53.

The Up-to-Date Finish for Fine Walls

WARD'S Flat Wall Finish is one of the newest styles in modern decoration. The plain "flat" (without gloss), velvety finish is very artistic and fashionable.

Many beautiful color combinations are possible with the harmonious shades of Wardway Flat Wall Finish. The "plain" effect of the one-toned, no-gloss walls makes a refined and dignified setting for furniture and furnishings. Always in the very best style.

May also be used on woodwork, wall board and metal ceilings. Protects the surface on which used.

Wardway Flat Wall Finish is made in our own factory and is ready-mixed and ready to use. You can redecorate the walls of your home in little time and with less effort. The results are always satisfactory.

A particular feature of Wardway Flat Wall Finish is the fact that it may be easily and quickly cleaned. Use our Wall Cleaner listed below. If plastered walls have not been previously sized or painted, first use our Fresco Wall Size.

On smooth, plastered walls, one gallon of Wardway Flat Wall Finish will cover 200-250 sq. ft. 2 coats. State color wanted.

Semi-Gloss Finish for Walls or Wood

WARDWAY Household Paint is an oil paint with an attractive, semi-gloss finish. Used on any inside work—particularly recommended for kitchen and bathroom walls. Made in our own factory.

A paint for every purpose—for walls, woodwork, floors and furniture. Use it anywhere inside the house—it does the work that used to require several different kinds of paint and does each job well.

It has a pleasing semi-gloss finish which may be washed with soap and water without injuring the finish. This makes it especially desirable for painting kitchen, pantry and bathroom walls.

One gallon covers about 250 sq. ft., 2 coats. Plastered walls never before painted or sized, must first be sized with Fresco Wall Size (listed on this page).

Choice of 12 popular colors and white.

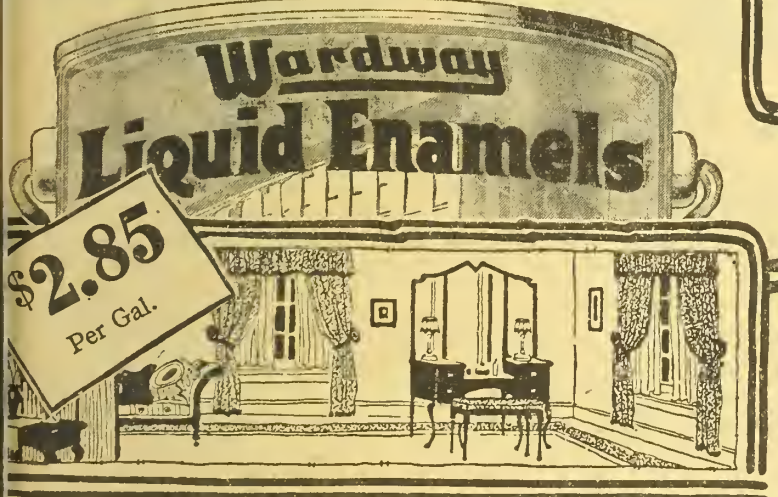
The Beautiful White Enamel that Stays White

WARD'S Towerlite White Enamel is white as snow. And it's a lasting white—durable and hard wearing.

Use Towerlite for enameling either wood or metal surfaces and plastered walls. Use it for all kinds of furniture, woodwork, and interior decorating. Ideal for refinishing the bathroom, as it may be used for the walls, the furniture and even the bath tub. It is high grade and reliable in every way.

Your choice of either the glossy or the "egg shell" (no-gloss) finish. The glossy finish may be rubbed if desired. With the "egg shell" finish, rubbing is unnecessary.

One gallon covers about 200 to 250 sq. ft., 2 coats.



Glossy Finish		Eggshell Finish (Pure White, Without Gloss)

Ship. wt., per gallon, 15 pounds.

Popular Colors—Brilliant Finish

Washable

WARD'S Liquid Enamels are known to our customers for their unusual wear-resisting qualities. They may be washed with soap and water frequently without losing their gloss.

Just the thing for kitchen and bathroom walls, although recommended for any other walls where a bright, glossy finish is desired. Equally good for furniture and woodwork.

We particularly recommend our special glossy enamels for use in refinishing bedsteads, chiffoniers, etc. They are very attractive and not only renew the finish, but also protect the surface. May be used on metal ceilings, metal bedsteads, etc.

Ready mixed and ready to apply. We guarantee you will be perfectly satisfied both with the quality and wear of our enamels, as well as being delighted with their bright glossy finish.

If you intend putting a lighter shade over a surface now painted with a darker one, first put on a priming coat of Towerlite White Undercoat (see under Towerlite Enamel). If the surface is an unpainted plastered wall, first use Fresco Wall Size.

For covering capacity and shipping weights of our varnishes see opposite page.

Linoleum Varnish

You've noticed how linoleum — even the very best quality—commences to wear in spots, after a certain length of time.

Ward's Linoleum Varnish is made to prevent this, to protect the linoleum and make it last longer.

Use it on new linoleum to keep it looking new. Use it on old linoleum to restore its beauty and bring out the original pattern.

Transparent; dries over night. Anyone can apply it, with perfect results.

Diamond "W" Floor Varnish

We believe you will find many of our customers who used Diamond "W" Floor Varnish twenty-five or thirty years ago and still point to it with pride and satisfaction.

Diamond "W" is our old reliable brand — the varnish that made our reputation and is still just as good as ever. Although not as high a quality as our Marproof Floor Varnish it is a strictly dependable varnish and will give you years of service.

Dries with a full, rich lustre. It is tough, durable and water-proof. Priced very low, considering its quality.

WARDSPAR

The Wear-Resisting Varnish

ONE of the toughest, most durable varnishes made. Patterned after the old weather-proof varnishes used on spars of sailing vessels.

Made especially for use on outside work—porch floors and ceilings, front doors, vestibules, etc. It resists heat and cold and sheds rain and snow. It is the varnish to use for protecting as well as beautifying any wood subjected to outdoor exposure. Specially recommended for boat decks, etc.

Because of its extreme durability, Wardspar is also much used inside the home for table tops, etc., that receive unusually hard wear.

Bright, glossy finish. Easy to apply.

75 E 8600— 1-pint can	$ .43	575 E 8603—1-gallon can	$ 2.98

75 E 7806—5-lb. package	80c

Batavia Damar Varnish

An exceptionally beautiful pale Transparent Varnish for use over wall paper or white paint. Made from high-grade Batavia Damar Gum. For use in white enamel paint or over light colored paint or wall paper. Brilliant and full bodied. It flows and works well. Dries dust-proof in 6 to 8 hours, and hard in 36 hours.

75 E 8660— 1-pint can	$ .41
575 E 8661— 1-quart can	.78
575 E 8662—½-gallon can	1.53
575 E 8663— 1-gallon can	2.95
175 E 8664— 5-gallon can	14.25

You'll need a good varnish brush to do the best kind of work. Page 755 shows you the right kind of brush to use.

Ward's Miro-Lite Interior Varnish

This is the varnish to use for woodwork. Brilliant glossy finish—makes woodwork look almost new. We recommend Miro-Lite Interior Varnish for the finest work. Use it on all floors, mouldings, and other woodwork—it develops the natural beauties of the different kinds of wood to the best possible advantage. Pale, transparent, easy flowing. Dries hard with a brilliant finish which greatly improves the appearance of any wood. May be washed frequently—will not blister or turn white. May be rubbed and polished if desired.

75 E 8610—1 pint	$ .45
575 E 8611—1 quart	.85
575 E 8612—½ gallon	1.65
575 E 8613—1 gallon	3.20
175 E 8614—5-gallon can	15.50

Interior Spar Varnish

Like Wardspar, this varnish takes its name from the old style spar varnish used on sailing vessels. Our special interior spar varnish is extra tough and durable. Use it for all interior work, on doors, woodwork, etc.

75 E 8615— 1-pint can	$ .32
575 E 8616— 1-quart can	.55
575 E 8617—½-gallon can	1.05
575 E 8618— 1-gallon can	1.98
175 E 8619— 5-gallon can	9.40

Extra Hard-Oil Varnish

Many of our customers still prefer the old-fashioned hard-oil varnish. And it certainly is good varnish, especially considering its low price. Use for interior finish. Works freely, dries quickly.

75 E 8625— 1-pint can	$ .39
575 E 8626— 1-quart can	.70
575 E 8627—½-gallon can	1.33
575 E 8628— 1-gallon can	2.55
175 E 8629— 5-gallon can	12.25

Protects Porches From Wear

WARDWAY Porch and Deck Paint is a special outdoor paint that is hard-drying and long wearing. Saves porches and porch steps from showing signs of wear. Protects boat decks from decay.

The porch is the first part of your house the visitor or passer-by sees. Keep it freshly painted and it will be an indication of a well kept interior. You can't let your neighbors think the inside of your house is "run down," because the porch looks worn on account of exposure and hard wear. Use Wardway Porch and Deck Paint and make your porch *inviting.*

Good Paint saves its cost many times over by the saving it makes in repair bills and replacements. Porch steps, particularly, are quick to wear down and often spoil the looks of the whole house. Wardway Porch and Deck Paint postpones the time when your porch steps will have to be renewed. It protects them from weather and wear.

The same qualities make it excellent for use on decks and sides of boats, where it sheds the water and makes the boat last longer.

Anyone can use Wardway Porch and Deck Paint. It is smooth-flowing and easy-spreading. It covers thoroughly and has a bright, attractive, glossy finish. State color wanted.

Reliable Paint Materials

Strictly Pure White Lead

For ordinary outside painting, where the building has been painted before, for final coat use 4 gallons of Pure Raw Linseed Oil, 1 pint of Pure Spirits of Turpentine and 1 pint of our Turpentine Japan Dryer (listed below) to 100 lbs. of White Lead in Oil. This makes 7 gallons of paint which covers about 250 sq. ft. 2 coats, per gallon. Unless a thoroughly experienced painter does the work, it is best to use a ready mixed paint such as our Coverall or Wardway House Paint, both of which are manufactured of all the materials necessary to make a long-wearing, weather-resisting paint. One and five pounds in cans — larger sizes in metal kegs. **Prices Subject to Market Change.**

175 E 7825—100 lbs. Per lb. 13c
175 E 7826—50 lbs. Per lb. 13¼c

Old Dutch White

Ground in Oil

Used instead of pure white lead, is whiter and being ground very fine in oil, has greater covering capacity. More economical. Much used in hospitals and public buildings. Also fine as an undercoat for enamels.

Add 3 gal. pure raw linseed oil, 1 qt. of turpentine and 1 pt. Turpentine Japan Dryer to each 100 lbs. of Old Dutch White. For flat finish, reverse quantities of oil and turpentine.

175 E 8020—100 lbs. Per lb. 12c
175 E 8021— 50 lbs. Per lb. 12½c
475 E 8022— 25 lbs. Per lb. 13c
475 E 8023—12½ lbs. Per lb. 13¼c
575 E 8024— 5 lbs. Per lb. 15c

Use Coverall house paint for best results.

Ward's Superb Fiber Wall Board

USE Superb Wall Board for walls, ceilings and partitions in new or old homes—use it anywhere in place of lath and plaster. Long convenient lengths reach from floor to ceilings. Easy to handle—you can do the job yourself. Ready for painting or kalsomining, but further finish is not necessary unless desired.

Tough—Pliable—Permanent

The lasting quality of our Superb Wall Board is largely due to the fact that it is simply a form of lumber. It is knotless, crackless, manufactured lumber that can be sawed and nailed the same as any other kind you might purchase.

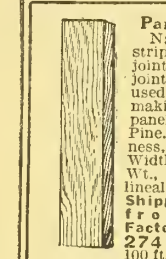
The logs from which this board is made are first ground into pulp which in turn is rolled into long sheets of tough heavy fiber board. Three layers of this board are cemented together with an adhesive asphalt and cut into large flawless sheets. These sheets are then sized so they come to you ready to be nailed in place and painted or kalsomined without any further treatment.

Anyone can use Superb Wall Board

No experience is necessary. Apply right to the studding, thus saving the expense of lath and no expense for "headers" or extra support. Convenient lengths and choice of 2 widths, 32 inches and 48 inches. Put on with ordinary bung head or flat head 3-penny nails. The man who knows how to handle a saw and drive nails, can do a first class job with Superb. We furnish complete instructions with each shipment.

Add an extra room to your home. Reclaim the attic, turn an odd corner into a handy closet, build a strong partition to make two rooms out of one. Make a cozy bedroom up in the attic or a needed store room in the basement.

Superb is used for new or old walls, for covering old plaster, for repair work in homes, summer cottages, garages, poultry houses. Also for sheathing where not exposed to the weather.



Three Kinds of Finish

Our Superb Wall Board comes in three finishes, the gray or mill finish should be ordered where it is intended to either paint or kalsomine walls. The tan and golden oak are suitable for temporary decorative effects but we cannot guarantee these colors not to fade. Golden Oak finish can be furnished in 32-inch width only. Sample sent upon request.

Ward's Protecto Plaster Wall Board

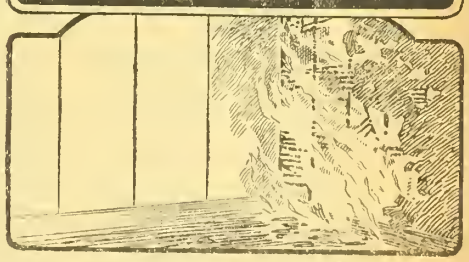
PROTECTO Wall Board, or sheet plaster as it is sometimes called, is a perfect substitute for lath and plaster, but gives better service. Fire-resisting, moisture-proof and heat-proof.

Not a cheap plaster board but a high-grade, durable wall board, ready for decoration as soon as it is put up. No dampness, no delay, no settling cracks, no lath stains. Use Protecto **anywhere** in place of lath and plaster.

Protecto has a specially constructed plaster core, made by rolling a patent hard setting plaster between two sheets of tough cardboard and allowing it to dry into hard solid sheets. Ready-sized, can be painted, kalsomined or wall papered as desired. Square even edges fit flush, making crack filler unnecessary. (See note below.)

A carpenter or any handy man can put on this plaster board and do an entirely satisfactory job. This is a great help especially in new buildings it eliminates any waiting for plasterers or for plaster to dry after being put on.

A nail will not crack Ward's Protecto. Nail it directly onto the studding. Convenient sizes make it possible to build any size wall in quick time.



Samples on request.

Shipped from Factories in Central Mich., Western New York, Central Ohio, or Northern Iowa.

Permanent Fire Resisting Plaster Core

No Lath To Burn When You Use Ward's Protecto

Fire eats its way into a room by attacking the lath. The lath burns and falls and the plaster falls with it. Not only is the plaster core of Protecto Wall Board fire-resisting, but by not using lath you save further chances of fire.

Another Big Feature—No Crack Filler Required

Our Protecto Wall Board has a patented square edge which when the pieces are fitted together, gives a perfect joint, making the use of a crack filler entirely unnecessary where walls are to be papered or panelled.

If walls are to be painted or kalsomined without the use of panel strips by using a very small amount of our Superb Crack Filler you can obtain a perfectly smooth wall.

See page 750 for attractive wall paints.

Ward's ATLAS Asphalt Roofing

Guarantee

Heavy
Weight Per Roll 55 lbs
Guaranteed 12 Years

Medium
Weight Per Roll 45 lbs
Guaranteed 10 Years

Light
Weight Per Roll 35 lbs
Guaranteed 7 Years

First cost is last cost when you use Ward's Atlas Asphalt Roofing. It is tough, durable, long-lasting water-proof and weather proof. Medium and heavy weights approved by the Underwriters' Laboratories, Inc. It is not only superior to wood shingles for roofing steep roofs, but is adapted for use on comparatively flat roofs, where shingles cannot be used.

Manufactured from long fiber tough felt. The felt is thoroughly saturated and heavily coated on both sides with selected mineral asphalt, which will not dry out, evaporate or disintegrate upon exposure to the elements. On the asphalt coating is a finishing layer of powdered mica, which is embedded in the asphalt coating under pressure, so it cannot wash or blow off. Mica is a perfect non-conductor of heat and electricity and its glittering surface reflects the rays of the hot sun and gives added protection to the roofing, so that it wears at least one fourth longer than roofings finished in the ordinary way.

Made in 3 different weights, all the same quality—the only difference being in thickness and weight. Can be easily applied by anyone without tools, other than a hammer and knife. A complete direction sheet is furnished with each roll and sufficient large-head galvanized roofing nails and liquid asphalt cement for the laps are found in the core of each roll. Can be laid directly over old wood shingles. We list the various weights packed with extra long nails for this special purpose.

We recommend it for any type of building—house, barn or garage. It is reliable and economical. Guaranteed 7, 10, or 12 years—according to weight used.

Heavy
Weight per Roll, 55 lbs. Guaranteed 12 Years

274 E 34—Heavy. Ship. wt., 55 lbs. Per roll **2.20**

Shipped promptly from Stock at Chicago, St. Louis, Mo., Louisville, Ky., Buffalo, N. Y. and York, Pa. Can also ship from Warehouse at Atlanta, Ga. When shipped from Atlanta, add 25c per roll.

It's Cheaper to Build a Warm House than to Heat a Cold One

Blue Plaster Cardboard

A strong, durable cardboard, extensively used in place of lath and plaster on walls and ceilings. Used over boards or direct on studding.

The best material made for sheathing and insulating. Usually applied with large head tacks and then painted, covered with wall paper or covered with wood panel strips at the seams. Has a purple blue color. Width, 36 inches. (Prices subject to market changes).

174 E 234—Rolls of 250 sq. ft. Ship. wt., 30 lbs. Per roll **98c**
174 E 235—Rolls of 500 sq. ft. Ship. wt., 60 lbs. Per roll **$1.95**

Shipped from Chicago and St. Louis, Mo.

Tarred Roofing Felt

A good grade of tough felt, thoroughly saturated with best distilled coal tar. Used extensively for roofing sheds, lumber camps, and temporary buildings.

Also used in making built-up flat roofs, where it is applied in from 3 to 6 layers. Each layer and the top surface should be coated with tar and the top surface covered with gravel.

For temporary work. Order tin caps and roofing nails with this felt, as they are not included. Use 1½ lbs. tin caps, 1 lb. nails to each roll. In rolls 36 in. wide. Contains 350 sq. ft. Ship. wt., 55 lbs. (Subject to market changes).

174 E 249—Price, per roll **$1.95**

Shipped from Chicago, St. Louis, Mo. and York, Pa.

You'll save in coal bills the very first winter the small amount you spend for sheathing. Ward's sheathings, are specially made to protect against cold and wind. Guaranteed.

Asbestos Building Felt

This is the standard Asbestos Sheathing. An excellent insulator for heat and cold. For lining buildings, refrigerator cars, ice houses, etc. Deadens sounds when used between floors and for general building purposes.

Extensively used for covering warm air pipes from furnaces, etc. Will not burn even if brought into contact with flames. Rolls contain 450 sq. ft. Width, 36 in. Average ship. wt., 50 pounds. (Subject to market changes.)

174 E 244—Price, per roll **$4.65**

Shipped from Chicago Stock.

Standard Deadening Felt

Nothing is more annoying than to hear every footstep or sound from the floor above. This felt will help to overcome this trouble. It deadens the sound between floors and in walls. Makes an excellent protection against frost or for insulation of heat, etc.

Adds great comfort and warmth to the home when used between floors. It is made thick and heavy. Each roll contains about 450 sq. ft. Width, 36 inches. Average shipping weight, 50 lbs. (Prices subject to market changes).

174 E 237—Price, per roll **$2.95**

Shipped from Chicago and St. Louis, Mo.

Red Rosin Sized Sheathing

For use under siding and between floors.

Made of best pulp paper stock with a hard, smooth surface, thoroughly rosin-sized, which helps to exclude wind, moisture and vermin. Tough, clean, durable.

Rolls contain 500 sq. ft. Width, 36 inches. (Prices subject to market changes).

174 E 218—Light. Ship. wt., 20 lbs. Per roll **70c**
174 E 220—Medium. Ship. wt., 30 lbs. Per roll **$1.05**
174 E 223—Heavy. Ship. wt., 40 lbs. Per roll **1.40**

Shipped from Chicago, St. Louis, Mo. and York, Pa.

Herald Tarred Felt Sheathing

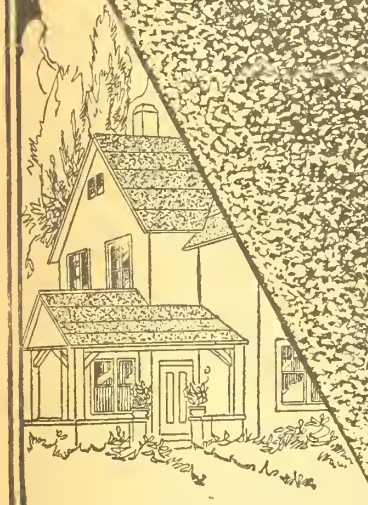
Made from tough felt thoroughly waterproofed with distilled tar. For use between sheathing and siding, also in lining floors. Resists wind, moisture, and vermin. Strong and durable. Better than ordinary building paper. Clean to handle.

The faint tar odor of the sheathing is of great value in dispelling mice, rats, bugs, moths, etc. Rolls contain 500 square feet. Width, 32 inches. Average shipping weight, 45 pounds.

(Prices subject to market changes).

174 E 226—Price, per roll **$1.95**

Shipped from Chicago, St, Louis, Mo. and York, Pa.



Ward's Protecto wall board takes the place of lath and plaster.

Here's How We Save Our Customers Money

Read this letter from Mr. King of Crown Point, N. Y. who purchased 7 rolls of Ward's Radio Roofing in June, 1920.

April 18, 1921

Montgomery Ward & Co.
Am well satisfied with the roofing I bought from you. Your roofing cost about one dollar per roll less.

(Signed)
Frank C. King
Crown Point, N. Y.

(We never reproduce letters from customers without their permission).

Guaranteed Roofing Protection For 15 Years

IT'S protection you're after when you buy roofing. You want a roof that is safe and secure—that won't crack in the hot sun, shrivel under cold blasts, or leak in the hardest rain.

Ward's Radio Slate Surface Roofing guarantees you that, and more for 15 years. It is not only weather-proof but also spark-proof. **It is approved by the Underwriters' Laboratories, Inc., under direction of the National Board of Fire Underwriters.**

And in addition, its beautiful lasting colors (due to the layer of red or green crushed slate on its surface) make it a decoration as well as a protection. It is suitable for either city or country homes and will improve the appearance and increase the value of any house on which used.

Easy to lay—the only tools needed are a hammer and a jack-knife. You can put it on right over old wood shingles if you want (order the roll with long nails, made specially for this purpose). It will not warp or curl, but will stay sound and tight for at least the full 15-year period—and under favorable conditions will last longer.

Ward's Radio Slate Surface Roofing is constructed of rag felt, heavily saturated with asphalt and given an extra coating of asphalt to make it double waterproof. Surfaced with a heavy layer of real crushed slate, which is protection against flying sparks, besides giving the roofing a beautiful, soft-shaded color, very attractive on any home.

Comes in rolls 32 inches wide, 40½ feet long. Contains 108 square feet and will cover 100 square feet or one square, allowing 2-inch laps. Large-head galvanized nails, cement for laps and simple directions for laying included.

Where you intend to lay Radio Roofing over old wood shingles, order the rolls with the special long nails.

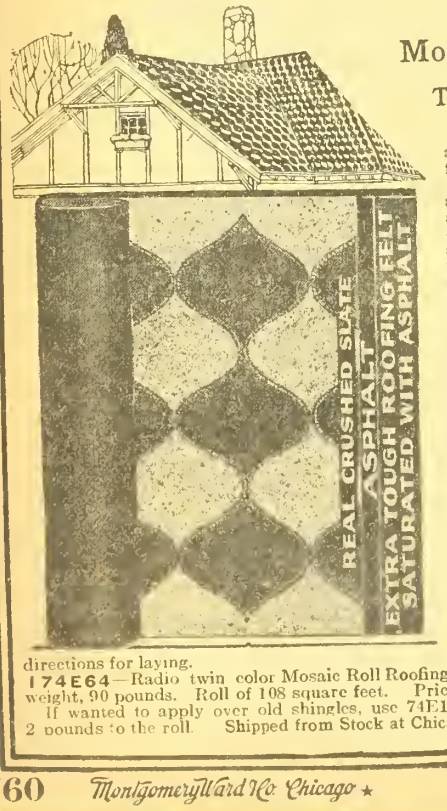
FIRE RESISTING



GUARANTEED 15 YEARS

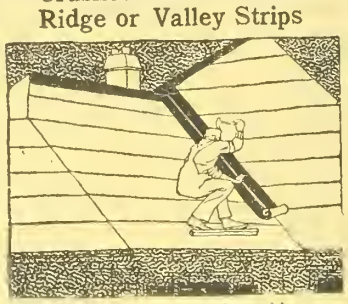
Samples on Request

Radio Mosaic Roofing

Twin Colors

An attractive and artistic roofing for fine homes.

Real crushed slate surface, same as our regular Radio Roofing (see above), but is made in twin colors — alternating Garnet Red and Sea Green. Makes a very striking roof.



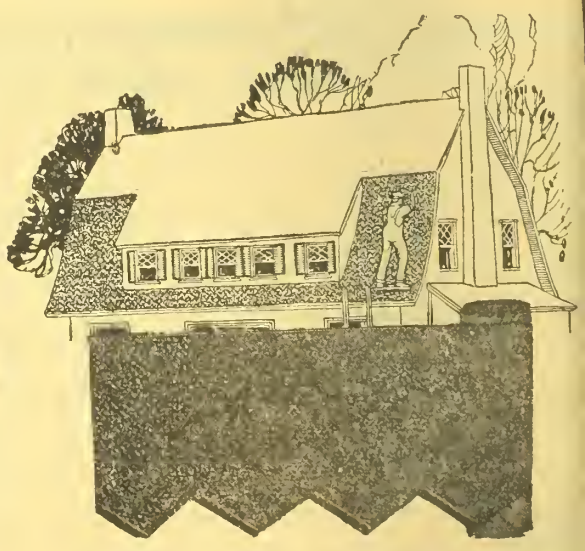
Fire-resisting and spark proof — approved by the Underwriters' Laboratories, Inc., under direction of National Board of Fire Underwriters. Rolls contain 108 sq. ft. to cover 100 square feet, allowing for 2-inch lap. Width, 32 inches; length, 40½ ft.

Complete, with regular 1-inch large head galvanized nails, liquid cement for laps, and simple directions for laying.

174E64—Radio twin color Mosaic Roll Roofing. Shipping weight, 90 pounds. Roll of 108 square feet. Price..... **$3.85**

If wanted to apply over old shingles, use 74E196 long nails, about 2 pounds to the roll. Shipped from Stock at Chicago.

Radio Crushed Slate Surface Ridge or Valley Strips



Narrow roll for covering ridges and valleys (see illustration).

By first putting these strips on you save time and they give double protection at vital points. Made of same material as Radio Roofing with crushed slate surface. Cut in convenient strips. Two widths: 8 inches and 16 inches wide. Length, 40½ feet. The 8-inch width is used for covering ridges and the 16-inch for covering valleys of roofs. Either red or green color at same price. Order nails separately.

	Per Roll
174E65—Garnet Red. Width, 8 in.	$ .65
174E66—Garnet Red. Width, 16 in.	1.25

Ward's RADIO SHINGLE ROLL

TRADE MARK

RED or GREEN
$3.75
PER ROLL
NAILS AND CEMENT INCLUDED

Insures Your Roof Until 1936!

A SAFE roof and a beautiful one—that's what you get when you buy Ward's Radio Shingle Roll. And remember, one that is guaranteed for 15 years.

When laid it looks exactly like stained wood shingles—but its colors are permanent and will not fade. Every rain freshens it and restores the original beauty of the color.

Costs less and is better looking than a wood shingled roof. Easy to lay—anyone can do the job. A hammer and a jacknife only tools needed, nails and cement included with each roll.

You can lay Radio Shingle Roll Roofing right over old wood shingled roofs.

Made of exceptionally heavy roofing felt, thoroughly saturated and coated with asphalt and surfaced with real crushed slate. (Colors are the colors of the natural slate on the surface.) Shingle design is permanent and will not wear off or fade. In laying, lay the shingle roll up and over (from eaves to ridge), instead of from the front of the house to the back.

Comes in rolls of 32 inches wide and 40½ feet long. 108 sq. ft.—enough to cover 100 sq. ft. and allows for 2-inch lap. Packed with large-head nails and cement and instructions for laying.

Ward's RADIO Asphalt Shingles

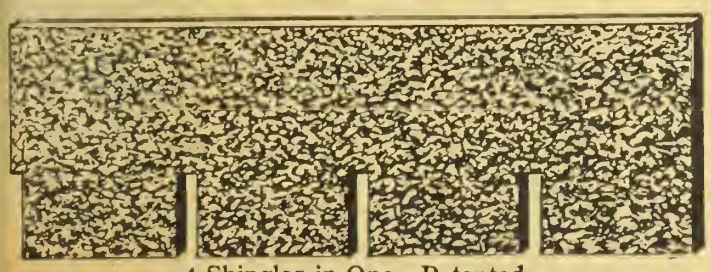
Guaranteed 15 Years

Weather Proof — Water Proof — Fire Resisting

EVERY year sees Asphalt Shingles becoming more and more popular. For city and suburban homes especially, they have practically supplanted the old wood shingles. Their fire-resisting qualities and beautiful permanent colors make them attractive both as a protection and an improvement on any home.

WARD'S Radio Asphalt Shingles are gradually supplanting wood shingles on city and suburban homes. They are spark-proof and water-proof, thus affording a safe and sound roof.

Made of exceptionally heavy roofing felt, thoroughly saturated and coated on both sides with asphalt and surfaced with a layer of natural colored (red or green) crushed slate which makes them fire-resisting and adds to their weather-resisting qualities.



A roof covered with Ward's Asphalt Shingles is protected for 15 years. The original cost is the only cost. No painting or staining needed.

And remember, they add to the beauty and value of your home. The colors are the colors of the natural crushed slate on the surface and are permanent and will not fade. Every rain washes them clean. These high-grade shingles are thoroughly reliable and guaranteed for 15 years.

Choice of Individual or 4-in-one Strip Shingles

We offer here a choice of individual shingles (shown at the right) or quadruple shingles (shown at the left). Each quadruple strip is the same as four individual shingles, but is made in a single strip to save time and labor in laying.

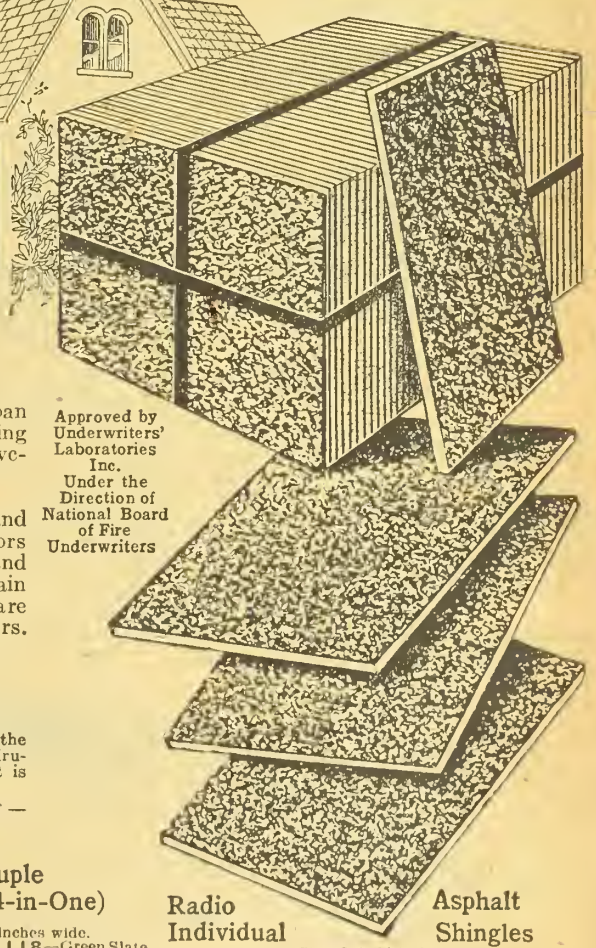
Your choice of either in the two standard slate colors — Red or Green.

4 Shingles in One—Patented

Radio Quadruple Asphalt Shingles (4-in-One)

Size, 32⅛ inches long, 10 inches wide.

174 E 117—Red Slate. 174 E 118—Green Slate



The popular style—saves you time and labor. Nails **not** included. Use 2½ lbs. 1 inch nails if laid directly to the deck; use 5 lbs. 1¾-inch nails if laid over old wood shingles. Laid 4 inches to the weather. Makes a roof of two thicknesses and three thicknesses where nailed. Wt., 200 lbs. per square.

112 strips furnished per square. Packed in crates containing 56 strips each—two crates to the square.

Price per square (To cover 100 sq. ft) $6.45

Shipped promptly from Stock at Chicago, York, Pa., Louisville, Ky., Buffalo, N. Y., and St. Louis, Mo.

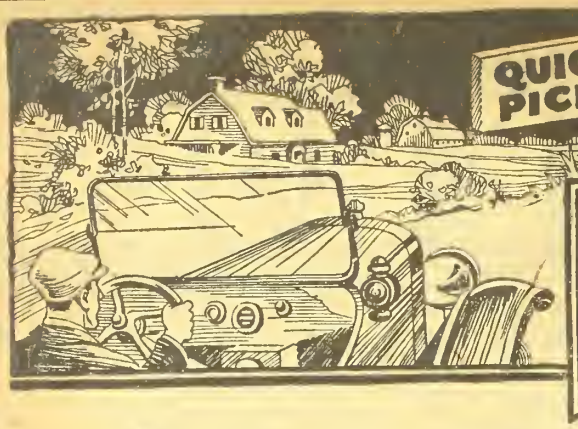
Prices Subject to Market Changes.

Approved by Underwriters' Laboratories Inc. Under the Direction of National Board of Fire Underwriters

Radio Individual Asphalt Shingles

Size, 8x12¾ inches.

174 E 122—Red Slate. 174 E 123—Green Slate.



Anyone can lay these individual shingles. Simply nail them on four inches to the weather. Nails not included. Use 4 lbs. 1-inch galvanized nails per 100 sq. ft.

Makes a roof of three thicknesses, and four thicknesses where nailed. Four boxes to the square. Ship. wt., about 240 lbs. per square.

424 shingles furnished per square. Shipped in packages containing 106 shingles each—four packages to the square.

Per square (to cover 100 sq. ft) $6.95

Shipped promptly from Stock at Chicago, York, Pa., Louisville, Ky., Buffalo N.Y. and St. Louis, Mo.

Here's a Man Who Travels the Runrite Way

Read this letter from Mr. G. Robertson of Brazil, Indiana:

Montgomery Ward & Co.

I have used your Runrite Oil and found it to be the best oil I ever bough I have told all my friends about it and will continue to buy it.

Yours truly,

Note: We never publish letters from customers without their permission.

(Signed) G. Robertson
310 N. Asbley
Brazil, Ind.

Ward's "Runrite" Oil for Fords

47c In 50-Gal. Bbls.

YOU can't be too careful about the oil you use in your Ford.

Unless it's a heat-resisting oil—like Ward's Runrite—it will "break down" in the cylinders, cause carbon and run into repair bills.

Ward's Runrite Oil for Fords is specially designed for the bigh-speed Ford motor. It is produced in our own oil plant from paraffine base crude oils (paraffine base oils are extra heat-resisting) and bas been tried and tested in our laboratories and out on the road until we are convinced that it is just the right oil for your Ford.

It helps your engine develop tbe most power from the gas used, pick up quicker, run smoother, and last longer without repairs. Every gallon GUARANTEED.

In sealed containers whicb protect it and keep it clean from our oil plant to your car. (Notice: Our prices include the cost of tbe containers).

275 E 7304—50-gal. wood bbl. Per gal.	47c
275 E 7305—50-gal. steel bbl. Per gal.	57c
275 E 7302—30-gal. wood bbl. Per gal.	51c

175 E 7301— 5-gal. can. Per gal.	62c
575 E 7300— 1-gal. can.	74c

Steel barrels and 5-gallon cans shipped from Chicago or Warehouses at Harrisburg, Pa., and Atlanta, Ga. Other sizes from Chicago only.

Ward's "Runrite" Automobile Oil

52c In 50-Gal. Bbl

BE sure of the oil you use in your car.

It's one of the most important things you have to buy.

Good oil—like Ward's Runrite—will make your engine run smoother and "sweeter" and save you many times its cost by the protection it affords the cylinders.

Ward's Runrite Auto Oil is our higbest quality lubricating oil. We produce it in our own Oil Plant from speci cylinder stock—paraffine base oils (ask any oil man if paraffine base "crudes" don't make the best motor oils Has been used, and is being used, by thousands of our customers. It is giving reliable service everywhere. Runri Auto Oil is tbe right oil for any car any time.

You can be absolutely sure in purcbasing it tbat you are getting good, reliable lubrication witb tbe correct bod and sturdy heat-resisting qualities whicb enable them to "stand up" in the tremendous beat of tbe engine and pr tects the cylinders from excess carbon and early friction wear.

Sealed, dust-proof containers protect it from our oil plant to your car.

Cboice of LIGHT, MEDIUM or HEAVY—order the grade you have been using, or if in doubt, write us, givi name and model of car and we will furnisb you the right oil.

Buy Your Oils in Steel Barrels

Costs you 25% to 50% less per gallon. And your steel barrel is sure protection against fire.

Order a steel barrel of oil the first time, next time a wood barrel and transfer oil into the steel container. Shipping weight, Oils, per gallon, about 8½ pounds.

Transmission Oil

Many experts declare oil the only satisfactory lubricant for the transmission because it penetrates into the innermost recesses and is in constant circulation.

Our Oil Plant has produced this special, heavy clinging oil which is just right for transmission.

You Always Save Money When You Buy

Ward's Auto Supplies

Compare Prices

TO buy carefully is a mark of success. To buy carelessly is a waste of money and gives a feeling of disappointment when you find you have paid considerably more than was necessary. There is only one sure way of knowing that you are getting full value for your money and that is to make comparisons of prices and quality.

SATISFACTION—the giving of the best quality merchandise at a big saving, often amounting to several dollars on a single article, has built up our Auto Supply Department to a point where today several hundred thousand auto owners depend on it for a square deal on the supplies they buy.

How to Run Your Auto for Less

IT is easy to reduce auto expenses when you buy from Ward's. When you stop to figure out that you pay nearly as much for tires as you do for gasoline, you will see that by using Ward's Riverside Tires you can save from $25 to $100 a year on this one item. Millions of dollars are wasted yearly because motorists pay too much for tires. Before buying another tire, compare prices and guarantees with those offered on Riversides and see how Ward's will reduce your tire bills. Our gasoline savers put more miles in each gallon. Our Nu Power piston rings save oil and gasoline. Our bumpers, brake lining, shock absorbers and tire chains prevent many costly repair bills. Get more service and enjoyment from your car at less cost by sending to Ward's for supplies.

Do Your Own Repairing

THERE are times when it is necessary to take your car to the repair man—but there is a way to make these calls less frequent. One of the best articles an auto owner can buy is a socket wrench set, such as our outfits on page 773. Every once in a while go over your car and tighten up the loose bolts and nuts. This not only stops the rattle, but holds the parts together, preventing excessive wear and delays the time when new parts will be necessary. You will also find our carbon removers, bearing scrapers, brake lining, vulcanizers, piston rings and scores of other articles are real helpers for bringing down the upkeep—and you'll get more enjoyment from your car when you know it better. The next time you hear a strange click, knock or rattle fix it yourself with supplies from Ward's.

Use Ward's Prices as Your Guide

MAYBE you've noticed how prices on standard auto supplies differ. One place there's one price—another place there's another price, yet the article is just the same. You can make sure of the right price to pay by using Ward's catalog as your guide. There's no reason why you should pay several dollars more for tires, Motometers, Weed chains, wrench sets, batteries, spotlights, bumpers, etc., when you have Ward's guarantee to protect you on quality. The next time you are going to buy any article for your car, just look up the price in this catalog or our special Auto Supply Catalog, and see the big saving you'll make by sending to Ward's.

Send Your Orders to Ward's

Every Auto Owner

Needs This 100-Page Auto Supply Book

OVER 3,500,000 auto owners have received our 100-page Auto Supply Book and use it as a price guide and selection book for articles they should have. It contains hundreds of items not shown in this Catalog. We are anxious to have every mtorist keep this Auto Supply Book handy and refer to it before buying any articles. We are certain after comparing prices you'll buy from Ward's. If you do not have a copy, write for it or ask for a copy when sending your next order—It's Free.

You Get What You Want-When You Want It

WARD'S Auto Supply department is probably the most complete in the country selling to the auto owner. We have such large stocks that we can make very prompt shipments. Thousands of motorists living in the cities buy auto supplies from us just the same as the hundreds of thousands that live in the small towns and country, because they save money and often get articles here that they can't buy elsewhere. They know Ward's guarantee means complete satisfaction. We offer the motorists living several miles from a town just as great a selection to choose from and the same low prices that the motorist living in the biggest cities can get. Send your next order for auto supplies to Ward's.

Ward's River

TRA

$10.45 Size 30x3½ 6,000 Mile Road Grip

$9.25 Size 30x3 6,000 Mile Driving Tread

WARD'S Riverside Road Grip TIRES

Our Road Grip Tread are ideal tires for the rear, though many use them on all four wheels. The tough, resilient, thick tread is covered with hundreds of road gripping, non-skid angles that give a good hold on wet, muddy roads and slippery pavements. This is our own trade-marked design. Every movement of the wheel is protected—the tires roll easily, yet the angles hold firmly so your motor's power is not lost, due to the rear wheels spinning.

WARD'S Riverside Driving Tread Auto Tires

The Driving Tread design is a decided improvement over the ordinary smooth tread in that it is built up high, having less road touching surface, thus reducing friction and making them savers of gasoline. In addition to the easy rolling feature, Riverside Driving Tread Tires make steering easier and the two center grooves have a strong tendency to prevent side skidding. The raised tread and groove design make this an especially attractive tire.

Use Ward's Prices as Your Guide for the Right Prices to Pay for Tires.

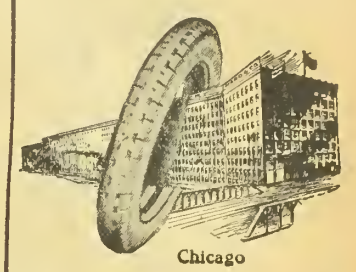
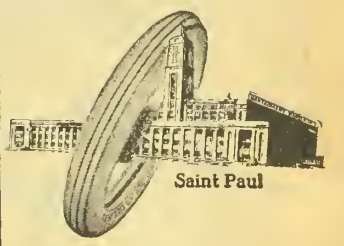
side Auto Tires — Fabric



' MARK

Facts About Tire Prices



HIGH prices don't make the tires better. Just because you pay several dollars more for some other tires than you do for Ward's Riversides is no proof of greater value. In most cases the high priced tires have exactly the same mileage guarantee as Riversides. The truth of the matter is that the tire makers have got to put on several dollars more to take care of the added profits and expenses of dealers, agents, jobbers, traveling salesmen, etc. Why, sometimes auto owners pay as many as four profits on a single tire.

When you buy Riverside Tires there's only one small profit added to the manufacturing cost. The average tire dealer selling a few hundred tires could not stay in business profitably, if he sold each of his tires for so little profit as Ward's do. We prefer to make a small profit on big sales rather than a big profit on small sales. The total number of Riversides sold passed the million mark last year—and right now we are selling thousands more per week than ever before.

These Five Big Ward Stores BACK UP OUR GUARANTEE ON RIVERSIDE TIRES

Chicago

Saint Paul

Every Riverside Tire Guaranteed "First" Quality

It is our aim to make Riverside Tires so good that you will always use them. They are made of exceptionally fine grade, fresh materials in a factory that is equipped with the best type of machinery. During the last few years we have directed the making of over 1,000,000 Riverside Tires. We have studied and tested all kinds of tires—we have kept constantly on the watch for every improvement that could make Riversides surpass others. Riverside Tires today are better than ever before—they have thicker and tougher treads, and the body of the tire is stronger. Customers continually tell us, and our own tests have proven that Riversides are able to measure up to and often give greater service than the highest priced tires on the market.

Save $5 to $15 ON EACH TIRE

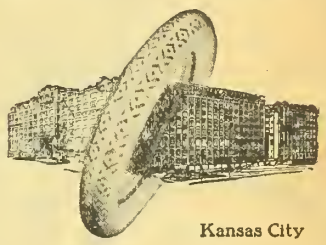
When you buy Riverside Tires you are really becoming your own tire dealer. You get guaranteed first quality tires at prices that are actually as low as many dealers pay for tires of equal guarantee—equal construction and equal size. Instead of paying somebody else a profit for ordering your tires, do it yourself and save the profit. Just compare Riverside Prices with those on other tires having exactly the same guarantee and you will see for yourself that you are actually keeping $5 to $15 in your pocket every time you buy one. This often means a saving of $20 to $60 a year. That's pretty good for simply ordering your tires by mail, isn't it? Send your orders by mail to Ward's for Riverside Tires. You simply write down the catalog number, size and style—enclose a check or money order and in a very short time the tire is delivered right to your home. Do this the next time you need a tire.

Over 1,000,000 Riversides Sold Direct to Auto Owners

Altogether over 1,000,000 Riversides have proven how we save auto owners several dollars on each tire. Last year over 250,000 Ward's Riverside Tires were sold direct to auto owners. You know it would be impossible for us to build up such a wonderful tire business unless Riversides were quality tires. It is only because Riversides give better service for less money that our sales keep growing so rapidly. We have received many letters from customers telling us that Riversides gave them better service than any other tires, regardless of cost. All Riversides are fresh, brand new tires—that's another point that has helped to build up our big sales.

Guaranteed 6000 Miles

You Can't Beat Ward's Guarantee

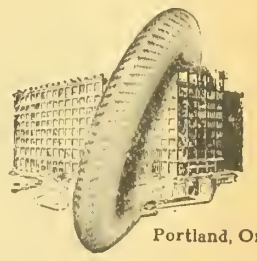


FOR over 49 years Ward's guarantee has meant Satisfaction. This same guarantee that has proved the money of millions of Ward's customers is given to you on Ward's Riverside Tires. When you buy Riversides, there is no question about the good service you will receive—it's guaranteed. We make Riverside Tires so good that you'll keep on using them—every Riverside is its own salesman—each one must sell more. Our guarantee makes certain you will receive fine quality Tires that will equal in every way tires considerably higher in price.

Try Two Riversides Right Now

There is only one way that you will ever become an enthusiastic Riverside Tire user and that is by trying them. Can you think of any reason why you should not try them? Our prices save you money—our guarantee protects you on quality—our selling method makes it possible for you to have the tires delivered right to your door by parcel post. If there is any question in your mind about the appearance or size of Riverside Tires, order a pair, either the guaranteed 6,000-mile fabric or the 10,000-mile cord tires, whichever you need, according to "Our Offer to You."

Satisfaction for You Means Success for Riversides



When you stop to think that the only way we can expect you to keep using Riverside Tires is by making them so good that you will insist on having more, isn't it reasonable that Ward's will sell only brand new, first quality Tires? Riverside Tires have to make good on their own merits. They must travel right alongside the high priced tires over the same kind of roads—they must go as far, if not farther—they must give you fully as great freedom from trouble—they must cost you less in the end, or we know you won't order more. They will do it because we know they are made right. Our sales this year are far greater than ever before, which shows auto owners have proven to their entire satisfaction that Riversides save them money from start to finish.

14,152 Miles—No Trouble

I have a Riverside Fabric Tire that has run 14,152 miles and is still going. Not one speck of trouble has this tire ever given me in all that distance. Please send me your latest Auto Supply Catalogue.

Harvey H. Hocker, Redondo Beach, Calif.

Riversides Give Better Service

I have two Riverside Fabric Tires on my car that have given me better service than any tires I have ever used before. I bought my first Riversides because Montgomery Ward's have always given me a square deal on every thing I have purchased from them. I am more than pleased with the service from Riverside Tires.

H. B. Conradi, Morrison, Ill.

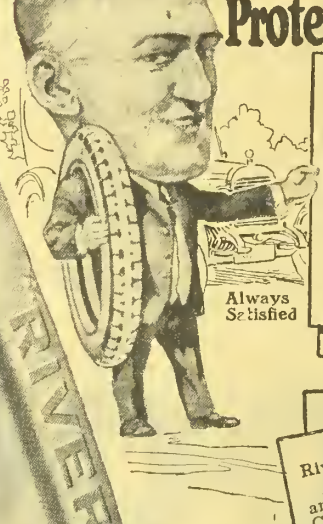
If, for any reason, you should feel that you don't want to keep them, send them back and we will refund your money and the transportation charges you have paid, so you will not be out a cent.

Riverside Tires Save You Money From Start to Finish

We sell only first quality guaranteed tires

Ward's River

TRADE MARK



SAVE $5 to $20 on Each Cord Tire

A comparison of Riverside Cord Tire prices with the latest pr of other well known cord tires shows Riversides actually save $5 to $20 every time you buy one. Most of the higher priced cords guaranteed for only 8,000 miles, while the Riverside is guaranteed 10,000, so on a cost per mile basis the saving in even greater than exact difference in price would indicate. Many auto owners who l never bought by mail before are ordering Riverside Cord Tires, cause they know Ward's is a big, reliable company that does a promises and the saving of $25 to $100 a year on their tire bills is great an amount to let pass unnoticed.

Riverside Cords the Best Tires He Ever Had

After doing a great deal of country touring and city driving I find that my 35x5 Riverside Cords have carried us over twelve thousand miles. Before buying Riversides I had always used the highest priced advertised Cord tires and never had been able to get the mileage and satisfaction that Riverside Cords have given. My car weighs over 4400 pounds, so I consider this remarkable service. Thank you for th promptness you have always given my orders.

A. N. Edwards, Austin, Ill.

side Cord Tires

ard's Tires Guaranteed First Quality

VERY Riverside Tire is fully guaranteed by Ward's to be absolutely First Quality. Riverside Tires are built in one of the finest equipped factories in the country. The materials used are excellent quality. We positively ot sell the so called "Second" tires, as we couldn't risk our reputation on any which has blemishes or marks that might cause trouble. Riverside Cord s are guaranteed 10,000 miles because we know they are exceptionally strong will give you the kind of service you expect. We worked on cord tires for over years before offering them to you. We have spent thousands of dollars testing n on all kinds of roads—and on special tire testing machines. Expert tire ers carefully watch every step in the making of Riverside Cords, so you will ys get strong, dependable tires

Riverside Cord Tires
Give You "Most for the Money"

Many of our customers who keep records of tire mileage have told us that erside Cords, time after time have gone thousands of miles more than other l tires costing several dollars above our prices. The tread is extra thick specially toughened so it will go long distances without showing scarcely signs of wear. The bodies of the Riverside Cord Tires are built so strongly they are giving remarkably good service on the heaviest cars. You can save he original cost when buying Riversides and you also save on the cost per basis. Before buying another tire, take advantage of our offer shown below. usands of auto owners are changing over from fabric tires to Ward's River- Cords, as cord tire construction is now acknowledged to be the best, and our erside Cord Tire prices are so reasonable that they are much more economical he end.

Why Riverside Cord Tires Are Better

Ward's Riverside Cord Tires are greatly oversize construction when compared with fabric tires. This makes a remarkable difference in the easy riding qualities due to the enlarged air capacity. Oversize also means greater mileage for you. The cords used in Riversides are tremendously strong, being much heavier and tougher than those used in fabric tires.

These features combined with their heavier treads make them much harder to puncture. Every single cord is covered with rubber so no two strands touch each other, thus permitting each cord to flex freely with scarcely any friction. That's another reason why they ride so smoothly and even at high speeds show less signs of heating up. Less air pressure is necessary when using Riverside Cords so they act more as a cushion or shock absorber enabling you to travel over rough roads much faster, more comfortably and with greater freedom from trouble.

Guaranteed 10,000 Miles

You Can Always
Depend on Ward's Guarantee

WHEN you buy Riverside Cord Tires you have our 49 year reputation for square dealing to back up our 10,000 Mile rantee. If you could come to our store and the hundreds of orders we receive for three four Riverside Tires at a time, from auto ers just like yourself, you would be impressed antly with the confidence they have in Ward's in Riverside Tires. Continuous success be maintained only by selling first quality . That's why we watch the materials that n Riverside Tires very carefully and demand t inspections of workmanship, so each River- will hold your confidence and prove that d's is the best place to buy tires.

One Small Profit

ven't you sometimes wondered how much profit there tires when you've noticed the great difference in price een Ward's Riverside Cord Tires and other cord tires g the same guarantee? Some tires have to carry four ve profits and expenses so that the dealers, agents, ers and traveling salesmen can get their share. You he bill when you buy one of these tires. Ward's tires old on one very small margin of profit—that's the profit added to the manufacturing cost. Selling direct ail to hundreds of thousands of auto owners and deal- enormous quantities are the reasons why we give you wonderful quality at our remarkably low prices.

Accept This Offer
You Don't Risk a Cent

IF there is any question in your mind regarding the size, construction, weight or any point that can be satisfied by closely examining the Riverside Cord Tire, we want you to order as many as you need—right now at our risk. Inspect them thoroughly—put them up alongside the tires selling for $10 or $20 more—notice their oversize construction—feel the thick, lively tread and convince yourself they are a wonderful bargain. You must be satisfied. If for any reason you should feel that you don't want to keep them, send them back and we will refund your money and the transportation charges you have paid, so you will not be out a cent.

Make This Test

THERE'S only one fair way to judge a tire and that is to put it on your car and compare it for service with the tires that have pleased y best, ouunder the same kind of conditions. This is the test that is every day convincing hundreds of motorists that they've been paying too much for tires. Put a Riverside Cord Tire on the wheel opposite the tire that has pleased you best, regardless of the cost or make of the other tire and see how the Riverside cuts down your expense. We depend on the record of each Riverside Tire to sell you more.

Compare Prices

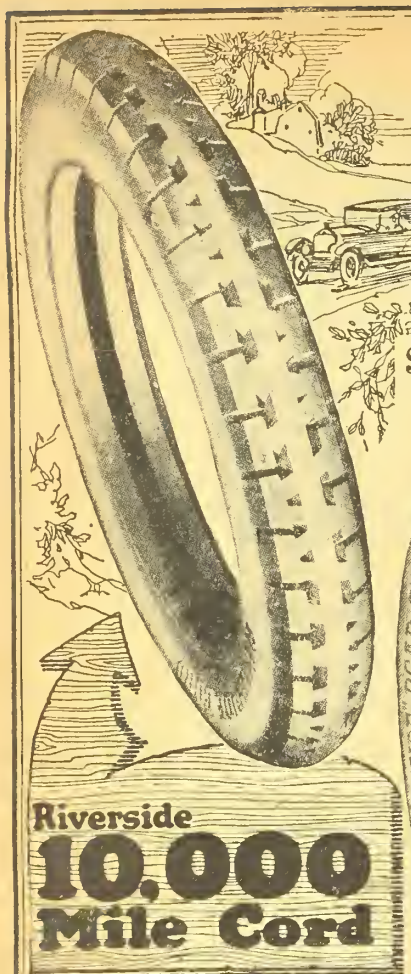
Men, generally known as successful, are, as a rule, very careful buyers. The more careful you are in buying tires, the more certain you are that you will buy Riverside Cord Tires now—and continue to buy them in the future. Every comparison you can make will favor Riverside Cords. As you know most cord tires are guaranteed for only 8000 miles—you gain here as Riverside Cords are guaranteed 10,000 miles. That additional 2000 miles guaranteed by Ward's means that Riverside Cord Tires will give you extra full measure of service. You buy gasoline by the gallon—grain by the bushel—coal by the ton. Why not buy tires by the mile? The next time you buy a tire, figure out how much it's going to cost you per mile by dividing the cost by the guaranteed mileage. A 30x3½ Riverside 10,000 mile casing costs you $17.95—this is less than ⅕ of a cent per mile. Other sizes are priced just as reasonably when compared with prices generally asked

o Tire Has Been ven Harder Tests

Riverside Tires have been sold by mail to autoists in every state. They have had to make good on rough, rocky mountain roads—on hot sandy plains—on hard, rutty muddy roads, but that is only part of the story. men they had to make good for were men just like yourself, men who for them and insisted on knowing the mileage each dollar produced checking up on the speedometer. Our constantly increased sales of ersides is the greatest proof of quality. Most autoists bought one or two ersides first and they proved so satisfactory that they kept on buying ersides and told their friends about them. This explains why Riversides now one of the best known tires on the roads.

The Easiest Way to Buy Tires

Buying Riverside Tires is so very simple and the saving so great that hundreds of auto owners who never before have bought by mail have felt they have discovered something new when they enclosed a check with their first order for Riverside Tires, and in a very short time received the tires at their front door. All tires can be sent by parcel post, so ordering Riverside Tires is only a matter of a few moments' time. If you've never tried it, be sure to order your next tires from Ward s—you'll like the mail order way of buying tires—Ward's guarantee means satisfaction.

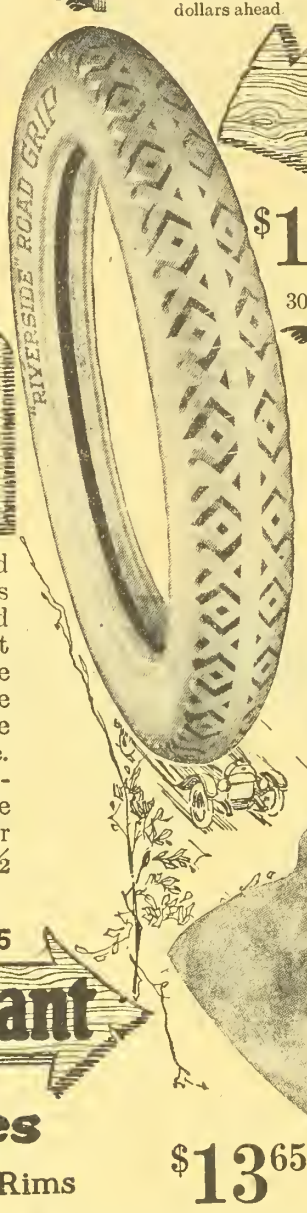


Ward's Bargains for Users of 30x3 an

30 x 3½ Tires

for Ford, Maxwell, Chevrolet 490, Overland, Dort and Othe

OVER 5,000,000 autos use 30x3½ size tires. On this page we show a Ward Tire that will meet the requirements of any motorist using this size—and every tire is guaranteed to give you full value for your money. Hundreds of thousands of auto owners have saved money by using Ward's tires—you can do it, too. Mail your order to-night. In a very short time, Ward's Tires will be delivered to you and your pocket book will be several dollars ahead.

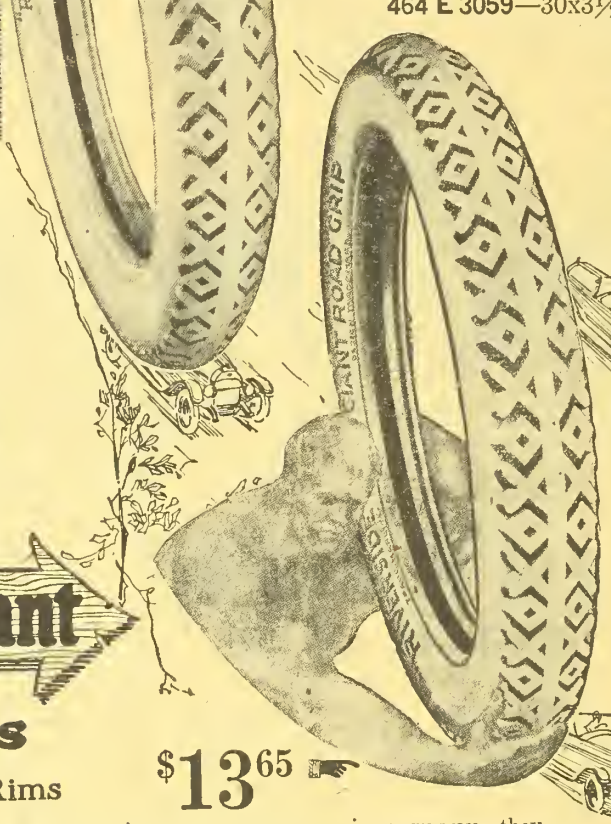


WE want all owners of Fords, Maxwells, Chevrolets, Overlands, Dorts and other light car to see this Riverside 30x3½ Clincher Cord Tire. Don't buy a Cord Tire until you do see it. It is full as large in size as a regular 31x4 fabric tire. The greater freedo from tire troubles obtained from this tire will alone make it wor the difference in price when compared with others—See "Ou Offer to You" on page 765.

Riverside 10,000 Mile Cord

$17.75

An exceptionally strong cord tire that gives Ford owners the same long mileage and freedom from trouble that Riverside Cord Tires have been giving to owners of large cars. This tire is about the same size as a 31x4 fabric tire. Its heavy construction insures great mileage and the large air space makes the car ride more easily. Fits 30x3½ clincher rims perfectly.
Ship. wt., about 17 lbs.
464 E 2971—Each . . . $17.75



Riverside Road Grip Tire

GUARANTEED 6000 MILES

$10.45
30x3½

You can easily see the protection these thick, sturdy, Road Grip knob give against side slipping. This protection is a valuable feature particularl noticeable on country roads which slope toward ditches. This well-know tread also helps your brakes by holding to the road in emergencies. Gua anteed 6000 miles. Ship. wt., 30x3, 10½ lbs.; 30x3½, 13 lbs.
464 E 3055—30x3 size. Each . . . . . $ 9.2
464 E 3059—30x3½ size. Each 10.4

Riverside Giant

GUARANTEED
6,000 Miles

Oversize for 30x3½ Rims

$13.65

Ward's Riverside Giant oversize tires are saving car owners money in every way—they go farther—give greater freedom from trouble—make cars ride a great deal smoother. We have sold thousands of Riverside Giants and they have proven everything we say for them. You'll call them "comfort" tires as they ride so much more smoothly, due to the increased air capacity—and they make your car look better. The tread is thicker so there is less possibility of punctures—in fact the whole tire aside from the bead is considerably larger than the regular 30x3½ casing.

Riverside Giants give you the much desired oversize feature at a great saving in comparison with the price of 31x4 tires—still they have practically every advantage. They fit 30x3½ clincher rims perfectly. All Riverside Giant Tires have the heavy, sure-hold Road Grip Tread. For Regular Clincher Rims. Ship. wt., about 14 lbs.
464 E 3050—Each, size 31x3¾ inches $13.65
We recommend using 31x4 inner tubes due to the extra size, but a 30x3½ can be used.

See Our Offer to You on Page 765.

Ward's GUARANTEED Riverside Inner Tubes

Stronger, Thicker and Heavier

Riverside Heavy Duty Inner Tubes

$2.10

Heavy Duty Inner Tubes are made only of the finest and strongest pure rubber gum and will give you years of service. They often outwear several casings and will give you complete satisfaction. The use of pure rubber gum makes them last longer, for it is not necessary to combine this high quality rubber with certain compounds required in making less expensive tubes. They are built by the laminated process which makes these tubes hold full air pressure exceptionally long without pumping. You will find them to be considerably thicker and stronger than regular inner tubes. The extra thickness and additional weight of Heavy Duty Tubes is a great aid in preventing pinches usually caused by the tube getting under the casing. Due to the use of exceptionally fine quality materials these tubes will stretch more, making them particularly suitable for use in cord and oversize casings. For those desiring the very best we recommend Riverside Brown Heavy Duty Inner Tubes.

Riverside Red and Gray Standard Made Inner Tubes

These are fine, strong standard made Inner Tubes built by the laminated process that has proven wonderfully successful in doing away with trouble caused by slow leaks. The laminating process is a method of making inner tubes from thin sheets of fresh, strong, lively rubber that are rolled around a form in a way similar to the manner you would roll a sheet of paper around a pencil. After several layers have been rolled one on top of the other they are placed in a vulcanizer and cured or vulcanized together so firmly that if you should cut the tube in two it appears to be just one thick sheet of rubber. This laminated construction makes Riverside Tubes air tight—free from porousness—and is one of the chief reasons why they hold air for such a long time without need of pumping. Our sales of Riverside Inner Tubes are so great that it is necessary to have new shipments coming in almost daily from the factory so you are always certain of brand new tubes that will give long service. Riverside Inner Tubes often wear faithfully for years. Notice our low prices. Red Inner Tubes are the most popular and our prices are undoubtedly lower than you expected to pay for gray.

Tire Supplies That Make Tires Last Longe

Suction Grip Reliners Often Help You to Get Thousands of Miles More Out of Old Tires

Using these improved reliners is a quick, easy, economical way to stop wasting tire money. It is a shame to see the half worn tires that go into the junk pile because one little place became weak and the tire blew out. You wouldn't throw away a pair of shoes if the soles became weak in one place, would you? To put this reliner in a weakened tire is just as sensible an idea as half-soling your shoes—and it will save you a great deal of money. Order two or three now and save your old tires.

When you use Suction Grip Reliners the tread is so much thicker that it stops ordinary tacks reaching the tube and usually bends small nails. If it were only for the freedom from punctures and blowout troubles, they would be worth more than the price we ask—but besides these features you have the important point of cutting down tire expenses and the pleasure of knowing that you are getting your money's worth out of each tire. Suction Grip Reliners give a clean, smooth surface for the inner tube.

Improved Features

Suction Grip Reliners are a great improvement over the old style reliners. Built right into the rubber tread are little suction cups that form a vacuum which holds the inner tire in place, prevents slipping, thus practically eliminating friction. This invention does away with flaps, wires, etc., making it possible for you to slip this reliner into the casing as easily as you would a tube.

Suction Grip Reliner Prices

Article Number	Size Inches	Ship. Wt., Lbs.	Price Each

6 I E 1293	35x4½	9¾	5.20
6 I E 1295	35x5	10	5.95

Made Similar to Tires

Suction Grip Reliners are made very much like regular tires except they do not have the heavy beads at the bottom. They are made over forms like a tire—have several layers of fabric and a cushion of rubber on the tread similar to regular tires. The edges at the bottom are tapered or thinned down so they make a continuous smooth surface for the inner tube. We guarantee Suction Grip Reliners against defects in material or workmanship.

Super Service Fabric Reliners Strengthen Weak Tires

Thousands of auto owners have found these Reliners a sure way to cut tire costs way down and obtain unusual freedom from trouble. They are made of fine grade fabric, layer on layer, completely saturated and bound by high-grade rubber. Easy to put in casing and being self-cementing they become practically inseparable.

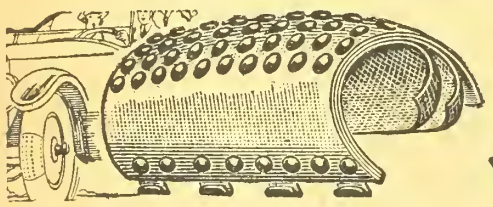
Supplies for Fords Pages 782 to 788



Super Service Leather Reliners
For Extra Hard Service

Made of tanned chrome leather, molded to fit inside of casing. Will give you hundreds and often thousands of miles extra service from tires, that if run without inside protection would be a total waste. Their strength is three times greater than fabric used in the construction of tires. Will practically outwear two outer casings, and lengthen the life of tires. Will turn small nails, tacks, etc. Easy to apply. Clean inside of outer casing with gasoline, then insert the reliner. Will cement to casing after air has been applied. Can be removed from old tires and placed in others.

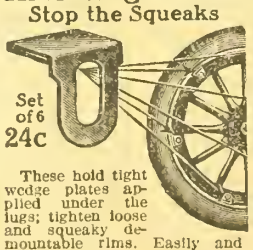
27c

Inside Tire Patch

Made of several plies of friction fabric with a good grade of rubber, and throughly vulcanized. Side flans enable you to fit patch accurately to inside of casing under clinch, preventing tube from rubbing against any sharp edge and becoming chafed. Will fit either front 3-inch or rear 3½-inch casing on Ford cars. Ship. wt., 7 oz.

6 I E 1801—Price, each 27c



White Stripe Tire Covers

These tire covers have two white stripes around the center which gives them a very attractive appearance. Made of water-proof enameled fabric. Fastens with six snap buttons. Fit any make of plain or non-skid tire. **Cord tires take oversize covers.** Average shipping weight, about 2½ pounds.

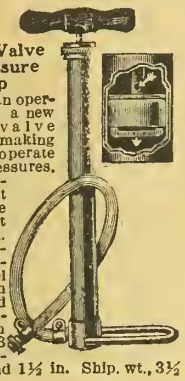
Pumps and Jacks That Make Tire Changing an Easy Job

Inland I. X. L. Running Board Tire Pump

$4.85 Without Gauge

The finest, most substantial, easy operating hand pump we have ever seen. A woman or child can pump up even large size tires with ease. A real friend when there's a tire to pump. Handle opened is 25 inches long—giving leverage many times greater than ordinary pumps. Can be quickly attached to either running board. Leak-proof, seamless steel cylinder, 3x6¼ inches, polished—patented folding handle—folding clamp attached to base—strong malleable iron base—fine quality leather plunger, specially treated—pump folds up so it takes little space, 3x4½x13½ inches—no loose parts to rattle or lose—built to last for many years. Complete, with 7 feet of good quality hose. Shipping weight, about 9 lbs.

61 E 1683—Price, each, without gauge $4.85
61 E 1684—Price, each, with gauge 5.45

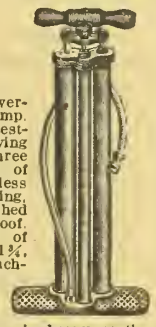


Apex Pump Connection

25c

For foot and power pumps. Just place connection on the valve, touch the lever and the washer fits absolutely air tight with a grip that will not slip. Release the lever and it lifts off freely. No pushing, holding, screwing or fussing. Ship. wt., 2 oz.

61 E 1742—Price, each..... 25c



Rose Patented Valve High Pressure Tire Pump

A child can operate it. Has a new patented valve principle, making it easy to operate under all pressures. Full compression at every stroke with but little friction. Made of 18-gauge seamless steel tubing which will stand hardest service. Length over all, 23 in. Diameters 1¾ and 1½ in. Ship. wt., 3½ and 4 lbs.

61 E 1653—1¼-in. size. Price, each..... $2.15
61 E 1650—1½-in. size. Price, each..... 2.57

Three Cylinder Tire Pump

A very powerful hand pump. Thoroughly tested before leaving factory. Three cylinders of heavy seamless drawn tubing, highly polished and rust-proof. Diameters of cylinders, 1¾, 1¼, and ¾ inches. Length, 18 in. Length of pump, over all, 22 inches. Base is heavy casting, enameled. If you want a big, powerful, quick-acting hand-pump, get this and inflate your tires with little exertion. Ship. wt., 9 lbs.

61 E 1652—Price, each $2.95

Tire Saving Jacks

Stop Wasting Miles on the Garage Floor

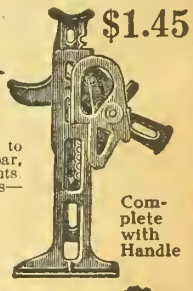
These Jacks Help Your Tires to Last Longer

Set of Four $3.25

Tires should not be allowed to stand on oily floors, or with tire chains on over night. Thousands of automobile tires are damaged in this way every season. When your car is not in use, lift it and give the tires a rest. By keeping the weight off the tires the fabric and rubber are relieved of unnecessary strain so that they will give a great deal more mileage. You'll find it very profitable to use these. Operated by practically one operation of arm or foot. Use tires only when you are running the car. If you do this you will cut your tire bills greatly. Made entirely of steel—no castings. Easily operated. Light, neat, simple and thoroughly dependable. Smooth surface where hub rests. Will last a lifetime. Pay for themselves in actual tires saved from ruin. Investment worth making. Note low price. Adjustable to fit all machines. Ship. wt., about 16 lbs.

461 E 1610—Price, set of four..... $3.25

Schrader Valve Insides 40c



Standard Schrader Valve Insides exactly like those used in all standard inner tubes. Damaged valve insides often cause flat tires or slow-leak troubles. Always carry some extras. Packed five in tin box. Ship. wt., about 4 oz.

61 E 1703—Per box of five..... 40c

Double Duty Jack With Foot Lift

$1.45

Constructed entirely of malleable iron. Speedy ratchet type. Simple construction, exceptionally easy to operate. Fitted with step bar, giving extra range of adjustments. Adjustable from 10 to 16 inches—foot lift from 6 to 11 inches. For cars up to 3,600 lbs. Ship. wt., about 5½ lbs.

61 E 1613—Price, each..... $1.45

Complete with Handle

Tire Gauges

Low Priced Tire Gauge

Twitchell Tire Gauge

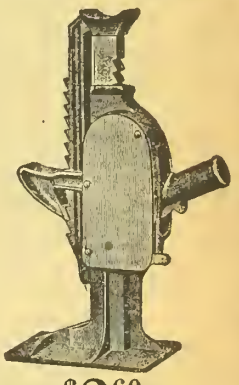
Has the new positive lock stop. Made of brass, nickel-plated. Length, 3½ in., diameter, ½ inch. Ship. wt., 2 oz.

61 E 1710—Each..... $1.50

Schrader Tire Gauge $1.50

Indicator stays up till reset. Vest Pocket Leather Carrying Case. Made of brass, nickel-plated. Lgth., 2½ in.; diam., ¾ in. Ship. wt., 3 oz.

61 E 1702—Price, each..... $1.50



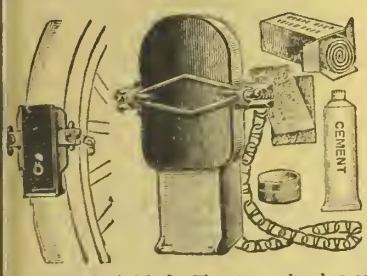
Long Handle Foot Lift Jack $4.95

Keeps You Away from the Dirt.

This long handle, foot lift-jack is designed especially so that the motorist will not need to get down in the mud or dirt. The extra long handle can be adjusted very easily—simply pull open as it telescopes into short length. The adjustable foot lift may be set at any height from 4 to 10 inches from the ground. The construction of the jack combines the most scientific principle of leverage, the finest material and careful workmanship. Height, 11 inches. Raises, 6 inches. For cars up to 4,500 lbs. Ship. wt., 12 lbs.

61 E 1618—Price, each..... $4.95

Giant Foot Lift Jack



Designed to be used on cars with different height front and rear axles. The foot can be set at any height from 4¾ to 10¾ inches. Lift of top from 11 to 17 inches. Construction and material very best. Suitable for cars weighing up to 5000 lbs. Complete with handle. Ship. wt., about 12 lbs.

61 E 1605—Price Each..... $3.60

$3.60

Vulcanizers and Repair Materials for Tires and Inner Tubes

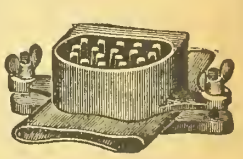
Handy Vulcanizer For Tires and Inner Tubes

Does a first-class vulcanizing job on either casings or inner tubes. You don't even need to watch it—no gauge or thermometer necessary. Merely light the burner and when it goes out the job is finished. The steam chamber consists of a special hollow casting containing about 2 ounces of water sealed tightly with screw plug. The water will last about 2 years before needing refilling. Will vulcanize a good size patch on either casing or tube as the highly polished face is 5x3½ inches. Every part is strongly made of iron, finished in white, nickel and black. Ship. wt., about 5½ lbs.

31 E 1411—Complete Outfit with cement and rubber $2.75

5 Minute Inner Tube Vulcanizer 85c

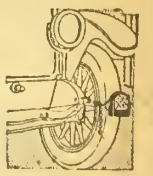
Complete Outfit



It takes no previous experience in vulcanizing to operate this vulcanizer. A beginner can use it perfectly. With each vulcanizer there are 12 patches, complete with heating elements which do away with the necessity of using gasoline. There is no flame to burn the tube. Works in the wind so you can readily put on sure hold patches by the roadside. The whole outfit is small enough to slip into the pocket. The outfit consists of the vulcanizer, 12 patches and 12 heating discs. Ship. wt., outfit, 1 lb. Patches and discs only, 8 oz.

61 E 1415—Complete Outfit 85c
61 E 1416—12 Heat Units with Patches..... 55c

$2.35



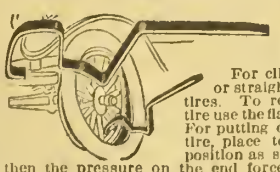
COMPLETE OUTFIT

Adamson's Universal Vulcanizer

A well known reliable vulcanizing outfit for vulcanizing **casings and inner tubes.** Simply place patch on tube or casing, attach vulcanizer, put in gasoline with the measure furnished, light it, and no further attention is needed. In a few minutes you have a perfect repair. Will soon pay for itself. Can't burn, scorch or injure when used as directed. Made of cast iron, japanned black, 3½-inch polished square face. Ship. wt., 4 lbs.

61 E 1401—Price, each $2.35

Speedometer Parts



Complete Speedometer Shafts $2.00 and up

Complete with end fittings to fit Stewart and other Speedometers and are entirely interchangeable. Ship. wt., about 4 lbs.

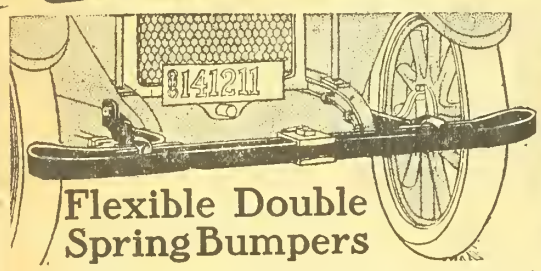
$18.50 Set of 4

Note

We can furnish Rebound Absorbers for all cars. If your car is not shown here, order by number **261 E 4087** allowing **$18.50** for set of 4. Give name of car and model. **Shipped from Factory in Chicago.**



Lower Prices On Standard

Smooth Action Rebound Absorbers

Prevents the violent recoil after striking humps and softens the shock. Spring breakage is practically unknown due to the stopping of rebound at the normal height of the car on its springs. The upward movement of the body is gradually held preventing excessive spreading of the springs which causes most spring breakage. One set of these absorbers costs less than a pair of broken springs. Even if you use shock absorbers these will make your car ride much better. They are exceptionally easy to attach as it is not necessary to take off the wheels. All necessary fittings included with complete instructions. Ship. wt. set of 4, 20 pounds.

Flexible Double Spring Bumpers

A double spring bumper of tempered steel built to stand the most severe abuse. The two steel springs are solidly fastened together in the center with a rigid brace thus distributing any strain or blow equally to both sides of the car frame. Its construction combines the rigidity of the solid bar bumper with the unusual advantages of the spring bar type. Will stand up under a blow that would bend or crush a channel bar bumper.

Light in weight but very neat and will add to the appearance of any car.

Suitable for all autos where frame extends beyond radiator. State name, model and year of your car Ship. wt., complete, about 32 lbs.

Front Bumpers Only

46 E 3469—Spring Bumper, for all cars with extended front frame. Black finish.. **$10.45**

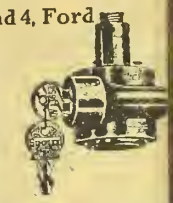
Genuine Liberty Siren

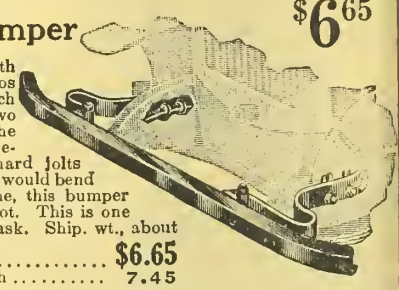


Plays 16 Musical Notes

No matter how loud the rattle and rumble of traffic the Liberty Siren penetrates above the noise and sounds its melodious signal in a way that commands attention. Attaches to the exhaust manifold under the hood of any pleasure car, truck or motor boat. Operates by the simple pull of a cord attached to dash or steering wheel column. Costs nothing to operate. Does not in any way interfere with the mechanical operation of your car. Has ¾-inch standard pipe thread. Full instructions for attaching included. Ship. wt. 1 lb.

61 E 3436—Price, each..... **$1.60**

Simplex Auto Locks



For Dodge, Chevrolet 490, Overland 4, Ford

Approved by the Underwriters' Laboratories so that insurance companies reduce, the cost on theft insurance when you use a Simplex. Don't wait until a thief has taken your car—put on a Simplex and let your mind have a rest while your car is not being watched. It is impossible for a thief to drive away your car when locked with a Simplex, as the steering wheel spins around loosely without having any control of the front wheels. Every lock is strongly made. At the prices we show here we do not believe you can buy protection against theft for such a small amount elsewhere. You can put this lock on in a few minutes as there is no drilling, and the only tools needed are a wrench and a screwdriver. Average ship. wt., about 2¾ lbs.

61 E 3493—For Dodge. Price, each..... **$5.45**

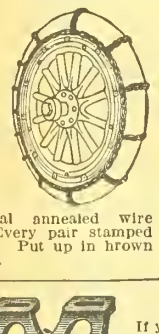
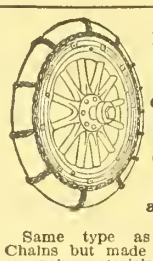
Spring Arm Channel Bar Bumper



$6.65

An excellently designed channel bar bumper with universal bracket that can be attached to all autos having extended front frames. The bar is two-inch size and is connected to the frame by means of two shock-absorbing spring arms that flex freely when the bumper hits an object. The action of the springs prevents breakage so that this bumper will stand hard jolts without injuring it, where ordinary straight bar arms would bend or break. If your car has an extended front frame, this bumper will fit it no matter whether it has splash pans or not. This is one of the best bumpers you can buy near the price we ask. Ship. wt., about 20 pounds.



46 E 3538—All black finish, each..... **$6.65**
46 E 3539—Nickel finish bar, black arms, each..... **7.45**

Genuine Weed Anti-Skid Chains

Prevent skidding — run free on castings and do not cut tires. Cross chains of special annealed wire stock. Every pair stamped "Weed." Put up in brown cloth bag.

Mud Hooks

If you are ever stalled in the mud or sand all that is necessary is to put two or three on each rear wheel and you'll get out in a jiffy. They do away with the unclean and unpleasant job of wrapping rope around rear wheels. Can be put on wheels in deep mud, where impossible to put chains and ropes.

Will not injure tires. Made of tough, black enameled iron. Straps not included. Ship. wt., each, about 2 lbs.

61 E 6503—3—3½ in. Each..... **55c**
61 E 6504—4—4½ in. Each..... **57c**
61 E 6505—5—5½ in. Each..... **59c**

Service Socket Wrench Set

$3.20

Particularly desirable for Dodge, Ford or other light cars. For removing the cylinder head or bottom of the crank case this set will save all the trouble of constantly taking the wrench off the bolts to get a new bolt. Best quality pressed steel. Finished in black. Outfit consists of the following: One 9-inch ratchet wrench; one square 1 7/32 extension socket; one universal joint for tight places. The opening sizes for the following 6 hexagon sockets: 7/32, 1 9/32, 2 5/32, 2 5/32, 2 9/32 and 3 1/32 inch. Shipping weight, 4¼ pounds.

61 E 9731—Price, complete set **$3.20**

$4.65

Challenge Wrench Set

Sockets of fine grade pressed steel. All parts carefully made to fit together accurately. Sockets are held in handle by spring tension, which prevents dropping out when in use. Set consists of 14 sockets, fitting most all sizes of bolts, nuts, sets, screws, etc. Universal joint and extension enable one to reach into cramped difficult places at any angle without trouble. These popular size hexagon and square sockets will save you lots of time when making adjustments, and as the set is in a strong wooden box, it can be carried in the car. Shipping weight, 3½ pounds.

61 E 9730—Price, per set **$4.65**

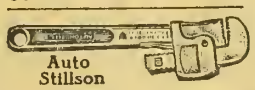
Utility "S" Wrench Set

This set consists of five best grade drop-forged wrenches, lengths varying from 6¼ to 10⅜ inches. Openings are for Standard Nuts and Cap Screws as follows: 7/16, ½, 9/16, 11/32, ⅝, 13/16, ¾, 7/8, 15/16 and 1 inch. The ends are semi-finished and each opening is accurately ground to size. With this set you can make adjustments on practically every nut and bolt on your car. There are numerous places around the motor and car that cannot be reached very easily with a straight wrench and in just such cases you will find one of these "S" Wrenches almost indispensable. Shipping weight about 3 pounds.

61 E 9750—Price, perset **$2.15**

Ratchet Handle

Fits all sizes sockets either hexagon or square as listed on this page. Steel construction, finished in black. Length, about 8 inches. Shipping weight, 1 pound.



61 E 9749—Eacb.. **$1.15**

Adjustable Wrench

A very strong high quality adjustable wrench. Carefully cut threads and knurled turn screw. Length, about 8¾ inches. Opening, 1¾ inches. Shipping weight, 1 pound.

61 E 9758—Eaeb.... **39c**

Auto Stillson

Fine teeth will not mar finish. Extra thin style for working in tight places. Holds round, hexagon or square parts. Shipping weight, 1 to 1½ pounds.

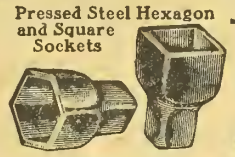
61 E 9741—8 inches. Opening up to 1 inch **$1.39**

61 E 9742—10 in. Opening up to 1¾ inches. **$1.58**

Handy Socket Wrench Set

Needed by All Motorists

Owing to the high cost of making repairs and adjustments (often $1.25 an hour), many owners are now doing this work themselves. Loose nuts and bolts cause excessive wear which means new parts. Here's an outfit that will cut down high costs for you. There are sockets in this outfit that will fit practically every bolt and nut on all autos and with the use of our new, improved flat ratchet handle you can tighten loose parts and make adjustments in a great deal less time than with ordinary wrenches. Outfit consists of socket wrench; an assortment of 30 case-hardened, cold-drawn pressed-steel sockets ranging in size from 5/16 to 1 9/32 inches; one combination double-end screwdriver bit (large and small ends); a universal joint (permitting the use of the wrench at an angle up to 90 degrees); one long and one short extension bar, the long bar permitting wrench to reach into engine or crank cases, also a long socket for removing spark plug. Shipping weight, 10 pounds.



61 E 9737—Complete set..... **$7.95**

Do Your Own Repairing

We furnish a complete line of hexagon and square sockets in the following sizes. Fit all standard size socket wrench handles. Shipping weight, 3 to 6 ounces. Price, each, any size. **15c**

Challenge Brake Lining

Challenge lining is made of a fine staple, fibrous asbestos yarn, closely interwoven with brass wire and cotton. It will not char or burn from friction heat nor does it soften or become hard. This lining is beat-proof, dustproof, oilproof and waterproof. This is exactly the same brake lining as used by many prominent manufacturers on new cars. Average weight, per foot, 9 ounces.

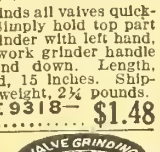
Here's Help to Make
Piston Rings, Valves, Valve Grinding Outfits

Sioux Valve Grinder

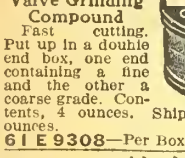
Saves half the time. Always laps — doesn't stop at same spot. Handle always turns one direction. Makes a perfect smooth seat —leaves no rings or ridges. Insures good compression. No rocking — no stopping to lift valve. Made of malleable iron and steel. Three fittings with five ends for all valves. Shipping weight, 4½ pounds. Outfit complete.



61 E 9333— Outfit complete..... $2.65

E. Z. Valve Grinder

Grinds all valves quickly. Simply hold top part of grinder with left hand, and work grinder handle up and down. Length, folded, 15 inches. Shipping weight, 2¼ pounds.



61 E 9318— $1.48

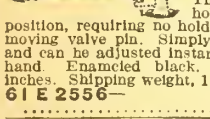
Valve Grinding Compound

Fast cutting. Put up in a double end box, one end containing a fine and the other a coarse grade. Contents, 4 ounces. Shipping weight, 7 ounces.

61 E 9308—Per Box..... 24c

Valve Lifter

Can be used on nearly all makes of cars. The ratchet holds it in any position, requiring no holding while removing valve pin. Simply constructed and can be adjusted instantly with one hand. Enamcled black. Length, 11 inches. Shipping weight, 1½ pounds.



61 E 2556— 35c

Bearing Scrapers

Made of forged steel, with carefully ground edges. Curved in the proper shape to insure effective work. Three standard sizes in set. Shipping weight, 1¼ pounds.

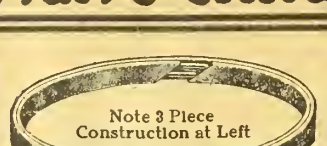
61 E 9171—Per set of 3..... 95c

Carbon Scrapers

For removing carbon from top of pistons, cylinder heads and valves. Length, over all, about 13¼ inches. Shipping weight, 1 pound.

61 E 9173—Set of three..... 39c

Never-Knock Carbon-Remover



Just put a few drops in the cylinders, run your motor and the carbon will be dissolved so it will be blown out through the exhaust. Shipping weights about 8 and 15 ounces.

61 E 9189— Small size..... 37c

61 E 9190— Large size..... 53c

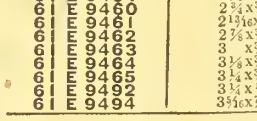
Nu Power 3 Piece Piston Rings

Give More Power—Save Gasoline and Oil



WE have made tests with several leading piston rings and have found the three-piece ring shown above to be exceptionally reliable under the most trying conditions. This is an excellently constructed piston ring. Motors which failed to pick up quickly—that stalled on real hard pulls—that used far too much gasoline and oil for their size, have been brought back into condition when fitted with Nu Power Piston Rings. Nu Power Piston Rings eliminate a whole lot of repair work, due to their three-piece construction. They fit tightly all the way round, perfectly sealing the compression, preventing leakage. Besides giving more power—more speed—greater flexibility—quicker pick-up—Nu Power Piston Rings greatly aid in doing away with oil sooted plugs and excessive carbon deposits due to oil leakage. Furnished in sizes listed only. Average shipping weight, 6 ounces.

Price, each..... 75c

When ordering Piston Rings, give name, year and model of car, and state whether pistons are oversize or regular.

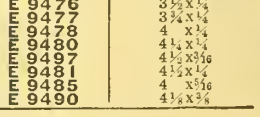
Oil Groove

Quick Seating Piston Rings



This type of ring is a favorite with several hundred thousand motorists. A groove near the top of each ring holds a quantity of oil, thus forming a film that prevents excessive oil working up past the pistons. The groove is cut on an angle so that on the down stroke it pushes surplus oil back toward the crank case. The film of oil held in the groove seals the compression chamber so that there is a big saving in oil and gasoline bills—so that your motor runs better and so that you will not have spark plug trouble due to the pistons "throwing oil." These rings are the quick seating style that will fit perfectly when driven about 100 miles, which is a very valuable feature. Shipping weights each, about 5 ounces.

Flexedge VALVES

You Never Need to Grind Them

Thousands of car owners are getting more power from their cars at less expense for gasoline without valve grinding troubles by using these Flexedge Laminated Valves that are built up by taking many thin discs of highly tempered steel and pressing them tightly together under tremendous pressure, onto a special steel stem. These valves will not pit or leak as the edges flex slightly when the explosion occurs in the cylinder This flexing action cleans off carbon particles preventing their sticking on the valve seat and causing loss of power by leakage. Flexedge Valves are self-cleaning so it is not necessary to keep grinding them as must be done with regular valves if you want the engine to run at its best. After putting in Flexedge Valves your motor will run slower without jumping or jerking as happens with ordinary leaky valves. They seal the compression chamber, stopping waste of gasoline and power. Flexedge Valves will quickly save their price by doing away with valve grinding costs.

Flexedge valves are made exactly the right size for the cars and motors shown. All of the cars shown here use the same size exhaust and intake valves except the Buick and Essex. When ordering please mention name of car, model and year as well as the article number.

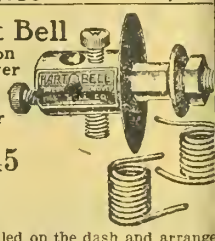
Mormiles Gasoline Tablets

They give you more miles per gall of gasoline than ever before and redu carbon. Gas treated with Mormil Tablets will show a wonderful i provement in your motor both in po er and speed. Mormiles keep yo spark plugs clean, by utilizing all t available gas. Positively harmles Contain no acid or chemical to inju your motor in the slightest. They not interfere with lubrication. B contains 100 tablets which will tre 100 gallons. Shipping weight, abo 5 ounces.

61 E 9185—Per box of 100..... 69



Hand Controlled Gas Save with Priming Cup

Saves from 10 to 20 per cent of yo gasoline, and increases the power. Th mixer screws into the manifold, illustrated. A special flexible sha 4 feet long, runs from the mixer control lever, which is attached steering post. Sprays air into th manifold which breaks up the gasoli and gives your motor a better mixtur Gives a quicker pick-up and a fast get-away. Priming cup feature is big help in cold weather and it can als be used for admitting carbon remov ers to cylinders. ¼-inch standar pipe thread. Nickel plated. Shippi weight, 8 ounces.

61 E 2150— $1.8

Hart Bell Carbon Remover and Gas Saver

$6.45

Installed on the dash and arrange so that water is drawn into the intak manifold when the control is ope This water is admitted in the righ proportion so that when it is draw into the cylinder with the fuel it is co verted into steam by the heat of th explosion and acts on the carbon whi the motor is running. The carbon loosened and blown out through th exhaust. Dash adjustment. In co weather the Hart Bell can he used a primer. It also acts as a gas saver opening air control on dash. Outfit i cludes all fittings. Device can be a tached in a short time. Complete i structions. Shipping weight, 1 pounds.

61 E 9187— Complete outfit..... $6.4

75c and up

Worko Carbon Remover

Insert two Worko Tablets into each cylinder, replace the plugs, start the motor, run it slowly for a moment get in your car and ride. No acid o chemical to pit or injure your engine in the slightest. Worko leaves your cylinders clean. Shipping weight 8 ounces and 1 pound.

61 E 9176—Small, size, 24 Tablets 75c

61 E 9177—Large, size, 72 Tablets..... $1.50

Gasoline Tester

This instrument will clearly indi cate the specific gravity and grade o the gasoline you get. Gasoline should not test much below 60 degrees or it works a hardship on your starting motor and battery. Poor gasoline is often the cause of hard starting, especially in cold weather. Each instrument is carefully packed. Shipping weight, 7 ounces.

Every Auto Run Better

Spark Plugs and Spark Intensifiers

AC Titan Spark Plug

Has a smaller hexagon shoulder on the body, so it fits deeper into the spark plug hole. Ship. wt., 5 oz.

61 E 9032—⅛-inch, long. Regular equipment on Oakland 34-B, Oldsmobile, 6 cyl., Premier, and all Nash up to 1919. **72c**

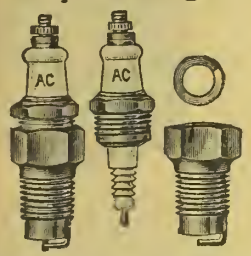
61 E 9034—⅛-inch, extra long, Regular equipment on all Nash 1919-20-21. **72c**

Carbon Proof AC Titan Plug for Fords and Overlands

The carbon proof porcelain is provided with a number of ribs having saw-tooth edges that attain a sufficiently high degree of heat to burn away the carbon, thereby keeping the edges free from deposits and breaking up any possible short circuit.

The insulator is made of a porcelain which heat will not crack. Also for others using this size. Ship. wt., 5 oz.

61 E 9080—½-inch size. **72c**

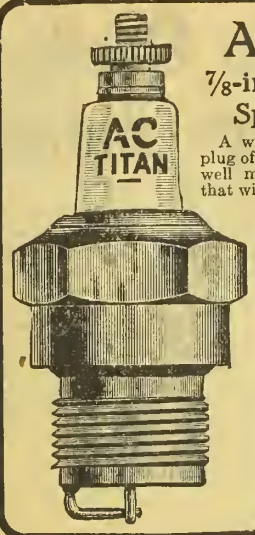


AC Cico Spark Plugs 54c

A spark plug of famous AC construction. It is well made with a strong porcelain which will not crack under ordinary use. All parts are easily reached for cleaning. Selected firing points. Ship. wt., each, 4 ounces.

61 E 9005—½ inch. **54c**
61 E 9006—⅝ inch. **54c**
61 E 9008—For Ford. **54c**
61 E 9009—For Dodge. **54c**
61 E 9010—For Saxon. **54c**

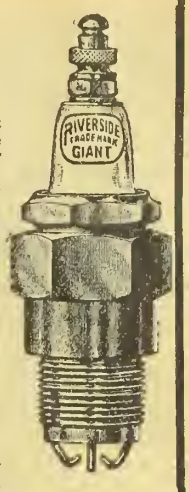
AC Two-Piece Spark Plug



Carbon proof type with saw-tooth edges on porcelain that burn away carbon, thus preventing short circuits. Can be taken apart without possibility of breaking porcelain. Shipping weight, 5 ounces.

61 E 9686—½-inch size for Fords and other motors using this size. **89c**

61 E 9687—⅝-inch size. **89c**



AC Titan ⅞-inch Regular Spark Plugs

A widely known high grade plug of exceptional merit. It is well made of tough porcelain that will withstand intense heat. The plug is so constructed, that it practically cannot become short circuited on account of soot collecting. ⅞-in. size that fits Cadillac, Case, Cleveland, Dort, Elcar, Elgin, Grant, Hudson, Hupmobile, Jackson, Jeffery, Jordan, Lexington, Moon, Packard, Paige-Detroit, Pierce-Arrow, Roamer, Stutz, Velie, Westcott, Willys-Knight, and many others using this size plug. Ship. wt., 5 oz.

61 E 9004— **72c**

Riverside Giant Size Spark Plugs

A great, big, powerful plug that will give years of service. The heavy body is turned from solid bar hexagon steel, scientifically treated and copper plated. The stone-colored porcelain is especially selected. Ele trode and sparking points made of high resistance, special treated alloy A heavy shoulder or ledge on the porcelain sits upon a copper gasket in the shell which in turn is held down and made gas tight by an adjustable locking nut. Terminal takes ither the regular open end or slip-on connection Each plug is put up in a neat lithographed tin box, for easy carrying without fear of injury in the tool box. Shipping weight, 8 ounces.

61 E 9015—½-inch size **65c**

61 E 9016—⅞ inch. A. L. A. M. size. **65c**

AC Titan Extension Spark Plug

The motors on Bulcks, Chevrolets and Reos are so designed that they require this style extension type plug. Shipping weight 6 ounces.

72c

61 E 9025—⅛-inch, extension type. Regular equipment on Buick, Chevrolet 490, 1919-20-21. **72c**

61 E 9036—½ inch, extension type, for all Reo cars and trucks, 1919-20-21. **72c**

Special AC Titan for Dodge

This plug has long body, specially shaped for Dodge motors. Regular factory equipment. Ship. weight, 5 ounces.

61 E 9028 ⅞-inch size. **72c**

AC Cico Spark Plug 54c

This plug is constructed with a long shank. Ship. wt., each, 5 ozs.

61 E 9030—⅛ in. Extension. Regular equipment on Chevrolet 490, 1917-18; all Buick cars up to 1919. **54c**

61 E 9026—½ in. Extension. Regular equipment on all Reo cars and trucks up to 1919. For all Overlands up to 1914. **54c**

AC Titan Long Body Spark Plug

This plug is constructed with a very long body. It is particularly suited to the cars listed below, on which it is regular equipment: Chandler, Stevens-Duryea, White Trucks, Bessemer Trucks, Hahn Trucks, Moreland Trucks, Robinson Fire Trucks, Schwartz Trucks, Titan Trucks, Owens Light and Power Plant and Northlite Lighting Plants. Shipping weight, 6 ounces.

61 E 9688—⅞-inch size. **72c**

Splitdorf Spark Plug

Guaranteed 3 Years

Will give good service when used with either Batteries or Magneto. The core is of Mica and is protected by a porcelain sleeve. The plug gives a very hot spark, positively will not leak compression, and is guaranteed not to break. Shipping wt., about 6 ounces.

61 E 9023 — ½-inch. Regular Price, each. **76c**

61 E 9024—⅝-inch A. L. A. M. **76c**

61 E 9079 — Special for Ford. **76c**

Champion X Plug

This plug is the same as the Champion X's that were in your Ford when it came from the factory. It has been used as standard equipment on all Fords for years. Also suitable for other cars using a ½-in. standard pipe thread plug. Ship. wt., 4 oz.

61 E 2114 — ½-inch size. Complete plug, **49c**

61 E 2115— Porcelains only. **29c**

Challenge Priming Plug

Solves the problem of starting a motor in cold weather. A few drops of gasoline, or cold weather engine starter, poured into the pet-cock of the plug and your motor starts on the first quarter-turn. The gasoline is carried directly to the sparking point. Ship. wt., 8 oz.

61 E 9019 — Standard ½-inch size. **$1.05**

61 E 9021 — ⅛-inch. **$1.05**

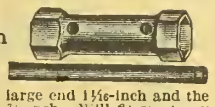
Extension Spark Plug for Overland, Buick, Chevrolet 490 and Reo

Overland Model especially for use on cars made previous to the late 1915 model. Buick plug fits all models 1918 and older or can be used with any car having clearance for an extension plug. Have a ½-inch extension below the thread. High-grade porcelain and workmanship throughout. Shipping weight, 5 ounces.

61 E 9054—Overland and all Reos. ½ inch size. **40c**

61 E 9055 — Buick Special and Chevrolet 490, ⅞-inch. **40c**

Speedway Long-Distance Spark Plugs



This low price has been made possible due to our buying large quantities at one time. It gives a hot, fat spark so necessary for complete combustion. Porcelains especially annealed to prevent undue brittleness. Ship. wt., 4 ounces.

61 E 9070— Standard ½-inch. **35c**

61 E 9071 — ⅛ inch A. L. A. M. **35c**

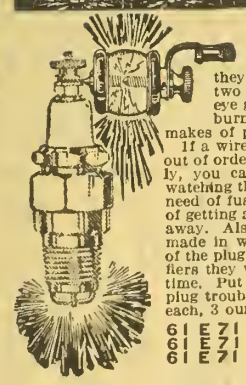
Plug Wrench

Has two openings. The large end 1 1/16-inch and the small end ⅞-inch. Will fit most any standard spark plug. Malleable iron. Length, 4¼ inches. Shipping weight, 12 ounces.

61 E 9074— **22c**

Genuine Mezger Soot Proof Plugs

This plug has been on the market for years and has made a reputation for itself. If you are troubled with sooty spark plugs use a set of Mezger Soot Proofs and overcome your difficulties. They are constructed with a high grade special tempered porcelain which does not crack from rapid changes of temperature. Shipping weight, 5 ounces.



61 E 9066 — ½-in. size. **35c**

61 E 9067—⅞-in. size. **35c**

Hot Spark Intensifiers

Make Old Spark Plugs Fire Like New

This wonderful little device with its adjustable gap actually makes spark plugs which are missing on account of soot or similar troubles fire every time just like they did when new. The extra gap between the two terminal points encased in the heavy bull's-eye glass cylinder gives a spark so strong that it burns right through the carbon. Works on all makes of plugs.

If a wire is short circuited or broken—the batteries out of order—the timer or magneto working improperly, you can tell instantly by raising the hood and watching the sparks in the glass cylinders. There's no need of fussing with screw drivers or pliers—no need of getting a shock. At night the spark is visible 10 feet away. Also aids in timing motor. Tests have been made in which no spark would appear at the points of the plug but when fitted with the Hot Spark Intensifiers they would fire regularly, never missing a single time. Put a set on your plugs and end practically all plug troubles. Plug not included. Shipping weight, each, 3 ounces.

61 E 7116—Each. **$ .28**

61 E 7117—Set of 4. **1.10**

61 E 7118—Set of 6. **1.60**

Triumph Hot Firing Tubes

This marvelous invention, which is attached to the bottom of your spark plug, makes every spark a flaming torch, changing tiny sparks to a spreading, white-hot flame. Gives more complete combustion at every explosion, which aids in furnishing more vital power at every stroke of the piston. Quicker pick-up. The hot point shields plugs from oil—the result is clean spark plugs.

Order hot firing tubes same as your spark plugs. Be sure to give name of car and size of your spark plug when ordering. Shipping weight, each, 4 oz.

61 E 9059—½-inch size. **70c**

61 E 9060—⅞-inch size. **70c**

61 E 9083—⅛-inch Extension fits all Buicks up to 1919. **70c**

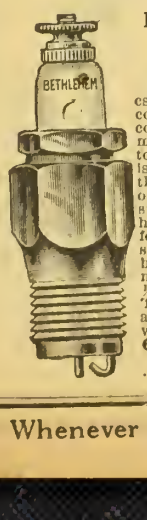
61 E 9082—Special for Fords. **70c**

Bethlehem Dependable Spark Plugs

79c

Bethlehem Special for Buicks and Chevrolets

Bethlehem number 29, a special design that fits all models of Buicks. Supplied with thumb nut. Ship. wt., 5 ounces.

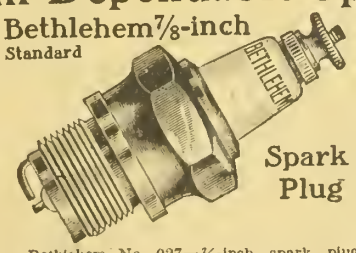


61 E 9088 ⅞-in. extension. **79c**

Bethlehem Special for Reo

Bethlehem number 08 with ⅛ hexagon shoulder. Has extra long shank that sets deep into cylinder wall. Also fits Overland models up to year 1914 and other cars using this type. Ship. wt., 5 oz.

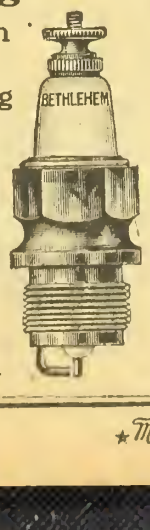
61 E 9089—½ in. extension. **79c**



Bethlehem Special for Fords

A plug designed especially to overcome oil and heat conditions common to Ford motors. The porcelain is extra heavy and the electrodes are of special mixture steel alloy, that has proven best for giving a good strong spark. Can be used on any motor requiring a ½-inch plug. Two-piece cleanable type. Ship. wt., about 5 oz

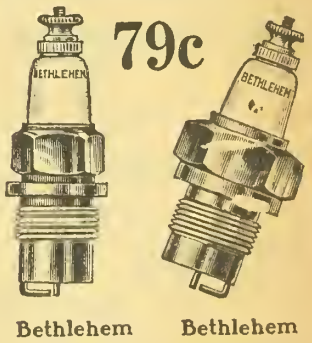
61 E 9086— **49c**



Bethlehem ⅞-inch Standard Spark Plug

Bethlehem No. 027—⅞-inch spark plug with 1⅛-inch hexagon shoulder. This is the type used on such cars as Cadillac, Hudson, Paige, Peerless, Chalmers, Hupmobile, Lexington, Stutz and a great many other cars using a ⅞ inch plug. The porcelains are extra heavy. Bethlehem electrodes are of special steel alloy that gives a strong hot spark Ship wt., about 5 ounces.

61 E 9090—⅞ inch. **79c**



Bethlehem ⅞-inch Spark Plug

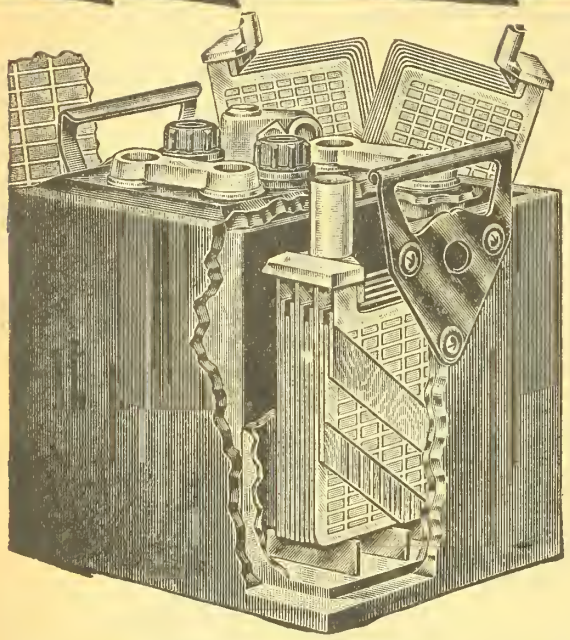
This is a standard design ⅞-inch plug with a ⅞-inch hexagon shoulder that is used as regular factory equipment on Studebaker and Marmon cars. A plug well suited for all motors using a ⅞-inch plug of this type. Bethlehems No. 07. Ship. wt., about 5 ounces.

61 E 9087— ⅞-inch. **79c**

79c

Bethlehem Special Extension Type

Bethlehem number 019 with extra long firing chamber. Particularly suited for use in Nash, Oldsmobile, Winton and other motors using this style plug. Shipping weight, 5 ounces.



61 E 9091—⅞ in. long. **79c**

Bethlehem Special for Dodge

Bethlehem number 029. A special length plug of the right style for Dodge motors. Will also give excellent service in latest model Continental motors. Shipping weight, 5 ounces.

61 E 9092—⅞ in. Special. **79c**

Ward's DeLuxe

Shipped Fully Charged—Ready to Use

Every DeLuxe Battery is given a thorough final inspection just before shipping. Very great care is taken in crating and packing so the battery will reach you in perfect condition. Each De Luxe Battery is designed to fit exactly in the space provided by the car manufacturer and is equipped with solidly attached handles that will hold securely regardless of the method used for clamping in the battery. De Luxe batteries are made for any make car. Average shipping weight, 65 pounds.

Guaranteed First Quality Construction Storage Batteries

WHEN you buy a De Luxe battery you get an absolutely first quality battery that will give you excellent service at a price that is made possible only by the fact that we sell many thousands each year direct by mail from our big stores.

Why We Can Make Our Prices So Low

Our battery business has grown enormously and a great part of our increased sales has been due to those who bought De Luxe batteries telling their friends of the big saving they made. It would be impossible to sell De Luxe quality batteries profitably at the prices we show here if we had to add on the several in-between profits and expenses usually added to the manufacturing cost.

We Guarantee Every Battery Absolutely

We know batteries thoroughly and have given you in the De Luxe an exceedingly high quality, reliable battery that will please you so well that you will be all the more convinced of our ability to save you money on articles of superior construction.

Our business has been built up by saving people money. If you will compare our battery prices with those of any other battery fully covered as is ours, by a guarantee against defects you will see how startling is the difference in cost. For nearly 50 years we have absolutely made g with our customers and the faithful, earn promises made on other merchandise holds g on De Luxe Batteries.

Note These Strong Points in De Luxe Construction

The big features of a battery are the pla separators, jars and terminals. De Luxe pla consist of scientifically correct compounds h securely by rectangular shaped grids which fo a structure similar to the framework in a mod steel truss constructed building. This expo the greatest amount of active materials to the a solution which means longer life to the plate a greater discharge capacity for starting when motor is cold. The separators are speci selected, thoroughly treated and cured so t allow the current to flow freely, yet give comp insulation preventing short circuits.

The jars are made of the finest grade h rubber and each one is electrically tested un high voltage, so there is no possibility of an perfect jar that will leak current being used i De Luxe battery. A heavy hard rubber co with a shoulder design to fasten securely to jars, prevents the acid solution from seep through the cover or around the terminal po thus eliminating corrosion and its troubles.

It is Easy to Change a Battery

Each De Luxe Battery is specially designed to fit the space provided by the car manufacturer and the terminal posts are arranged so your wires can be easily connected. In most cases it is as easy to change a battery as it is to change a tire.

Dependable Coils, Ignition Batteries and Cables

Auto Electric Cables

Aver. Ship. wts., 2 to 6 oz. per foot.

Single Primary Cable

Diam. 3/16 in.

An excellent conductor for low tension use. Tboroughly insulated witb high-grade rubber, one yellow varnisb clotb tape and single varnished braid.

61 E 6951—Price, per foot **5c**

Magneto Secondary Cable

Diam., 5/16 in.

Suitable for nigh tension magneto use, insulated witb bigb-grade red and black rubber over whicb are two yellow varnished cloth tapes, two braided coverings.

61 E 6953—Price, per foot **8c**

Heavy Secondary High Tension Cable

Diam., 15/32 in.

Made for heavy work and bigh voltage. Insulated witb tbree layers of bigb-grade black, white and black rubber, three yellow varnished cloth tapes, two braided coverings, one saturated with clear wax; outer braid varnish coated.

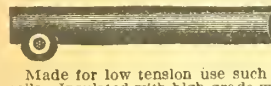
61 E 6954—Price, per foot **14c**

Multiple Cable

Diam., 1/4x3/8 in.

Two-lead primary. Especially suitable for lights or low tension use. Each conductor insulated with one varnished cloth tape and one varnished glazed braid. Colors, red and black.

61 E 6952—Price, per foot **7c**



Primary Cable

Diam., 3/16 in.

Made for low tension use such as lights and from battery to coils. Insulated witb higb-grade wbite and black rubber.

61 E 6957—Price, per foot **4c**

Spotlight Cord

Also used for horns. Several strands of twisted copper wire, covere" ...b cotton wrapping over which is rubber insulation. Braided black covering on outside.

61 E 6963—Price, per foot **5c**

Secondary High Tension Cables

Diam., 11/32 in.

Used on secondary bigb voltage, as from distributor to plugs. Insulated witb higb-grade rubber covering, three layers.

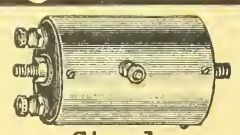
61 E 6959—Price, per foot **7c**

Magneto Cable

Diam., 9/32 in.

Suitable for magneto use or medium secondary use. Insulated with higb-grade gray and black rubber, three layers.

61 E 6958—Price, per foot **6c**



Starting Cable

A higb-grade, heavily wound cable of sufficient resistance to carry heavy battery discharges to starter. Insulated witb two varnished cloth tapes and two weather-proof braids. Each covering is tboroughly saturated with weather proof varnish.

61 E 6955—Diam., 7/16 in., for cars up to 25 H. P. Per ft. **12c**

61 E 6956—Diam., 9/16 in., for cars more than 25 H. P. Per ft. **19c**

Sturdy Transformer Coils

Guaranteed One Year

Interchangeable with coils supplied by the manufacturers on cars shown. These coils represent the highest skill in coil making and produce a strong, hot spark even on low voltage. They use very little battery current and operate on low voltage. Brackets, terminals and connections fit perfectly. Resistance units of original construction are supplied so should new ones ever be required, those supplied by each coil maker are interchangeable with these. The case is fibre which is positively heat and waterproof. It is not affected by moisture or heat of the engine. This construction adds considerable to the life of the coil. Each coil is carefully tested under high pressure. Guaranteed free from defects in material and workmanship and also for at least one year's service on the car. Average shipping weight, 2¼ lbs.

Coils for Other Cars

We can furnisb Sturdy Replacement Coils for almost any make of car not shown in above listing. Specify make, year, model of your car and name of ignition System. Allow $5 95 and transportation charges when ordering. Av. sbip. wt., 2¼ lbs.

261 E 7100—Price, each **$5.75**

De Luxe Lighting and Ignition Batteries

For Tractors, Trucks and Autos Not Equipped with Starters

Built of the high grade materials, tbese batteries will stand up tbough given extremely bard usage as required on tractors and trucks. Excellent equipment for cars not fitted with starters, also tbe right type for stationary gas engines. Tbe same care is used in selecting materials and building the different parts of tbese batteries as is taken in making our De Luxe Starting Batteries. The terminals bave an extra washer beneatb the seal on top wblcb prevents tbe acid from getting out, tbus stopping corrosion. Tbe clean contact assured by this construction allows tbe current a free flow tbat gives a hot, fat spark for ignition and strong brigbt lights. The terminals are solidly attached so there is no possibility of loose connections. Sizes sbown are total over all. Sbipped from factory in Chicago.

261 E 3845—6-volt, 40 ampere hours. Lengtb, 7⅜ in.; width, 5½ in.; beigbt, 9⅜ in. Sbip. wt., 23 lbs. **$13.45**

261 E 3846 — 6-volt, 60 ampere bours. Lengtb, 7⅝ in.; widtb, 6¾ in.; beigbt, 9⅜ in. Sbip. wt., 30 lbs. **$17.45**

261 E 3847—6-volt, 80 ampere hours. Lengtb, 7⅝ in.; widtb, 7⅝ in.; beigbt, 9⅜ in. Sbip. wt., 37 lbs. **$20.45**

Watch Your Battery

Don't ruin your batteries due to neglect. Use an acid testing hydrometer which shows accurately the efficiency of your battery, also used for regulating quantity of acid above the plates.

Acid-Testing Hydrometer Outfit

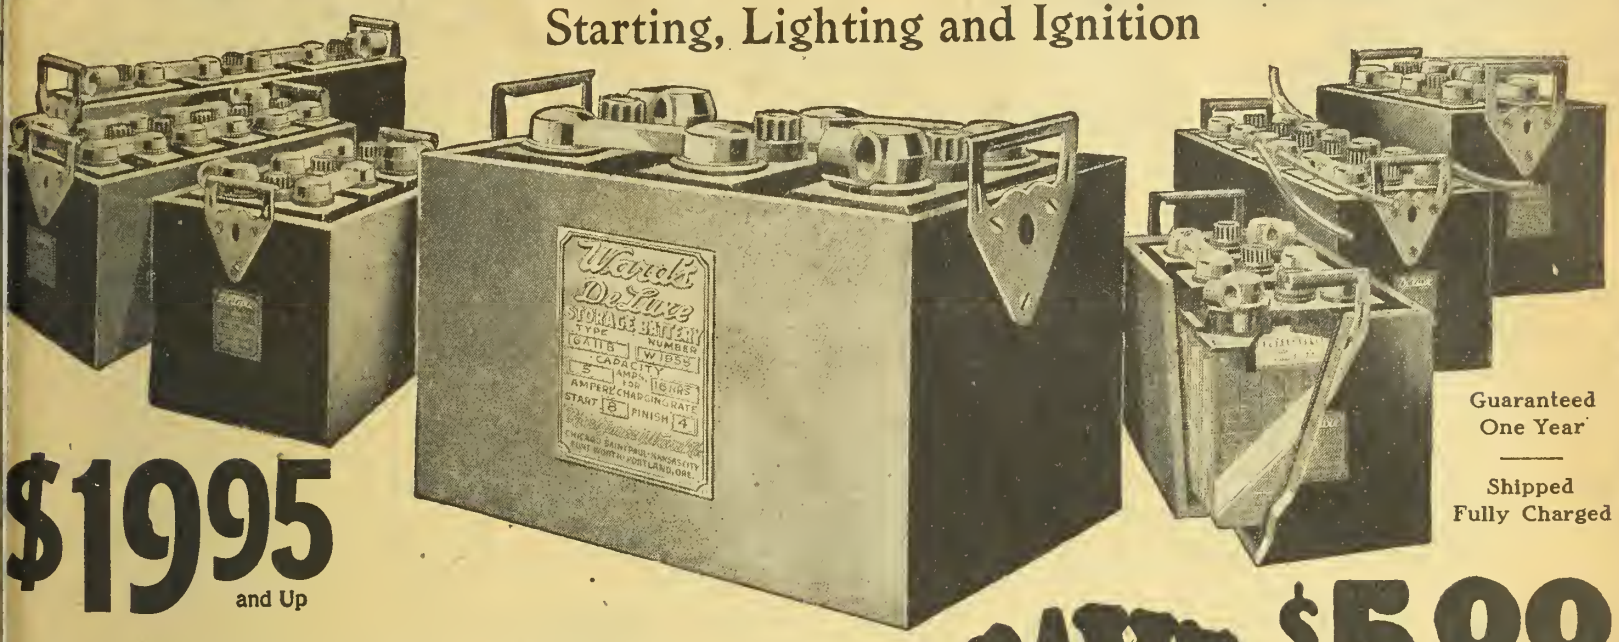
Very handy and convenient outfit. Jar is sealed by rubber disc on the hydrometer keeping out dust and dirt. Hydrometer is of the very best type protected by rubber disc at bulb and rubber square at lower end, preventing it from rolling off bench or running board. Sbip. wt., 2½ lbs. Hydrometer, 1 lb.

61 E 3843—Complete outfit **$1.25**

61 E 3842—Hydrometer. Each, only **69c**

Non-Break Hydrometer

If you drop tbis bydrometer on garage floor, knock it off tbe fender or bench, it won't break. Special rubber discs and bulb protect the glass. Easily read figures on accurate float. Will outlast the ordinary kind. Sbip. wt., about 1¼ lbs.



61 E 3830—Price, each ... **60c**

Quality—That's the feature that sold 1,000,000 Riverside tires.

Why Our Prices Are Lower

WE sell thousands of De Luxe Batteries, so naturally make big contracts for raw materials and obtain low prices on the best quality. There's only one profit added to the manufacturing cost, and that's a small one. If Ward's De Luxe Batteries were sold in any other way than direct-to-you by mail, it would be necessary to raise the price several dollars. Our guarantee makes certain you will be absolutely satisfied.

Customers Tell Us De Luxe Prices → **SAVE $5.00 to $17.50**

Size Information

If you are not certain of the model of your car, tell us the length, width and height to top of the handles of your present battery.

Top Recovering Outfits for Popular Cars

If your top has become shabby in appearance or worn and leaky this New Top Recover will both restore its appearance and give you a top as good as new. Nothing detracts more from the appearance of a car than a cracked and faded out old top. Why not replace it with this New Top Recover? They are very good grade imitation leather or cotton mohair and we furnish them at about one-third the cost of a new top. Outfit consists of roof, rear curtain and all the necessary tacks and bindings to put it on. Shipped ready to attach. Simply remove the tacks at the front and rear of the old top covering and back, curtain and slip the new covering over the top bows and padding. Guaranteed to fit perfectly. We carry the New Top Recovers in stock for the cars at the left. Shipping weight, about 20 lbs. **For Special Top Recovers see listing below.**

Mohair Recovering Outfits with 2 Oval Beveled Plate Glass Lights

We can furnish recovering outfits made of high grade cotton Mohair material for cars at the left fitted with 2 beautiful 6x12 inch oval beveled plate glass lights in rear curtain in place of celluloid at $3.50 additional. These will be shipped from factory in Chicago, Ill. direct to you. Order by number **361 E 9982**, allowing $3.50 more than prices shown above for Mohair Top Recovering outfits.

We can also furnish recovering outfits, for practically all makes of cars for models since 1915 either in cotton mohair or imitation leather with celluloid or glass curtains. If your car is not listed here, write us for prices, being sure to specify the make, year, model of car and kind of material and style of windows you wish.

Flows Easy — Wears Well

Enamel your car today and drive it tomorrow. Blaxshine is a wonderfully easy applying auto enamel that flows smoothly and dries hard over night. It leaves a finish that will not crack or chip and does not show brush marks like ordinary paint. The finish is a glossy black and will resist heat and cold. Not only does Blaxshine make your car look much better, but it also preserves the body. It can be washed with warm or cold water without destroying the lustre. Only one coat is needed to bring your car back to its original appearance. The Blaxshine outfit is complete, containing three-pint can Blaxshine—one extra fine good size brush—sandpaper—steel wool and a cup to pour the enamel in. A coat of Blaxshine will increase the value of your car if you are going going to sell it or will improve its appearance for your own use. Shipping weights, 2, 3 and 5 pounds.

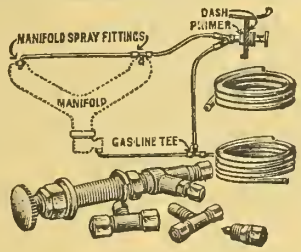
Radiator Covers Made to Order

We will make to order radiator covers for any car not listed above, using same materials as in our regular stock covers. These will be shipped direct from factory in Northern Illinois and will require from 10 to 15 days. When ordering be sure to state make, year and model of car. Allow extra for postage. Average shipping weight, about 3 pounds.

361 E 3747—Radiator Cover only, dull finish enamel cloth $3.70

361 E 3761—Radiator Cover only, imitation leather $4.45



Electric Intake Heater

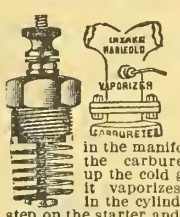
Does away with starting troubles in coldest weather. Just press button on dash. Heats the intake manifold, giving a quickly combustible gas mixture that ignites instantly. Uses about same amount of current as the lights. Fits any size pipe. Can be bent for curved pipes. No drilling or tapping—simply clamp around pipe. Complete with wire and switch for attaching to battery. Shipping weight, 8 ounces.

61 E 3670—For 6-volt Battery $3.75

61 E 3671—For 12-volt Battery 3.75

Imperial Primer

Cold weather starting troubles will be practically done away with if your car is equipped with an Imperial Primer. One stroke of the primer in easy reach on the dash board sprays vaporized gasoline into the manifold. You can start without the fuss or delay usually experienced in winter motoring. No priming through pet cocks; no standing in the snow or rain. Do not risk injury to your battery by grinding away for several minutes to start your motor when it is cold. This feature alone is worth many times the price of the outfit. Outfit consists of substantially made plunger pump, all necessary bolts, connections and tubing, ⅛-inch pipe thread. **Mention make, year, and model of car, and also if it has vacuum tank.**



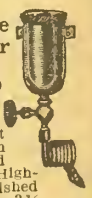
Ship. wt. 14, oz.

$4.95

61 E 3668—For ¼-inch gas line $4.95

61 E 3669—For 5/16 inch gas line 4.95

Electric Manifold Gasoline Vaporizer



$2.05

This device placed in the manifold close to the carburetor heats up the cold gasoline so it vaporizes instantly in the cylinders — just step on the starter and the engine starts quickly on the coldest mornings. Operated by switch placed in any convenient place. To install drill 5/16 hole—has ⅜-inch standard pipe thread. Operates from 6-volt battery or dry cells. Uses less current than one headlight. Shipping weight, 3 ounces.

61 E 3656— $2.05

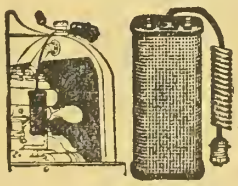
Engine Primer

$1.85

A great help in cold weather. Highly polished cylinder, 3¾ inches long; diameter, 2 inches. Fits on dash. Sufficient pipe to reach manifold enables you to prime from seat. All attachments included. ⅛-inch pipe thread. Shipping weight, 10 ounces.

61 E 3660— $1.85

Steer Warms



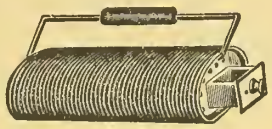
$5.95

61 E 3655

Keep your hands as warm as if you were in the house. A pair of neat, black leather covered grips, length, 5¼ inches, that lace onto steering rim in any position. Heated electrically from storage battery, magneto or dry cells. Made for all cars. Style for Fords connected to magneto and operated while engine runs. Require less current than one headlight. Lace and wire up—that's all. Outfit comes complete. Shipping weight, 13 ounces.

61 E 3654—For 6 or 12-volt battery $7.85

61 E 3655—For Ford Cars 5.95



Electric Engine Warmer

$3.60

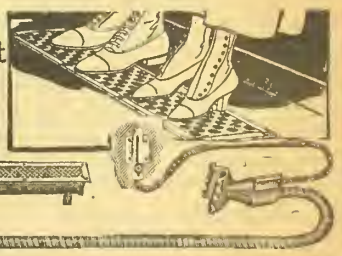
Prevents Freezing
For use in the Garage

Instead of fussing with stoves—draining water from radiator, etc., to keep the water from freezing over night, just put this heater under the hood with a blanket over the radiator, and in the morning the motor will be ready to start easily. Operates from any 110-volt current, alternating or direct, attaches to lamp socket. As there is no flame it is safe. Size, about 6¾ inches by 3¼ inches. About 10 feet of cord. Consumes about 2 amperes. Shipping weight, about 1½ pounds.

61 E 3663 ..... $3.60

Taplex Heater

Keeps Your Feet Warm



An ever ready heater for all cars. A great improvement over old style charcoal heaters as all you need is a match to light the bar of fuel—Smokeless. One bar heats continually for 6 to 8 hours. Economical to operate. This heater is also very handy around the house for chilly days. Size, 7½x14 inches. Shipping weight, about 9 pounds.

61 E 3664—Heater with 12 bars of fuel $3.60

61 E 3665—12 bars of Taplex Fuel 95c

Utility Exhaust Heater

$7.45 and up

Costs Nothing to Operate

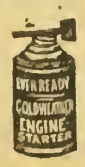
For all gasoline cars. Keeps car heated free of cost at a comfortable temperature in the coldest weather. A radiator and foot rest combined. Utilizes hot gases from engine exhaust. Gas is passed through heater when in operation and escapes into air beneath the car. Temperature is regulated by a valve at side of the heater. Gives no obnoxious odors or gases. Quickly installed. Heavily nickeled, complete with necessary attachments. In ordering state outside diameter of exhaust pipe before it enters muffler. Shipping weight with protector, about 14 pounds.

461 E 3540—Register type fits in floor board. Has regulator. Size 27x4½ inches. $22.45

461 E 3651—Round type. Nickel Finish. Size, 28½x2½ inches. $16.45

461 E 3652—Utility Junior Heater for Ford, Maxwell and other small cars. Black Finish. Size, 15x2½ inches. Round style. Shipping weight, 11 pounds. $7.45

Johnson's Freeze Proof



Prevents freezing in the very coldest weather. Does not evaporate. Absolutely harmless, will not injure rubber, cloth or any kind of metal.

One package protects Fords to 5° below zero. Large cars use two packages to protect to 5° below zero and three packages to protect to 25° below zero. Simply dissolve in water and pour into radiator. Shipping weight, 8½ pounds.

361 E 3657— Per package $1.35

Auto Engine Priming Fluid

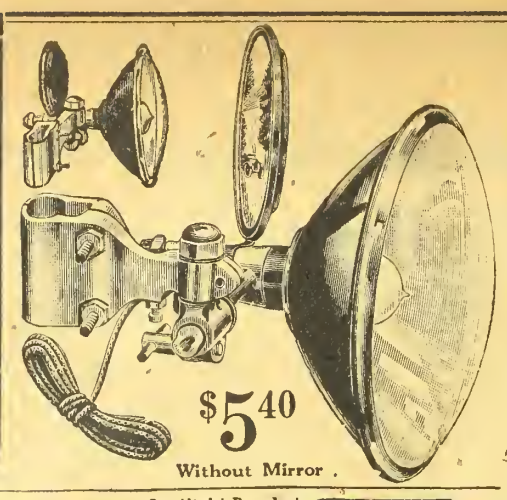
For use in automobile, truck and tractor motors. Put a few drops of the mixture in your priming cups or primer, turn your motor over and away she goes. No trouble—no fuss. Free from ether, acetic, or picric acid, gun cotton or any harmful substances. Shipping weight, 2 pounds. Put up in 8-ounce cans.

561 E 3662 ..... 39c

Alcohol Non-Freeze Solution

Keeps water in auto radiators from freezing. Has no chemical action on iron, copper or brass, and is safe to use. One can protects a 3-gallon radiator to 10 above zero. Tables printed on each label, advise the proper mixture for different temperatures. Shipping weight, 9 pounds.

561 E 3661—Gal. size cans $1.15



Handy Freezmeter

To test the freezing point of your alcohol non-freezing solution simply take off the radiator cap, insert this handy Freez-meter syringe, press bulb and small marked float inside will register exact freezing point. No need of getting dirty draining solution from bottom of radiator as with old style instruments. Carefully packed. Shipping weight, about 10 ounces.

61 E 3685— 73c

Spotlights and Lamps

$5.40
Without Mirror.

Silver Ray Spotlight

The very latest innovation in spot lamp construction, which throws a powerful penetrating light. Has heavy convex lens which centers the strong powerful ray of light just where you want it. A three-point contact bracket with an adjustable vertical motion prevents the light from being thrown in the eyes of the approaching motorist. The lamp can easily be detached by a turn of cross bolt with the fingers, making it immediately accessible to any part of the car. Has universal bracket to fit all windshields. Finish is black with nickel rim and bracket, works off any 6 or 12-volt battery or Ford magneto. Complete with wire. We can furnish a neat rear view mirror that attaches to lamp at a small additional cost. Ship. wt., about 5 lbs.

61 E 7076—For Closed cars.....**2.25**

Rives Accelerator Pad

$1.15

Designed to fit on the accelerator of any car, making it impossible for the foot to slip when feeding the gas. A very convenient accessory that will relieve your foot of tiredness and also save your shoes as it does away with cramping. Made of pressed steel with rubber cushion, and hinge lets it work freely. Ship. wt., 1½ lbs.

61 E 3546—Price, each.**$1.15**

A big help in operating the accelerator more steadily. You can hold your foot in proper position without jerking, even on rough roads. Takes strain off of foot and leg muscles as the foot pivots freely at the center instead of throwing weight on the heel. Suitable for all style accelerators, and adjustable in height so you can fit it for comfort. Made of steel. Ship. wt., 12 oz.

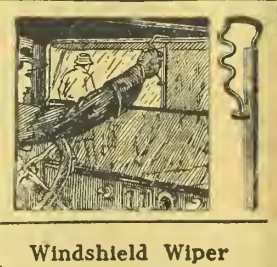
61 E 3549—Price, each **40c**

←Auto Robe and Poncho

Can be used either as a raincoat or a hood cover. Makes a warm robe and protector. Light weight — easily carried under seat or on robe rack. A serviceable Poncho to use in wet weather during engine or tire trouble. Made of waterproof material with warm fleece-lined back. Size, about 50x70 inches. Ship. wt., 3 lbs.

61 E 6663 — Ship. wt., 3 lbs.....**$2.45**

Back Rest



Wedge shape so it fits the driver's back. Made of imitation leather, welt seam binding. Will retain its resiliency and lightness. Size, about 16x16 inches. Ship. wt. 3¼ lbs.

61 E 6675—Price, each.....**$1.95**

Windshield Cleaner

Don't let rain or snow bother you. This will clean the whole upper part of the windshield by sliding across the entire length, or clean one spot by pivoting in a stationary position. Instantly attached. Will fit all open cars. Finished in black enamel. Ship. wt., 8 oz.

61 E 9519—Price, each.....**45c**

Clear View Windshield Wiper

A wonderfully effective complete cleaning outfit that prevents rain, mist and sleet from collecting on the windshield. Just apply special chemical furnished to pad and rub over shield a couple of times—that's all. Rubber cleaner set in edge of pad holder. Ship. wt., about 3 oz.

61 E 9520—Price, complete outfit.....**31c**

Cleans rain or snow from the windshield and makes driving a pleasure on stormy days. At one stroke of the handle the glass is cleared on both sides, making a clean sweep the entire length of upper glass. Will fit any open car. Installed in two minutes. Ship. wt., 12 oz.

61 E 9518—Price, each.....**$1.20**

Auto Dust Cover
Made of Heavy Brown Fibre Paper

The finish of many fine cars is ruined by allowing dust to accumulate on the surface and remain even a short time. If finger marks are made through the dust it is nearly impossible to remove them. These Paper Dust Covers are particularly useful when storing cars in Winter or covering them when not in use. Made of extra tough brown fibre paper reinforced to prevent tearing. Completely covers car. Saves it from dust, dirt and moisture. It only takes a few minutes to slip this cover over the car. The great difference it makes in the appearance of the finish makes this a splendid investment. Ship wt., 5 lbs.

61 E 9504—Size for Ford Touring Cars. Each.....**$1.40**
61 E 9505—5-passenger Size. Price, each.....**1.75**
61 E 9506—7-passenger Size. Price, each.....**2.30**

$18.95

Ford Owners Buy This

Improved Strongbuilt Radiator

Keeps the Water Cooler Every Ford owner who wants the very best radiator should buy this one. It is built of the strongest materials. The water capacity is considerably greater than in ordinary radiators and the flow of water is greater due to the extra large water channels, so it will keep your motor cool even on the hottest days.

Freezing Will Not Break It Most radiators for Fords have either a copper or brass core, but the Strongbuilt has a patented flexible core and uses bronze in this construction, so it will stand freezing without breaking. The heavier and stronger tubing and frame of this radiator will withstand the roughest road usage without weakening. Patented shock absorbing brackets positively prevent damage to the radiator when the frame twists or spreads, which is a big money saving feature for Ford owners who drive on country roads. The use of bronze in the core makes it proof against the effects of lime and alkali waters. The large, round holes allow a greater volume of air to pass through the radiator which is also a big aid in keeping the water cooler. Every radiator is thoroughly tested. The finish is black enamel baked on, with a gray core. Shipping weight, about 50 pounds. **$23.95**

61 E 2998—For 1917-18-19-20-21 Fords. Each..... **$23.95**

61 E 2999—For 1916 and older models. This radiator is of similar shape to the one furnished by the Ford Company for the older models. Shipping weight, 45 pounds. Price, each..... **$23.95**

Motor Supplies

Very Best Quality Leather Fan Belt Guaranteed for 10,000 Miles of Service

This fan belt is the finest belt for Ford cars that we have ever seen. It is cut from the choicest quality leather, extra width — full 1⅛ inches wide, or ⅛ of an inch wider than the usual ones for Fords. The special chemical treatment which these belts receive insures their not being affected by heat, oil, friction or moisture. Every one is carefully inspected and tested to insure that quality which makes possible a guarantee of 10,000 miles of perfect service. Use one on your car and enjoy the satisfaction of a 10,000 mile guaranteed Ford fan belt. Shipping weight, about 9 ounces.

61 E 2525—Upper Hose, 2x3¼ inches. Each..... **15c**

Adjustable Hose Clamp

This new hose clamp fits all Ford inlet and outlet hose connections between radiator and engine. One-half is slotted to accommodate a projection on end of other half, making it possible to adjust the clamp securely. Made of galvanized steel. Shipping weight, 3 ounces.

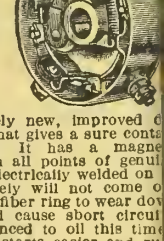
61 E 9199—Price, each..... **7c**

Pitter Multiblade Fan for Fords

Positively prevents your Ford from overheating. Draws air from outer ends of blades through every square inch of the radiator surface—much more than the old style fan.

A cool, even-working engine saves over-work of motor, oil, repair bills, and gasoline. Easy to install. Shipping weight, 3 pounds.

61 E 2674— Price, each..... **$2.60**

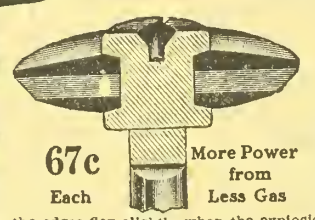


Simplex Locks for Fords

This lock has been approved by Underwriters' Laboratories so reduces rates on theft insurance. When locked the steering wheel spins around freely without having any control over the front wheels so a thief cannot drive the car away. You can put this lock on in ten minutes as there is no drilling necessary and the only tools needed are a wrench and screwdriver. Simplex lock simply replaces gear housing under the steering wheel. Shipping weight, about 1½ pounds.

61 E 3496—Price, each..... **$3.25**

Double Duty Timer Guaranteed for the Life of Your Motor



An entirely new, improved d sign timer that gives a sure conta every time. It has a magne contact with all points of genui Tungsten, electrically welded on they positively will not come o There is no fiber ring to wear dow or split and cause short circui You never need to oil this time The engine starts easier and ru smoother. The roller used is hardened steel and is mounted ball bearings. Fits all mode Shipping weight, 1 pound.

61 E 9650—Price, each..... **$3.9**

CARBURETORS

Flexedge Valves for Fords

You Don't Have to Grind Them Built Up in Layers

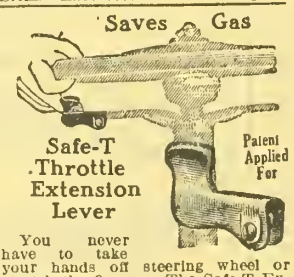
67c Each

More Power from Less Gas

Thousands of Ford owners are getting more power from their cars at less expense for gasoline without valve grinding troubles by using these Flexedge Laminated Valves that are built up by taking many discs of highly tempered steel and pressing them tightly together under tremendous pressure, onto a special steel stem. These valves will not pit or leak as the edges flex slightly when the explosion occurs in the cylinder. This flexing action cleans off carbon particles preventing their sticking on the valve seat and causing loss of power by leakage. Flexedge Valves are self-cleaning, so it is not necessary to keep grinding them. After putting in Flexedge Valves your motor will run slower without jumping or jerking as with ordinary leaky valves. They seal the compression chamber, stopping waste of gasoline, and will quickly save their price by doing away with valve grinding costs. Average shipping weight, 6 ounces.

61 E 2798—For All Fords, Regular size. Each..... **67c**
61 E 2799—For All Fords, ⅛ Oversize Stem. Each..... **80c**

Gasoline Gauge



A reliable, easily read gauge that takes the place of the screw cap in the gas tank. Indicator is operated by a float. Fits all touring and roadster models. Will not fit closed models. Shipping weight, 1 pound.

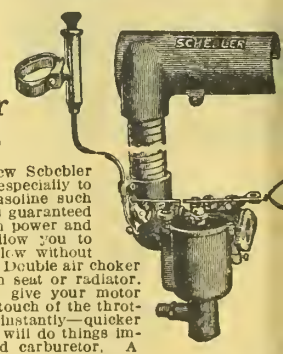
61 E 2956 — For Ford open cars 1920 and 1921 Price, each..... **96c**

Saves Gas

Safe-T Throttle Extension Lever

You never have to take your hands off steering wheel or stretch the fingers. The Safe-T Extension has several times greater touching surface than the regular Ford lever. Fits over regular throttle lever and can be adjusted to any size hand. Makes driving easier and safer, as you always have a tight hold on the steering wheel and both feet on the pedals. We want every Ford owner to buy this Extension Lever and try it 30 days. If you don't feel that this is the best device you ever bought for your Ford, send it back and we will return your money. Also great for women and children drivers. Fits all Fords and can be used with any size steering wheel. Made of aluminum. Shipping weight, 3 ounces.

61 E 2177—Price, each..... **55c**



Carburetor Adjustment Extension

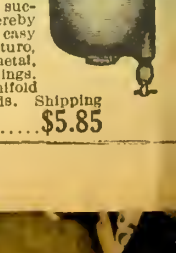
This extension places the carburetor adjustment rod in an easily reached position. For Ford open cars with cowl board. 1917-18-19-20 only. Will not fit closed cars. Shipping weight, 8 ounces.

61 E 2159—Price, complete... **89c**

Schebler Model A Carburetor for Fords

Here's a brand new Schebler for Fords, designed especially to handle low grade gasoline such as you get now. It is guaranteed to give you maximum power and speed, yet it will allow you to throttle down real slow without missing or skipping. Double air choker can be operated from seat or radiator. This carburetor will give your motor greater flexibility—a touch of the throttle and it responds instantly—quicker pick up. Your Ford will do things impossible with the old carburetor. A big saving in gasoline assured. Complete with exhaust stove, choker, etc. Shipping weight, ab 9½ pounds.

61 E 2157—Price, complete..... **$14.**



Nu Power Carburetor for Fords

We have given this Nu-Power carburetor very thorough tests under all kinds of road and weather conditions and are convinced it is by far the best carburetor offered Ford owners near this price. It's big feature is that it admits air in three places instead of only one. This breaks up the gasoline more effectively making it more combustible. Two sources of gasoline supply are provided inside the carburetor—one for low speed and another for high speed so you will be able to throttle d a great deal slower than usual. When driving in high s the gasoline passes through a fifteen hole jet so it is impos for large drops of gasoline to pass into the manifold. same operating rods used on the regular Ford carburetor used on the Nu-Power and it will fit perfectly on all mo Shipping weight, 2½ pounds.

61 E 2171—Price, each..... **$9.**

Kingston Carburetor

This carburetor is being used at the present time as factory equipment on Ford cars. So constructed that a perfect mixture for all speeds is supplied automatically governed by motor suction. This produces a strong suction around the spray nozzle, thereby affording a very rich mixture for easy starting in extremely low temperature. Made of the best hardened metal, finely finished. Needs no extra fittings. Perfectly fitted for the Ford T manifold hot air pipe, and operating rods. Shipping weight, 3 pounds.

61 E 2153—Price, each..... **$5.85**

Guaranteed One Year

De Luxe Batteries for Fords

For Starting and Lighting

YOU can quickly prove the big saving we offer on starting batteries by comparing our price with that of any other high quality battery. Every De Luxe Battery is absolutely guaranteed to be made of first quality materials and you are fully protected against any defects. This kind of a guarantee means a lot to you on batteries, for you have to depend on the word of the firm to know you are getting the best—you see only the outside and most batteries look alike. Study over the construction of De Luxe Batteries as shown by the cross section and description on page 776 of this Catalog. DeLuxe Batteries for Fords are built of the same fine grade materials as used in the De Luxe Batteries for the most expensive cars. Every profit and expense that is saved by eliminating the handling through jobbers, etc., go to you in better quality and at lower prices. The terminals are specially designed to fit the cables you have. **Shipped from Factory in Chicago.** Average shipping weight, about 55 pounds.

261 E 3903—For Liberty Starter furnished by Ford Motor Co. 6 volt. Price, each..... **$19.95**

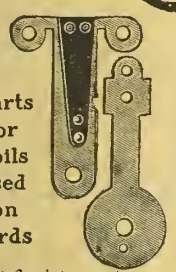
Note—More than one size battery furnished. Be sure to state length, width and height to top of handles of old battery.

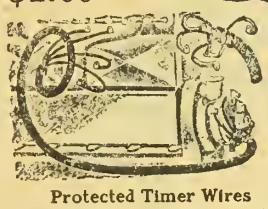


K. W. Coil Units for Fords

Genuine K. W. Coil units interchangeable in all coils used on Ford cars for years 1913 to 1920. Hard starting, irregular ignition and lack of power often due to weak coils. Troubles of this kind are easily corrected by replacing with a new coil unit. Shipping weight, each, 2 pounds.
E 2126 Price, each.. **$2.05**

Reliable Timer — 89c

The roller and contact points are specially hardened for long wear. Proper insulation prevents short circuits. Oil hole located at top properly lubricates roller. Fits all Fords 1913 to 1920. Shipping weight, 8 ounces.
E 2133—Price, each. **89c**



Parts for Coils Used on Fords

Pitted points on coil parts often cause the engine to miss. These coil parts are made of the best spring steel and are pointed with full size points of Tungsten. One pair in envelope. Ford's numbers are 4733 and 4734. Shipping weight, per pair, 3 ounces.
61 E 2100 — Parts for Coils, per pair **17c**

27c And Up Wiring Outfit for Fords

This outfit consists of high-grade wire, both primary and secondary, cut to correct lengths, and complete terminals. Well insulated where exposed to grease or oil. Furnished in contrasting colors, for easily replacing in proper position. Ship. wts., complete sets 1 lb., spark plug wires only 8 oz.

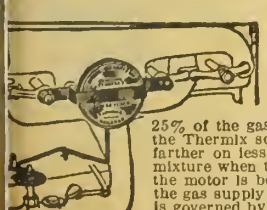
$1.60

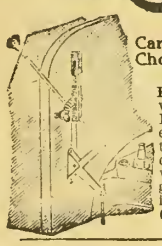
Protected Timer Wires

Flexible steel casing over the timer wires prevents short circuiting due to becoming oil or water-soaked. The casing is bolted up close to the Timer which prevents the wire wearing out from rubbing. Wires are all cut to exact length. The ends of the wires that attach to the Timer as well as the ends of the metal casing are all protected by a heavy rubber covering insuring long life. Shipping weight, 1 pound.
61 E 2127 — Price, complete, with primary and headlight wires for 1913 to 1920 models.. **$1.60**



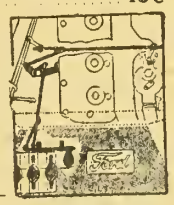
Wilmo Manifold

Tests before prominent auto associations have shown over 35 per cent more mileage per gallon. A hot dividing wall between the exhaust and intake gases gives a more explosive mixture. It is simple, neat, compact, has no moving or wearing parts—no adjustments; can be put on with just an ordinary monkey wrench. Ford engines which now choke, cough and buck for several blocks before running right will perform perfectly in a moment's time. In hills Fords which would stall when run slow in high gear have been made to creep along in high gear at walking pace without a jerk or sputter.
Shipping weight, 12 pounds.
61 E 2156—Price, each for Fords,..... **$7.15**



Hand Controlled Gas Saver with Priming Cup

The mixer screws into the manifold as illustrated. Equipped with priming cup which is a big help in cold weather starting. A shaft runs from the mixer to control lever, which is attached to steering post. This lever when is attached within reach of the fingers regulates the air supply to four cylinders and sprays air into the manifold which breaks up the gasoline and gives your motor a better mixture. You will be amazed at the increase of speed. ⅛-inch pipe thread. Nickel plated. Shipping weight, 8 ounces.
61 E 2150—Price, complete outfit..... **$1.85**



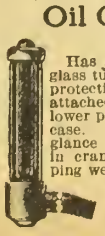
Thermix Carburetor Regulator

Thermix is a common sense gas saver—saves from 15 to 25% of the gasoline bill. Fords equipped with the Thermix self-adjuster start quicker and go farther on less gasoline. Thermix gives a rich mixture when the motor is cold and thin when the motor is heated. As the engine load varies the gas supply changes automatically. Thermix is governed by the heat of the motor and works on the thermostat principle. It does away with tinkering and dashboard adjustments. Thermix acts like the hand of an expert on the needle valve.
Made of bronze and steel; will outlast your car. Can easily be installed in 15 minutes without any drilling. Shipping weight, 2¼ pounds.
61 E 2955—Price..... **$4.75**

Carburetor Choke Holder

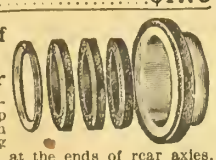
This Carburetor Choke Holder is made only for Fords which are equipped with self starters. Practically every other car on the market is equipped with a carburetor choke holder. It enables the driver to regulate the mixture of gas and air in the carburetor from the seat and holds it just where you want it. This inexpensive little device is a time and gas saver. Easily attached in 15 minutes without drilling any holes. Shipping weight, 4 ounces. **48c**
61 E 2954—Price each..... **48c**

Foot Accelerator



Gives Ford owners a foot control for the gas similar to that used on large cars. This is an easily attached, well-made accelerator at a startlingly low price. Does not interfere with operation of hand throttle. Shipping weight, 1 pound.
61 E 2509—Price, each..... **79c**

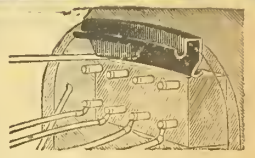
Strong Sight Feed Oiler For Fords



You can always tell if you have enough oil by glancing at the indicator on the dash. When oil level gets below pet cock, no oil will show in glass indicator. Burned out bearings—scored pistons and cylinder walls—overheating— ruined crank shafts are the results when your oil runs low. This system is very simple and absolutely positive in action as the oil is forced by a pump operated by special connection with the regular Ford valve mechanism. No special tools are needed to install. We bought several thousands of these oilers and are offering you the complete outfit away below any price we have ever seen elsewhere. Instructions furnished. Shipping weight, about 4 pounds.
61 E 2532—Price, complete outfit..... **$1.75**

Lubricating Oil Gauge

Has a heavy, strong glass tube with a metal protecting guard. It is attached in place of lower petcock on crank case. You see at a glance amount of oil in crank case. Shipping weight, 5 ounces.
61 E 2511 — Price, each..... **25c**

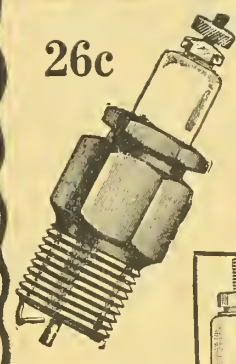


Shurnuff Grease Retainer

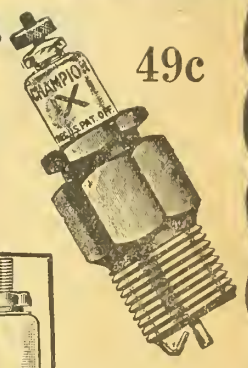
Will effectively stop grease from working its way out at the ends of rear axles. Grease permitted to leak out in this manner will injure tires and flood the brake linings, causing the brakes to slip. The Shurnuff retainer contains special washers in a tight-fitting sleeve that prevents oil leaking through. Shipping weight, 4 ounces.
61 E 2535—Price, each..... **76c**

Coil Protector for Fords

This coil protector prevents the water from seeping in between cowl and dash. Protects coil box from becoming short-circuited through water running down on the terminals, or soaking back of the coil box. Made of thin sheet steel. Easy to install. Fits all 1917-18-19-20-21 models. Shipping weight, about 6 oz. **61 E 2582**—Price, each **58c**



Coil Protector Strip



Many Fords give lots of trouble when it rains, due to water leaking through to the coils, making the engine miss and sometimes causing hours of delay. This Coil Protector, made of special composition, fits between the cowl and dashboard. Ship. wt., 10 oz. **61 E 2619**— Price, each. **26c**

Ignition Supplies

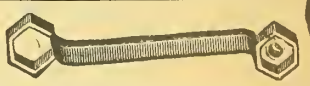
26c

49c

Reliable Spark Plugs

The style extensively used in Ford motors. The electrode is of special design and the sparking point is special alloy, giving a hot fat spark. Furnished in ½-in. size only. Nickel-plated finish. Shipping weight, about 4 ounces.
61 E 2134 — Price, each..... **26c**

14c



Champion X Spark Plugs

This plug is the same as the Champion X's that were in your Ford when it came from the factory. It has been used as standard equipment on all Fords for years. Shipping weight, 4 ounces.
61 E 2114 — ½-inch size. Complete plug.. **49c**
61 E 2115— Porcelains only. Each.. **29c**

Extra Porcelains to Fit Champion X Shells

Highly efficient porcelains. They fit Champion X and Reliable Shells perfectly. Complete with gaskets and lectrode. Carefully packed. Shipping weight, each, 2 ounces.

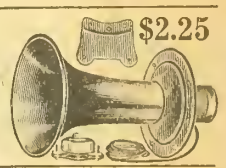
Spark Plug Wrench for Champion X's

Made of malleable iron, finished with baked black enamel. One end fits Champion X plug, Reliable, Champion, etc., other end fits Standard ⅞-inch spark plugs. Shipping weight 12 ounces.
61 E 2116—Each..... **26c**



$2.70

Compression Whistle for Fords

An excellently constructed loud tone whistle with a special attachment for ½-inch spark plugs, making it suitable for Fords. The great difference between its tone and ordinary horns makes it a wonderful aid in preventing accidents. Furnished complete with cord and attachment to fit in Ford spark plug hole—plug fits in attachment as shown. Shipping weight, about 2 pounds.
61 E 3445—Price, each..... **$2.70**

Magneto Horn

$2.25

For use with Ford Magneto. Gives a strong, even, clear tone. Special bracket included. Black enamel finish. Shipping weight, 3 lbs.

$1.23

Muffler Cut-Out

Strong, extra heavy and serviceable cut-out, much better than type generally used on Ford cars. Simply cut a V-shaped hole in the exhaust pipe and attach with special clamps furnished. Cut-out is made of strong casting. It is a great aid in testing a motor and enables the motor to do heavier work. A coil spring holds the cut-out closed when not in use so that there is no noise from the explosions. Shipping weight, 3 pounds.
61 E 2959—Price, complete outfit..... **$1.23**

Top Re-covering Outfits for Fords

Make Old Tops Look New for About ⅓ the Price of a New Top

This outfit replaces worn out Ford tops. If your top has become shabby in appearance, or worn and leaky, this Re-cover Outfit will both restore its appearance and give you a top as good as new at about one-third the price of a complete top. Consists of a heavy black rubber cloth roof, back curtain with all parts stitched and ready to slip over the Ford Touring Car or Roadster top frames. All fasteners and trimmings are furnished so any car owner can quickly and easily attach same. All that is necessary is to remove the tacks at the front and rear and take off the old top covering and back curtain. This outfit is cut to fit perfectly. Furnished for Roadster or Touring car models.

Seat Covers for Fords

$6.95 and Up

These covers completely change the appearance of the Ford seats—instead of a lot of leather rolls you have a car that is clean, classy, comfortable and pleasant-looking inside. They are easy to keep clean as you can remove them quickly and wash them with soap and water. Splendidly made of a very high-grade double texture, olive color Mackintosh cloth, waterproof, bound and stitched. All seams reinforced with heavy fabric material. Arm rests are of patent leather. Outfit consists of a set of covers for seats, backs, armrests and doors. Top Dust Hoods are same material as seat covers. Either set can be easily and quickly fitted, as we furnish complete instructions, together with all necessary snap buttons and screw heads. State model desired. Shipping weight, Seat Covers, Touring, 12 pounds; Roadster, 6 pounds; Dust Hoods, 3 pounds.

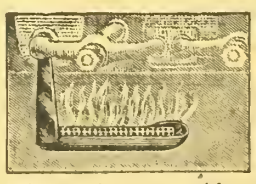
A slotted rubber which fits between top and lower glass on the windshield of all Ford cars. Keeps out rain and snow. Shipping weight, 11 ounces.



61 E 2616—Each..... 28c

Comfort Heater for Fords

An entirely new design heater that will furnish sufficient heat to keep you very comfortable in the coldest weather. Made of metal so it fits over the exhaust pipe and beneath the floor board of all models. It carries the heat to the pedal openings so it is not necessary to cut or alter the boards. Exhaust pipe fits in opening in the heater so you do not have to cut the pipe or drill holes. Screwdriver only tool needed. A regulator varies the temperature. No gases, odor or noise from the exhaust. Shipping weight, about 4½ pounds.

61 E 3589— Price, complete..... $1.95

Hot Spot Generator Manifold Heater

On cold mornings you can use this Hot Spot Generator and start the motor quicker at 10 below zero than you would in summer without the generator. Can be used nearly a hundred times for a penny. Attached in a couple of minutes. Heats the intake manifold so the engine starts almost instantly and will keep running without sputtering and jumping. Will last for years. Shipping weight, 6 ounces.

61 E 2942—Price, complete outfit..68c

Rear Curtains

Fitted with three celluloid lights. Will fit any Ford Touring Models, 1915 to 1921. Match the regular Ford top. Complete with all necessary fittings. Shipping weight, about 3 pounds.

561 E 2774— Rubber Curtain..... $2.48

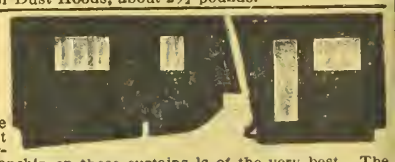
561 E 2776 — Cotton Mohair Curtain..... $3.35

Beautiful One Man Top for Fords

A big improvement over the old style tops, as it does away with unsightly bows that are always in the way. There is probably no one necessity that you can put on which will dress up your car as much as this outfit. Easily and quickly raised by one person, without leaving the car. Top is lined with high grade waterproof cloth. Strongly reinforced with bows. Will hold its shape permanently under all weather conditions. Equipment similar to that of expensive cars. No rattling. Quickly attached curtains are furnished with top and carried in pockets fastened to upper bows. Furnished for Touring Cars only. Shipping weight, 125 pounds. Cannot be sent by mail.

161 E 2726—Rubberized Fabric material with gypsy curtains as illustrated, the style used on expensive cars. Top furnished complete with side curtains. The rear curtain has two 5x7 beveled plate glass windows. Fits all 1915 to 1921 models. Price, complete outfit..... $37.45

161 E 2770—Heavy Rubber Cloth Top with side curtains and three celluloid rear windows. This top does not have the gypsy side curtains as shown in the illustration. Material is similar to that used in regular Ford Tops. Fits all 1915 to 1921 Ford Touring Cars. Price, complete outfit..... $33.65



161 E 2721—Heavy Rubber Cloth Top with side curtains and two beveled plate glass lights. This top is not furnished with the gypsy side curtain. Will fit all 1915 to 1921 Ford Touring Cars. Complete outfit..... $35.45

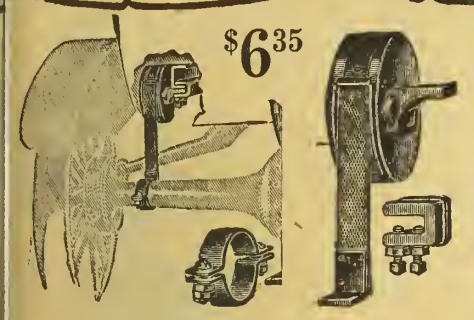
Owners
Make Your Ford Smoother Riding at a Low Price

$18.50 Set of 4

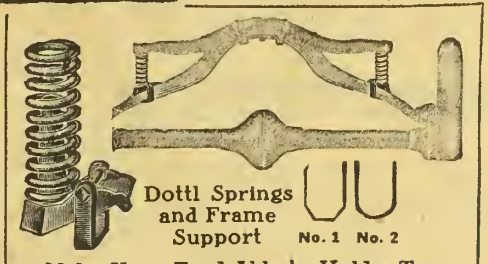


Apco Shock Absorbers for Fords

Guaranteed to be the easiest riding shock absorbers on the market. The only direct suspension absorber using conical springs.

One of the finest comfort bringing, pleasure making accessories we have over offered Ford owners. After putting on these Apcos you can ride over rough roads almost as evenly and as smoothly as a boat glides over small waves. It is like putting your Ford body on cushions. These large, easy, smooth acting conical shaped springs flex freely when your wheels hit even the smallest bumps so that the shock is cushioned and stopped before it ever has a chance to jolt you. Ride all day long without having a tired feeling. When you see bumps ahead you will not have to brace your feet or grab the wheel. Side swaying and rebounding which ordinarily causes the body to bounce and jolt upward is practically eliminated, which lessens repairs on the car and adds mileage to the tires. Apcos are made of the finest materials, completely assembled so you can put them on. Instructions furnished. Shipping weight, about 20 pounds.

461 E 2423—Set of 4, for Roadsters and Coupes.....$18.50
461 E 2422—Set of 4, for Touring Cars..... 18.50
461 E 2424—Set of 4, for Sedans..... 18.50



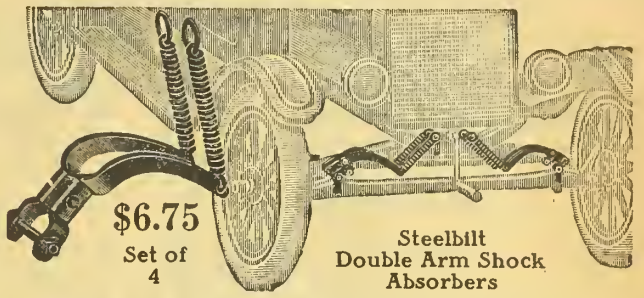
$6.35

Velvet Shock Preventer for Fords

Bouncing of the body so noticeable with Fords on account of their spring construction will be practically eliminated. This will have a remarkable effect on the increase in mileage from your tires. Cross walks, railroad crossings, culverts and other bumps of this kind which usually throw the passengers out of the seat can be driven over at a fair rate of speed without hardly being noticed. Spring breakage when using Velvets is practically unknown. The upward movement of the body is gradually held and controlled by the Velvets, preventing excessive widening of the springs and rebounding which causes most spring breakage. Put on Velvets so you can ride in the back seat without bumping your head against the top.

A set of Velvets on the back of your Ford will enable you to ride even over rough roads without being jarred about in the seat. Very easy to attach. Not necessary to take off wheels or make alterations. Fit all Ford cars. Shipping weight, 11 pounds.

461 E 2415—Price, per pair.....$6.35



Dottl Springs and Frame Support No. 1 No. 2

Make Your Ford Able to Hold a Ton

Dottl supports increase the capacity of the Ford rear system 50 per cent by distributing the weight of the load to three points instead of one. A regular Ford roadster or touring car chassis can be converted so it will safely carry 2,000 pounds. You can readily see this carries the weight more evenly to both rear wheels in the same manner that a load carried on both shoulders would be less noticed than if all weight was thrown on one. A broken spring or rear axle repair would cost you more than a pair of Dottl's, besides time wasted for repairing. Can be installed in 30 minutes. Two types furnished. **Order according to shape of end of spring leaves as shown in illustrations, number 1 and number 2.** Shipping weight, about 6½ pounds.

61 E 2921—For Number 1 Shape Spring leaves.
Price per pair.....$4.95

61 E 2936—For Number 2 Shape Spring leaves.
Price, per pair..... 4.95

$6.75 Set of 4

Steelbilt Double Arm Shock Absorbers

You'll never know the full amount of pleasure you can get from your Ford until you put on shock absorbers. These Improved Steelbilt Absorbers are stronger, smoother riding, and far better in every way than any of this type ever sold before. New patented features allow the easy acting coil springs to open farther and more freely than any others ever could, so you can ride over the roughest roads without being jolted around. Your Ford will hold the road better and steer easier—the tires will last longer and repair bills will be less for the soft, easy, smooth action of these eight coil springs prevents even the little bumps shocking the car and passengers. Special fastenings prevent the springs from coming loose. Improved drop-forged steel perches absolutely prevent springs hitting the brake drums. We know these absorbers are so much better than any cantilever style you've seen or tried that we want you to prove every word we've said by purchasing a set and using them on your car for 2 months—60 full days. If you are not fully satisfied, send them back and we will return your money and all transportation charges you paid. You can put on these absorbers as there are no holes of any kind to drill. Shipping weight, set of four, 18 pounds.

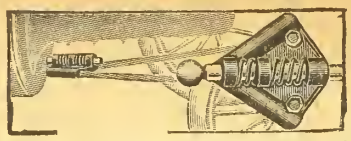
Speedometer Swivel Joints

An improved swivel joint made of fine quality material. All gears are carefully fitted. Perfectly interchangeable with parts of various speedometers. Shipping weight, 1¼ pounds.

Right hand drive means for right wheel as you look at it from drivers seat.

61 E 2205—For Stewart Speedometers, 2½ to 1, 1911 to 1921 right hand drive wheel. Price, each.....$1.85

61 E 2206—For Stewart Speedometers, 2½ to 1, 1911 to 1921 left hand drive wheel. Price, each....$1.85



Rigid Rear Axle Brace

55c

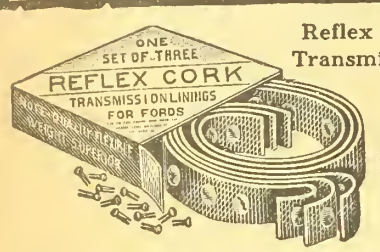
Braces the Ford rear axles so as to prevent sagging. Keeps the differential gears in perfect alignment, which lessens wear on the gears and often helps to eliminate that grinding noise. This not only saves repair bills, but makes driving more enjoyable. Consists of rod and two black enameled clamps which fasten to rear axle near hubs. Fits all Ford models with standard 56-inch tread. Ship. wt., 3 lbs.

461 E 2518—Price, each..... 55c

Radius Rod Shock Absorbing Cushion for Fords

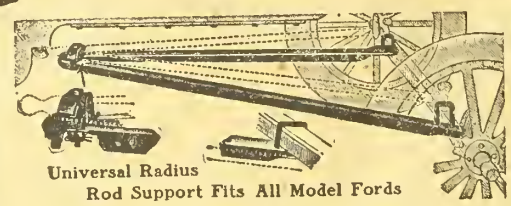
A device that practically will do away with all bent radius rod and broken crank case troubles. When you hit a bump the spring absorbs the shock, thus preventing the strain bending the radius rod. Bent radius rods are very dangerous and are the cause of many serious accidents, as they tip the front axle and often throw the front wheels out of control. Old style radius rods do not "give" so every jolt is carried direct to the engine which in time causes crystallization and breakage. Using this device has the same effect on your motor, radius rod and steering parts as shock absorbers have in making your car easier riding. This cushion fits all models and can be put on easily. Ship. wt., 3½ lbs.

61 E 2941—Price, each..... $4.75



Single Bar Body Brace for Fords

Ford running boards become loose and wobbly but this can be remedied by using this brace. It holds up the steps, braces the fenders and stops the rattling. You'll notice the big difference as soon as you step on the running boards— they feel solid. Brace consists of angle steel cross piece with b and two short pieces of board to put beneath metal step. Has adjus clamps. Ship. wt., about 13 lbs.

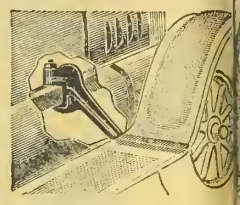


461 E 2347—Price, each..... $1

Reflex Cork Transmission Lining for Fords

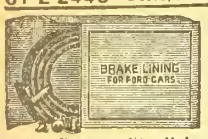
The cork holds securely, but does not cause grabbing, jerking or chattering when starting or stopping, as usually happens with ordinary linings which glaze and char in a short time. The cushioning effect of the cork discs reduces wear on the fabric in the lining and lessens the strain on the engine, transmission and rear axle. The smooth, velvety action of this lining is very noticeable, as it is treated with mica, the best known heat-resisting lubricant. No loss of power through slipping as the discs of cork take hold gradually but firmly. Each set complete with brass rivets. Ship. wt., about 1½ lbs.

61 E 2443—Price, set of three..... $2.18



Universal Radius Rod Support Fits All Model Fords

Here is a real radius rod support made of heavy gauge angle iron. Will not break or bend. Every detail thoroughly worked out. Will fit all model Fords. Strengthens and braces front, preventing vibration of the front axle. Makes steering easier. Prevents bending of regular radius rods which often causes serious accidents. Study the illustration above—it shows exactly how it is attached. Do not confuse this with ordinary auxiliary radius rods—it is entirely different. Ship. wt., about 6 lbs.



461 E 4078—Price, each..... $1.15

Running Board and Fender Support

Stops all sagging even under heavy weight. Prevents rattling, vibrating and breaking of running boards and fenders. Makes it safe to put battery, tool box or tire holder on running boards. Outfit consists of two strong metal arms which have clamp that fastens direct to the frame of the car, the lower part fits under running board and is held by bolts which fit holes now in the board. No holes to drill. Ship. wt., per pair, a 12½ lbs.

61 E 2349—Price, per pair..... $2

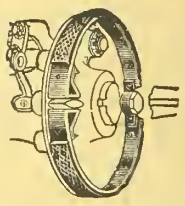
Transmission Lining

55c

Excellent quality linings composed almost wholly of long fiber material thoroughly impregnated with a compound which makes it practically impervious to the action of oil, grease or heat. There is no wire used in its construction so there is no possibility of short-circuiting the magneto. Furnished in sets of three packed in box. Rivets furnished. Ship. wt., about ¾ lbs.

61 E 2468—Price, set of three..... 55c

Stronghold Brakes for Ford Rear Wheels

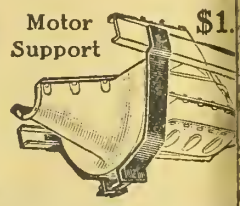


$11.90

No Jerking

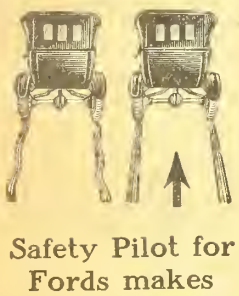
Stronghold External Brakes give your Ford a dependable brake direct on the rear wheels like those used on the highest priced cars, so that transmission and rear axle troubles caused by the strain of jumping and jerking are practically eliminated. Absolutely no grinding, chattering, or jerking when you stop with Stronghold Brakes. Operated by foot pedal—no more adjusting transmission brake bands. No rods to rattle—connected with ⅜-inch steel cable. Can be installed in about an hour—no holes to drill—lined with a high quality brake lining. Special steel cable equalizes braking force to each wheel. Do not interfere with shock absorbers. Ship. wt., about 12 lbs.

461 E 1927—Price, complete outfit..... $11.90



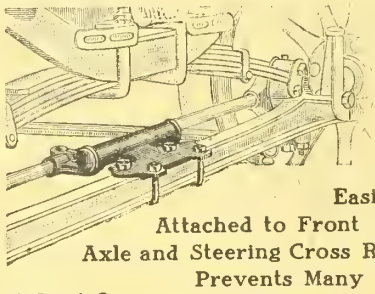
Pressed Steel Brake Shoes $1.35 Pair

Exceptionally strong and unbreakable, saving you shoe replacement cost. Lined with high quality brake band lining. Prevents grabbing—but will lock wheels if necessary. Lining quickly replaced when worn. One-piece shoe. Best steel. Fits all Fords 1909-1921. Ship. wt., per pair, about 4 lbs.



61 E 2512—Price, per pr. $1.35

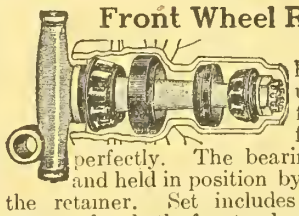
Motor Support $1.



Prevents broken crank case which always is expensive means delay. Also braces so vibration is minimized, ma motor run smoother. Hard r bumps, etc., will not break with this support. Not necessa remove motor. You can put Ship. wt., about 4 lbs.

61 E 2348— Price, each..... $1

Safety Pilot for Fords makes Driving Easier



Easily Attached to Front Axle and Steering Cross Rod Prevents Many Accidents

$2.10

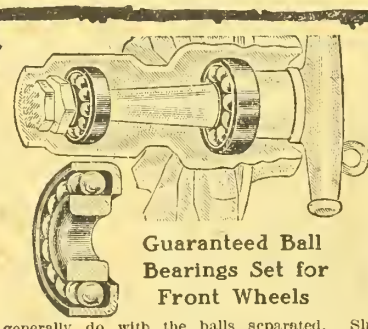
Thousands of Ford owners have found this Safety Pilot a wonderful driving aid as it holds the front wheels in a straight line. Saves tires by keeping them running straight. An enclosed spring gives a tension on the steering connections that eliminates constant wobbling of the wheels when traveling over rough roads, thus taking the strain off the driver's arms. Even though you take your hands off the steering wheel the car will keep traveling straight. In case you hit a bump the Safety Pilot automatically brings the wheels back into line. Made of malleable iron with a high-grade spring so it will give long service. Ship. wt., about 5 lbs.

61 E 2287—Price, each..... $2.10

Front Wheel Roller Bearings

The bearings shown here are of the roller type used so extensively. Will fit Ford or Chevrolet 490 front wheels and spindles perfectly. The bearings are of tapered pattern and held in position by the small projections in the retainer. Set includes bearings and retaining sleeves for both front wheels. Ship. wt., 3 lbs.

61 E 2269—Price, per set..... $5.90



$1.55

Ball Thrust Bearings For Fords and Chevrolet

Keeps the gears together. Has a nu of small hardened balls that keep rot so there is scarcely any wear even afte for thousands of miles. Will fit perfect either the Ford or Chevrolet 490, takin place of the usual plain washers. Ship. 1 lb.

61 E 2477—Price, complete.... $1

Front Wheel Bearings

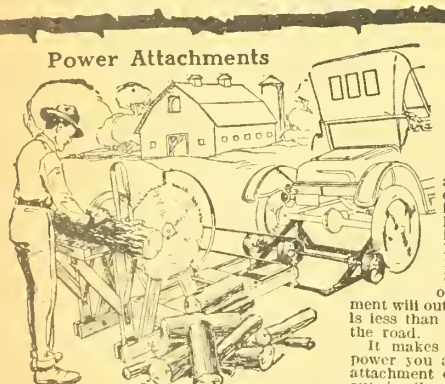
Guaranteed for 10,000 miles

For Ford and Chevrolet 490 front wheels. Complete with specially made cups, cones and highest grade balls. The construction of the cones is such that the bearings cannot separate causing balls to work out and break. Even if the cones and bearings separate, due to loose adjustments, the bearings are held by the cups so they will not break or chip as they generally do with the balls separated. Shipping weight, about 1 pound.

Guaranteed Ball Bearings Set for Front Wheels

61 E 2238—Price, complete set for both front wheels..... $2.65

Dorr Miller Gearless Differential



Gives a positive drive to both rear wheels—all the advantages of a solid axle in straightaway dri Over soft or uneven ground, p is delivered only to the wheel h traction. Pulls through bad where ordinary gear differential w be hopelessly stalled. Comes plete, ready to install. Uses re Ford driving gears. Shipping w 20 lbs.

61 E 2463—For Fords. $1
61 E 2464—Chevrolet No. 490..... 1

Power

From Your Ford For All Kinds of Work

Here's a simple convenient power attachment that can be slipped under the rear wheels of your Ford in less than two minutes and will deliver power for grinding feed, pumping water, sawing wood, running a hay press, or grindstone, or any machine that can be operated by an 8 H. P. gas engine. Made entirely of iron and steel. This power attachment will outlast your Ford. The wear on the tires is less than one-fifth what the wear would be on the road.

It makes no difference, where you need the power you always have it handy. Just put this attachment on your running board and take it out in the field, up to the house, or to your cost in a very short time. Saw and belting not included.

Shipping weight, about 175 pounds.

261 E 5441—Price, complete..... $19.95

Shipped from Factory in Central Ind.

pump. Over 30,000 of these machines are making money for Ford owners. Why let your Ford be idle when for such a small investment you can turn it into a powerful operator for running belt-driven machinery. This device is complete, ready for work and will undoubtedly pay back its

Dunn Crankshaft Counter Balances

One of the most important appliances to improve Ford cars is the crankshaft counter balance. Fits on easily and cannot come off. A great aid in preventing spring in the crankshaft and reduces wear on the bearings and other parts. Can also be used to advantage on any Ford car or Ford truck, increasing their effective power and making the motors operate more smoothly. The motors operate more smoothly at either high or low speeds as they help to carry the piston over the gap between the explosions and smooth the power impulses. Shipping weight, about 16 pounds.

Vacuum Bottles

And Lunch Kits for the Auto and Home

Best Quality Nickel-Plated Vacuum Bottle

Our Special Model Finest Vacuum Bottle. Equal to any of the highest - priced nickel - plated bottles. A model especially desirable around the home on account of its beautiful finish. Around the sick room a vacuum bottle is a wonderful help. Extra strong metal case, heavily nickel-plated. Can be taken apart and cleaned or a new inner bottle inserted in less than a minute. Neck protrudes above metal casing, preventing contents from coming in contact with metal case when pouring. Screw top serves as drinking cup. Ship. wts., 2¼ and 3¼ lbs.

61E6604—Pint size. Each **$3.45**
61E6605—Quart size. Each **5.40**

Corrugated Style Nickel-Plated Vacuum Bottle

A very substantially made vacuum bottle, handsomely nickel-plated. A particular favorite among motorists. The corrugations give non-slipping holding surface, which is a very great convenience and comes in handy on the trip. You can fill the bottle with a hot liquid and keep it hot for 24 hours. This bottle is easy to keep clean. Screw top serves as a drinking cup. Neck of bottle extends beyond casing so that liquid does not touch the metal in pouring. Ship. wt., 2¼ and 3¼ lbs.

61E6601—
One pint size, each..... **$3.20**
61E6602—
One quart size, each..... **4.75**

$2.25
Pint Size

Popular Vacuum Bottle

A thoroughly reliable Vacuum Bottle that will serve you just as faithfully as the real high-priced models. Keeps liquids hot for 24 hours or cold for two days. The principal difference is in the case which encloses the inner bottle. This one is popular among motor sts, hunters, fishermen, tourists and others who are not especially particular regarding the finish of the case. It is truly a service model. The case is handsomely enameled with an aluminum shoulder and cup. A spring placed in the bottom of the case cushions the inner bottle giving it the same protection as found in the more costly types. Entire bottle can be easily taken apart. The neck of the inner bottle projects above the metal case so the contents do not touch the metal when pouring. No home or auto should be without a vacuum bottle when you can get an absolutely satisfactory one for the low prices shown below. Shipping weights, pint size, 2¼ lbs.; quart size, 3¼ lbs.

61E6620—Pint size. Price, each..... **$2.25**
61E6621—Quart size. Price, each..... **3.50**

Vacuum Food Jar

The Vacuum Jar enables you to carry a hot dinner with you on your automobile trip. Meats, beans, soups, in fact all kinds of foods can be kept hot in this jar for 24 hours or ice cream can also be kept solid for a day. The glass filler is supported at the top by a rubber ring and by a padded spring at the bottom. By means of vacuum bottles and these jars you can carry a complete dinner if you so desire. The outer casing of the jar is covered with leather. The opening of the jar is wide to make cleaning easy. Ship. wt., about 3 and 4¼ lbs.

61E6635—Pint size. Each..... **$3.40**
61E6637—Quart size. Price, each..... **$4.85**

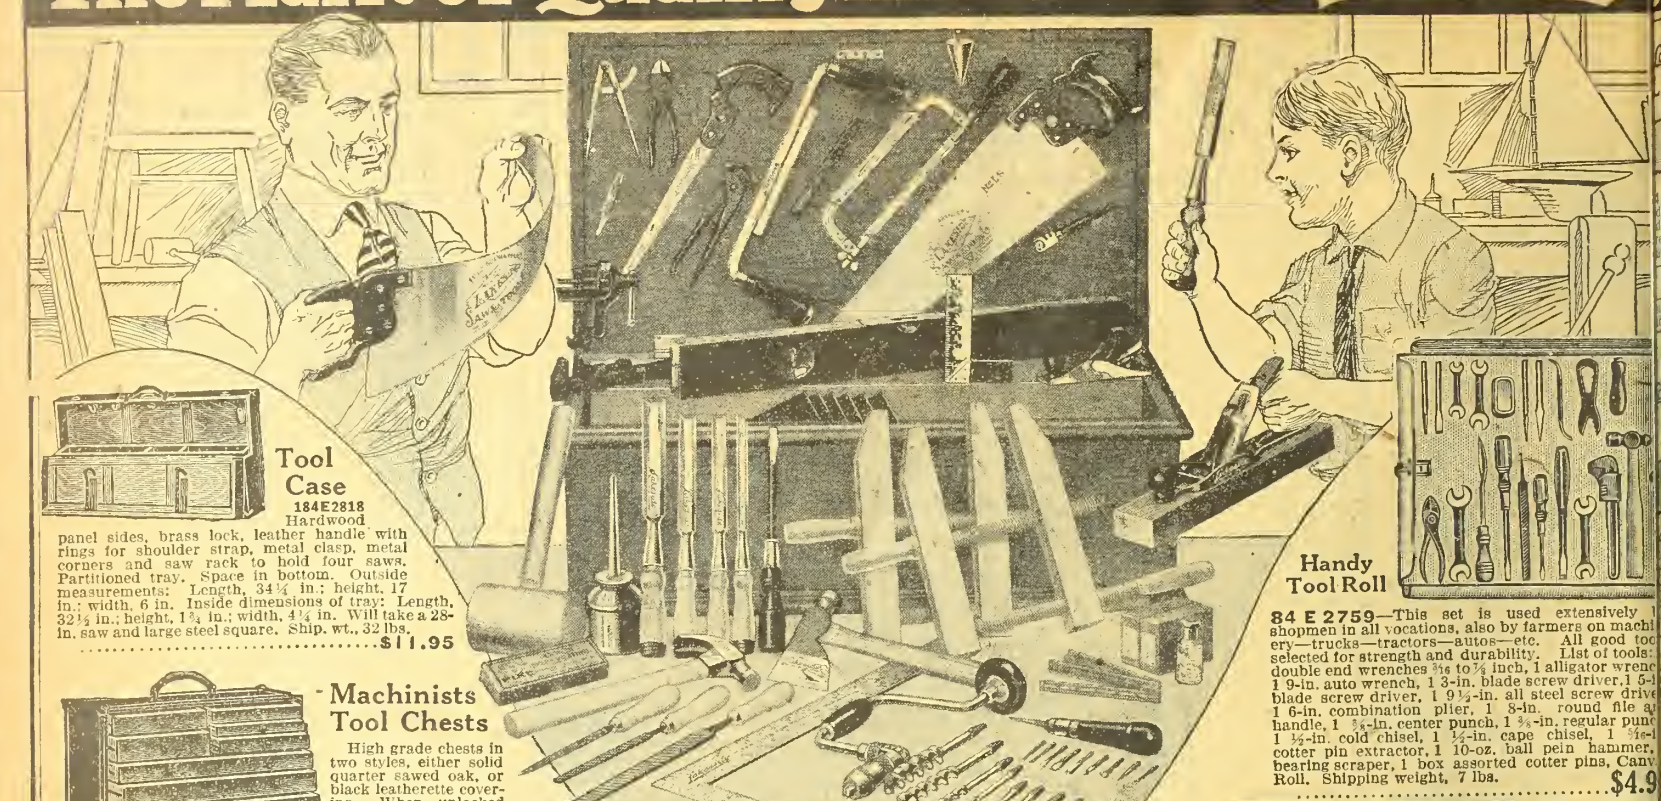
To Make Your Savings Biggest —Ship By Freight

YOUR savings from this catalog, item by item, will be biggest when you ship by freight. Freight on nearly all classes of goods is figured on a minimum of one hundred pounds. In other words, you can usually ship one hundred pounds by freight as cheaply as you can thirty, forty or seventy.

It is easy to make up a one hundred pound shipment which will contain fifty or sixty or seventy pounds of heavy items such as groceries, hardware, etc., and then fill in with lighter things such as underwear, wearing apparel and dry goods and have the whole lot shipped by freight.

Parcel post rates are very low but postage on one hundred pounds of goods by parcel post would amount to a good deal more than the freight on a similar shipment.

Freight conditions are very much improved. There is no great shortage of cars anywhere. Freight schedules are much faster and are being very much better maintained than for the last three or four years.



Freight shipments will reach your station in a surprisingly short time, usually only from one to four days later than parcel post, depending on how far you live from point of shipment.

Freight rates are really very low when you stop to figure the freight charges on each item. But by including with heavy items the lighter articles of daily need for the home, farm and family, you can spread the freight charge so that it will cost you only a few cents on each item and increase your total saving considerably.

We repeat: Whenever you can, make up a one-hundred pound shipment and have it shipped by freight. That is the best way for you to get the full advantage of the big savings you make by buying from our catalogs.

The Mark of Quality and Service *Lakeside*

Tool Case

184E2818 Hardwood panel sides, brass lock, leather handle with rings for shoulder strap, metal clasp, metal corners and saw rack to hold four saws. Partitioned tray. Space in bottom. Eclipse Cordwood Saw

184 E 264—Made expressly for use on Cordwood or Pole Sawing Machines and on our Saw Mandrels. They are hammered to run properly at the usual speed of these machines. The improved special shaped teeth with large gullet makes these saws cut fast and hold their edges remarkably.

They are tempered to stand the hard outdoor severe weather service to which they are subjected. Made only in sizes listed below, for crosscut sawing.

For Best Results - Lakeside Planes

Accurately Tempered to Hold Their Edge $2.80

Lakeside Planes are of the very highest grade, with bottoms and sides accurately ground and polished, guaranteed true. Cutters are made heavy to prevent chattering when planing rough timber or knots and accurately tempered to hold their keen edge and sharpen easily on an oil stone or grinder. Improved thumb nut adjustment in rear, raises or lowers the cutter without removing it from its place. The lever shown under cutter moves it parallel with face of plane. Frame is of heavy Japanned iron, polished sides and bottom with a strong iron cap. Handle and knob close-grained hardwood, rosewood finish. We list both grooved and smooth bottom.
